

Executive Boards and Commissions 2019 Survey Summary

In accordance with HB 387, the Governor's Office has requested a report from each executive board or commission ("Boards"). On July 1, 2019, a survey went out to all Boards to gather all the information required by HB 387. All Boards were expected to respond by August 1, 2019. Below is a summary of the responses received:

241 Boards responded to the survey (see Appendix A).

174 Boards did not respond to the survey (see Appendix B).

The Governor's Office sent the survey to all executive boards or commissions, even if those Boards have recently been designated "legislative boards." In coordinating with the Office of Legislative Research and General Counsel, 12 of the Boards that responded to the Governor's Office survey were identified as legislative boards and those responses were shared with legislative staff (Boards are *italicized* in Appendix A). Of the Boards that did not respond, 18 have been identified as legislative boards (Boards are *italicized* in Appendix B). The legislature may consider further revisions for coordinating the timing and how Boards report to the executive or legislative branches.

10 Boards recommended that the Board should be eliminated:

- Arts and Culture Business Alliance
- Contract Security Education Advisory Peer Committee
- Deception Detection Examiners Boards
- Executive Residence Commission
- Hearing Instrument Specialist Licensing Board
- Motorcycle Rider Education Advisory Committee
- Powersport Vehicle Franchise Boards
- Residence Lien Recovery Fund Advisory Board
- Statewide GPS Reference Network Advisory Committee
- Veteran's Memorial Park Board

35 Boards provided recommendations for some type of statutory, rule, or other change to help make the Board more effective:

Alarm System Security and Licensing Board: The Alarm Board would benefit from being removed from under the Construction Trades Act and made into a stand-alone Board. The Construction Trades Act and the Alarm requirements in the past few years have greatly diverged and are no longer a "good fit" being with each other. The statute would be easier for license holders to comprehend if it were removed from the Construction Trades Act. The Utah Electronic Security Association is also interested in this "split."

Alcoholic Beverage Control Commission: 32B-1-104 requires the department and Commission to "implement and enforce the provisions of this title in accordance with the express language of the provisions of this title . . ." While it is unclear how a court would interpret this statutory language in conjunction with the Commission's duty to conduct the public business according to sound management principles, it has resulted in the Commission being unduly restricted in certain regards. We recommend revision of this statute.

Cannabinoid Product Board: According to Utah code, 26-61-202, "(1) The board shall review any available scientific research related to the human use of cannabis, a cannabinoid product, or an expanded cannabinoid product that: (a)

was conducted under a study approved by an IRB; or (b) was conducted or approved by the federal government.” After two years of researching therapeutic uses for cannabis, the CPB has found many studies of medicinal cannabis that fall outside of this strict definition. There are many reputable studies from other countries that would not be considered approved by the federal government, and there are also many studies from foreign countries in which it is not clear if there was an IRB involved. The CPB believes that this requirement is too restrictive and that there should be an addition to the statute that would allow the CPB to review studies conducted outside the United States.

Commission on Criminal and Juvenile Justice: Delegation authority to an executive committee.

Crime Victim Reparations and Assistance Board: The Board is concerned regarding the decreasing revenue collection from the Criminal Surcharge Account. That revenue funds the Crime Victim Reparation Trust, from which victim benefits are paid. The Board is supportive of legislation which recognizes the rehabilitative effect of holding convicted offenders financially accountable to those they have harmed as well as other measure to help mitigate the financial crisis experienced by the majority of persons victimized by crime. The decreasing revenue to the Crime Victim Trust Fund creates challenges and barriers to the Board's ability to appropriately consider the rising costs of medical, mental health, dental, funeral and burial and other critical services victims of crime encounter through no fault of their own.

Data Security Management Council: The Council needs to be included in the list of meetings that can be closed for information security purposes.

Drinking Water Board: In 2012, the Legislature amended the Environmental Quality Code to remove the Boards from adjudicative functions (enforcement and permit reviews). These changes were only partially implemented in the SDWA. We recommend amendments to completely remove the Drinking Water Board from enforcement and other adjudicative functions (such as ordering the Director to take certain actions). For primacy, the EPA requires that the Division retain the ability to assess civil penalties for violations. At this time, that function is vested with the Board. We recommend that the role of assessing civil penalties be transferred to the Director. This will make the SDWA the same as the Radiation Control Act. It will also remove the Board from adjudicative functions, consistent with the 2012 amendments. Current Board members have expressed a personal desire to not be involved in enforcement matters. Unlike the other environmental statutes, there is no requirement that the Drinking Water Board review and approve/deny administrative settlements involving the payment of more than \$25,000 in civil penalties. This provision should be included in the statute so there is uniformity in how all the boards function.

Emergency Management Administration Council: The current membership of the Council needs to be amended in Statute to allow for a few more disciplines/organizations to be represented as a requirement of the Federal Homeland Security Grant Programs. The current Board does not quite represent the required positions to constitute a Senior Advisory Committee. This request to increase the membership of the Council was presented at the July 1, 2019 meeting and the Lt. Governor asked that it be an action item at the next (Fall 2019) meeting. The Council gave their verbal approval at this July meeting, so it will go through the formal process this fall. DPS/DEM will work to find a sponsor to run the bill.

Employability to Careers Program Board: The board agrees that they are the correct mechanism for overseeing the implementation of the Employability to Careers Program; however; the board ran into multiple situations where Utah Code 63J-4 Part 7 is over-prescriptive to the point that it has impeded program implementation. Some possible revisions include the following:

1. Identify the eligible population and desired broad outcomes, but allow the board to determine the best mechanism to fund programs that meet more specific outcomes identified by the board. This could include grants or outcomes-based rate cards for programs that can demonstrate outcomes.

2. Remove the requirement for a fiscal intermediary or clarify that a fiscal intermediary is optional. Since the program started there have been innovations in the area of pay for success programs. Some of the new funding mechanisms, such as the outcomes-based rate card, don't require a fiscal intermediary.

3. Require the board to select providers and other parties involved in the program through a competitive process, but exempt the board from the state procurement code. The board and its programmatic intermediary need more flexibility to recruit and select providers to implement innovative solutions than is allowed for under current procurement rules.

Executive Water Finance Board: The board needs two additional members, particularly from the Division of Water Quality (working through this process currently).

Hazardous Chemical Emergency Response Commission: HazMat Transportation Fee for all Hazardous Materials carriers that are based outside of Utah traveling through the state. The fees would be used for training/education, HazMat certifications, HazMat cleanup, etc. This is the current information within code: "Approval" required for transport of radioactive waste by all modes, but the Department of Transportation does not currently assess a fee. (Utah Code Ann. § 19-3-315)

Health Data Committee: The Utah Health Data Committee is guided by U.C.A. 26-33A. The statutory language is unclear regarding some requirements and limitations and might need to be reconciled.

Health Facility Committee: 1) the approval process for members of the committee is cumbersome and takes too much time - often months before members are approved. The current statute requires Governor's office approval with Senate consent. (26-21-3. Health Facility Committee -- Members -- Terms -- Organization -- Meetings.

The Health Facility Committee created by Section 26-1-7 consists of 15 members appointed by the governor with the consent of the Senate.) We recommend allowing the Department of Health Executive Director to review and approve appointments. This would save time and effort and would be in line with our Child Care Licensing committees. 2) We suggest reducing the number of committee members from 15 to 11. Recommend removal of the following positions: a) one representative of an ambulatory surgical facility affiliated with a hospital - this is hard to recruit and not necessary. b) One professional in the field of intellectual disabilities not affiliated with a nursing facility - this has not been recruited for years due to lack of interest, hard to find qualified individuals. There is also not a need on the board. c) One representative from nursing care facilities - there are currently two positions and only one is needed. d) One representative from assisted living facilities - there are currently two positions and only one is needed.

Indigent Defense Funds Board: There have been preliminary discussions to consider whether this board could be moved from the Division of Finance to CCJJ. With the creation of the Indigent Defense Commission, moving the board would better align with the mission of CCJJ. Finance and CCJJ will decide whether to run legislation in the next session to move it to CCJJ.

Martin Luther King Jr. Human Rights Commission: The Department of Heritage and Arts' administrative team is currently working with the appropriate legislative staff to make changes to the Martin Luther King Jr. Civil Rights Support Restricted Account. This includes modifying the requirements for receiving funding from the account and making technical changes during the 2020 legislative session.

Mine Safety Technical Advisory Council "MSTAC": There is a suggested change to Utah Code Ann. 40-2-203(5)(a) and the language which states that "the council shall meet at least quarterly." The request change is to remove "quarterly" and insert "bi-annually." This is recommended by the members of the council who feel it is a more effective use of time and more efficient to meet bi-annually instead of quarterly. If there is an emergency, there can always be additional meetings added at any time.

Motor Vehicle Review Committee: Clarification in the appointment process, and term of service is needed.

Procurement Policy Board: A determination should be made by the Legislature and Governor's Office to determine whether the Utah Procurement Policy Board is necessary. The Utah Procurement Policy Board establishes rules for the Utah Procurement Code, but not every member of the board has to or has adopted the rules created by the board. If it continues, should Board members be limited to those whose entity has adopted the Board's rules? Otherwise, Board members could impose rules more stringent than those with which their entities are willing to comply. Another option could be to change the Board to an advisory board rather than a policy board, and have it review rules created by the Division of Purchasing and General Services.

Professional Geologist Licensing Board: it is not practical to consult with the board due to time restraints

Securities Commission: Inclusion of a variable annuity contract under the Utah state definition of a security.

Sentencing Commission: I would recommend that we add a justice court judge to the commission's membership.

State Building Board: Significant changes were made to the Building Board and its processes by HB0349 (2019), and SB0102 (2019). The Board and the Department of Administrative Services are still in the process of implementing these changes. Additional statutory changes may be needed to clean up the split of responsibilities between the Board and the Division of Facilities Construction and Management (DFCM) since significant duties were transferred by the Legislature from the Board to DFCM.

State Records Committee: Currently, the committee and support staff are proposing updates to existing State Records Committee administrative rules. These changes focus on enhancing, clarifying, and streamlining processes and procedures.

ThSisU – The Shared Identification Services for Utahns: The efforts of the board may be improved through changes in rule to address certain issues. The following issues have been identified by the board but changes have not yet been pursued: issues of shared risk such as insurance, indemnification, or liability limitations; issues of correlations with other government entities such as Utah Department of Public Safety, or the emerging Utah Digital Citizen; issues of data use and disclosure of state-curated clinical and vital records with or without linked biomarker, for example Cause and Manner of Death, or Newborn Metabolic Screening Genomic Markers, for use cases such as care coordination of quality improvement; and issues of multi-state data curation, exchange and disclosure.

Traumatic Brain Injury Advisory Committee: In 26-50-202, it states that the Traumatic Brain Injury Advisory Committee is created on or after July 1 of each year and then the committee shall cease to exist on December 31 of year. Therefore, the Traumatic Brain Injury Advisor Committee terminates every six months and a continuance of the Board must be requested. It would be helpful to make it a yearly board.

UBCC Advisory Committees (Architectural, Education, Electrical, Fire Protection, Mechanical, Plumbing/Health, and Unified Code Analysis): If the UBCC is moved to legislative oversight, this committee would need appropriate statutory/rule changes as well.

Uniform Building Code Commission: The UBCC reports to the Business & Labor Interim Committee of the Utah Legislature. DOPL would recommend the UBCC being moved from DOPL to the Legislature for administration.

Utah Arts Council Board of Directors: Utah Arts Council board recommends merging with the Arts & Culture Business Alliance and actions are being taken toward this end.

Utah Fire Prevention Board: The appointment or re-appointment of board members is a lengthy process. It would be helpful if the Commissioner of Public Safety could be the appointing authority under Subsection 53-7-203(3), which would perhaps relieve some of that burden on the Governor's office and staff.

Utah Indigent Defense Commission: We operate with a discretionary grant program for an ongoing state responsibility. We need to move to ongoing funding and direct oversight/control of certain programs to help the state meet its constitutional responsibilities.

Utah Seismic Safety Commission: By statute, one representative each from the Utah State Senate and the Utah House of Representatives are commissioners on the USSC. The USSC recommends that these positions be changed from the current two legislators to two representatives from other earthquake-related organizations that have an interest in reducing earthquake-related loss in Utah; however, we do encourage continued coordination with representatives from the Utah State Senate and the Utah House of Representatives.

Utah Sex Offender Task Force: The SOTF has been reviewing its current placement under the Utah Department of Corrections. The members of the SOTF believe it should be an independent entity, possibly placed within the Commission on Criminal and Juvenile Justice. This would allow for an independent view of the SOTF's work, and should encourage greater involvement from all the stake-holders impacted by the SOTF's work. Additionally, with the appointment of an independent director and auditor's the task force should have greater influence and strengthen the oversight and support for community providers.

Utah State Historical Records Advisory Board: The Utah State Archives has conducted research into the mandate that underpins the USHRAB's authority. Based on this research it is clear that there is no statewide mandate authorizing its function (state statute or executive order), and that the USHRAB is currently claiming its authority from federal regulation. This issue was discussed at the September 2017 and January 2018 USHRAB Meeting, and the Board determined that obtaining a clear mandate on the local level is imperative for the ongoing sustainability of the USHRAB. The Utah State Archives recommends that this authority come in the form of a Governor's Executive Order. This proposed mandate does not override the federal statute and funding for the USHRAB will continue from a federal grant program. The Utah State Archives has developed model language that could be used for such an order.

Utah Substance Use and Mental Health Advisory Council: When the USAAV+ Council expanded to include both substance use and mental health issues several years ago, the number of Council members nearly doubled! The number is currently at 39, which is a very large group. We may undertake efforts to reduce the membership in order to make it easier to engage individual members in the Council process.

The USAAV+ Council has oversight responsibility for the beer tax funds distributed annually to municipalities and counties for alcohol- and substance abuse-related activities. The statute governing these funds was originally passed in 1983, and while it has been amended several times to strengthen the Council's ability to effectively oversee the use of the funds, the original funding formula is still in place. The Council intends to form an ad hoc workgroup to study the statute during the 2019 interim period, with the goal of making recommendations for changes to the 2020 Legislature.

Workers Compensation Advisory Council: There is currently a bill file opened by the Business and Labor Interim Committee to include two legislative liaisons on the Council as nonvoting members. There have long been two legislative liaisons included as "informal" members. This statutory change merely formalizes this practice.

Appendix A: Boards that Responded

(*Italicized* Boards are also classified as legislative boards)

- Acupuncture Licensing Board
- Administrative Services Rate Committee
- Advisory Council To The Division Of Services To The Blind And Visually Impaired
- Air Ambulance Committee
- Alarm System Security And Licensing Board
- Alcoholic Beverage Control Commission
- Architects Licensing Board
- Arts And Culture Business Alliance
- Athletic Trainers Licensing Board
- Bail Bond Recovery Licensure Board
- Bail Bond Surety Oversight Board
- Blue Ribbon Fisheries Advisory Council
- Board Of Aging And Adult Services
- Board Of Bank Advisors
- Board Of Business And Economic Development
- Board Of Credit Union Advisors
- Board Of Funeral Service
- Board Of Massage Therapy
- Board Of Nursing
- Board Of Oil, Gas, And Mining
- Board Of Pardons And Parole
- Board Of Parks And Recreation
- Board Of Recreational Therapy
- Board Of State History
- Board Of Tourism Development
- Board Of Water Resources
- Boating Advisory Council
- Building Inspector Licensing Board
- Certified Court Reporters Licensing Board
- Certified Nurse Midwife Board
- Child Care Advisory Committee
- Child Care Center Licensing Committee
- Child Support Guidelines Advisory Committee
- Children's Hearing Aid Advisory Committee
- Chiropractic Physician Licensing Board
- Clinical Mental Health Counselor Licensing Board
- Coal Miner Certification Panel
- *Commission On Criminal And Juvenile Justice*
- Committee Of Consumer Services
- Community Development Block Grant Policy Board
- Concealed Firearms Review Board
- *Constitutional Defense Council*
- Construction Services Commission
- Controlled Substance Advisory Committee
- Cosmetology and Associated Professions Licensing Board
- Crime Victim Reparations And Assistance Board
- *Data Security Management Council*
- Deception Detection Examiners Board
- Defined Contribution Risk Adjuster Board
- Dentist And Dental Hygienist Licensing Board
- Dietitian Board
- Disabilities Advisory Council
- Drinking Water Board
- Driver License Medical Advisory Board
- Drug Utilization Review Board
- Electricians Licensing Board
- Emergency Management Administration Council
- Employability to Careers Program Board
- Employment Advisory Council
- Environmental Health Scientist Board
- Executive Residence Commission
- Executive Water Finance Board
- Forensic Mental Health Coordinating Council
- Free Market Protection And Privatization Board
- Genetic Counselors Licensing Board
- Governor's Committee On Employment Of People With Disabilities
- Governor's Economic Development Coordinating Council
- Governor's Homeland Security Advisory Board
- Governor's Rural Partnership Board
- Habitat Council
- Hazardous Chemical Emergency Response Commission
- Health Data Committee
- Health Facility Administrators Licensing Board
- Health Facility Committee
- Hearing Instrument Specialist Licensing Board
- Homeless Coordinating Committee
- Hunting Guides And Outfitters Licensing Board
- *Indigent Defense Funds Board*
- Information Technology Rate Committee

- Interagency Coordinating Council For Infants And Toddlers With Special Needs
- Interpreters Certification Board
- Judicial Nominating Commission District 1
- Judicial Nominating Commission District 2
- Judicial Nominating Commission District 3
- Judicial Nominating Commission District 4
- Judicial Nominating Commission District 5
- Judicial Nominating Commission District 6
- Judicial Nominating Commission District 7
- Judicial Nominating Commission District 8
- Judicial Performance Evaluation Commission
- Kurt Oscarson Children's Organ Transplant Coordinating Committee
- Labor Commission Appeals Board
- Land Use And Eminent Domain Advisory Board
- Landscape Architects Board
- Licensed Direct Entry Midwife Board
- Liquefied Petroleum Gas Board
- Marriage And Family Therapist Licensing Board
- Martin Luther King Jr. Human Rights Commission
- Motor Carrier Advisory Board
- Motor Vehicle Business Advisory Board
- Motor Vehicle Review Committee
- Motor Vehicle Safety Inspection Advisory Council
- Motorcycle Rider Education Advisory Committee
- Multicultural Commission
- Museum Services Advisory Board
- Naturopathic Physicians Licensing Board
- Navajo Revitalization Board
- Newborn Hearing Screening Committee
- Occupational Therapy Licensing Board
- Off Highway Vehicle Advisory Council
- Olene Walker Housing Loan Fund Board
- Online Prescribing, Dispensing, And Facilitation Licensing Board
- Optometrist Licensing Board
- Osteopathic Physician And Surgeon's Licensing Board
- Passenger Ropeway Safety Committee
- Peace Officer Standards And Training Council
- Permanent Community Impact Fund Board
- *Pete Suazo Utah Athletic Commission*
- Physical Therapy Licensing Board

- Utah Motor Vehicle Franchise Advisory Board
- *Utah Seismic Safety Commission*
- Utah State Developmental Center Board
- Utah State Historical Records Advisory Board
- Utah Substance Use and Mental Health Advisory Council
- *Utah Transparency Advisory Board*
- Utility Facility Review Board
- Veterans' Advisory Council
- Veterans' Memorial Park Board
- Veterans' Nursing Home Advisory Board, George Wahlen Ogden Home
- Veterans' Nursing Home Advisory Board, Salt Lake
- Veterans Southern Utah Home In Ivins
- Veterinary Board
- Vocational Rehabilitation Counselors Licensing Board
- Waste Management And Radiation Control Board
- Water Quality Board
- Wildlife Board
- Wildlife Board Nominating Committee
- Workers Compensation Advisory Council
- Youth Parole Authority

Appendix B: Boards That Did Not Respond

(Italicized Boards are also classified as legislative boards)

- 911 Advisory Committee
- Advisory Board On Children's Justice
- Advisory Council For The Utah Schools For The Deaf And The Blind
- Advisory Redistricting Commission
- Agricultural Advisory Board
- Agricultural And Wildlife Damage Prevention Board
- Agricultural Water Optimization Task Force
- Air Quality Board
- *Air Quality Policy Advisory Board*
- Alice Art Collection/Art Acquisition Committee
- American Indian-Alaskan Native Education Commission
- Appellate Court Nominating Commission
- Attorney General Rate Committee
- Bear River Compact Commission
- Board Of Examiners
- Board Of Juvenile Court Judges
- Board Of Juvenile Justice Services
- Board Of The Utah Geological Survey
- Bridgerland Technical College Board of Directors
- Career And Technical Education Board
- Central Utah Water Conservancy District Board Of Trustees
- Charter School Revolving Account Committee
- College Of Eastern Utah Board Of Trustees
- Colorado River Basin Salinity Control Forum
- Commission On Civic And Character Education
- *Commission on Housing Affordability*
- Compliance Advisory Panel Small Business Assistance Program
- Constitutional Revision Commission
- Coordinating Council For Persons With Disabilities
- Council Of Economic Advisors
- County Fire Civil Service Council
- Davis Technical College Board of Directors
- DHRM's Internal Service Funds Rate Committee
- Dine Advisory Committee
- Disability Determination Services Advisory Council
- Dixie State University Board Of Trustees
- Dixie Technical College Board of Directors
- Domesticated Elk Advisory Council
- Economic Development Legislative Liaison Committee
- Elected Official And Judicial Compensation Commission
- Federal Funds Commission
- Fish Health Policy Board
- Four Corners Heritage Council
- Governor's Child And Family Cabinet Council
- Grand County Water Conservancy District Board Of Trustees
- Grazing Advisory Board
- Great Salt Lake Advisory Council
- Heber Valley Historic Railroad Authority
- Heritage Trees Advisory Committee
- *Higher Education Strategic Planning Commission*
- Independent Executive Branch Ethics Commission
- Institutional Council For The Schools For The Deaf And Blind
