Message From Marlin

We LOVE what we do! Plants are not just our business, they are our hobby and delight. We are very excited that many people are rediscovering what once was “America’s Favorite Pastime”. It is one of the good things that Covid produced.

Mr. George Ball in his article “Covid Isolation Sows a Gardening Boom” recently wrote, “Americans soon discovered a green new world in the backyard. Creating gardens gave stir-crazy individuals a fresh perspective and a break from stress and close quarters. In the garden they felt a sense of belonging and a measure of control. We have become a harmonious nation of gardeners. Fractiousness and conflict, begone. Goodbye Digital Age. The Gardening Age has begun.”

We welcome this “Gardening Age” with open arms, knowing that the joy of gardening will bring health, satisfaction, and peace!

The Proven Winner Debacle:

The Proven Winner brand has made an unfortunate decision to force all growers to sell their plants in branded containers in an attempt to drive the retail price up. This means two things: #1 the cost of their containers are more expensive and #2 their containers are larger thus taking more growing space and a higher portion of overhead cost. While we understand the philosophy of higher cost for perceived value, we at Garden Gate have always felt that we should offer a high quality product for the lowest price possible.

How are we responding? There are some varieties of Proven Winners that simply have no substitute. Such as, Petunia Vista Bubbegum! We **WILL** continue to carry these varieties. The price will be higher than in the past. However, to try to be fair to our customers **we will only be charging \$3.95** for our PW plants as opposed to the majority of retailers who will be selling them anywhere from \$5.00—\$6.50.

Varieties that we are confident have an equal or superior substitute, we will no longer carry and have listed them along with their substitute below:

| PW Variety: | Substitute: | PW Variety: | Substitute: |

All-America Selections (AAS)

Are you looking for fantastic plants that are practically guaranteed to successfully grow? Then look for our AAS notations in the catalog and throughout the Greenhouse.

AAS was founded in 1932 and has been conducting the only comparative blind plant evaluation trials across the United States and Canada on new, un-introduced plant varieties. For any entry to obtain a winning score from a veteran AAS judge, it must pass the test of top performance and truly be a superior entry and worthy of an award. AAS winners have been trialed extensively against existing varieties that are considered best in class, so beating the best means something.

We are pleased to offer a varied selection of AAS winners. Some may already be old favorites in your garden and some may be new. Either way, check them out and enjoy growing the best of the best!

For more information, visit all-americanselections.org and check out their YouTube channel as well.

Packaged Seed

Lake Valley Seed is a company we are excited to be working with. This line offers a wide selection in flower, herb, vegetable, and organic packets in new varieties and old favorites.

As always, our own line of Bulk Seed is also available.

Unfortunately, Baker Creek seed company dropped us as a wholesale partner. We apologize on their behalf for this disappointing action and the inconvenience it will cause our customers. However, we have made sure we have a good selection of Heirloom varieties available in Lake Valley and Bulk Seed!

GARLIC & SHALLOTS

Garlic Bulbs Available in September. Separate cloves of the bulb and plant individually. Fall is the best time to plant in our area.

Shallots are located in the bulk seed area. **\$4.95 / 8pk**

ONION PLANTS

Available April

Price: \$2.75/ tub (approx. 50 plants per tub)

Day-neutral varieties:

- **AAS Candy F1** – 85 days. A breakthrough in onions and our most popular onion plant! Plant early for a big onion with a sweet and mild flavor. Golden brown outer skin with thick white rings inside. Planted later, they are still milder than regular yellow onions. Excellent storage quality.
- **AAS Sierra Blanca F1** – 90 days. If you've struggled to grow white onions, try this one. It's earlier, milder, sweeter, and more widely adapted than other white onions. Moderate storage quality.
- **White Lisbon Bunching** – 60 days. Crisp, mild flavor, fast growing without forming bulbs. Best used fresh.

Long-day varieties:

- **Red Carpet F1** – 116 days. Deep red onion produces 3-4" bulbs with red interior rings. Stores extremely well.
- **Walla Walla** – 125 days. Very popular for its big size and mild, juicy flavor. Considered one of the sweetest onions in the mild onion category, but not meant for long storage.
- **Yellow Sweet Spanish** – 115 days. Good all-around onion fresh or for cooking. Stores well.

ONION SETS

Available: Mid March

Red Sets – Bright red skin and fine-grained flesh. Moderate storage quality. **\$2.95/ lb.**

White Sets – Good yields and a milder tasting onion. Can be used for early spring onions. Short storage quality. **\$2.95/ lb.**

Yellow Sets – Best for storage. Good for early spring green onions. Great for cooking **\$2.95/ lb.**

HORSERADISH & ASPARAGUS

Horseradish in Pots Available in April.

Asparagus Plants (bareroot/dormant) Available mid-March
May also be purchased in smaller quantities.

Sequoia – All-male variety (no seeds) with large spears, high productivity, and disease resistance. Does well in heavy clay soils. **\$ 15.95 for 25 plants**

STRAWBERRY PLANTS

(bareroot / dormant) Available mid-March May also be purchased in smaller quantities

Earliglow – *Early.* Sweet medium-sized berries; superb flavor, excellent dessert quality, great yields. Very good for freezing. **\$ 9.95 / 25 plants**

Honeoye – *Midseason.* Holds its very large size through a long season. Firm flesh, deep red color, good dessert quality, strong winter hardiness. Good for freezing. **\$ 9.95 / 25 plants**

Jewel – *June bearing.* Bright red, glossy, firm fruits with excellent flavor and aroma. Great fresh or for freezing. **\$ 9.95 / 25 plants**

Seascape – *Ever bearing.* Large, juicy, berries with superb flavor. Very productive and disease-resistant. Ideal for containers and garden. **\$ 11.95 / 25 plants**

SMALL FRUITS & OTHER EDIBLES

Small Fruits in Pots - Individually Priced Most varieties available in April in the perennial area.

Blackberry 'Baby Cakes' - dwarf thornless blackberry. Classic large, sweet berries in summer and fall.
'Chester' - hardy thornless blackberry. Firm fruit does not leak or fade in sunny weather.
Resistant to cane blight. Ripens mid-August.

Blueberry NEW! 'Berrybux' - wild and aromatic tasting berries. Boxwood-like foliage.
'Blueberry Glaze' - deep blue, almost black, fruit with the flavor like a wild blueberry. Ripens in July. Great for containers.
'Bluecrop' - hardy & productive plants. Large bright blue berries in July.
'Blueray' - largest berry on the market! Ripens in July.
'Perpetua' - produces in mid summer and again in fall. Mild and sweet blue berries.
'Jelly Bean' - great for containers. Medium to large sweet berries ripen late July.
NEW! 'Midnight Cascade' - abundant summer crop of blueberries. Foliage has hints of red.
'Peach Sorbet' - tastes like a combination of a homemade peach cobbler with traditional, sweet blueberries. Suitable for large pots. Unique fall foliage. Ripens mid-July.

Currant *Self-pollinating, thornless shrubs bearing tart abundant berries, used for jams and jelly.*
NEW! 'Consort' - medium size black berries with black berry flavor.
'Red Lake' - large, juicy, tart berries. Very high in Vitamin C.

Elderberry *Large shrub or small tree. The berries when cooked make jelly and syrup and can be used for health benefits. Varieties available: 'Adams' and 'John'*

Gooseberry NEW! 'Hinnomaki Red' - large red fruit with outstanding flavor. Favorite of home gardeners.
'Pixwell' - hardy, medium-to-small pale green fruit becomes pink when ripe. Few thorns.

Grape 'Canadice' - firm red seedless grapes with a delicious tang. Hardy & productive.
'Concord Seedless' - smaller than regular Concord, slightly sweeter.

'Mars Seedless' - large, tight-clustered, delicious blue grapes. Ripens in August.
'Reliance' - seedless, juicy, delicious, deep-red grape. Great for fresh eating. Ripens in August.

Honeyberry (Lonicera) *Edible, blueberry-like fruit. Great for fresh eating, jams, or baked into pies. Excellent source of antioxidants and Vitamin C. Hardy and drought tolerant.*
Varieties available: 'Yezberry Honey Bunch' and 'Yezberry Sugar Pie'

Kiwi *Hardy, average-size fruit ripens in mid-to-late Sept.*
Note: Female 'Anna' needs male 'Meader' to pollinate.

Black Raspberry 'Jewell' - early, large, glossy berries; vigorous & productive.
'Ohio's Treasure' - Everbearing! Medium sized berries in early summer and fall.

Golden Raspberry 'Fall Gold' - sweet, self-fertile. Produces two crops each season.

Red Raspberry NEW! 'Caroline' - very productive, everbearing. Very flavorful. Large fruit.
'Heritage' - vigorous, ever bearing. Large firm berries in July & September.
'Encore' - late season, summer bearing & productive. Nearly spineless fruit.
'Raspberry Shortcake' - dwarf, thornless. Perfect for containers.
NEW! 'Royalty' - cross between purple and red raspberries. Sweet light flavor.

Rhubarb Plants 'Crimson Red' - rich red large stalks. Flavor is sweet with a pleasing tartness.
'Green Victoria' - thick green upright stalks with zingy flavor. Hardy, heavy producer.

Most Early Vegetable plants are available in April and Warm Season plants in May.

Unless noted, available in four-packs at \$1.95/pk or \$17.95/flat; single pots at \$2.20. F1 = hybrid; H=Heirloom.

Houseplants

Did you know that not only do houseplants have an affect on the air in your home or workplace, they can also have an affect on you?!? Studies show that having houseplants around can increase happiness, lower blood pressure, improve mental health, boost healing, make you work better, and a host of other benefits. We offer a wide variety of houseplants from flowering to foliage, so come on in and let the smiles begin!

Succulents

Google "why have succulents" and you get a lot of reasons: low maintenance; all kinds of colors and varieties; they can live in teacups; gravity doesn't concern them; they make great party favors - and beautiful year-round wreaths. The best answer? They're cute!! We offer a wide range of varieties, colors, individual pots and combo plantings. Make sure you come in early for the best selection because these don't stay around here very long. You know...because they're cute. ☺

Houseplants and succulents are individually priced.

FRUIT TREES

TREES—DECIDUOUS

Trees and shrubs will be available early April. Individually Priced

Garden Gate Greenhouse, Inc. offers free culture sheets with information on how to grow fruit trees—including planting tips, how to identify and manage pests, and how to maintain good cultural practices. This information is available on our website, as well. We also will be happy to answer your questions on-site or online!

Fruit Trees: Self-pollinating varieties

A self-pollinating fruit tree does *not* need pollen from a different variety of the same species to pollinate its flowers.

| | | | |
|---------------------|-------------|-----------|----------|
| Peach | Elberta | Red Haven | Reliance |
| Plum | Stanley | | |
| Sour Cherry | Montmorency | | |
| Sweet Cherry | Stella | | |

Fruit Trees: Cross-pollinating varieties

A cross-pollinating fruit tree needs another variety of the same species to pollinate its flowers. For example, a Red Delicious apple tree cannot pollinate another Red Delicious tree. It needs another variety of apple that flowers at the same time, such as a Yellow Delicious.

| | | | |
|--------------|---|--|--------------------------------|
| Apple | <i>(These varieties are all compatible)</i> | | |
| | Cortland | | Crispin (Mutsu) |
| | Fuji | | Gala |

Garden Gate Hard Goods

We offer a wide variety of products to meet your gardening needs.
Let us help keep your garden and plants happy, healthy, and gorgeous!

Chemicals, Fertilizers, and Soil Amendments

Chemicals:

- We have multiple brands of insecticides and fungicides including Ferti-lome, Hi-Yield, Bonide, and Natural Guard.
- Most of these products come in concentrated liquids but we also carry products in powder form such as Diatomaceous Earth and Dipel Dust.

Fertilizers:

- We also carry fertilizers in many of the same brands with the addition of Jack's and Hyrbrix.
- Several of our fertilizers are good all-arounds like 12-12-12, but we also carry some for specific formulations for tomatoes, hydrangeas, petunias, and others.

Soil Amendments:

- Sometimes the soil needs a little help or a particular plant may require a little "extra". We carry a wide range of amendments such as calcium nitrate, iron, and blood meal. We also carry aluminum sulfate for hydrangeas and ammonium sulfate for blueberries.

Be sure to check out our Espoma line of organic products!

Soils, Mulches, and Grass Seed

Soils:

Good soil is the starting place to growing great plants. We carry a variety of soil to help your plants be successful. Types of bagged soil you'll find here include:

* Potting Soil * Topsoil * Organic Peat * Sphagnum Peat Moss * Organic Cow Manure * Sand

We also offer cactus and orchid mixes.

Mulches:

Not only do plants appreciate a layer of mulch to hold in moisture and help keep weeds at bay, but mulch also gives an area a finished look. We offer mulch two ways:

- **Bagged:** offered in colors of black, brown, red, and cypress.
- **Bulk:** our bulk mulch is dyed dark brown using all natural dyes.

Grass Seed:

Sold by the pound, we carry seed for sun and shade, and Kentucky Blue Grass.

Garden Tools

Great gardens need the proper tools! We have gloves, trowels, pruners, water nozzles, water wands, sprinklers, hose attaching sprayers, landscape fabric and pins to name a few. And of course, great plants to use the tools on!

And the fun stuff!

If you're looking to brighten up a corner or set up a focal point in your garden, come see our garden and home décor items!

- **Concrete items** including benches, plaques, and a wide range of figurines,
- **Birdbaths:** many colors, sizes, and designs,
- **Memorial plaques, benches, angel and other statuary,**
- **Gazing Balls and Stands:** various colors and sizes in glass and stainless steel with a variety of stands to mix and match,
- **Pottery** of all shapes and sizes in plastic and ceramic,
- And many, many other items!

Celebration Gardens

Grand Re-opening!

Friday, July 29 / 6:30 p.m.
NO Charge, but please Register

We have been working hard the past couple years renovating our gardens area. The addition of a Pavilion, Stage, and Pergola will enhance events in the Gardens. We have also added more landscaping as well as revitalized what already existed.

Join us for an enjoyable evening!

- Tour the Gardens,
- Enjoy Live Music
- Delicious Meal provided by Garden Gate Café
- All at no charge!

I-Grow Children's Gardening

Tuesdays, June 7, 14, 21, & 28 No Charge
9:30 - 11:00 a.m.

"Who's in the kitchen with Tia and Diana?"

It could be you, boys and girls, if you are 6-13 years of age! Our four "Garden to Table" workshops will be a fun hands on experience. You will learn how to grow, harvest, and prepare, then enjoy eating the "fruits of your labor".

So get "cooking" and sign up before Tuesday, May 31

A special thank you to the Peru Garden Club for their generous donation and support of this program!
