Introduction

It is with great pride that we provide the Annual Statistical Review for the 2020 calendar year. We would like to acknowledge that this has been a challenging year for all those involved in the industry and applaud your strength and passion to persevere.

Ever since its establishment in 1906, the CTHS, with uncompromising integrity have committed to assist and afford a means for the promotion of the interests of those engaged in the breeding of Thoroughbreds in Canada. The CTHS aims to ensure a viable future for its members by providing assistance and representation within the Thoroughbred Breeding Industry.

The publication of the statistical review is in keeping with our commitment to compile and disseminate information to members and also acts as a resource to strengthen our engagement with our stakeholders.

When reviewing the wealth of data included in this publication it is a clear testament to the Horse Industry's strength and passion that we continue to see the successes of our Canadian Breeders, Canadian Sires and Canadian-Bred's both nationally and internationally.

We are a strong and vital organization focused on being your go-to industry resource. Your dedicated Directors and Staff make this all possible.

We are all in this together and the CTHS remains committed to our Breeders and the Industry and wish everyone all the best for 2021.

NOTE: Sales Stakes Offered & Sales Stakes eligibility is determined by the Provincial CTHS offices and is subject to change at their direction.

Canadian Sales Stakes Series Eligibility:

Once all the Provincial Sales Stakes Eligibility has been met the following conditions apply:

1. **Out-of-Province Nominations** – Nomination to an out of Province Sales Stakes (not in the Province where the Yearling sold) will be the responsibility of the owners who will pay \$750 to nominate, \$750 to enter and \$1,000 to start. Note that in Ontario the difference between the listed nomination, entry and starting fee charged by WEG and the nomination, entry and starting fees charged per the above will be paid directly to the CTHS Ontario Division at the time of nomination. In addition, in the event that races are over subscribed, preference will be given to horses that passed through the Sale in the jurisdiction in which the Sales Stakes is being held. For example, CTHS Ontario Division Sales Graduates will have preference for the Sales Stakes races in Ontario.
2. **Implementation** – Canadian-Bred Yearlings passing through the CTHS Yearling Sales in 2018 and forward that meet the eligibility requirements above will be eligible to the Canadian Sales Stakes Series. The inclusion of Ontario commencing in 2018 does not affect the eligibility of Sales Graduates from previous years who will remain eligible for the Western Canadian Sales Stakes Series.
For clarity, Sales Graduates from previous years who are eligible for the Western Sales Stakes Series are not eligible for the Sales Stakes in Ontario.
3. **Sales Stakes Dates** – Where possible, the CTHS Provincial Offices will work collaboratively to attempt to schedule the Sales Stakes in each Province so that we can eventually create a Series that allows owners to participate in the Sales Stakes in multiple Provinces.

Note: Canadian Sales Stakes Series Eligibility is determined by an agreement between all Provincial CTHS Boards and is subject to change at their discretion.

PRESIDENT'S REPORT

I would love to give a president's report in which I can be excited for the racing and breeding industry in British Columbia, but I can't at this point in time.

2020 was a tough year for everyone in BC because of the shortened race meet. Our meet ran from July 6th to October 1st last year. Not only did BC have the fewest days of racing in Canada because of the pandemic restrictions, we were also the last track to open for racing. This allowed other markets to establish a loyal online betting presence that left little for Hastings. Add to that the lack of commitment from Great Canadian towards marketing racing and we were left with little to be encouraged about. Even the Provincial Government sat on the sidelines while our revenue base was cut by over 60% causing the reduction in days and purses. Ontario, Manitoba and Alberta all enjoyed the support of their governments which allowed for race meets that met the needs of the industry during such a difficult time.

One of the few positives for the breeding industry in BC was our Broodmare Incentive Program. The CTHS BC Division in March of 2020 along with the Standardbred industry lobbied the BC Government for financial assistance for breeders in 2020 out of fear that our normal number of mares bred would be cut in half because of the uncertainty surrounding the 2020 race meet. As mentioned earlier the BC Government has not responded to our request for assistance. This left us in a difficult position. We decided to empty our reserves and offer \$1,500 per mare bred as an incentive with financial assistance from the HBPA and BCTOBA. With no incentive our belief was we would have had less than 100 mares bred in 2020. With the incentive we fell a few mares short of 200 mares bred. The incentive was a success and has kept us alive.

So where does that leave us for 2021? Once again Hastings is behind everyone else in confirming whether we will have a race meet and for how many days. While the hope is to have a 50-to-52-day meet starting on Kentucky Derby day, we are at the mercy of the Provincial Government, who needs to step up and guarantee a floor rate of revenue so we can proceed with a full race meet. Discussions have been held for months and while we are hopeful, nothing can be done without a guarantee of funding. Owners will be heading elsewhere unless positive news is received soon.

We are once again asking the Provincial Government to support our industry financially so we can offer the Broodmare Incentive Program for breeders. All levels of government have stepped up to help all kinds of businesses, yet the breeding industry has been left out in the cold.

Our board has decided to act immediately however, and will be offering two payments of \$250 to breeders who sign a stallion contract and breed their mare with a follow up ultrasound by a veterinarian. Should we receive the financial support we are requesting a further \$1,000 would be made available to the breeders of these mares. While the current guarantee is only a third of what it was last year, it will be enough to cover most booking fees and ultrasound costs.

We have also set a goal of raising our broodmare and stallion awards starting in 2021 to 18% and 12% of eligible earnings. This is a 20% increase over 2018 levels and a 10% increase over last year. We feel this is the fairest way to put money into breeders' hands and reward successful breeders.

We will once again support a MSW bonus structure but as of right now we cannot commit to what it will be until we see the purse structure and number of races being offered.

We are hopeful that our sale can be held under normal circumstances in 2021. We have booked our usual venue Thunderbird Show Park for 2021. The sale itself will probably be a combination of live and online bidding depending on the pandemic restrictions in place come September. We were able to hold a live sale last year at Heritage Park using strict Covid protocols. We did not have any positive tests from staff or attendees and we feel our track record will help us this year.

I am extremely happy that Dave Bennington has taken on the first Vice- President position on the BC board as well as becoming a national director. Dave has been a tremendous asset since joining our board a couple years ago and will now bring his vast knowledge to the national arena. As a long-time owner and breeder in both BC and Ontario, Dave has a unique view that many on the west coast do not have.

It is also my pleasure to formally welcome Dairen Edwards to our board in BC. Dairen is deeply involved in all aspects of the industry in BC and brings a fresh perspective to the many issues facing us. He will be an asset for B-J and our office with his company premises so close to ours. I also welcome back David Pihl who took last term off due to his professional workload. David is a welcome addition to our board and brings a calm and well thought out perspective to the mix.

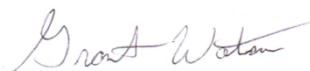

Our office will start producing a newsletter that will be sent out to our members in hopes of keeping everyone updated on items that affect our industry.

I would be remiss to not point out that despite all the issues last year with a delayed and shortened race meet we had some outstanding performances from BC-bred and BC-sired horses. The top eight money earners at Hastings in 2020 were all BC-bred. Six of the eight were by BC sires including the top four earners. Of the six BC-sired horses five were by different stallions. Owner's best value is buying BC-bred horses and breeders' best value is choosing BC stallions.

We are unsure of when our 2020 awards will be held but it will be a scaled back affair. With most top-level horses getting only a couple starts we decided to base our awards for the breeders on automatic criteria rather than voting this year. Hopefully, things will return to normal for the 2021 awards.

Given all the uncertainty facing us in BC, I give the following advice to my fellow BC breeders as well as breeders in general. Continue to breed quality horses as there will always be a market for good horses. Before any breeding takes place, you should be confident and comfortable with the idea of racing the foal yourself if you do not get a sale offer that meets your needs. This simple concept will prevent horses from failing to reach the racetrack.

Best of luck in 2021,

Grant Watson

President's Report

Last year presented a number of challenges to the goals and objectives of the Board of Directors of the C.T.H.S. (Alberta Division). Although the year started out with promise, COVID-19 brought those to a quick end and created other issues that resulted in financial and other stresses within the Alberta Thoroughbred industry.

The highlights of 2020 are as follows:

Breed Improvement:

- The Industry was able to negotiate a more favourable deal with the Government of Alberta. The Industry received an interest free loan of \$7M payable over 3 years so that we could begin racing in June of 2020. In addition, Racing received an ongoing increase in our slot percentage takeout from 40% to 50% effective in June. We are in a stronger financial position as an industry which, post-COVID, will result in an additional \$10M annually flowing to Horsemen.
- The Breed Improvement Program was not approved until later in the year due to funding issues. This was a result of the closing of Alberta casinos due to COVID-19. The initial program showed a reduction of 30% from 2019. Originally, the 2020 program had Owners share in \$220,000 for Alberta bred's placing win, place or show in all races at or above a minimum of \$6,250 claiming price and a minimum of \$7,000 purse. Once RECs were opened slot revenue was higher than initially planned. This resulted in an increase to both the Owners' and Breeders' support. A further \$202,836 was added so the final amount of \$422,836 was paid out to Owners. This continues to be a program that works to reward quality Alberta bred's who perform at the highest level of racing.
- Breeders received 22.12% of \$422,836 for Alberta bred's placing win, place and show in sanctioned races having a minimum \$7,000 purse and where entered at or above a minimum \$6,250 claiming price. Bonuses were not paid for eligible races that had four (4) or less starters. This resulted in 5 races not paying a Breeders' Bonus.
- In total the 2020 Alberta Breed Improvement Program delivered to owners, breeders and stallion owners a total of \$1,195,372.00
- Due to COVID-19 restrictions Century Mile Racetrack and Casino did not open until June 21st. Race days were consequently reduced from the 2019 level of 61 days to 41 in 2020.

O.T.T.B.:

- C.T.H.S. (Alberta Division) continues to be involved in The Jockey Club T.I.P. program and sponsors an award for the Alberta-bred or Residing T.I.P. Performance Award.

2020 Alberta Sale:

- The 2020 CTHS sale was held at Westerner Park Agricentre in Red Deer. This year the CTHS partnered with the AQHRA which held their sale directly after the CTHS sale.
- The 2020 Sale Catalogue had 66 entries which was the smallest catalogue in recent memory. Sixty five of those were yearlings. At sale time 63 went through the ring.
- The CTHS (Alberta Division) sale had DLMS provide livestreaming and online purchasing. Six yearlings were sold online for a total of \$45,900. This appeared to be very successful with viewers from across Canada and Kentucky.
- The sale average for 2020 was \$8,395.00 up from the 2019 average of \$6,736.00. Gross sales of yearlings was \$327,400 (\$451,300 in 2019). The sales median was \$4,500 which was up from the 2019 median of \$2,700.
- The 2020 sale topper was an Exhi filly out of Eustacia and went for \$44,000. It was consigned by Highfield Investment Group, Agent.

Other:

- Alberta shows 130 Mares Bred for 2020 however the Jockey Club report includes only 12 of 36 stallions.
- Due to COVID-19 racing was only held at the Century Mile Racetrack and Casino in 2020.
- Night of Champions, celebrating the 2019 Champions of Racing was not held in 2020 due to COVID-19 restrictions and lockdowns. It is hoped this will be held in conjunction with the 2020 award winners in the Fall of 2021.

In Closing:

The C.T.H.S. will continue to be a leader in the industry and an advocate for the industry as the Board works to fulfil their mandate.

Sincerely,

Adrian Munro
C.T.H.S. (Alberta Division)
President

The 63rd racing season commenced on Monday, May 25th, 2020. Assiniboia Downs being the first track in Canada to commence racing under COVID-19 strict protocols and restrictions. The 50 days of racing took place on Monday, Tuesday and Wednesday evenings.

The 2020 CTHS Manitoba-Bred Incentive Program paid to Manitoba Breeders and Stallion owners a point value of \$315 for a total of \$194,040. A total of \$33,120 in purse supplements were distributed to owners and breeders. The CTHS stake program paid \$164,230 to thoroughbred owners.

The top 10 Manitoba-bred earners at Assiniboia Downs for 2020 are Melisandre (Going Commando/High Pioneer), Purrersistent (Vengeful Wildcat/Terri the Magic), Hidden Grace (Going Commando/High Pioneer), McKague (Secret Circle/Northern Cotton) and Dazzling Gold (True Sense/Gold Nite Destiny). The Manitoba Breeding industry continued to be highlighted by talented filly Hidden Grace (Going Commando/High Pioneer) on winning the \$50,000 Canadian Sales Stakes in Alberta.

The MB Yearling Sale held on August 23rd, 2020 showcased 29 yearlings offered for sale compared to 40 the previous year. The average sale price was \$4,428 slightly down from the previous year's average of \$4,521.

Promotional initiatives in support of the yearling sale included announcements in the Assiniboia Downs racing programs starting in July, an article in the Free Press and for the first time online betting. This was the result of the CTHS National decision negotiating an online bidding program with Direct Livestock Marketing Systems for all 2020 CTHS yearling sales. The on-line program was funded by CTHS National and generous sponsors.

In August, the Liquor, Gaming and Cannabis Authority of Manitoba hosted the first horse racing industry advisory committee meeting. The MB Horse Racing Modernization 2020 report to Stakeholders resulting in a bill currently before the government. Under the regulatory requirements of the Liquor Gaming and Cannabis Authority of Manitoba the bill addresses licensing, drug testing, appeals and pari-mutuel wagering. The Liquor, Gaming and Cannabis Authority of Manitoba has no mandate to provide funding or have an adversary role.

I would like to thank Board Members Darin Bouchard, Val Ferguson, Charles Fouillard and Stephanie Swerdyliaik who have finished their terms and welcome new members Julien Fouillard and Wayne King.

Good Luck to our Breeders, owners, and industry participants in 2021. Stay healthy and safe during these trying times of the pandemic.

**CTHS Ontario Division – President’s Report
February 2021**

2020 was a trying year for all concerned in the Province of Ontario. The shortened race meet, restricted attendance to both races and sales and sales cancellations all had a major impact on the income our Breeders require to sustain their businesses.

The Ontario Board has made great efforts over the past year communicating and trying to educate politicians, industry members and officials about the concerns and harsh realities Breeders are facing during an overall contraction of the horse industry, that are now compounded with the COVID-19 health pandemic.

The CTHS has new offices in 2021. We will be moving to the new Standardbred barn at Woodbine Racetrack. We have been working on improved relations with Woodbine and have been able to secure new offices and are being able to hold our horse sales at the Sales Pavilion, its historic venue. We would like to thank Jim Lawson and Woodbine Entertainment for recognizing the need and importance of Ontario Breeders and sales, as a vital component and partner to the Ontario Horse Industry.

The Ontario Federation of Agriculture (OFA) accepted our request to become an organizational member. The OFA is the voice of Ontario Farmers and has been for over 85 years. Many of the CTHS (ONT) members are already individual members in rural Ontario. OFA is the trusted farmer led organization for the Ontario farming community. Using their grass roots voice to advocate for sustainable farming and issues that impact their more than 38k farm members, farming industry and rural communities. With OFA's strong leadership and regular communication with elected officials from all levels of government, along with CTHS (ONT) efforts, it has now become paramount to raise government awareness to the importance of horse breeding and racing industries and all the related employment and economic activity created primarily in rural Ontario, by the horse industry sector. The CTHS (ONT) on behalf of its members looks forward to working collaboratively with the OFA, assisting Thoroughbred breeders with a voice and creating awareness to its economic impact and needs in Ontario, improving governmental relations and its importance for continued sustainability for the participants and benefits to the Ontario economy.

At the onset of the Government Health Pandemic lockdown I personally sent many letters to both the Provincial and Federal Government leaders requesting financial assistance for the Breeders in this Province making them aware that there has been no plan created to assist the

Breeders of rural Ontario in this time of crisis. The CTHS also sent personalized letters to the 121 MP's across Ontario to call for the suspension of Section 31 of the Income Tax Act for 2019 and 2020. We felt this was a very important initiative requested by the Jockey Club of Canada that would greatly assist our membership.

With the cancellation of racing in both the spring and winter in this Province due to COVID-19 the all-sources handle was down more than \$50 million from 2019. Even though wagering continued to be strong in the Foreign Markets the more staggering statistic is that the home market area wager was down 41 percent. There is a direct link from industry wagering to funding of our Breeders Programs and with less wagering in Ontario on our Ontario Product combined with the current lockdown of Standardbred racing we will certainly see a decline in funding for 2021. In January we sent out a request to Breeders to support horse racing and help with Jim Lawson's, CEO of Woodbine, ask of all horse industry participants to bring awareness and recognition to the plight of the industry in Ontario. We asked the membership to please support our industry by writing to your elected MPP's to bring awareness and a consistent approach in an effort to allow the resumption of the professional sport of horse racing in Ontario. The continuation of live racing generates supplemental funding through pari-mutuel handle directly to support the breeding and racing programs of the horse industry rooted in rural Ontario. The industry has shown it can operate safely and successfully and is prepared to adhere to any and all new governmental health protocols and operational procedures that could be implemented for racing to operate in Ontario.

Due to COVID-19 both our June Annual General Meeting and Annual Awards Dinner honouring Breeders success in 2019 were cancelled. The Board had made a resolution that this event will be held in 2021 in conjunction with honouring Breeders successes in 2020 but the ability to host these events in 2021 is still under review.

There was a 12% increase in the sale median at the annual Canadian Premier Yearling Sale held at the Woodbine Sales Pavilion in Toronto where 142 yearlings sold for \$2,795,300. The average for 2020 was \$19,685 and the median was \$14,500, while the buy back rate decreased.

With no individual yearlings selling for over \$100,000 this year and with the delay of the beginning of racing and the lifestyle changes due to the COVID-19 health pandemic the CTHS was pleased to see the median of the sale increase by 12% from \$13,000 to \$14,500. Some of this increase can be attributed to all the enhanced viewing and bidding options, with over 200 people registering for online bidding, a new incentive introduced for the 2020 sale. We are thankful to all our loyal supporters, Breeders and new purchasers at the Ontario Premier Yearling Sale. Showing the confidence that it still pays to Breed, Buy and Race in Ontario.

We were unable to host a live Winter Mixed Sale this past November. The Board of Directors of the CTHS acknowledged there was need for our membership to have an outlet to sell their horses. The Board considered many options but was constrained by the pandemic, by lack of facilities, and by a lack of time. After lengthy discussions, in an effort to help our members sell their horses an Online Listing of horses for sale was created.

The CTHS Ontario Division would like to congratulate all horses foaled in Ontario, their breeders and owners, for their successes in the 2020 racing season. Of special note we must congratulate Tall Oaks Farm and all the connections for Channel Maker being named Champion Turf Male at the 2020 Eclipse Awards.

Congratulations to the top Ontario Sires of 2020 (by earnings as reported by the BloodHorse as at Dec 31/20 of progeny conceived in Ontario) and all involved in their progeny's achievements – 1st Place – Silent Name (JPN) - \$2,553,439, 2nd Place – Old Forester - \$2,027,661 and 3rd Place – Souper Speedy - \$1,508,422. Current Leading Freshman Sire – Reload \$457,723.

This is an extraordinarily difficult time and we wish you, your families, employees and friends all the best in health and wellbeing. We encourage and wish you continued success in the foaling, breeding and sale season for 2021.

Your Board remains dedicated to ensuring a viable future for our members and serving as a voice for breeders within the Thoroughbred Breeding industry. I would like to thank the Directors and employees, along with members and individuals who contributed hours of work, ideas and views to the CTHS (ONT), assisting and enhancing decision making for the Breeders of Ontario.

I would like to extend best wishes to all for a successful year in these very trying times.

Yours truly,
Peter Berringer
President

Greeting from the Saskatchewan C.T.H.S.

Saskatchewan was the only province in Canada that did not let racing continue, due to the virus, in 2020. Other tracks raced without an audience and due to the off-track betting, and they did well. With the closure of Marquis Downs, a decision that was not clearly made until late Spring, our owners, trainers, and breeders went to the adjoining provinces to compete!

With the future of our racetrack, in limbo, it has really reflected upon our Breeding Industry. Many of our Breeders, are truthfully considering what to do with their stock, should they cover their mares, purchase new horses, etc?? Alongside, with no place to race locally it is hard to sell our foals when the new owners have little chance to recoup their purchase price.

Marquis Downs is the lone racetrack in Saskatchewan, which is home to hundreds of horses throughout the summer and all of those who care for them! Marquis Downs does not receive provincial funding and are purporting to lose \$500,000 a year. Thankfully, we have an Investor that has come forward with a deal to lease Marquis Downs, removing the burden of that annual debt and pave the way for a strong and sustainable future for horse racing in the province. The investor has brought some of the following forward: 40 race days (22 days more than what Prairieland has put forward for the season), Saskatchewan Jockey School, Indian Relays, much needed purse increases, youth programs, and approximately \$500,00 for bonuses that support Saskatchewan-bred racehorses & foals. The deal must be approved by Prairieland Park for the new Investors' to take over, and at the time of this Report prairieland have not signed the deal!

With the government funding there will be a Broodmare Purchase Program, 2021 Saskatchewan Maiden Mare Incentive Program, Stallion Incentive, and bringing back our Yearling Sale, 2 Year Old in Training and Horses of Racing Age Sales.

We continue to be optimistic that the lease will be finalized and the future of horse racing in our Province will once again be strong and viable! With all aspects of the province's future to gain by this agreement being signed or not, is wholly decided and rests in the hands of a single organization, hopefully they will do the right thing for the good of the Province and Racing!

Regards,

Rose Backlund
President
Saskatchewan Division
