The 2024 General Assembly Session

How Bills Become Laws

The process of introducing legislation to be considered by the General Assembly and ultimately enacted into law is outlined in the [Constitution of Virginia, Rules of the Senate, and the Rules of the Virginia House of Delegates](#)

(See Virginia General Assembly Home Page <http://viriniagenalassembly.gov> for these publications and other legislative resources.)

- Bills may originate in either the Senate or the House of Delegates.

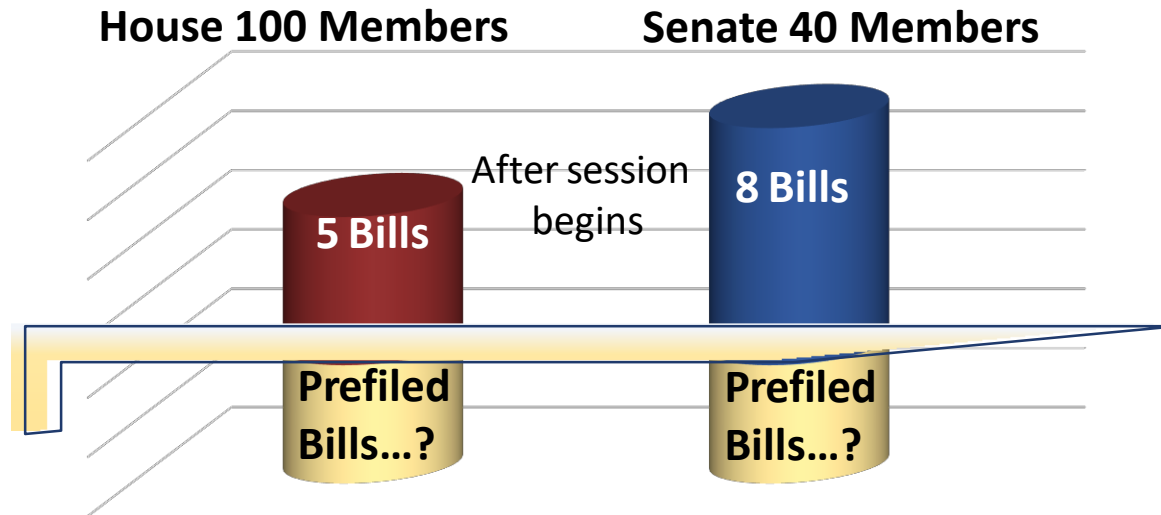

- A Senator or Delegate, as requested by constituents, prepares to introduce legislation by explaining the proposal he/she has in mind to a staff attorney in the Division of Legislative Services. A staff attorney checks existing law and the constitutionality of the proposed legislation.

General Assembly Session Convenes

Members do have bill limits.

In an even session year, House and Senate members can introduce unlimited numbers of prefiled bills. Members had to submit requests for prefiled bills to be drafted to the Division of Legislative Services by 5 p.m. on November 30.

All prefiled bills, House and Senate, must be submitted by 10 a.m. on the first day of session.

After session begins a House member can only introduce 5 bills.

After session begins a Senate member can only introduce 8 bills.
