SPARCS: Solar Pointing Aerobee Rocket Control System • Solar Pointing Attitude Rocket Control System

- SPARK:** Student Program for Aeronautics Resource and Knowledge
- SPARMO:** Solar Particles And Radiations Monitoring Organization
- SPARO:** Submillimeter Polarimeter for Antarctic Remote Observations
- SPARQ:** Serving with Pride And Reaching for Quality
- SPARRSO:** Space Research and Remote Sensing Organization (Bangladesh)
- SPARS:** Space and Atmospheric Research Station • Space Precision Altitude Reference System • Space Precision Attitude Reference System • Spatial Analysis and Remote Sensing
- SPARTAN:** Shuttle Pointed Autonomous Research Tool for Astronomy • System for Personnel Automated Reports, Transactions and Notices
- SPARTECA:** South Pacific Regional Trade and Economic Cooperation Agreement
- SPAS:** Safety Performance Analysis System • Shuttle Pallet Application System • Shuttle Pallet Satellite • Solar Proton Alpha Spectrometer
- SPASA:** Servicios Politécnicos Aéreos SA • South Pole Air Shower Array
- SpaSci Rev:** Space Science Reviews
- SPASE:** South Pole Air Shower Experiment
- SPaSM:** Scalable Parallel Short-range Molecular
- SPASM:** Smithsonian Package for Algebra and Symbolic Mathematics • Space Propulsion Automated Synthesis Modelling
- Spat:** Spatial
- SPAT:** Satellite Performance Analysis Team • Silicon Precision Alloy Transistor • Small-Payload Accommodation Terminal
- SPATE:** Stress Pattern Analysis by Thermal Emission
- SPAW:** Specially Protected Areas and Wildlife
- SPB:** Saint Thomas Island (US Virgin Islands) (location identifier) • Science Planning Branch • Shergottite Parent Body • Solar-Particle Beam • Space Planning Bureau
- SPC:** Santa Cruz de la Palma (Canary Islands) (location identifier) • Satellite Processing Center • Scholastic Programming Contest • Science Policy Committee • Science Programme Committee • Scientific Policy Committee • Scientific Programme Committee • Scientific Programmes Committee • Scintillation Proportional Counter • Security Processing Center • Semi-Permanent Connection • Shipping and Packing Cost • Short-Period Comet • Short Periodic Comet • Shuttle Processing Contract • Signal Processing Center • Single-Probe Carrier • Sistema Panamericano de Clasificación • Sky Publishing Corporation (USA-MA) • Signal Processing Center • Small Peripheral Controller • Software Productivity Consortium • Software Publishing Corporation • Solar Pointing Control • South Pacific Commission • South Polar Cap • Space • Space Projects Center • Spare Parts Catalog • Special Political Committee • Special Purpose Committee • Special Purpose Computer • Spectroscopic and Polarimetric Coronagraph • Starting-Point Code • State Plane Coordinates • Statistical Process Control • Stored Program Command • Stored Program Control • Strategic Planning Council • Supplementary Protection Certificate • Synoptic Properties Code • System Parameter Control
- SPCA:** Secondary Power Control Assembly • Short Posterior Ciliary Artery
- SPCBT:** Self-Paced Computer-Based Training
- SPCC:** Spare Parts Control Center • Stored Program CAMAC Channel
- SPCD:** Space Data and Computing Division
- Spchg:** Supercharge
- Spcl:** Special
- SPCM:** Single Photon Counter Module
- SPCN:** Sciences Physiques, Chimiques, Naturelles
- SpCoB:** Space Communication Broadcasting (periodical code)
- SpCom:** Space Communications (periodical code)
- Spcr:** Spacer
- SPCR:** Software Problem Change Request
- SPCS:** Satellite Personal Communication Services • Schedule Planning and Control System • Selective Paging Communications System • Service and Performance Checkout System • State Plane Coordinates System • Static Power Conversion System
- SPCU:** Simulation Process Control Unit • Skylab Process Control Unit
- SPCZ:** South Pacific Convergence Zone
- Spd:** Speed
- SPD:** Safety Program Directive • Saidpur (Bangladesh) (location identifier) • Science Programs Division • Scientific Passenger Pod • Serviço de Processamento de Dados • Skylab Program Directive • Solar Physics Division • South Polar Distance • Space Physics Division • Spectral Power Distribution • Standard Practice Directive • Standard Processed Data • Stored Program Decoder • Stored Program Decommutation • Subjective Probability Distribution • Subject to Permission to Deal • Symmetric Positive Definite • System Preliminary Design • System Program Documentation
- SPDA:** Single-Premium Deferred Annuity
- SPDB:** System Power Distribution Box
- SPDC:** Special Programme for Developing Countries
- SPDE:** Solar Plasma Diagnostic Experiment
- Sp. Del.:** Special Delivery
- SPDF:** Sensor Data Processing Facility • Space Physics Data Facility
- SPDIF:** Sony-Philips Digital Interface • Sony-Philips Digital Interface Format
- Spdl:** Spindle
- SPDL:** Standard Page Description Language
- SPDM:** Special-Purpose Dexterous Manipulator
- SPDP:** Society of Professional Data Processors (USA) • Stored Program Data Processor
- SPDR:** Scheduled Planning Drawing Release • Short-Pulse Doppler Radar • Software Preliminary Design Review
- SPDS:** Scalable Performance Data Server • Sequential Payload Delivery System • Space Physics Data System • Stabilized Payload Deployment System
- SPDT:** Single-Pole - Double-Throw
- SPE:** Satellite Precipitation Estimate • Senior Project Engineer • Sepulot (Malaysia) (location identifier) • Shrinkage Preliminary Estimator • Single Photoelectron • Single Programming Document • Software Performance Engineering • Software Production Environment • Software Process Engineering • Solar Particle Event • Solar Proton Event • Solid-Phase Epitaxy • Solid-Phase Extraction • Solid Polymer Electrolyzer • Space Processing Equipment • Special-Purpose Equipment • Spherical Probable Error • Standard Problem Exercise • Static Phase Error • Station Project Engineer • Stored Program Element • Stork Product Engineering BV (Netherlands) • Sun-Planet-Earth • Symbolic Programming Environment • System Performance Evaluation • Systems Performance Effectiveness
- SPEAR:** Small Payload Ejection And Recovery • Source Performance Evaluation And Reporting • Spaceborne Earth Applications Ranging System • Space Power Experiments Aboard Rockets • Stanford Positron Electron Accelerating Ring • Support Programme for the Evaluation Activities in Research

- SPEARNET:** South Pacific Education And Research Network
- SPEARS:** Satellite Photoelectric Analog Rectification System • Screener Proficiency Evaluation And Reporting System • Supplier Performance Evaluation And Rating System
- Spec:** Special • Specially • Specialist • Specialization • Specialize • Specialized • Specific • Specifically • Specification • Specified • Specify • Specimen • Spectrum • Speculation
- Spéc:** Spécial • Spécialisé • Spécialiser • Spécialiste • Spécification • Spécifier • Spécifique
- SPEC:** South Pacific Bureau for Economic Cooperation • Stored Program Educational Computer • Support Programme for Employment Creation • System Performance Evaluation Cooperative • System Performance Evaluation Corporation
- Special:** Specialized
- Specif:** Specific • Specifically • Specification
- SpecL:** Spectroscopy Letters (periodical code)
- SPECMAP:** Spectral Mapping
- SpECS:** Special Education of Computational Science
- SPECS:** Solar Physics Element on Columbus/Space Station • Specification and Programming Environment for Communication Software • Submillimeter Probe for the Evolution of Cosmic Structure
- SPECT:** Single Photon Emission Computed Tomography (*) • Single Photon Emission Computerized Tomography
- SPECTA:** Structure-Preserved Error-Correction Tree Automaton
- Spectr:** Spectral • Spectre • Spectrograph • Spectrographe • Spectrometer • Spectromètre • Spectrum
- SPECTRE:** Spectral Radiance Experiment • Student-run Project for Exo-atmospheric Colliding Technologies and Rocket Experiment
- SPECTRUM:** Special Experiment Concerning Typhoon Recurvature and Unusual Movement
- Sp. Ed.:** Specialist in Education
- SpEd:** Space Education (periodical code)
- SPEED:** Supersonic Planetary Entry Decelerator
- SPEDE:** System for Processing Educational Data Electronically
- SPEDO:** Solar-Powered Extended Duration Orbiter
- SPEDTAC:** Stored Program Educational Transistorized Automatic Computer
- SPEE:** Special-Purpose End Effector
- SPEEA:** Society of Professional Engineering Employees in Aerospace (USA)
- SPEED:** Self-Programmed Electronic Equation Delineator • Systematic Plotting and Evaluation of Enumerated Data • Systems Planning and Effectiveness Evaluation Device
- SPEEDUP:** Simulation Program for the Economic Evaluation and Design of Unsteady-state Processes
- SPEFO:** Spectrofotometry
- SPELDA:** Structure Porteuse Externe pour Lancement Double Ariane
- SPELTRA:** Structure Porteuse Externe pour Lancement Triple Ariane
- SpEnvIS:** Space Environment Information System
- SPEO:** Space Physics Educational Outreach
- SPEPD:** Space Power and Electric Propulsion Division
- SPER:** Syndicat Professionnel d'Électronique et de Radio-communications • Syndicat Professionnel Électronique et Radioélectrique
- SPERAD:** Spectrally-scanning Radiometer
- SPERT:** Schedule Performance Evaluation and Review Technique • Simplified Program Evaluation and Review Technique • Special Program Evaluation and Review Technique
- SPES:** Spacecraft Performance and Evaluation Service • Spacecraft Performance Evaluation System • Stimulation Plan for Economic Science
- SPET:** Solid-Propellant Electric Thruster
- SPEVAL:** Spacecraft Evaluation
- SPEX:** Satellite Potential Experiment • Spectral X-ray • Stellar and Planetary Explorer
- SPF:** Science Policy Foundation • Ship Point Formation • Shortest Path First • Single-Point Failure • Sociedade Portuguesa de Física (Portugal) • Software Production Facility • South Pacific Forum • South Polar Feature • Space Power Facility • Spacelab Processing Facility • Spearfish (USA-SD) (location identifier) • Specific Pathogen Free • Spectrofluorometer • Structured Programming Facility • Sun Protection Factor • Super-Plastically Formed • Super Plastic Forming • Survival Probability Function • System Productivity Facility • System Programming Facility
- SPFA:** Single-Point Failure Analysis
- SPFD:** Spectral Power Flux Density
- SpFl:** Spaceflight (periodical code)
- SPFL:** Single-Point Failure List
- SPFM:** Single-Point Failure Mode
- SPFP:** Single-Pass Fit Program • Single-Point Failure Potential
- SPFPAD:** Spacecraft Performance and Flight Path Analysis Directorate
- SPFR:** Southern Polarity Flare Ribbon • Spectral Flux Radiometer
- SPFS:** Small Payload Flight System
- SPFT:** Strong Permittivity Fluctuation Theory
- SpG:** Spring
- SPG:** Saint Petersburg - Whitted (USA-FL) (location identifier) • Schweizerische Physikalische Gesellschaft (Switzerland) • Short-Pulse Generator • Single-Point Ground • Sort Program Generator • Source Power Gain • Special Projects Group • Spring • Système de Préférences Généralisées
- SPGAI:** Surface Position Gimbal Angle Indicator
- Sp. Gr.:** Specific Gravity
- SPGS:** Springs
- SPH:** Smoothed Particle Hydrodynamics (*) • Smooth Particle Hydrodynamics • Soft-Particle Hydrodynamics • Sopa (Papua New Guinea) (location identifier)
- Spher:** Spherical
- SPHINX:** Space Plasma High-voltage Interaction Experiment
- SPhN:** Service de Physique Nucléaire
- SPHN:** Société de Physique et d'Histoire Naturelle (Switzerland)
- SPhT:** Service de Physique Théorique
- Sp. Ht.:** Specific Heat
- spi:** Spissatus
- SPI:** Schedule Performance Index • Sciences Physiques pour l'Ingénieur • Sciences Pour l'Ingénieur • Security Parameters Index • Security Protocol Identifier • Segmented Pupil Imager • Selected Period Investment • Selective Profile Indexing • Serial Peripheral Interface • Serial to Parallel Interface • Service de la Propagande et de l'Information • Service Provider Interface • Single-Process Initiative (*) • Single-Program Initiation • Software Patent Institute • Software Process Improvement • Space Power Institute (USA-AL) • Spectrographic Particle Imager • Spectrometer Integral • Springfield (USA-IL) (location

- identifier) • Surface Position Indicator • Surveillance Principal Investigator • Systèmes et Périphériques Informatiques • System Performance Indicator • System Provider Interface
- SPICA:** Special Instrument for Cosmic-ray Astrophysics • Support Program for Instructional Competency in Astronomy
- SPICE:** Shuttle Payload Integration Cargo Evaluation • Simulator Program for Integrated Circuit Emulator • Software Process Improvement and Capability • Solar-Particle Intensity Composition Experiment • Spacecraft - Planet - Instrument - C-matrix - Events • Space Integrated Control Experiment • Space Particle Impact Capture Experiment • Space Power Internal Combustion Engine • Space-lab Payload Integration and Coordination in Europe • Suprathermal Plasma Investigation of Cometary Environments • Survey Probe Infrared Celestial Experiment • Survey Program of Infrared Celestial Experiments
- SPID:** Service Profile Identification • Service Profile Identifier • Speckle Imaging by Deconvolution
- SPIDAB:** Space Industrial Database
- SPIDASL:** Space Plasma Interactive Data Analysis and Simulation Laboratory
- SPIDER:** Solar-Powered Ion Driven Eclipsing Rover
- SPIDF:** Support-Planning Identification File
- SPIDPO:** Shuttle Payload Integration and Development Program Office
- SPIDR:** Space Physics Interactive Data Resource
- SPIDS:** Stabilized Payload Interface Deployment System
- SPIE:** Shuttle Plume Impingement Experiment • Simulated Problem Input Evaluation • Society of Photo-optical Instrumentation Engineers
- SPIEL:** Signal Processing Interactive Extensible Language
- SPIF:** Shuttle Payload Integration Facility • Shuttle-POCC Interface Facility • Shuttle Processing Interface Facility • Small Photometric Imaging Facility • Spacecraft Planetary Imaging Facility • Standard Payload Interface
- SPIFEX:** Shuttle Plume Impingement Flight Experiment
- SPIFI:** South Pole Imaging Fabry-Pérot Interferometer
- SPIFR:** Single-Pilot Instrument Flight Rules
- SPIHT:** Set Partitioning In Hierarchical Trees
- SPII:** Shuttle Program Implementation Instruction
- SPIKE:** Science Planning Interactive Knowledge Environment • Science Planning using Intelligent Knowledge-based Environment • Scientific Planning Interactive Knowledge Expert
- SPIM:** Spectrographic Imager
- SPIMS:** Shuttle Program Information Management System
- SpIN:** Space Industry News (CSIRO)
- SPIN:** Science Policy Information News • Searchable Physics Information Notices • Software Process Improvement Network • Space Interdisciplinary Network • Space Physics Information Network • Special-Purpose Inexpensive Satellite Program
- SPINE:** Space Informatics Network Experiment
- SPINES:** Science Policy Information Exchange System
- SPINR:** Spectrograph for Photometric Imaging with Numeric Reconstruction
- SPINS:** Stabilized Platform Inertial Navigation System
- SPIPR:** Sistema de Procesamiento de Imagenes de Percepción Remota
- SPIR:** Spectropolarimeter for Infrared
- SPIRAC:** South Pole Infrared Array Camera
- SPIRAL:** Surface Photometry Interactive Reduction and Analysis Library
- SPIRE:** Sensor Performance in a Radiation Environment • Spatial Inertial Reference Equipment • Spatial Paradigm for Information Retrieval and Exploration • Spectral and Photometric Imaging Receiver • Spectral Infrared Rocket Experiment • Stop-Protect-Insulate-Rewarm
- SPIRES:** Stanford Public Information and Retrieval System (USA-CA) • Stanford Public Information Retrieval System (USA-CA)
- SPIREX:** South Polar Infrared Explorer • South Pole Infrared Explorer (*)
- SPIRIT:** Space Infrared Imaging Telescope • Space Infrared Interferometry Trailblazer • Spatial Infrared Imaging Telescope • Spatial Infrared Rocket-borne Interferometric Telescope
- SPIRITS:** Spectral and In-band Radiometric Imaging of Targets and Scenes
- SPIRS:** SuperJANET Project on Information Resources
- SPISS:** Shuttle Polar Ice Sheet Sounder
- SPIT:** Selective Printing of Items from Tapes • Starburst Pixel Interleaving Technique • Strategic Plan for Information Technology
- SPJ:** Service Pages Jaunes • Sparta (Greece) (location identifier)
- SPK:** Sapporo (Japan) (location identifier) • Spacecraft-Planet Kernel
- SPKAC:** Signed Public Key And Challenge
- SPKI:** Simple Public Key Infrastructure
- Spkl:** Sprinkler
- SPKL:** Sprinkle
- Spkr:** Speaker
- SPKR:** Sprinkler
- spl:** Sine Prole Legitima
- SPL:** Scratch Pad Line • Sección Planetaria y Lunar • Secondary Payload • Serialized Parts List • Set Priority Level • Signal Processing Language • Simple Programming Language • Sonic Pressure Level • Sound Pressure Level • Space Photography Laboratory • Space Physics Laboratory • Space Programming Language • Spare Parts List • Special-Purpose Language • Spellchecker • Split-Phase Level • Spooler • Sun-Pumped Laser • Supplies-Procurement-Logistics • System Programming Language
- SPLAASH:** Spacecraft Protective Landing Area for the Advancement of Sciences and Humanities
- SPLE:** Singular Power Law Ellipsoid
- SPLIT:** Space Program Language Implementation Tool • Spectro-Polarimetric Lightweight Telescope
- SPLL:** Self-Propelled Launcher Loader
- SPLM:** Space Programming Language Machine
- Splmt:** Simplement
- SPLNS:** South Plains (USA)
- SPLOM:** Scatter Plot Matrix
- Splt:** Spotlight
- Spltr:** Splitter
- Sply:** Supply
- spm:** Sine Prole Mascula
- SPM:** Miquelon (Saint Pierre et.) (ISO country code) • Saint Pierre et Miquelon (ISO country code) • San Pedro Mártir (Mexico) • Scanning Probe Microscope • Scanning Probe Microscopy • Scanning Proton Microscope • Scanning Proton Microscopy • Sciences Physiques et Mathématiques • Scratch Pad Memory • Security Plug-in Module • Seeker and Processor Model • Sequential Processing Machine • Simple Plasma Monitor • Single Plasma Monitor • Small-Powers Minimization • Smoothed Particle Method • Software Performance Monitor • Software Programmer's Manual • Software Project Management • Solar Photometer • Solar Polar Mission • Solar Probe Mission • Solar Proton Monitor • Sonnephotometer • Source Program Maintenance • Southern Proper Motion • South

- Proper Motion • Spangdahlem (Germany) (location identifier) • Spectromagnetograph • Spectrophosphorimeter • Spectrophotomètre Multibandes • Standard Parts Manual • Standard Payload Module • Standard Practice Manual • Standard Practice Memo • Standard Procedure Manual • Standard Process Manual • Subproject Manager • Sue Proprie Mani • Summary for Policy Makers • Sun Pointing Mode • Sun Point Mode • Sun Probe Mars • Superparamagnetic • Support Program Management • Suspended Particulate Matter • Symposium • System Performance Monitor • Systems Program Manager
- SpMar:** Space Markets (periodical code)
- SPMD:** Single Program/Multiple Data • Single Program/Multiple Data-stream
- SPME:** Solid-Phase Micro Extraction
- SPMF:** Solar Photosphere and Magnetic Fields
- Spmkt:** Supermarket
- SPMM:** Schweizerisches Patent, Muster und Markenblatt
- SpMME:** Space Medicine Medical Engineering (periodical code)
- SPMO:** San Pedro Mártir Observatory (Mexico)
- SPMP:** Software Project Management Plan
- SPMS:** Software Process Modelling System • Solar-Particle Monitoring System • Special-Purpose Manipulator System
- SPN:** Saipan (Mariana Islands) (location identifier) • Servicio de Parques Nacionales • Shuttle Project Notice • Special Program Number • Spectropyranometer • Stop Press News
- SPND:** Self-Powered Neutron Detector
- SPNG:** Spring
- SPNGS:** Springs
- SPNFZ:** South Pacific Nuclear Free Zone
- SPNFZT:** South Pacific Nuclear Free Zone Treaty
- Spnr:** Spanner
