The Creative Habit Penguin

The world is crazy. Creative work is hard. And nothing is getting any easier! In his previous books—Steal Like an Artist and Show Your Work!, New York Times bestsellers with over a million copies in print combined—Austin Kleon gave readers the key to unlock their creativity and then showed them how to share it. Now he completes his trilogy with his most inspiring work yet. Keep Going gives the reader life-changing, illustrated advice and encouragement on how to stay creative, focused, and true to yourself in the face of personal burnout or external distractions. Here is how to Build a Bliss Station—a place or fixed period where you can disconnect from the world. How to see that Every Day Is Groundhog Day—yesterday's over, tomorrow may never come, so just do what you can do today. How to Forget the Noun, Do the Verb—stop worrying about being a “painter” and just

paint. Keep working. Keep playing. Keep searching. Keep giving. Keep living. Keep Going. It's exactly the message all of us need, at exactly the right time.

THE SUNDAY TIMES BESTSELLER Many famed music producers are known for a particular sound that has its day and then ages out. Rick Rubin is known for something else: creating a space where artists of all different genres and traditions can home in on who they really are and what they really offer. He has made a practice of helping people transcend their self-imposed expectations in order to reconnect with a state of innocence from which the surprising becomes inevitable. Over the years, as he has thought deeply about where creativity comes from and where it doesn't, he has learned that being an artist isn't about your specific output; it's about your relationship to the world. Creativity has a place in everyone's life, and everyone can make that place larger. In fact, there are few more important responsibilities. The Creative Act is a beautiful and generous course of study that illuminates the path of the artist as a road we all can follow. It distills the wisdom gleaned from a lifetime's work into a luminous reading experience that puts the power to create moments - and lifetimes - of exhilaration and transcendence within closer reach for all of us.

From a world-renowned painter, an exploration of creativity’s quintessential—and often overlooked—role in the spiritual life “Makoto Fujimura’s art and writings have been a true inspiration to me. In this luminous book, he addresses the question of art and faith and their reconciliation with a quiet and moving eloquence.”—Martin Scorsese “[An] elegant treatise . . . Fujimura’s sensitive, evocative theology will appeal to believers interested in the role religion can play in the creation of art.”—Publishers Weekly Conceived over thirty years of painting and creating in his studio, this book is Makoto Fujimura’s broad and deep exploration of creativity and the spiritual aspects of “making.” What he does in the studio is theological work as much as it is aesthetic work. In between pouring precious, pulverized minerals onto handmade paper to create the prismatic, refractive surfaces of his art, he comes into the quiet space in the studio, in a discipline of awareness, waiting, prayer, and praise. Ranging from the Bible to T. S. Eliot, and from Mark Rothko to Japanese Kintsugi technique, he shows how unless we are making something, we cannot know the depth of God’s being and God’s grace permeating our lives. This poignant and beautiful book offers the perspective of, in Christian Wiman’s words, “an accidental theologian,” one who comes to spiritual questions always through the prism of art.
