To the Board of County Commissioners and Citizens of Chatham County, North Carolina:

State law requires that all local governments publish, within six months of the close of each fiscal year, a complete set of audited financial statements. This report is published for the fiscal year ended June 30, 2019.

Generally accepted accounting principles require that management provide a narrative introduction, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the Management Discussion and Analysis and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Responsibility for the accuracy, completeness and fairness of the presentations, including all disclosures, rest with the County. We believe the data, as presented, is accurate in all material respects and fairly present the County's financial position and results of operations.

Martin Starnes & Associates, CPAs, P.A., a firm of licensed Certified Public Accountants, have issued an unmodified opinion on the County's financial statements for the year ended June 30, 2019. The independent auditor's report is located at the front of the financial section of this report.

Description of the County

Founded in 1771 and located at the geographic center of the state, Chatham County encompasses an area of 707 square miles. The County borders Orange, Durham, Wake, Lee, Moore, Randolph, Harnett and Alamance counties and is situated between two of the State's three largest centers of population and commerce, the Research Triangle and the Piedmont Triad.

The proximity to these two areas continues to promote population growth and keep the County's economy healthy. New residents are attracted to the County because of its rural quality of life coupled with close proximity to major metropolitan areas and employment centers. The County's 2019 population was estimated at 73,139. By 2032, the State estimates that the County's population will grow to 115,000.

Most of the County's population continues to reside in the unincorporated area, with only 20.81 percent of residents living in a municipality. The Town of Pittsboro with a population of 4,287 serves as the County seat.

The County operates under the manager form of government. Policy making and legislative authority are vested in a Board of Commissioners consisting of five members who are elected for four-year terms in even numbered years. The County Manager is appointed by the Board and is responsible for the administration of the affairs of the County. The County is responsible for and maintains a full range of services inherent in the operation of a county government. These services include general government, public safety, human services, cultural and recreational activities, education, economic and physical development, and environmental protection. The County also operates a water system on a user charge basis. This report includes all the County's activities in maintaining these services.

The County operates under an annual budget ordinance, adopted in accordance with the provisions of the Local Government Budget and Fiscal Control Act. Budgetary control is maintained on a departmental basis and may be amended as changing conditions warrant.

Local economy

The County retains a large agricultural base with a mixture of industrial, tourism and service businesses helping support the County's economy. Strong economic influences in surrounding areas, such as Cary, Chapel Hill, Durham, Raleigh, and the Research Triangle Park have a positive effect on the growth of the County's population and economy, especially in the northern and eastern sections of the County. More than half of Chatham County residents commute outside the County for employment, with the urban areas being the top destinations for jobs. The regional prosperity has enabled Chatham County to rank fifth among the state's 100 counties in median household income, fifth lowest in average annual unemployment. The County was the third fastest growing county in the state between July 2014 and July 2017.

Within the County, education and health services is the largest industry, accounting for 28% of all jobs. Major employers in this sector are Carolina Meadows, Galloway Ridge, Chatham Hospital, The Laurels of Chatham and Piedmont Health Services. Central Carolina Community College and Chatham County broke ground in 2018 on a new health sciences building to support workforce development for this growing employment sector, which will host classes beginning in November 2019. Other large employers include manufacturers likes Flakeboard America, Southern Veneer Specialty Products, Mountaire Farms, PalletOne, Brookwood Farms, and MAS Acme. Manufacturing accounts for 10% of jobs in Chatham County, a figure expected to increase after Mountaire Farms in January 2019 opened a poultry processing facility in Siler City. As of May 2019, the food manufacturer employed approximately 1,400 people at its new campus. Brookwood Farms, another Siler City-based food manufacturing business, continues to grow its presence in retail and food service markets across the United States, and is in the planning stages for a new distribution center. Performance Bicycles was the only major closure in 2019. The Pennsylvania-based parent company of the bicycle and equipment retailer filed bankruptcy in late 2018, leading to the closure of the Chatham County facility. Vacancy for industrial and commercial property remains low, with little inventory on the market.

Agriculture and agribusiness (food, fibers, and forestry) remain significant in the local economy. Total farm income in the County for 2017 was \$129,078,240, which ranked 31st in the State. The most recent 2017 Census of Agriculture reported Chatham County as having 1,116 farms, of which 98% identified as family farms. Over one-third of the 1,700 agricultural producers within the county are female. Most farms range in size from 10 to 179 acres, and the total number of acres used for farming has changed very little over the past two decades. The stability of the County's agricultural economy is due to (1) a growing number of small sustainable farms focused on specialty products such as organic farming, herbs, cut flowers, unique produce, and diverse nurseries; and (2) continued strength in cattle. The County ranks 2nd in the State in beef cattle (fourth in overall cattle production) and 16th in broiler chicken production out of the 100 counties. The county also ranks 11th in hay production, 3rd in equine population, and 2nd in sheep and goat population, as compared to other North Carolina counties. The number of dairy farms in Chatham County has remained static over the last seven years, and the County ranks 19th in the state for number of dairy cattle. The horticulture industry in the county is diverse and includes some very specialized niche nurseries that produce aquatic/wetlands plants, Asian herbs, shady perennials, crinums, daylilies, orchids, exotic ferns, trees, and shrubs. The County is also gaining a reputation as an area of innovative and sustainable agriculture practices. Because of the County's proximity to the Research Triangle and Piedmont Triad metropolitan regions, there is a large demand for local agricultural products. Producers in the County currently are unable to satisfy this demand. Agricultural tourism showcasing our diverse agricultural industry brings many visitors to Chatham County to spend their money then return home. The dynamic agricultural industry of the County is also attracting investors to potential new agribusiness enterprises.

To support the economic development goals of the Chatham County Board of Commissioners and the Chatham Economic Development Corporation's (EDC) 2015-2020 Strategic Action Agenda, the EDC continues to work on supporting businesses of all sizes, site development and infrastructure solutions. In December 2016, Golden LEAF Foundation announced the recipients of its new Major Site Development Initiative (MSDI) grant. The Town of Siler City was awarded \$4 million to extend water to the Chatham-Siler City Advanced Manufacturing (CAM) Site, and the City of Sanford, in neighboring Lee County, was awarded \$4 million dollars to provide wastewater to Chatham

County's Moncure Megasite. Siler City's water line was completed in early 2019. Construction is underway for the City of Sanford's sewer line, with an anticipated delivery in early 2020. With the goal of attracting new business and extending public utilities to underserved areas of Chatham County and as a requirement of the grant, Chatham County entered into 5-year option agreements on both sites in late 2017. The EDC, working with the Economic Development Partnership of North Carolina, leads marketing for both sites, aiming to attract large manufacturers. The EDC also markets the Chatham County-owned Central Carolina Business Campus near the intersection of US 64 and US 421 in Siler City. A new regional marketing initiative called Carolina Core was launched by the Piedmont Triad Partnership out of Greensboro in late 2018. The EDC closely collaborates with the Carolina Core effort to promote economic development assets.

In addition to the major industrial sites, the EDC works with developers for Chatham Park, a 7,100-acre mixed-use development. The development is approved for 22,000 new residential unit and 22 million square feet of non-residential space. At full buildout, the project is expected to create 61,000 new, permanent jobs in Chatham County. Eco Group LLC, the developers for Mosaic at Chatham Park project, broke ground on the 44-acre, \$140 million mixed-use project in early 2019, and anticipate completion in early 2021. The development will include retail, office, multifamily residential and a 120-key flagship hotel. Other Chatham Park projects underway or completed include a water reclamation facility, a solar farm, site work for the first residential development and infrastructure expansion. Penguin Place, a three-acre multi-tenant center, is fully leased with retail and office tenants. Two building pads for new medical offices were completed in summer 2018.

The US 15-501 corridor continues to be the focus for retail commercial development because of the population density in northeast Chatham County. Briar Chapel has completed site work for its second and third phases of commercial development, which will incorporate retail, multifamily, senior living and Central Carolina Community College's health science campus. Liberty Healthcare announced in June 2019 it would construct a 150-unit nursing and assisted-care facility, with a groundbreaking anticipated in 2020. Briar Chapel anticipates all commercial development to be complete by 2022. Veranda, the first commercial development for Briar Chapel, completed its third year in fall 2019 and remains 100% occupied.

Several major highways (US 15-501, US 1, US 64, and US 421) and numerous state roads access the County and link it to Interstates 40 and 85. The area is served by major freight carriers, bus lines and delivery services, and air transportation is less than one hour away from Raleigh-Durham International Airport in the heart of the Research Triangle Region and Piedmont Triad International Airport in Greensboro. The Siler City Municipal Airport has a 5,000-foot paved, lighted runway with instrument approach capability and can accommodate small business aircraft. The Raleigh Executive Jetport in neighboring Lee County widened its taxiway and improved weight capacity to 100,000 pounds in 2018 and opened a new 14,500 square foot terminal in October 2019. The public airport is in close proximity to the Moncure industrial area in the southeastern portion of the County

Chatham County is home to diverse tourism assets, ranging from budget to luxury offerings for visitors. The county's official destination marketing organization (DMO), the Pittsboro-Siler City Convention & Visitors Bureau (CVB), has a strategic marketing campaign targeted to reach multiple traveler types.

Among the nature-based sites are Jordan Lake State Recreation Area, Jordan Lake Educational State Forest, numerous hiking and cycling trails, the American Tobacco Trail (multi-county trail), nature preserves, and six golf courses. Chatham County is also home to one of only a few of North Carolina's five-diamond restaurants and five-diamond inns in the state.

Domestic tourism in Chatham County generated an economic impact of \$36.9 million in 2018. This was a 5.4% change from 2017. The state report showed that the visitor industry generated a payroll of nearly \$4.74 million. Chatham's visitors also generated \$680,000 in local tax revenues. Chatham County's visitor-related economic impact reflects a nine-year trend of climbing visitor spending (data from Economic Impact of Travel on North Carolina Counties 2018, a study prepared for Visit North Carolina by the U.S. Travel Association).

Multiple visitor-related businesses have continued to open in Chatham County while the CVB staff size of one and budget have remained relatively the same. The CVB has had the opportunity to market the wine, craft beer, spirits and current lodging as a 'trail' and that has generated interest in the destination for visitors to have various choices of

places to stay and explore. New farm-to-fork eateries have opened as well as retail; both types of businesses enhance the visitor's itinerary and maximize a trip, particularly considering the cost for refueling vehicles for travel.

The CVB has also provided its visitor-related businesses opportunities for partnership marketing beyond obvious partnerships with N.C. Division of Tourism, Film and Sports Development: Small Business Saturday, an American Express program; N.C. Department of Environment and Natural Resources NC Green Travel Recognition program; and several others.

The CVB continues to work with universities in North Carolina (North Carolina State University (NCSU) and East Carolina University's Center for Sustainable Tourism) on various initiatives and research for innovative rural entrepreneurship programs in tourism. Regardless of whether occupancy tax is generated (solely for the CVB's budget) and/or sales tax for the county; day trip and overnight guests are welcome and aggressive marketing and branding takes place by the DMO for all visitor-related businesses, including restaurants, venues, etc. The County has served as a popular site for sports events, including the multi-county American Tobacco Trail the site of the Tobacco Road Marathon (Boston Marathon qualifier).

Visitor-related businesses in Chatham County vary in size, with an advantage to the rural charm of the area in that small, independently-owned businesses offer a distinctive product for the Convention & Visitors Bureau to promote, with the HeartOfNCTrails.com, a micro-website promoting B&B inns and craft beverage businesses, growing sectors in Chatham County. Attractions range from a wildlife sanctuary (tigers, lions, ocelots, binturongs, and more) with guided tours as a unique offering to visitors. Agritourism is one of the county's top-ranked tourism strengths, alongside the nature sites. Wineries, breweries, distillery, cidery, wine shops, six farmers' markets and numerous small farms offering tours enhance the visitor experience, plus provide local food and drink for the farm-to-fork trips that tourists seek from Chatham County restaurants. A rural and convenient getaway with excellent proximity for day trips and overnight escapes from neighboring urban counties make Chatham County a significant tourism destination. Financial Information

County management is responsible for establishing and maintaining an internal control structure that is designed to provide reasonable assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition; (2), the reliability of financial records for preparing financial statements in conformity with generally accepted accounting principles and maintaining accountability for assets; and (3) compliance with applicable laws and regulations related to federal and state financial assistance programs. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived; and the evaluation of costs and benefits requires estimates and judgments by management.

Long-term financial planning

The County updates annually during the budget process its seven year Capital Improvements Program (CIP). The CIP is a systematic way of anticipating, planning, and budgeting for major capital projects. The CIP includes all major projects costing \$25,000 or more. The CIP includes summaries of all major projects and detailed descriptions of each project, including justifications, cost detail, funding sources, and impact on the operating budget.

Major Initiatives

Implementation activities related to the Chatham Comprehensive Plan are well underway countywide. The plan, which focuses on the next 25 years, launched immediate short-term efforts as well as long-term planning initiatives around specific function areas.

IMPLEMENTING THE CHATHAM COMPREHENSIVE PLAN

Comprehensive plan activity initiated in FY 2018-19 includes the following:

• The Chatham County Planning Department is moving forward with a Unified Development Ordinance (UDO) in collaboration with CodeWright Planners LLC. This effort seeks to modernize the county's land development regulations to address issues and recommendations identified in the Chatham Comprehensive Plan while also combining all of the existing land use and development regulations into a single document.

- The kick-off presentation was provided to the Board of Commissioners in September 2019 with 9 additional presentations to advisory boards and groups in the fall of 2019.
- The drafting process is anticipated to take 44 months and will include an audit identifying the gap between existing regulations and the vision outlined in the Chatham Comprehensive Plan, focus groups composed of a cross section of county advisory boards and the development community, annotated outline that will be used as the UDO blueprint, public forums, testing the UDO, and adoption and implementation.
- Chatham County Parks & Recreation completed its Comprehensive Master Plan for parks, recreation programs and trails.
 - Parks & Recreation completed a Park Master Plan for Earl Thompson Park
 - Parks & Recreation completed a Park Master Plan for Southwest Park
- Chatham County Public Utilities partnered with the towns of Siler City, Pittsboro and Goldston to begin a Countywide Water and Wastewater Comprehensive Master Plan. It was completed in the summer of 2019.

EDUCATION

The County made significant progress on major school facility projects in FY 2018-19 in the county's Capital Improvement Plan.

The County issued \$11,300,000 in limited obligation bonds in July 2019 to construct a new elementary school (Chatham Grove), a new high school (Seaforth High), and a community college health sciences facility. Chatham Grove Elementary School is under construction and is expected to open to students in the fall of 2020. Construction work continues at Seaforth High which remains on track to open for the 2021-22 school year. The community college health sciences facility is expected to open in 2020.

Chatham County Schools celebrated the 10th anniversary of its 1-to-1 Student Device Program in 2019 by securing \$3.7 million dollars in federal and state eRate funding to build 88 miles of fiber optic connectivity between school campuses. The district is also participating in the 1 Million Project Foundation's cellular hotspot program which provides completely free devices and cellular data to interested high school students beginning the fall of 2019.

Chatham County Schools, through financial support from the State of North Carolina and Chatham County increased its partnership with the Chatham County Sheriff's Office by adding four additional School Resource Officers throughout Chatham County Schools. Safety improvements also included modernizing a number of older classroom doors for stronger ones with smaller windows. In addition, continued regular meetings and planning work with local law enforcement and emergency response agencies have strengthened local partnerships and crisis response planning. Every school in the district also received additional door security systems that build upon existing campus access controls further reinforcing campus security.

Chatham County Schools has worked to identify a variety of ways to further support the mental health needs of its staff and students. Students in grades K-5 will have a research-based curriculum to support social emotional needs. The district added a new social worker and behavior position to increase the level of support for students with mental health needs. The district also purchased an at-risk screener for grades K-5 that will help to identify students who are at-risk for mental health and behavioral needs so interventions and supports can be implemented early. A comprehensive anti-bullying curriculum has also been established in addition to a number of anti-bullying programs and events.

FACILITIES

The County moved forward on several projects:

- Construction is underway on the new shared use community center at Chatham Grove Elementary School and is expected to be complete in the summer of 2020. This will allow the county recreation department opportunities to provide indoor programming in the activity rooms as well as in the gymnasium.
- Construction is moving swiftly at the Central Carolina Community College Health Sciences Center and is expected to be complete this year. Health sciences programming should start January 2020 specifically Medical Assisting Technologies and Certified Nursing Assistant training.

ECONOMIC DEVELOPMENT

Growth in Jobs

Number of jobs created through the expansion of existing businesses – 48:

- Wilson Brothers Trucking in Bear Creek announced a \$4 million investment and 25 new jobs.
- Southern Veneer purchased Boise Cascade and is investing \$8 million in the Moncure facility.
- Brookwood Farms received the 2018 Manufacturing Leadership Award for developing markets from the NC Manufacturing Extension Partnership. The company also plans to expand.
- Starrlight Mead expanded to a new, larger location in Pittsboro.
- Floorazzo will expand to a new location in Siler City with plans to create 8 new jobs.

Recruiting Businesses

Number of jobs created by new businesses located -87:

- Continued working with property owners at Moncure Megasite and Chatham-Siler City Advanced Manufacturing Site on site readiness. The EDC continues to engage with the Carolina Core initiative to promote both sites to leading site consultants across the country.

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Chatham County for its comprehensive annual financial report for the fiscal year ended June 30, 2018. This was the twenty ninth consecutive year that the County has received this award. In order to be awarded a Certificate of Achievement, the County published an easily readable and efficiently organized Comprehensive Annual Financial Report. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the certificate of achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments – We appreciate the assistance and dedication of the members of the Finance Department throughout the preparation of this report. We would like to thank the entire county staff for the contributions they provided and the County's independent certified public accountants, Martin Starnes & Associates CPAs, PA, for their assistance and guidance during the report's preparation. We would also like to thank the members of the Board of Commissioners for their continued support throughout the past year.

Respectfully submitted,

Victi McConnece

Independent Auditor's Report

To the Board of Commissioners Chatham County Pittsboro, North Carolina

Report On the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Chatham County, North Carolina, as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise Chatham County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Chatham County ABC Board. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Chatham County ABC Board, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Chatham County ABC Board were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in

the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based upon our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Chatham County, North Carolina, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Law Enforcement Officers' Special Separation Allowance Schedules of Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll, the Other Post-Employment Benefits' Schedule of Changes in the Total OPEB Liability and Related Ratios, the Local Government Employees' Retirement System Schedules of County's Proportionate Share of Net Pension Asset (Liability) and County Contributions, and the Register of Deeds' Supplemental Pension Fund Schedule of County's Proportionate Share of the Net Pension Asset and Schedule of County Contributions, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consist of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of Chatham County, North Carolina. The introductory information, combining and individual fund financial statements, budgetary schedules, other schedules, statistical section, as well as the accompanying Schedule of Expenditures of Federal and State Awards, as required by Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the State Single Audit Implementation Act are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards, are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of other auditors, the combining and individual fund financial statements, budgetary schedules, other schedules, and Schedule of Expenditures of Federal and State Awards, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory information and the statistical section have not been subjected to the auditing procedures applied in the audit of basic financial statements, and accordingly, we do not express an opinion or provide assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 8, 2019 on our consideration of Chatham County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Chatham County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Chatham County's internal control over financial reporting and compliance.

Management's Discussion and Analysis

As management of Chatham County, we offer readers of Chatham County's financial statements this narrative overview and analysis of the financial activities of Chatham County for the fiscal year ended June 30, 2019. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the County's financial statements which follow this narrative.

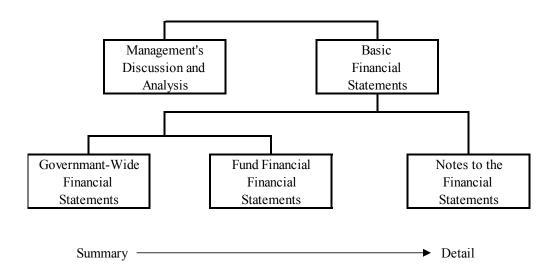

Financial Highlights

- The assets and deferred outflows of resources of Chatham County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$131,687,525 (*net position*).
- The government's total net position decreased by \$18,996,774 primarily due to the expenses incurred related to the construction of school and community college facilities.
- As of the close of the current fiscal year, Chatham County's governmental funds reported combined ending fund balances of \$190,981,014, a net increase in fund balance of \$98,302,888. Approximately 48.70% of this total amount, or \$93,016,411, is restricted.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$32,590,870 or 31.44% of total General Fund expenditures for the fiscal year.
- Long-term liabilities increased by \$121,231,135. This increase can be attributed to the issuing of limited obligation bonds during the fiscal year to construct educational facilities.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Chatham County's basic financial statements. The County's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of Chatham County.

Required Companants of Annual Financial Report Figure 1

Basic Financial Statements

The first two statements (Exhibits A and B) in the basic financial statements are the Government-wide Financial Statements. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits C through J) are Fund Financial Statements. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the notes. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, supplemental information is provided to show details about the County's non-major governmental funds and internal service funds, all of which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes also can be found in this part of the statements.

Following the notes is the required supplemental information. This section contains funding information about the County's pension and benefit plans.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net position and how it has changed. Net position is the difference between the total of the County's assets and deferred outflows of resources and the total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the County's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the County's basic services such as public safety, human services, education, parks and recreation, and general administration. Property taxes, sales taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These include the water, sewer, and waste management services offered by Chatham County. The final category is the component unit. Chatham County ABC Board is legally separate from the County; however, the County is financially accountable for the Board by appointing its members. Also, the ABC Board is required to distribute its profits to the County.

The government-wide financial statements are on Exhibits A and B of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Chatham County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of Chatham County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*. This method also has a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the County's programs. The relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Chatham County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund

demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Board; 2) the final budget as amended by the Board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. To account for the difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the governmental funds' Statement of Revenues, Expenditures, and Changes in Fund Balance.

Proprietary Funds – Chatham County has two kinds of proprietary funds. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Chatham County uses enterprise funds to account for its water and sewer activity and for its waste management operations. These funds are the same as those separate activities shown in the business-type activities in the Statement of Net Position and the Statement of Activities. Internal service funds are an accounting device used to accountlate and allocate costs internally among the functions of the County. The County uses an Internal Service Fund to account for one activity – its Self Insurance Fund. Because this operation benefits predominantly governmental rather than business-type activities, the Internal Service Fund has been included within the governmental activities in the government-wide financial statements.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Chatham County has six fiduciary funds.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements start on page 26 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning Chatham County's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on pages 79-85 of this report.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources by \$131,687,525.

During the 2018-2019 fiscal year the County's net position decreased by \$18,996,774. This decrease is a result of expenses incurred for the construction of a new high school, a new elementary school and a Community College health sciences facility. Net investment in capital assets (e.g. land, buildings, machinery, and equipment) makes up 60.43% of the County's total net positon. Chatham County

uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Chatham County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of Chatham County's net position 9,521,662 (7.230%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$42,580,945 is unrestricted.

Several particular aspects of the County's financial operations influenced the total unrestricted governmental net position:

- Continued diligence in the collection of property taxes resulting in an increase in the already high collection percentage of 99.073%.
- The County continued to accumulate funds in the Capital Improvement Projects Reserve Fund. Chatham County Commissioners continued to set aside an equivalent of 7.7 cents on the tax rate to fund capital projects, including a new library completed in 2012, a new judicial facility completed in 2013, a new detention facility completed in 2015, a joint county/school garage completed in 2016, and the completion of agriculture and conference center in 2017. During fiscal year 2019, the County began construction of a new high school, a new elementary school, and a new Central Carolina Community College health sciences facility.
- Continued low cost of debt due to the County's high bond rating. The County maintained its AAA rating from Standard and Poor's and its Aa1 rating from Moody's Investor Service.
- In July of 2018, the County issued limited obligations bonds in the amount of \$111,730,000 to construct the new Sea Forth High School, Chatham Grove Elementary School, and a health sciences facility for Central Carolina Community College. While the County assumes the debt obligation for these facilities, the capital assets associated with this borrowing will be recorded by the Board of Education and Central Carolina Community College.

Chatham County's Changes in Net Position Figure 3

Governmental Activities. Governmental activities decreased the County's net position by \$21,524,747.

Key elements affecting net position:

- Continued growth in the County's economy as reflected in an increase in sales tax revenue and property tax revenue.
- Maintenance of the County's high tax collection rate.
- Expenses incurred for the construction of the new high school and elementary school in the amount of \$37,484,722 and \$7,267,670 for the health sciences facility.
- **Business-Type Activities.** Business-type activities increased the County's net position by \$2,527,973. This increase can be attributed to continued growth in the County's local economy as reflected in an increase in the number of new connections for water services and fees collected for these services.

Financial Analysis of the County's Funds

As noted earlier, Chatham County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of Chatham County's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Chatham County's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2019, the governmental funds of Chatham County reported a combined fund balance of \$190,981,014, a 106.0691% increase over last year. This large increase can be attributed to the County issuing Limited Obligation Bonds in the amount of \$111,730,000 during the current fiscal year for the construction of education related facilities. Not all of those funds were expended. All projects are expected to be completed during the next fiscal year.

The General Fund is the chief operating fund of Chatham County. As shown on Exhibit C the County's total General Fund consist of five consolidated funds: the General Fund, the Revaluation Fund, the Housing Trust Fund, the Coal Ash Fund, and the Law Enforcement Pension Fund. At the end of the current fiscal year, Chatham County's fund balance available for appropriation in the General Fund was \$41,375,351, while total fund balance was \$48,458,846. The County currently has an available fund balance of 35.27% of General Fund expenditures and transfers out, while total fund balance represents 41.31% of that same amount.

During the year, the General Fund balance increased by \$3,282,273. This increase can be attributed to additional funds received from Duke Energy during the current fiscal year for the siting of a coal ash structural fill facility within the County, an increase in sales tax revenue and an increase in interest earned on investments. Fund balances in other governmental funds increased by \$95,020,615. This increase can be attributed to funds received and not spent from an installment financing.

The governing body of Chatham County has determined that the County should maintain an unassigned fund balance in its General Fund equal to 20% of the previous annual operating budget in case of unforeseen needs or opportunities, in addition to meeting the cash flow needs of the County. At June 30, 2019, this percentage was 24.53%.

General Fund Budgetary Highlights. During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as federal and state grants; and 3) increases in appropriations that become necessary to maintain services. Total amendments to the General Fund increased revenues and transfers in by \$4, 867150 and expenditures and transfers out by \$6,809,817.

Proprietary Funds. Chatham County's proprietary funds provide the same type of information found in the government-wide statements but in more detail. At the end of the fiscal year, unrestricted net position of the Utility Fund amounted to \$23,337,488, for the Southeast Water District \$649,338 and the Waste Management Fund \$4,568,199. The total increase in net position for all proprietary funds was \$2,527,973.

Capital Asset and Debt Administration

Capital assets. Chatham County's capital assets for its governmental and business-type activities as of June 30, 2019, totals \$155,126,271 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, park facilities, vehicles, and infrastructure for utility and solid waste management services.

Major capital asset transactions during the year include:

• Completion of the agricultural and conference center facility.

Chatham County's total general obligation bonds and other long-term obligations increased by \$96,451,144 (1.088%) over the past fiscal year. Limited Obligation Bonds in the amount of \$111,730,000 were issued in July 2018.

Chatham County maintained its Aa1 bond rating from Moody's Investor Service and it AAA rating from Standard and Poor's Corporation. This bond rating is an indication of the sound financial condition of Chatham County.

The State of North Carolina limits the amount of general obligation debt that a unit of government can issue to 8% of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for Chatham County is \$684,765,522.

Additional information regarding Chatham County's long-term debt can be found in Note 2 of this audited financial report.

Economic Factors and Next Year's Budgets and Rates

- Chatham continues to maintain a AAA rating from Standard and Poor's. Only eight other counties in North Carolina and 89 across the US have AAA ratings from Standard and Poor's. The County also maintained a rating from Moody's of Aa1.
- As of 2017, the latest data available, Chatham County has the second highest per capita income in the state, 36% higher than the state average.
- Chatham County's seasonally unadjusted unemployment rate (3.9% in August 2019) continues to trend well below the state (4.3%).
- The County's property tax rate increased from 62.81 cents/\$100 valuation of property in FY (fiscal year) 2019 to 67 cents in FY 2020. The FY 2019 collection percentage was 99.07%, up from 98.83 in the prior year.
- Total property values increased by 4.59%. Values for each part of the base are expected to increase/decrease as follows:
 - Real property, a 3.75% increase is projected in FY 2020, mostly from residential development.
 - Personal property, a 7.34% increase, resulting from increases in business property listings.
 - Public utility values, 2.08% decrease; Utility values are provided by NC Department of Revenue.
 - Motor vehicles, 15.52% increase due to increased vehicle purchases in the County and statewide collection of vehicle taxes;
 - Data for FY 2020 is not available, but in FY 2019 Chatham County's valuation per capita was \$150,105, a 4.6% increase over the prior year.

- In FY 2019, sales tax distributed based on where collected grew by 7%, compared to 3% statewide growth.
- Building permit revenue decreased by 4%, due in large part to the two hurricanes and extreme wet weather throughout the year that greatly slowed development. The number of residential building permits in FY 2019 was 632, a decrease from 718 the previous year. Building permit revenue was budgeted slightly higher for FY 2020 than FY 2019 to reflect the addition of handling and collecting Siler City inspection fees in FY 2020. Register of Deeds stamps, which are paid when properties are sold within the County, were down 1% from FY 2018.

Budget Highlights for the Fiscal Year Ending June 30, 2020

- Governmental Activities: Chatham's FY 2020 budget was developed to give substance to the goals adopted by the Board of Commissioners during its annual planning session in January 2019. The overarching vision is: "We envision Chatham County is a thriving community of healthy people living in, a safe environment that provides opportunities for prosperity for all." The vision is supported by the Board's adoption of the goals in the comprehensive plan and these additional long-term goals:
- Demonstrate sound fiscal stewardship and economic support to ensure we can meet the important service needs of our residents.
- Provide effective, efficient government that is responsive to the different needs of residents and varying circumstances across the County.
- Support Pre-K through 12 and the community college in providing a quality education for all students.
- The County continued to prioritize funding of Chatham County Schools. The budget fully funds the Board of Education's request to add \$1,540,000 to current expense to increase supplement funding and provide for inflationary increases and program enhancements in several areas. The budget implements the second phase of converting from a flat-rate supplement for licensed employees to one based on a percent of salary to ensure Chatham remains competitive with surrounding jurisdictions. The overall increase in operating funds for Chatham County Schools is \$5.1 million or 13%. In addition to the increase in current expense, the overall increase reflects initial debt payments for construction of a new elementary and high school, scheduled to open in August 2020 and August 2021, respectively.
- The County is partnering with Central Carolina Community College to begin Chatham County Promise, a program that will guarantee up to two years of free tuition and fees at CCCC to all eligible Chatham County residents who graduate from high school in 2019 through 2022. The program requires \$200,000 in FY

2020. In addition, the general allocation for the college will increase by \$245,450 to support the opening of the new Health Sciences building in January of 2020. The Health Sciences building will expand program offerings in a growing field.

- The FY 2020-2026 Approved Capital Improvements Plan included 3 new debtfunded projects: 1) Replacement of the existing VHF/UHF radio system used by County public safety agencies; 2) Expansion of the Emergency Operations Center (EOC) and 3) Construction of a new Chatham County Schools Central Services Building. The FY2020 budget adds an additional contribution equivalent to 1.5 cents on the property tax rate (\$1.7 million) to the debt reserve to support these projects.
- Continuation of funding for the Affordable Housing Trust Fund includes an additional \$50,000 to the base \$200,000 to be earmarked for emergency rental housing. The Affordable Housing Trust Fund serves as seed money, a loan, or a grant for different project types. It may be used for land acquisition, rental subsidy, or gap funding. The budget also provides \$25,000 in funding to Rebuilding Together of the Triangle to continue their partnership with Council on Aging to address substandard housing.
- The Council on Aging will be severely impacted by significant cuts in state funding for FY 2020 at a time when the growth in the County's aging population is clear and compelling. The County budget allocates an additional \$177,140 to hold transportation services for seniors harmless in the face of a 50% reduction in the availability of NC Department of Transportation funds. The County has also approved an additional \$91,020 to support in-home aide personal care services to seniors and an increase of \$30,362 to restore the general allocation to pre-recession levels.
- A major undertaking that began in FY 2019 is the development of a Unified Development Ordinance (UDO). This multi-year project will modernize and streamline County rules and will operationalize many of the comprehensive plan recommendations. The FY 2020 budget includes \$90,000 towards the project.

| Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. Amount of donated capital assets | 6,650 |
| Cost of capital asset disposed of during the year, not recognized on modified accrual basis | (38,327) |
| The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued; whereas, these amounts are deferred and amortized in the Statement of Activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. | |

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

I. Summary of Significant Accounting Policies

The accounting policies of the County and its component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies.

A. <u>Reporting Entity</u>

The County of Chatham, North Carolina is a political subdivision of the State of North Carolina. It is one of 100 counties established in North Carolina under North Carolina General Statute 153A-10, is located in the central part of the State, and has a population of approximately 73,139. The County operates under a Commissioner-Manager form of government. The County is responsible for and maintains services inherent to the operation of a county government including general government, public safety, human services, education, economic and physical development and cultural and recreational services. The County also operates a water and sewer utility system and a solid waste management system.

As required by generally accepted accounting principles, these financial statements present the County and its component units, legally separate entities for which the County is financially accountable. Southeast Water District exists to provide and maintain water systems for the County residents within the district. The District is reported as an enterprise fund in the County's financial statements. Southwest Water District and Northwest Water District have no financial transactions or account balances; therefore, they are not presented in the basic financial statements. Chatham County Industrial Facility and Pollution Control Financing Authority (the Authority) exists to issue and service revenue bond debt of private businesses for economic development purposes. The Authority has no financial transactions or account balances; therefore, it is not presented in the basic financial statements. The Chatham County Board of Alcoholic Beverage Control (the ABC Board), which has a June 30 year-end, is presented as if it is a separate proprietary fund of the County (discrete presentation). The blended presentation method presents component units as a department or unit of the County and offers no separate presentation as with the discrete method.

| Component Unit | Reporting Method | Criteria for Inclusion | Separate Financial Statements |
|---------------------------------------------------------------------------------------|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------|
| Southeast Water District | Blended | Under State law [NCGS 162A-89], the County's board of commissioners also serve as the governing board for the District. The County has operational responsibility for the District. | None Issued |
| Southwest Water District | Blended | Under State law [NCGS 162A-89], the County's board of commissioners also serve as the governing board for the District. The County will have operational responsibility for the District. | None Issued |
| Northwest Water District | Blended | Under State law [NCGS 162A-89], the County's board of commissioners also serve as the governing board for the District. The County will have operational responsibility for the District. | None Issued |
| Chatham County Industrial Facility and Pollution Control Financing Authority | Discrete | The Authority is governed by a seven member board of commissioners that is appointed by the county commissioners. The County can remove any commissioner of the Authority with or without cause. | None issued |
| Chatham County ABC Board | Discrete | The members of the ABC Board's governing board are appointed by the County. The ABC Board is required by State Statute to distribute its surpluses to the General Fund of the County. | Chatham County ABC Board 11455 Suite B, US 15-501 Chapel Hill, NC 27516 |

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

B. Basis of Presentation, Basis of Accounting

Basis of Presentation, Measurement Focus – Basis of Accounting

Government-Wide Statements: The Statement of Net Position and the Statement of Activities display information about the primary government's net position (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. Because the operations of the County's Internal Service Fund benefits predominantly governmental activities the Internal Service Fund has been included within the governmental activities in the government-wide statements.

The Statement of Activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the Statement of Activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each of which is displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, result from non-exchange transactions. Other non-operating items such as investment earnings are ancillary activities.

The County reports the following major governmental funds:

General Fund. This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Tax Revaluation Fund, Housing Trust Fund, Law Enforcement Separation Allowance Fund and the Coal Ash Fund are legally budgeted funds under North Carolina General Statutes; however, for statement presentation in accordance with GASB Statement No. 54, they are consolidated in the General Fund.

Capital Reserve Fund. This fund is used to account for monies set aside by the County to fund general capital projects that are not funded through debt service, including school roof replacements, renovations to existing school buildings, school mobile classrooms, telephone system replacements, software system replacements, and renovations to existing county buildings.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Capital Improvement Project Reserve Fund. The County transfers annually an amount equivalent to seven and seven tenths cents on the property tax rate into this fund. The money will be used to fund debt service on a variety of general capital projects, including a new high school, an elementary school, and a health sciences building.

Facilities Improvements Fund. This fund accounts for the financing and construction of facilities and additional office space within the County.

School Construction Fund. This fund is used to account for the construction of new school facilities and additions to existing facilities.

The County reports the following major enterprise funds:

Utility Fund. This fund is used to account for the County's water and sewer operations.

Southeast Water District Fund. This fund is used to account for the operations of the water district covering the southeastern portion of the County.

Solid Waste and Recycling Fund. This fund is used to account for the operations of the County's collection and disposal of solid waste.

The County reports the following fund types:

Agency Funds. Agency funds are custodial in nature and do not involve the measurement of operating results. Agency funds are used to account for assets the County holds on behalf of others. The County maintains the following agency funds: the Social Services Fund, which accounts for moneys deposited with the Department of Social Services for the benefit of certain individuals; the Detention Center Fund, which accounts for money deposited on behalf of detention facility inmates; the Fines and Forfeitures Fund, which accounts for various legal fines and forfeitures that the County is required to remit to Chatham County Board of Education; the Chatham County Cooperative Extension Fund, which accounts for fees collected for programs conducted by the Chatham County Cooperative Extension; the Goldston- Gulf Sanitary District Fund, which accounts for taxes collected for a special tax district located within the County; and the Chatham County Municipalities Agency Fund, which accounts for taxes collected and remitted to municipalities located within the County.

Nonmajor Funds. The County maintains several legally budgeted funds. The Emergency Telephone System Fund, the Forfeited Property Fund, the Recreation-Payment in Lieu Fund, the Impact Fees Fund, the Bynum Canoe Access/Easement Monitoring Fund, the Courthouse Clock Fund, the Library Foundation Fund, and the Special Fire District Funds are reported as nonmajor special revenue funds. The Tech/System Improvement Project Fund, County Parks Project Fund, and Emergency Vehicle Replacement Capital Reserve Project are reported as nonmajor capital project funds.

Internal Service Fund. Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units on a cost reimbursement basis. The measurement focus is upon determination of net income, financial position, and changes in financial position. The generally accepted accounting principles here are those applicable to similar businesses in the private sector and, thus, these funds are maintained on the accrual basis. The County has one Internal Service Fund, the Self-Insurance Internal Service Fund.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-Wide, Proprietary, and Fiduciary Fund Financial Statements. The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds which have no measurement focus. The government-wide, proprietary fund, and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. The County also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Issuances of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Since September 1, 2013, the State of North Carolina has been responsible for billing and collecting the property taxes are due when vehicles are registered. Motor vehicle property tax revenues are applicable to the fiscal year in which they are received. Uncollected taxes that were billed by the County for periods prior to September 1, 2013 or those for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Sales taxes and certain intergovernmental revenues, such as the beer and wine tax, collected and held by the State at year-end on behalf of the County, are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific costreimbursement grants, categorical block grants, and general revenues. Thus when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then general revenues.

C. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the special revenue funds (excluding the Economic and Community Development Fund), and the Enterprise Funds, including the Self-Insurance Internal Service Fund. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the General Capital Projects Funds and Enterprise Capital Projects Funds. The Enterprise Capital Projects Funds are consolidated with the enterprise operating funds for reporting purposes.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the department level for all annually budgeted funds and at the project level for the multi-year funds. The County budget officer is authorized by the budget ordinance to transfer appropriations between department areas within a fund up to \$5,000; however, any revisions that alter total expenditures of any fund must be approved by the governing board. During the year, several amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that tie until the annual ordinance can be adopted.

D. Assets, Liabilities, Deferred Inflows and Outflows of Resources, and Fund Equity

1. Deposits and Investments

All deposits of the County and the ABC Board are made in board-designated official depositories and are secured as required by G.S. 159-31. The County and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the County and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT).

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

The majority of the County and the ABC Board's investments are carried at fair value. Non-participating interest earning investment contracts are accounted for at cost.

The North Carolina Capital Management Trust (NCCMT) is a SEC registered money market mutual fund allowable by G.S. 159-30(c)(8). The NCCMT Governmental Portfolio is a 2a-7 fund maintaining an AAAm rating from S&P. The NCCMT term Portfolio is a bond fund, has no rating and has a duration of .11 years. Both the NCCMT Government and Term Portfolios have a weighted average maturity and are reported at fair value.

2. Cash and Cash Equivalents

The County pools moneys from several funds, to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The ABC Board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

3. <u>Restricted Assets</u>

The unexpended bond proceeds of the Facilities Improvement and School Capital Projects Funds are classified as restricted assets because their use is restricted to ongoing capital projects for which the bonds were originally issued. Money in the Tax Revaluation Fund is classified as restricted assets because its use is restricted per North Carolina General Statute 153A-150. Customer deposits and financial guarantees held by the County before any services are supplied are restricted to the service for which they were collected.

| | Restricted Cash | | |
|----------------------------------|--------------------------|----|------------|
| Governmental Activities: | | | |
| General Fund | Tax revaluaton | \$ | 175,889 |
| | Customer deposits | | 36,726 |

| Total Business-type Activities | | \$ | 427,115 |
| Total Restricted Cash | | \$ | 85,301,867 |

4. Ad Valorem Taxes Receivable

In accordance with state law [G.S. 105-347 and G.S. 159-13(a)], the County levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2018.

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years. The ABC Board receivables are stated at realizable value and no allowance for bad debts has been provided.

6. Inventories and Prepaid Items

The inventories of the ABC Board are valued at the lower of cost or net realizable value using the first-in, first-out method. The ABC Board has prepaid expenses that consist of prepaid insurance and prepaid maintenance contract.

7. <u>Capital Assets</u>

Capital assets, which include property, plant, infrastructure, equipment and vehicles, are reported in the County's government-wide financial and proprietary financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$2,500 and an estimated useful life of more than one year. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after July 1, 2015 are recorded at acquisition value. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

The County holds title to certain Chatham County Board of Education properties that have not been included in capital assets. The properties have been deeded to the County to permit the issuance of limited obligation bonds and installment purchase financing for the purpose of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board of Education give the Board of Education full use of the facilities, full responsibility for maintenance of the facilities, and provide that the County will convey title to the property back to the Board of Education once all restrictions of the bond and financing agreements and all sales tax reimbursement requirements have been met. The properties are reflected as capital assets in the financial statements of the Chatham County Board of Education.

Capital assets are depreciated using the straight-line method over the assets' estimated useful lives. Assets acquired under capital leases are amortized over the assets' estimated useful lives. Capital assets are reported in the County's basic financial statements net of accumulated depreciation and amortization.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

The estimated useful lives for the County's capital assets are as follows:

| | Primary | |
|-----------------------------------|-------------|------------------|
| Asset Class | Government | ABC Board |
| Buildings | 20-60 years | |
| Plant and Distribution System | 50 years | |
| Computer, Equipment, and Vehicles | 3-5 years | 4-10 years |
| Leasehold Improvements | | 10-40 years |

8. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has the following items that meet this criterion – a charge on refunding, pension related deferrals, and OPEB related deferrals. In addition to liabilities, the statement of financial position can also report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has the following items that meet the criterion for this category - prepaid taxes, property taxes receivable, health clinic receivables, pension related deferrals and OPEB related deferrals.

9. Long-Term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities on the statements of net position. In the fund financial statements for governmental fund types, the face amount of debt issued is reported as other financing sources. Bond premiums and discounts are amortized over the life of the bonds using the straight line method which approximates the effective interest method. Bonds payable are recorded net of any applicable premiums or discounts. Bond issuance costs, except for prepaid insurance costs, are expenses in the reporting period in which they are incurred.

The County's general obligation bonds were issued to finance the construction of facilities utilized in the operations of the Southeast Water District system and are being retired by its resources and reported as long-term debt in the Southeast Water District Fund. All general obligation bonds are collateralized by the full faith, credit, and taxing power of the County. Principal and interest requirement are appropriated when due.

The County has constructed new school facilities, county office facilities, made water system improvements and purchased equipment under private-placement loan agreements, limited obligation bonds, loans from the North Carolina Department of Environment and Natural Resources, and the United States Department of Agriculture. Loan agreements are recorded in the appropriate columns of the government-wide and proprietary fund financial statements. The Southeast Water District issued revenue bonds to construct water lines within the District. Loan agreements are recorded in the proprietary fund financial statements.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

10. Compensated Absences

The vacation policy of the County provides for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned, and the ABC Board employees may accumulate up to forty days earned vacation leave. An expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned in the County's government-wide and proprietary funds.

The sick leave policies of the County and the ABC Board provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither the County nor the ABC Board has any obligation for accumulated sick leave until it is actually taken, no accruals for sick leave have been made.

11. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements is classified as net investment in capital assets, restricted, and unrestricted. Restricted net position represents constraints on resources that are either a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through state statute.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Non-Spendable Fund Balance - This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted Fund Balance - This classification includes revenue sources that are restricted to specific purposes externally imposed or imposed by law.

Restricted for Stabilization by State Statute – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State Statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids as they are classified as non-spendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of restricted net position and restricted fund balance on the face of the Balance Sheet.

Restricted for Register of Deeds - portion of fund balance that is restricted by revenue source for automation and imaging enhancement improvements for the Register of Deeds' office.

Restricted for Courthouse Clock – portion of fund balance restricted by donor to maintain the Courthouse Clock.

Restricted for Emergency Telephone – portion of fund balance restricted by state statute to enhance the County's 911 system.

Restricted for Law Enforcement – portion of fund balance restricted by state statute for law enforcement.

Restricted for Fire Protection – portion of fund balance restricted by revenue source for fire protection.

Restricted for Economic and Physical Development – portion of fund balance restricted by revenue source for economic and physical development

Restricted for Capital Projects – portion of fund balance restricted by revenue source for capital projects

The difference in restricted Fund Balance on Exhibit C from restricted net position on Exhibit A is ROD pension plan of \$172,809 and unexpended debt proceeds of \$83,667,558.

Committed Fund Balance - This classification represents the portion of fund balance that can only be used for specific purpose imposed by majority vote of Chatham County's Governing Board (highest level of decision-making authority). Any changes or removal of specific purposes requires majority action by the governing board.

Committed for Tax Revaluation – portion of fund balance that can only be used for Tax Revaluation.

Committed for Capital Projects - portion of fund balance to be used for the construction of capital projects. The governing board has adopted an ordinance committing these funds to these projects.

Committed for LEO pension obligation – portion of fund balance that will be used for the Law Enforcement Officers' Special Separation Allowance obligations.

Committed for Housing Trust – portion of fund balance to be used for Board designated affordable housing projects. The governing board has adopted a policy committing the use of these funds for emergency housing.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Assigned Fund Balance - Portion of fund balance that Chatham County's Governing Board has budgeted for specific purposes.

Subsequent Year's Expenditures - portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing board approves the appropriation; however, the budget ordinance authorizes the Manager to make certain modifications utilizing a contingency line item without requiring Board approval.

Assigned for General Government - portion of fund balance budgeted by the Board for capital reserve expenditures.

Assigned for Education - portion of fund balance budgeted by the Board for future education expenditures.

Assigned for Cultural and Recreation - portion of fund balance budgeted by the Board for cultural and recreation expenditures.

Unassigned Fund Balance - Portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds.

The General Fund may report a positive unassigned fund balance. In governmental funds other than the General fund, it may be necessary to report a negative unassigned fund balance if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned for those purposes.

Chatham County has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: debt proceeds, federal funds, State funds, local non-County funds, and/or County funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance, and lastly, unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the County or when required by grant or other contractual agreements.

Chatham County has also adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that unassigned fund balance is at least equal to or greater than 20% of the previous annual operating budget.

Reconciliation of the Statement of Revenues, Expenditures, and Fund Balance – Budget and Actual – General Fund to the Statement of Revenues, Expenditures and Changes in Fund Balance – Governmental Funds

The Coal Ash Fund, Law Enforcement Separation Allowance Fund, Housing Trust Fund, and Tax Revaluation Fund are consolidated into the General Fund for reporting purposes on the Statement of Revenues, Expenditures, and Changes in Fund Balance Governmental Funds (Exhibit D). Fund balance for the General Fund is reconciled as follows:

12. Defined Benefit-Cost Sharing Plans

The County participates in two cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State; the Local Governmental Employees' Retirement System (LGERS) and the Registers of Deeds' Supplemental Pension Fund (RODSPF) (collectively, the "state-administered defined benefit pension plans"). For purposes of measuring the net pension asset or liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions are

due. The County's employer contributions are recognized when due and the County has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans. Investments for all plans are reported at fair value.

E. Reconciliation of Government-wide and Fund Financial Statements

Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position.

The governmental fund Balance Sheet includes a reconciliation between total fund balance for the governmental funds and net position for governmental activities as reported in the government-wide Statement of Net Position. The net adjustment of \$(127,393,453) consists of the following:

Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balance and the Government-Wide Statement of Activities

The governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances includes a reconciliation between net changes in fund balances for the governmental funds and changes in net position of governmental activities as reported in the government-wide Statement of Activities. The total adjustment of \$(119,827,635) is comprised of the following:

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

II. Detail Notes on All Funds

A. Assets

1. Deposits

All of the County's and the ABC Board's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's or the ABC Board's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the County and the ABC Board, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County, the ABC Board, or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County or the ABC Board under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County and the ABC Board rely on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The County and the ABC Board have no formal policy regarding custodial credit risk for deposits.

At June 30, 2019, the County's deposits had a carrying amount of \$3,032,184 and a bank balance of \$3,877,539. Of the bank balance, \$752,919 was covered by federal depository insurance, \$3,124,620 was covered by collateral held under the Pooling Method. The County had \$1,925 of cash on hand at year-end.

At June 30, 2019, the carrying amount of deposits for Chatham County ABC Board was \$728,956 and the bank balance was \$701,328. All of the bank balance was covered by federal depository insurance except for \$141,486. The ABC Board had \$2,000 of cash on hand at year-end.

2. Investments

As of June 30, 2019, the County had the following investments and maturities:

| Valuation | | | | | | | |
|----------------------------------------------------|--------------------|----------------|---------------|--------------|---------------|--|--|
| | Me as ure ment | | Less Than 6 | 6-12 | | | |
| Investment Type | Method | Fair Value | Months | Months | 1-5 Years | | |

| NC Capital Management Trust - Government Portfolio | Fair Value-Level 1 | 16,990,578 | 16,990,578 | N/A | N/A | | |
| NC Capital Management Trust - Term Portfolio | Fair Value-Level 1 | 10,553,919 | 10,553,919 | | | | |
| Total | | \$ 227,615,925 | \$116,631,318 | \$39,481,969 | \$ 71,502,638 | | |

* As of June 30, 2019, the NCCMT Term Portfolio has a duration of .11 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months.

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of fair value hierarchy: Level 1 - Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level 2 - Debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the County has an informal investment policy that requires purchases of securities to be tiered with staggered maturity dates and limits investment maturities to a maximum of five years.

Credit Risk. The County limits investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. State law limits investments in commercial paper to the top rating issued by nationally recognized statistical rating organizations (NRSROs). As of June 30, 2019, the County's investments in commercial paper were rated P1 by Standard & Poor's, F1 by Fitch Ratings, and A1 by Moody's Investors Service. The County's investments in the NC Capital Management Trust Government Portfolio carried a credit rating of AAAm by Standard & Poor's as of June 30, 2019. The County's investment in the NC Capital Management Trust Government in the NC Capital Management Trust Term Portfolio is unrated. The Term Portfolio is authorized to invest in obligations of the US government and agencies, and in high grade money market instruments as permitted under North Carolina General Statutes 159-30 as amended. The County's investments in US Agencies (Federal Home Loan Bank) are rated AAA by Standard & Poor's and Aaa by Moody's Investors Service.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County's informal policy indicates that the County shall utilize a third party custodial agent for book entry transactions, all of which shall be a trust department authorized to do trust work in North Carolina who has an account with the Federal Reserve. At June 30, 2019, all of the County's investments were in the County's name.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Concentration of Credit Risk. The County's informal investment policy does not limit the amount that the County may invest in any one issuer. The County makes every effort to maintain a diversified investment portfolio according to security type and institution and does not allow for an investment in one issuer in excess of 25% of the County's total investments. More than 5% of the County's investments are in the following issuers:

| | Percent of total investments |
|----------------------------------------|------------------------------|
| Federal Farm Credit Bank | 19.82% |
| Federal Home Loan Bank | 22.92% |
| Federal Home Loan Mortgage Corporation | 18.98% |
| Federal National Mortgage Association | 10.63% |

3. Property Tax - Use-Value Assessment on Certain Lands

x 7

In accordance with the general statutes, agriculture, horticulture, and forestland may be taxed by the County at the present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable.

The following are property taxes that could become due if present use-value eligibility is lost. These amounts have not been recorded in the financial statements.

3. Pension Plan and Other Postemployment Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The County and the ABC Board contribute to the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at <u>www.osc.nc.gov</u>.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service. Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2019, was 8.50% of compensation for law enforcement officers and 7.75% for general employees, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the County were \$1,912,737 for the year ended June 30, 2019.

Refunds of Contributions – County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the County reported a liability of \$8,759,161 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2017. The total pension liability was then rolled forward to the measurement date of June 30, 2018 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2019, the County's proportion was .369% (measured as of June 30, 2018), which was an increase of .002% from its proportion as of June 30, 2018 (measured as of June 30, 2017).

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

For the year ended June 30, 2019, the County recognized pension expense of \$2,497,069. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | | red Inflows esources |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------|-----------|-----------------------------|
| Difference between expected and actual experience | \$ | 1,351,330 | \$ 45,344 |
| Changes of assumptions | | 2,324,343 | - |
| Net difference between projected and actual earnings on pension plan investments Changes in proportion and difference between County contributions and | | 1,202,373 | - |
| proportionate share of contributions | | 32,174 | 47,401 |
| County contributions subsequent to the measurement date | | 1,912,737 | - |
| Total | \$ | 6,822,957 | \$ 92,745 |

The \$1,912,737 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2020. Other amounts reported as deferred inflows and outflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30:

| 2020 | \$ 2,345,547 |
|------------|-----------------|
| 2021 | 1,517,721 |
| 2022 | 264,853 |
| 2023 | 689,354 |
| 2024 | - |
| Thereafter | - |
| | \$ 4,817,475 |

Actuarial Assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 3.0 percent |
|---------------------------|---------------------------------------------------------------------------|
| Salary increases | 3.50 to 8.10 percent, including inflation and productivity factor |
| Investment rate of return | 7.00 percent, net of pension plan investment expense, including inflation |

The plan actuary currently uses mortality rates based on the RP-2014 *Total Data Set for Healthy Annuitants Mortality Table* that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2018 are summarized in the following table:

| Asset Class | Target Allocation | Long-Term Expected Real Rate of Return |
|----------------------|----------------------|-------------------------------------------|
| Fixed Income | 29.0% | 1.4% |
| Global Equity | 42.0% | 5.3% |
| Real Estate | 8.0% | 4.3% |
| Alternatives | 8.0% | 8.9% |
| Credit | 7.0% | 6.0% |
| Inflation Protection | 6.0% | 4.0% |
| Total | 100.0% | |

The information above is based on 30-year expectations developed with the consulting actuary for the 2018 asset liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.00%. All rates of return and inflation are annualized.

Discount Rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount *Rate*. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

| | 1% Decrease | | Discount Rate | | 1% Increase | |
|-------------------------------------------------------------------|-------------|------------|---------------|-----------|-------------|-------------|
| | (6.00%) | | (7.00%) | | (8.00%) | |
| County's proportionate share of the net pension liability (asset) | \$ | 21,040,264 | \$ | 8,759,161 | \$ | (1,503,120) |

Pension Plan Fiduciary Net Position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

b. Law Enforcement Officers' Special Separation Allowance

1. Plan Description

The County administers a public employee retirement system (the *Separation Allowance*), a singleemployer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to 0.85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. A separate report was not issued for the plan.

All full-time County law enforcement officers are covered by the Separation Allowance. At the December 31, 2017 valuation date, the Separation Allowance's membership consisted of:

| Retirees receiving benefits | 5 |
|-----------------------------|-----|
| Active plan members | 101 |
| Total | 106 |

2. Summary of Significant Accounting Policies

Basis of Accounting. The County has chosen to fund the Separation Allowance on a pay-as-you-go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statement 73.

3. Actuarial Assumptions

The entry age normal actuarial cost method was used in the December 31, 2017 valuation. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 2.50 percent |
|------------------|-------------------------------------------------------------------|
| Salary Increases | 3.50 to 7.35 percent, including inflation and productivity factor |
| Discount Rate | 3.64 percent |

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

The discount rate used to measure the TPL is the S&P Municipal Bond 20-Year High Grade Rate Index. The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an experience study completed by the Actuary for the Local Government Employees' Retirement System for the five-year period ending December 31, 2014. Other key assumptions include:

Deaths After Retirement (Healthy): RP-2014 Healthy Annuitant base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015.Rates are adjusted by 104% for males and 100% for females.

Deaths Before Retirement: RP-2014 Employee base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015.

Deaths After Retirement (Beneficiary): RP-2014 Health Annuitant base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 123% for males and females.

Deaths After Retirement (Disabled): RP-2014 Disabled Retiree base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 103% for males and 99% for females.

4. Contributions

The County is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. The County paid \$94,031 as benefits came due for the reporting period. Administration costs of the separation allowance are paid in the General Fund. There were no contributions made by employees.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the County reported a total pension liability of \$2,102,099. The total pension liability was measured as of December 31, 2018 based on a December 31, 2017 actuarial valuation. The total pension liability was rolled forward to December 31, 2018 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2019, the County recognized pension expense of \$218,836.

Changes of Assumptions. Changes of assumptions and other inputs reflect a change in the discount rate from 3.16 percent at June 30, 2018 to 3.64 percent at June 30, 2019.

Changes in Benefit Terms. Reported compensation adjusted to reflect the assumed rate of pay as of the valuation date.

The plan currently uses mortality tables that vary by age and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study as of December 31, 2014.

c. Supplemental Retirement Income Plan for Law Enforcement Officers (401k)

Plan Description. The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan. Contributions for the year ended June 30, 2019 were \$301,464, which consisted of \$246,688 from the County and \$54,776 from law enforcement officers. No amounts were forfeited.

d. Supplemental Retirement Income Plan of North Carolina 401(k)

Plan Description. The County contributes to the Supplemental Retirement Income Plan of North Carolina 401(k) (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to all employees not engaged in law enforcement who work more than 20 hours of each week and who are not already receiving supplemental retirement benefits. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

Funding Policy. The County contributes each month an amount equal to four and one-half percent (4.5%). Also, the employees may make voluntary contributions to the Plan. Contributions for the year ended June 30, 2019 were \$1,163,802, which consisted of \$860,458 from the County and \$303,344 from employees.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

e. <u>Deferred Compensation Plan</u>

Plan Description. The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is available to all employees not engaged in law enforcement, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency.

The County has complied with changes in laws which govern the County's Deferred Compensation Plan, requiring all assets of the plan to be held in trust for the exclusive benefit of the participants and their beneficiaries. In accordance with GASB Statement 32, "Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans," the County's Deferred Compensation Plan is not reported within the County's Agency Funds.

Funding Policy. The County does not contribute to the deferred compensation plan. Employees may make voluntary contributions to the plan. Contributions from employees for the year ended June 30, 2019 were \$70,037.

f. Registers of Deeds' Supplemental Pension Fund

Plan Description. The County also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, cost-sharing multiple-employer benefit plan administered by the North Carolina Department of State Treasurer. RODSPF provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Registers of Deeds' Supplemental Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Resisters of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

Contributions. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$6,899 for the year ended June 30, 2019.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the County reported an asset of \$145,431 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2018. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2017. The total pension liability was then rolled forward to the measurement date of June 30, 2018 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At June 30, 2019, the County's proportion was .878%, which was a decrease of .002% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2019, the County recognized pension expense of \$24,142. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Out | eferred flows of sources | Inf | eferred lows of sources |
|------------------------------------------------------------------------------------------------------------|-----|--------------------------------|-----|-------------------------------|
| Difference between expected and actual experience Changes of assumptions | \$ | 1,282 6,840 | \$ | 6,638 |

| County contributions subsequent to the measurement date | | 6,899 | | - |
| Total | \$ | 38,763 | \$ | 11,385 |

\$6,899 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2020.

Other amounts reported as deferred inflows and outflows of resources related to pensions will be recognized in pension expense as follows:

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Actuarial Assumptions. The total pension liability in the December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation | 3.00 percent |
|------------------|--------------------------------------------------------------------------|
| Salary Increases | 3.50 to 7.75 percent, including inflation and productivity factor |
| Discount Rate | 3.75 percent net of pension plan investment expense, including inflation |

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2017 valuation were based on the results of an actuarial experience study as of December 31, 2014. Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2018 is 1.4%.

The information above is based on 30-year expectations developed with the consulting actuary for the 2018 asset liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized.

Discount Rate. The discount rate used to measure the total pension liability was 3.75%. The projection of cash flows used to determine the discount rate assumed that System contributions will continue to follow the current funding policy. Based on those assumptions, the System's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for LGERS and ROD was measured as of December 31, 2017, and the total pension liability used to calculate the net position liability was determined by an actuarial valuation as of that date. The total pension liability for LEOSSA was measured as of December 31, 2018, with an actuarial valuation date of December 31, 2017. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contribution of all participating entities. Following is information related to the proportionate share and pension expenses:

h. Other Postemployment Benefits

Healthcare Benefits

Plan Description. The County and the ABC Board under the terms of resolutions, administers a singleemployer defined benefit Healthcare Benefits Plan (the HCB Plan). The Boards have the authority to establish and amend the benefit terms and financing requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Benefits Provided. Retirees qualify for benefits provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least twenty years of creditable service with the County. Retirees who do not meet the aforementioned criteria have the option to purchase basic medical insurance for themselves and their dependents through the County for eighteen months. The County is self-insured for its health care coverage and contributes funding for all employee groups annually. Currently, 13 retirees are eligible for post-employment health benefits. Eligible retirees who elect this coverage will be enrolled in the group health plan. For members that retire with at least 30 years of service, the County pays 100% of the premium cost for pre-medicare eligible health coverage for the retiree. For members that retire with at least 25 years of service, the County pays 75% of the premium cost for pre-

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Medicare eligible health coverage. For members that retire with at least 20 years of service, the County pays 50% of the premium cost for pre-Medicare eligible health coverage. Retirees who qualify for coverage receive the same benefits as active employees. Coverage for all retirees who are eligible for Medicare will be transferred to a Medicare Supplemental plan after qualifying for Medicare. The retiree is responsible for paying the entire premium cost of dependent coverage if dependent coverage is elected. The plan may be amended by the Board of Commissioners. A separate report was not issued for the plan.

Total OPEB Liability

The County's total OPEB liability of \$8,586,852 was measured as of June 30, 2018 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified.

| Inflation | 2.50% |
|--------------------------------------------|---------------------------|
| Real wage growth | 1.00% |
| Wage inflation | 3.50% |

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

The discount rate used to measure the total OPEB liability was based on the June average of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by the Bond Buyer.

Changes in the total OPEB Liability:

| Total OPEB Liability as of June 30, 2018 | \$ 6,653,152 |

| Net changes | 1,933,700 |
| Total OPEB Liability as of June 30, 2019 | \$ 8,586,852 |

Changes in assumptions and other inputs reflect a change in the discount rate from 3.56% to 3.89% due to a change in the Municipal Bond Rate.

Mortality rates were based on the RP-2014 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2015.

The actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 through December 31, 2014.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.89 percent) or 1-percentage-point higher (4.89 percent) than the current discount rate:

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to **OPEB**

For the year ended June 30, 2019, the County recognized OPEB expense of \$800,064. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

| | Deferred Outflows of Resources | | | Deferred Inflows of | |
|--------------------------------------------------------------|--------------------------------------|-----------|-----------|------------------------|--|
| | | | Resources | | |

h. Other Employment Benefits

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. Because all death benefit payments are made from the Death Benefit Plan and not by the County,

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

the County does not determine the number of eligible participants. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The County considers these contributions to be immaterial.

The County has also elected to provide enrollment in additional term life and accidental death and dismemberment insurance to employees. The plan, which is available to all County employees who work 30 hours or more per week, is valued at \$10,000. Employees may elect to purchase additional coverage for themselves or their dependents at additional cost. Any benefit elections purchased in excess of \$50,000 are considered taxable to the employee as a fringe benefit.

4. Deferred Outflows and Inflows of Resources

The County has several deferred inflows and outflows of resources. The deferred amounts are comprised of the following:

5. <u>Closure and Postclosure Landfill Costs</u>

The County closed its landfill facility in October 1993 and placed a cover on the site. The County is required to perform semi-annual monitoring functions at the site. Costs that relate to monitoring activities are expensed as incurred. Post closure costs for the fiscal year ended June 30, 2019 were approximately \$11,659. As a result of the monitoring, the County submitted an assessment and remediation plan pursuant to NC Administrative Code 13B in November 1998 to the North Carolina Department of Environment and Natural Resources Division of Waste Management. The plan required the County to purchase land adjacent to the site as a buffer zone. All necessary property to provide the buffer zone was purchased and the project was completed during the fiscal year ending June 30, 2009. Future post closure costs is an estimate subject to changes resulting from inflation, technology, or changes in applicable laws or regulations. Future post-closure costs will expensed as incurred.

6. Risk Management

The County and the ABC Board are exposed to various risks of loss related to torts; theft of damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County purchases insurance for property, general liability, automobile, errors and omissions, law enforcement liability and employment practices liability. The County's property is insured based on replacement cost up to a limit of \$153,411,611. The County carries flood insurance for non-flood zones with a limit of coverage of \$5,000,000. General liability law enforcement, public official, employment practices and employee benefit liability have a \$1,000,000 per occurrence limit, with a \$3,000,000 total aggregate and automobile liability of \$1,000,000 per occurrence. The County purchases a \$5,000,000 umbrella over all of the casualty coverage. The County carries a workers' compensation policy that has a \$1,000,000 per occurrence limit, with a \$1,000,000 per employee limit and a total \$1,000,000 policy limit. The County self-insures for employee health coverage, which is administered by a private company, with a stop loss provision of \$125,000 per occurrence. The maximum lifetime benefit is unlimited, in accordance with health care reform. The County carries commercial insurance coverage above these limits. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years. In accordance with G.S. 159-29, the County's employees that have access to \$100 or more of the County's funds at any given time are performance bonded through a commercial surety bond. The Finance Officer, Register of Deed and Tax Collector are each individually bonded for \$100,000. The Sheriff is individually bonded for \$25,000. The remaining employees that have access to funds are bonded under a blanket bond for \$300,000.

The ABC Board has commercial property, general liability, auto liability, liquor legal liability, workmen's compensation and employee health coverage. There have been no significant reductions in insurance coverage in the prior year and settled claims have not exceeded coverage in any of the last three fiscal years. Each Board member and employees designated as General Manager and Finance Officer are bonded in the amount of \$50,000 secured by a corporate surety.

7. Contingent Liabilities and Commitments

At June 30, 2019, the County was a defendant to various lawsuits. In the opinion of the County's management and the County attorney, the ultimate effect of these legal matters will not have a material adverse effect on the County's financial position.

The County self-insures for employee health coverage. The County has recorded a liability in its Self-Insurance Internal Service Fund for estimated unfiled insurance claims.

The following is a reconciliation of the changes in the liability for claims and judgments for the prior two fiscal years:

| Accrued claims and judgments, June 30, 2017 | \$ 348,000 |

8. Long-Term Obligations

a. General Obligation Indebtedness

All general obligation bonds serviced by the County's General Fund are collateralized by the full faith, credit, and taxing power of the County. Chatham County's Southeast Water District issues general obligation bonds to provide funds for the acquisition and construction of major water system capital improvements. These bonds, which are recorded in the Southeast Water District, are collateralized by the full faith, credit, and taxing power of the District. Principal and interest payments are appropriated when due. In the event of a default, the County agrees to pay to the Purchaser, on demand, interest on any and all amounts due and owing by the County under this Agreement.

The County's general obligation bonds payable at June 30, 2019 is comprised of the following individual issue:

b. <u>Revenue Bonds</u>

In March 2010, the County's Southeast Water District issued \$1,886,000 of direct placement revenue bonds through the USDA to provide funds for the acquisition and construction of major water system capital improvements. The revenue bonds do not constitute a legal or equitable pledge, charge, lien, or encumbrance upon any of the County's property or upon its income, receipts, or revenues. The taxing power of the County is not pledged for the payment of the principal or interest on the revenue bonds and no owner has the right to compel the exercise of the taxing power of the County or the forfeiture of any or its property in connection with any default under the bond order.

The County's revenue bonds payable at June 30, 2019 are comprised of the following individual issues:

Serviced by the County's Southeast Water District:

c. Other Long-Term Obligations

The County has executed various other long-term obligations including Quality School Construction Bonds, certificates of participation, private placement loans, and state revolving loans for the purpose of property acquisition and construction.

As authorized by State law G.S. 160A-20 and 153A-158.1, the County has financed a portion of these property acquisitions for use by the Chatham County Board of Education. The installment purchases were issued pursuant to a deed of trust that requires that legal title remain with the County as long as the debt is outstanding. The County has entered into a lease with the Chatham County Board of Education that transfers the rights and responsibilities for maintenance and insurance of the property to the Board of Education. The lease term is the same as that of the installment purchase obligation. Due to the economic substance of the transaction, the capital assets associated with the installment purchase obligation are recorded by the Board of Education.

Other long-term debt payables by the County at June 30, 2019 are comprised of the following individual issues:

D. Fund Balance

Chatham County has a revenue spending policy that provides a policy for programs with multiple revenue sources. The Finance Officers will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local non-city funds, city funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the County.

The following schedule provides management and citizens with information on the portion of General fund balance that is available for appropriation in unassigned fund balance:

| Total Fund Balance-General Fund | \$ 48,458,846 |
|------------------------------------|------------------|
| Less: | |
| Restricted: | |
| Stablization by State Statute | 7,083,495 |
| Register of Deeds | 353,346 |
| Committed: | |
| LEO Special Separation Allowance | 770,904 |
| Revaluation | 175,889 |
| Housing Trust | 58,000 |
| Assigned: | |
| Subsequent Year's Expenditures | 7,426,342 |
| County Fund Balance Policy Minimum | 21,560,947 |
| Remaining Fund Balance | \$ 11,029,923 |

Chatham County has adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that available fund balance is at least equal to or greater than 20% of the previous annual operating budget.

III. <u>Related Organization</u>

Chatham County Housing Authority

The County's officials appoint the board members of the Chatham County Housing Authority. The County's accountability for this organization does not extend beyond making these appointments. There were no appropriations to the Chatham County Housing Authority for the year ended June 30, 2019.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

IV. Joint Ventures

a. Cardinal Innovations Healthcare Solutions Area Authority

The County, in conjunction with Alamance, Cabarrus, Caswell, Davidson, Franklin, Granville, Halifax, Orange, Person, Rowan, Stanly, Union, Vance, and Warren Counties participates in a joint venture to operate Cardinal Innovations Healthcare Solutions Area Authority as a Managed Care Organization. The County appoints three members to the OPC Community Operations Oversight Board. The County has an ongoing financial responsibility for the joint venture because the Authority's continued existence depends on the participating governments' continued funding. None of the participating governments have any equity interest in the Authority; therefore, no equity interest has been reflected in the financial statements at June 30, 2019. The County appropriated \$416,731 to the Authority to supplement its activities for the year ended June 30, 2019.

Complete financial statements for Cardinal Innovations Healthcare Solutions Area Authority may be obtained from their administrative offices at 201 Sage Road, Suite 300, Chapel Hill, NC 27514.

b. Central Carolina Community College

The County, in conjunction with the State of North Carolina, Lee County, Harnett County, and Lee County Board of Education, participates in a joint venture to operate Central Carolina Community College (Community College). Each of the participants appoints members to the sixteen member board of trustees of the Community College. The president of the Community College's student government serves as an ex officio non-voting member of the Community College's board of trustees. The Community College is included as a component unit of the State. The County has the basic responsibility for providing funding for the facilities of the Community College and also provides some financial support for the Community College's facilities. The County has an ongoing financial responsibility for the Community College's facilities. The County contributed \$781,444 to the Community College for operating purposes during the fiscal year ended June 30, 2019. The participating governments do not have an equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2019.

Complete financial statements for Central Carolina Community College may be obtained from the Community College's administrative offices at 1105 Kelly Drive, Sanford, North Carolina 27330.

c. Chatham County Economic Development Corporation

The County, in conjunction with the Towns of Pittsboro, Siler City and Goldston, participates in a joint venture to operate the Chatham County Economic Development Corporation (Corporation). The Corporation is a joint venture established to facilitate economic expansion within the County. The County has an ongoing financial responsibility for the Corporation because the Corporation's continued existence depends on the participating governments' continued funding. The County contributed \$373,484 to the Corporation during the fiscal year ended June 30, 2019. None of the participating governments has any equity interest in the Corporation, so no equity interest has been reflected in the financial statements at June 30, 2019.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2019

Complete financial statements for the Chatham County Economic Development Corporation may be obtained from the Corporation's administrative offices at 964 East Street, Pittsboro, North Carolina 27312.

V. Jointly Governed Organization

The County, in conjunction with four other counties and twenty municipalities, established the Triangle J Council of Governments (Council). The participating governments established the Council to coordinate certain funding received from federal and State agencies. Each participating government appoints one member to the Council's governing board. The County paid membership fees of \$127,821 to the Council during the fiscal year ended June 30, 2019.

VI. <u>Related Party Transactions</u>

The County entered into a generator maintenance contract with Atlantic Power Solutions Inc. owned by Walter Petty, Chatham County Commissioner, prior to his election. The Chatham County Board of Commissioners adopted a resolution approving the continuance of the contract in August of 2013 pursuant to NC G.S. 14-234. Walter Petty did not participate in any way or vote on the resolution. The County paid \$27,715 to Atlantic Power Solutions Inc. during the fiscal year ended June 30, 2019.

VII. Summary Disclosure of Significant Commitments and Contingencies

Federal and State Assisted Programs

The County has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

VIII. Significant Effects of Subsequent Events

On July 12, 2019, the County refunded a private placement loan with a financial institution for the construction of a joint County and Central Carolina Community College (CCCC) library and CCCC classroom facility. The par amount was \$7,120,000.

NONMAJOR SPECIAL REVENUE FUNDS

Special revenue funds account for the proceeds of special revenue sources that are legally restricted to expenditures for specific purposes.

Individual Fund Descriptions:

- <u>Emergency Telephone System Fund</u> Accounts for the activities of a County-wide emergency telephone service funded by telephone company line charges.
- <u>Forfeited Property</u> Accounts for revenues received from federal and state law enforcement agencies as a result of property confiscations through court convictions of criminal activities. These funds must be used by the County for law enforcement purposes.
- <u>Recreation Payment in Lieu</u> Accounts for an additional fee charged to developers of new subdivision lots (except family subdivisions) within the County. Recreation fees are used to offset the cost of recreational facilities within the district that the subdivision is located.
- <u>Bynum Canoe Access/Easement Monitoring</u> Accounts for the funds received from Triangle Land Conservancy to aid in the maintenance and upkeep of the Haw River canoe access and fund received from Mid-Atlantic Mitigation, LLC at the request of the Soil and Water Conservation District for easement monitoring.
- <u>Impact Fees</u> Accounts for an additional fee charged on all building permits issued for the construction of new dwellings. Impact fees collected are to be used to offset a portion of the cost of new school construction
- <u>Courthouse Clock</u> Accounts for monies held for maintenance of the courthouse clock.
- <u>Library Foundation</u> Accounts for the money received to aid in financing library capital and other expenses.
- <u>Special Fire Districts</u> Accounts for the property tax revenues received and distributed to the fire districts within the County.

Source: Chatham County Tax Assessor. Appraised by Chatham County Board of Equalization at 100% of estimated sound value.

Notes:

(1) Per \$100 of value.

(2) The estimated market value is calculated by dividing the assessed value by an assessment-to-sales ratio determined by the State Department of Revenue. The ratio is based on actual property sales which took place during the fiscal year. The ratio for the most recent year is not yet available.

Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With *Government Auditing Standards*

Independent Auditor's Report

To the Board of Commissioners Chatham County Pittsboro, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable of the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Chatham County, North Carolina (the County), as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated November 8, 2019. Our report includes a reference to other auditors who audited the financial statements of the Chatham County ABC Board as described in our report on Chatham County's financial statements. The financial statements of the Chatham County Board of ABC Board were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Chatham County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Chatham County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control material weaknesses or significant deficiencies. Given these limitations during our audit we did not identify any deficiencies in internal control that we considered to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Chatham County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report On Compliance For Each Major Federal Program; Report On Internal Control Over Compliance; Required by The Uniform Guidance; And The State Single Audit Implementation Act

Independent Auditor's Report

To the Board of Commissioners Chatham County Pittsboro, North Carolina

Report On Compliance for Each Major Federal Program

We have audited the compliance of Chatham County, North Carolina, with the types of compliance requirements described in the *OMB Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission that could have a direct and material effect on each of Chatham County's major federal programs for the year ended June 30, 2019. Chatham County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings, Responses, and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Chatham County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*; and the State Single Audit Implementation Act. Those standards, the Uniform Guidance, and the State Single Audit Implementation Act, require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Chatham County's compliance with those requirements and performing, such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Chatham County's compliance.

Opinion on Each Major Federal Program

In our opinion, Chatham County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of Chatham County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Chatham County's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Chatham County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is reasonable possibility that material non-compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control of deficiencies, in internal control over compliance control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify and deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

| Notes to the Schedule of Expenditures of Federal and State Financial Awards: | | | | | |

Note 1: Basis of Presentation

The accompanying Schedule of Expenditures of Federal and State Awards (SEFSA) includes the federal and State grant activity of Chatham County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2019. The information in this SEFSA is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of Chatham County, it is not intended to and does not present the financial position, changes in net position or cash flows of Chatham County.

Note 2: Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3: Indirect Cost Rate

Chatham County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 4: Cluster of Programs

The following are clustered by the NC Department of Health and Human Services and are treated separately for state audit requirement purposes: Foster Care and Adoption

Note 5: Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients that do not appear in the basic financial statements because they are not revenues and expenditures of the County.
