Facilities & Sustainability Committee

About the Committee

Goals

Provide communication to the campus community about new, ongoing and future facilities projects and planning.

Charge/Scope/Committees

To review and/or provide recommendations for new and improved facilities and infrastructure improvements to enhance current and future learning environments for students, community, faculty, and staff to the College Council.

The Facilities & Sustainability Committee is split into two sub-committees: Operational Committee and New Construction Committee.

The Operational Sub-Committee scope is to look at the day-to-day operation of the campus and the facilities

The New Construction Sub-Committee scope is to look at all new construction projects and implications on facilities.

Scope

Serves to provide the President with a venue for reviewing on-going and proposed projects that impact the physical campus plants and facilities.

Role/Purpose

To review an/or provide recommendations for new and improves facilities and infrastructure improvements to enhance current and infrastructure improvements and future learning environments for students, community, faculty and staff to the College Council.

This committee communicates with:

- College Council (<https://committees.kccd.edu/committee/college-council>)
- College President
