## PROCEEDINGS OF THE GOVERNMENT OF KARNATAKA

**Sub:** Revision of Pension/Family Pension in respect of Teachers on 2006 UGC/AICTE/ICAR scales of pay and who have retired/died on or after 01.04.2012 – issue of corrigendum – reg.

**READ:** 1. G.O. No. FD (Spl) 113 PEN 2012 dated 07.01.2013.  
2. Addendum G.O. No.FD (Spl) 113 PEN 2012 dated 09.05.2017.  
3. G.O.No: FD 33 PEN 2018 dated: 24.04.2018.

### PREAMBLE:

It is an established policy of the State Government to treat the retired teachers on UGC/AICTE/ICAR scales of pay on par with the State Government pensioners. Accordingly, in G.O. dated: 07.01.2013 read at (1) above, orders have been issued revising the pension of teachers on 2006 Revised UGC/AICTE/ICAR scales of pay and who have retired subsequent to 01.01.2006. Further, in G.O. dated: 09.05.2017 read at (2) above, orders have also been issued to insert suitable provision for calculation of enhanced family pension. In order to bring parity between the State Government pensioners and the retired teachers on UGC/AICTE/ICAR scales of pay, Government have introduced the corrective factor of 1.839 in respect of teachers who have retired on or after 01.04.2012.

As per the provisions of Rules governing regulation of service conditions normally the amount of pension should not exceed 50% of the last pay drawn. However, it has come to the notice of the State Government that the corrective factor of 1.839 adopted to calculate the pension in G.O. referred at (1) above in respect of teachers on 2006 UGC/AICTE/ICAR scales of pay and retired on or after to

01.04.2012 is not in order. Further, it is noticed that the amount of pension calculated using the corrective factor of 1.839 has resulted in fixation of the amount of pension more than 50% of the last pay drawn across the cadres. It is also noticed that in majority of the cases, the fixation of pension using the said corrective factor not only enhanced the amount of pension more than 75% of Last Pay Drawn but also resulted in excess payment of pensionary benefits.

Government have also noticed the complexities involved in the revision of pension of these category of teachers subsequent to Central and State Government Pay Revisions after 01.01.2016. Any decision to continue the payment of pension at enhanced rates by virtue of the wrong corrective factor mentioned above will not only result in fixation of the amount of pension at higher level to these category of pensioners who continue to draw more pension than the teachers retired subsequent to 01.01.2016 and who have put in more number of qualifying service in a particular cadre than the teachers retired prior to 01.01.2016. Further, this will also lead to a situation which will create separate class of pensioners in the homogeneous group of pensioners. Hence, fixation of pension at a higher level by using the wrong corrective factor is not only contrary to the very spirit of the provisions of Service Rules governing fixation of pay and pension but also against the policy of the State Government.

In the circumstances, Government have decided to issue the following orders:

**CORRIGENDUM No. FD (Spl) 113 PEN 2012**  
**BENGALURU, DATED: 11<sup>th</sup> March 2020**

In Government Order No.FD(Spl) 113 PEN 2012 dated: 07.01.2013 for the words and figures “**Corrective Factor of 1.839**” wherever it occurs shall be replaced with the following words and figures

**“Corrective Factor of 1.6”**

2. Refixation of pension/family pension using the revised corrective factor of 1.6 shall be subject to the following conditions:

- i. Calculation of pension/family pension by using the revised corrective factor of 1.6 shall be made retrospectively but the monetary benefit of such revised amount of pension /family pension shall be payable prospectively from 1<sup>st</sup> July 2020.
- ii. The amount of pension so computed shall not exceed the maximum pension of Rs.39,900/- or 50% of the last pay drawn whichever is less.

- iii. Any excess payment of pension or pensionary benefits excluding the commuted portion of pension already made by adopting the old corrective factor shall not be subject to recovery or any type of adjustments in future pension payments.
- iv. The commuted value of pension already granted with reference to earlier fixation of pension amount shall however be subject to recovery with reference to the original commuted portion of the amount granted earlier.
- v. The period of recovery of commuted value of pension already granted with reference to the earlier amount of pension fixed by using the wrong corrective factor of 1.839 may be extended by the pension sanctioning authority to one year subject to a maximum of two years depending on the case. Provided, no decision shall be taken to extend the period of recovery of commuted portion of the amount of pension unless the pensioner concerned submits a representation within three months from the date of issue of this order. The provisions of sub rule (14) of Rule 376 of KCSRs shall stand modified to that extent in such exceptional cases.

3. The Head of the office/Pension sanctioning authorities concerned shall ensure that this order is implemented by 30.06.2020.

4. Dearness Allowance orders issued in respect of State Government pensioners from time to time shall continue to apply.

5. The amount of pension/family pension so arrived is subject to further revision as per the provisions of G.O. No: FD 33 PEN 2018 dated: 24.04.2018. The provisions in para (13) of the said Government Order is modified to that extent accordingly.

**PREAMBLE:**

The pay and allowances and pension of State Government employees are being revised periodically as per the recommendations of the expert bodies like Pay Commission/Official Pay Committee constituted by the State Government from time to time. The Central Government revises the pay and pension of its employees once in 10 years whereas similar exercise is done in respect of State Government employees once in every 5 to 6 years. The pay structure, period of revision and the methodology adopted in revision of pay scales in respect of the State and Central Government employees are quite distinct and different but not identical. The State Government has its own distinct pay structure and the pay of employees is regulated as per the provisions of Rules framed by the State Government.

As a matter of policy and precedents and as per the policy mandate of the GOI, the Central Government Pay Scales are extended to the teaching faculties working in higher educational institutions of the State and termed as UGC/ICAR/AICTE Pay Scales depending on the type of the higher educational institution. Financial assistance is being provided by the GOI towards payment of salary to the teaching staff on UGC/ICAR/AICTE Scales of Pay. However, GOI financial assistance is not available to pay the pension and pensionery benefits to these teachers. It is also an established policy of the State Government to treat the retired teachers on UGC/ICAR/AICTE Scales of Pay on par with the rest of the State Government employees.

As per the recommendations of the 7<sup>th</sup> Central Pay Commission, the GOI in consultation with the UGC/ICAR/AICTE has revised the pay scales of teachers working in higher educational institutions under the control of the Central Government w.e.f. 01.01.2016. of salary as stated above this scheme of GOI has also been implemented in the State Government.

Further, the State Government have also revised the pay and pension of its employees w.e.f. 01.07.2017 as per the recommendations of the 6<sup>th</sup> State Pay Commission constituted by it. In view of the huge financial implications on account of revision of pay and pension, the monetary benefits of such revision have been extended w.e.f. 01.04.2018.

In the circumstances, Government have considered it necessary to revise the pension and pensionary benefits payable to the above mentioned teachers working in higher educational institutions under the State Government. Accordingly, the following orders are issued.

**GOVERNMENT ORDER NO. FD 2 SRP 2020**  
**BENGALURU, DATED 12<sup>th</sup> MARCH 2020**

**subject to a maximum of Rs.39,900/-**

2. The amount of pension calculated by using the above formula shall not exceed the Maximum pension of Rs.39,900 admissible to the State Government pensioners vide; G.O. No.FD(Spl) 81 PEN 2012 dated: 03.05.2012.

3. The retired teachers are entitled to terminal leave benefits as per the provisions of KCSRs with reference to the last pay drawn in 2016 Revised UGC/ICAR/AICTE Scales of Pay.
