NEW EHEIM

LEDcontrol+e

The wireless lighting control for simulating light as in nature. Operation via smartphone, tablet or PC/Mac. Especially for EHEIM powerLED+ lamps.

NEW EHEIM

pHcontrol+e

EHEIM pHcontrol+e – the smart controller for monitoring and readjusting the pH value in your aquarium.

autofeeder+

With the EHEIM autofeeder+ we offer you the smart version of our (basic version) autofeeder with additional functions and advantages.

climacontrol+

You can use EHEIM climacontrol+ to cool down the water temperature on hot days or warm it up on cold days, just as your aquarium inhabitants need it.

professionel5e

The EHEIM professionel 5e is our best external filter to date, offering everything an aquarium enthusiast could wish for. Each function can be individually programmed and controlled wirelessly. The electronic system monitors all functions and keeps the flow constant as well as delivering strong performance.

thermocontrol+e

EHEIM thermocontrol+e is our first adjustable heater with digital control via WLAN. You can set the precise temperature from 18 to 32 °C via smartphone, tablet or PC/MAC.

EHEIM MADE IN GERMANY

Original EHEIM accessories for marine water aquariums

reeflexUV - UV clarifier
- Reduces quickly and effectively germs in the water
- Eliminates turbidity caused by algae or bacteria

streamON+ Streaming pumps
- Compact streaming pump with magnetic holder
- For aquariums from 35 to 500 l
- Optimal water circulation for a natural, smooth current

skim350 - Surface skimmer
- Small surface skimmer for aquariums up to 350l
- Removes surface films and microorganisms from the water surfac

streamcontrol - Flow simulator
- Controller for aquarium pumps
- Suitable for circulation and flow pumps
- Program runs permanently - for an unlimited period of time

skimmarine - Skimmer
- For aquariums up to 600l
- Can be completely disassembled for cleaning

climacontrol+ climate control device
- Temperature setting and control over WiFi via smartphone, tablet, or PC/MAC
- Cooling and heating mode

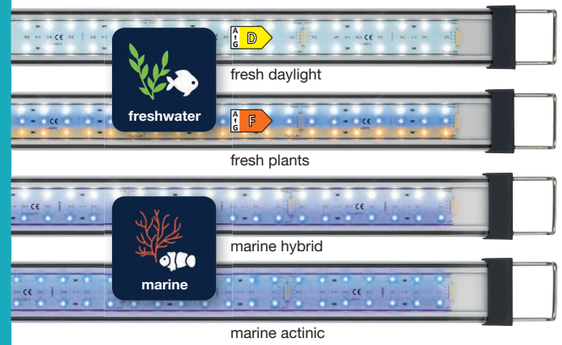
*The light source contained in this product is intended exclusively for fluorescence and for coral zooxanthellae symbioses.

EHEIM powerLED+



3 year guarantee EHEIM

EHEIM powerLED+ fresh daylight

- Bright daylight with sunlight full spectrum
- Maximum energy efficiency (150 lm / W) and light output
- One EHEIM powerLED+ fresh daylight replaces one T5-/T8 fluorescent tube of the appropriate length including reflector
- A power supply unit is required for operation

EHEIM powerLED+ fresh plants

- Emphasizes blue and red colouring of fish and aquatic plants in a natural way
- Highly natural colour rendering (equivalent to sunlight in the aquarium)
- Very high energy efficiency and light output
- A power supply unit is required for operation

EHEIM powerLED+ marine hybrid

- Optimal combination of white and royal blue light (1:1)
- Royal blue LEDs (445-450 nm)
- Promotes colour reproduction (fluorescence) and the growth of corals
- A power supply unit is required for operation

EHEIM powerLED+ marine actinic

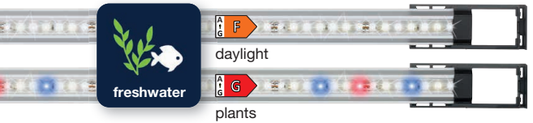
- Pure actinic light
- Royal blue LEDs (445-450 nm)
- Enhances the natural fluorescence of corals and invertebrates
- Can be combined with EHEIM powerLED+ marine hybrid
- A power supply unit is required for operation

EHEIM LEDcontrol+e

The wireless lighting control for simulating light as in nature. Operation via smartphone, tablet or PC/MAC. Especially for EHEIM powerLED+ lamps.

Original EHEIM Accessories

1. Adapter Set: 1xT5, 1xT8
2. Connector
3. Suspension wires
4. Double suspension wires
5. Mounting bracket



Original EHEIM accessories

1. Adapter Set T5/T8
2. Dimmer Day & Night for classicLED

3 year guarantee EHEIM

EHEIM classicLED daylight

- Including power supply
- Various fitting options
- Waterproof (IPx7)
- Cost effective LED for beginners
- High energy efficiency and light output (approx. 105 lm/W)
- 6 lengths for aquariums from 55 - 130 cm
- Easy to fit using the extendable brackets
- Can be used to replace T5/T8 fluorescent tubes
- Enables the exchange of high energy fluorescent tubes to energysaving, environmentally friendly LED lighting
- Beam angle 120˚

EHEIM classicLED plants

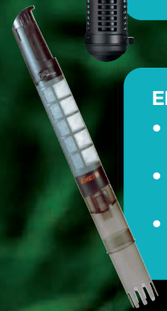
- Including power supply
- 6 lengths for aquariums from 55 - 130 cm width
- Easy to fit using the extendable brackets
- High-quality, sturdy aluminium housing
- Absolutely waterproof (IPx7) and particularly safe due to low-voltage technology
- Bright sunlight (7700 K) and light spectrum matched to aquatic plants (photosynthesis) with high red components
- Promotes healthy growth in plants and animals
- Natural, unadulterated colour rendering
- Beam angle 120°
- Full illumination to the bottom of the aquarium

EHEIM thermopreset

- Preset aquarium heater 25°C
- Mechanical stability due to plastic protection
- A control light displays the heating function

EHEIM aqua

The modular internal corner filter with click together filter containers. Ideal for beginners with small to medium sized aquariums. The filter is compact, so requires little space, offers high performance and is easily adjustable.



EHEIM Quick Vacpro

- You can clean the aquarium base easily, even between water changes.
- A filter container in the appliance keeps dirt away
- Batteries included

professionel5e

- Electronic professional filter with integrated Wifi function
- Individual program settings: Constant flow, bio mode, pulse mode and manual mode

EHEIM MultiBox

- Practical, hook-on container for maintenance work and aquascaping
- 6 eyelets to hang on tools
- The box can be filled with up to 2.5 l of water

thermocontrol+e

- Electronic aquarium heater with integrated WLAN function and digital control via smartphone, tablet or PC/MAC
- Precise temperature setting from 18 to 32 °C

EHEIM LOOPpro

Crystal-clear pond water and the best possible conditions for plant and animal life!

This is assured in a natural way through the 4-step bio-mechanical process of the LOOPpro filter system. Water is pumped through the integrated UVC clarifier and several filter layers before flowing back into your pond free of algae and dirt particles. The degree of contamination is indicated by a display. All components are perfectly matched and extremely low-maintenance.
