Dear Madam,
Dear Sir,

As you probably know already, the Centro de Estudios sobre la Mujer, is a center from Universidad de Alicante which mission is to promote and encourage women's, gender-related and feminist studies as a tool of knowledge that is essential to the achievement of a real and effective equality between women and men.

For this, from the Centro de Estudios sobre la Mujer, we develop additionally to teaching and research, other activities of spreading and sensibilization about gender equality.

Among these activities, two specific lines: the non-sexist use of language and the prevention of gender-based violence. Around both lines, we have developed some materials that we put at your disposal for free. The petitioner only takes on the transport expenses, as well as the compromise of maintaining the materials in good condition during the time they are in their power.

They are two exhibitions:

1. About non-sexist use of language: exhibition "No tiene nombre", belonging to the insitutional campaign "LIC. *Lenguaje para la Igualdad en la Comunicación*" Language for Equality at Communication (september 2008)
2. About prevention of gender-based violence: the new exhibition "No tengo dueño" I have no owner (november 2010)

The technical especifications of the exhibitions, as well as of other complementary materials, can be looked up at our website (www.ua.es/cem) or calling to +34 965 909658.

Trusting that our work from Centro de Estudios sobre la Mujer is useful to you and that we will unite our effort to create a more equal and fair society, receive our kind regards and our best wishes for the New Year.
