

LIST OF FLORA OF NAMDAPHA TIGER RESERVE

IA - ID: Lichen, Bryophytes, Pteridophytes & Gymnosperms

IIA – IIB: Monocots & dicots (angiosperms)

APPENDIX IA

Lichens of Namdapha Tiger Reserve

(Source: BSI survey: Chauhan et al. 1996)

S.no	Family	Scientific name
1	Arthoniaceae	<i>Cryptothecia candida</i>
2	Asterothyriaceae	<i>Echinoplaea peppicula</i>
3	Asterothyriaceae	<i>Echinoplaca epiphylla</i>
4	Cladoniaceae	<i>Cladonia bacillaris</i>
5	Cladoniaceae	<i>Cladonia cartilaginea</i>
6	Cladoniaceae	<i>Cladonia coniocraea</i>
7	Cladoniaceae	<i>Cladonia pityrea</i>
8	Cladoniaceae	<i>Cladonia scabriuscula</i>
9	Clathroporinaceae	<i>Porina cupreola</i>
10	Clathroporinaceae	<i>Porina epiphylla</i>
11	Clathroporinaceae	<i>Porina fulvella</i>
12	Clathroporinaceae	<i>Porina monocarpa</i>
13	Clathroporinaceae	<i>Porina nitidula</i>
14	Clathroporinaceae	<i>Porina phyllogena</i>
15	Coccocarpiaceae	<i>Coccocarpia erythoxyli</i>
16	Coccocarpiaceae	<i>Coccocarpia palmicola</i>
17	Collemataceae	<i>Collema pulcellum</i>
18	Collemataceae	<i>Leptogium austroamericanum</i>
19	Collemataceae	<i>Leptogium cyanescens</i>
20	Collemataceae	<i>Leptogium denticulatum</i>
21	Collemataceae	<i>Leptogium sp</i>
22	Ectolechiaceae	<i>Calopadia nymanii</i>
23	Ectolechiaceae	<i>Calopadia puiggarii</i>
24	Ectolechiaceae	<i>Calopadia subcoerulescens</i>
25	Ectolechiaceae	<i>Sporopodium xantholeucum</i>
26	Ectolechiaceae	<i>Tapellaria bilimbioides</i>
27	Gomphillaceae	<i>Gyalectidium filicinum</i>
28	Gomphillaceae	<i>Tricharia albostrigosa</i>
29	Gomphillaceae	<i>Tricharia vainioi</i>
30	Opegraphaceae	<i>Mazosia melanophthalma</i>
31	Opegraphaceae	<i>Mazosia phyllosema</i>
32	Opegraphaceae	<i>Opegrapha filicina</i>
33	Parmeliaceae	<i>Bulbothrix isidiza</i>
34	Parmeliaceae	<i>Bulbothrix setschwanensis</i>
35	Parmeliaceae	<i>Everniastrum cirrhatum</i>
36	Parmeliaceae	<i>Everniastrum nepalense</i>
37	Parmeliaceae	<i>Hypotrachyna degelii</i>
38	Parmeliaceae	<i>Hypotrachyna infirma</i>

S.no	Family	Scientific name
39	Parmeliaceae	<i>Parmelaria thomsonii</i>
40	Parmeliaceae	<i>Parmelina aurulenta</i>
41	Parmeliaceae	<i>Parmelina wallichiana</i>
42	Parmeliaceae	<i>Parmotrema cristiferum</i>
43	Parmeliaceae	<i>Parmotrema reticulatum</i>
44	Parmeliaceae	<i>Parmotrema sancti-angelii</i>
45	Parmeliaceae	<i>Parmotrema tinctorum</i>
46	Peltigeraceae	<i>Peltigera delichorrhiza</i>
47	Peltigeraceae	<i>Peltigera rufescens</i>
48	Physciaceae	<i>Dirinaria consimilis</i>
49	Physciaceae	<i>Dirinaria picta</i>
50	Physciaceae	<i>Dirinaria confluens</i>
51	Physciaceae	<i>Phaeophyscia endococcinodes</i>
52	Physciaceae	<i>Physcia tribacoides</i>
53	Physciaceae	<i>Pyxine cognata</i>
54	Physciaceae	<i>Pyxine sorediata</i>
55	Physciaceae	<i>Pyxine philippina</i>
56	Pilocarpaceae	<i>Byssolecania fuscolivida</i>
57	Pilocarpaceae	<i>Byssoloma leucoblepharum</i>
58	Pilocarpaceae	<i>Byssoloma rotuliforme</i>
59	Pilocarpaceae	<i>Byssoloma tricholomum</i>
60	Pilocarpaceae	<i>Fellhanera fuscata</i>
61	Pilocarpaceae	<i>Fellhanera semicarp</i>
62	Ramalinaceae	<i>Bacidia apiahica (= Bacidina apiahica)</i>
63	Ramalinaceae	<i>Bacidia galbinea</i>
64	Ramalinaceae	<i>Bacidia palmularis</i>
65	Ramalinaceae	<i>Ramalina subcomplanata</i>
66	Strigulaceae	<i>Phylloblastia dolichospora</i>
67	Strigulaceae	<i>Strigula elegans</i>
68	Strigulaceae	<i>Strigula nemathora</i>
69	Strigulaceae	<i>Strigula subelagans</i>
70	Strigulaceae	<i>Trichothelium epiphyllum</i>
71	Usneaceae	<i>Usnea baleyi</i>
72	Usneaceae	<i>Usnea bismolliuscula</i>
73	Usneaceae	<i>Usnea rubicunda</i>

APPENDIX IB

Bryophytes (mosses and liverworts) of Namdapha Tiger Reserve

(Source: BSI survey: Chauhan et al. 1996)

Sl. No.	Family	Scientific name	Type
1	Lepidoziaceae	<i>Bazzania ovistipula</i>	Leafy liverwort
2	Lepidoziaceae	<i>Bazzania pearsonii</i>	Leafy liverwort
3	Lepidoziaceae	<i>Bazzania praerupta</i>	Leafy liverwort
4	Lepidoziaceae	<i>Bazzania tricrenata</i>	Leafy liverwort
5	Lepidoziaceae	<i>Bazzania tridens</i>	Leafy liverwort
6	Calypogeiaceae	<i>Calypogeia fissa</i>	Leafy liverwort
7	Calypogeiaceae	<i>Calypogeia trichomania</i>	Leafy liverwort
8	Cephaloziaceae	<i>Cephalozia gollani</i>	Leafy liverwort
9	Jackiellaceae	<i>Jackiella javanica</i>	Leafy liverwort
10	Lophoziaceae (now Scapaniaceae)	<i>Chandonanthus hirtellus</i>	Leafy liverwort
11	Jungermanniaceae	<i>Jungermannia (Plectoyolea) rubripunctata</i>	Leafy liverwort
12	Jungermanniaceae	<i>Jungermannia (Plectoyolea) sikkimensis</i>	Leafy liverwort
13	Jungermanniaceae	<i>Jungermannia (Plectoyolea) tetragona</i>	Leafy liverwort
14	Jungermanniaceae	<i>Notoscyphus darjeelingensis</i>	Leafy liverwort
15	Jungermanniaceae	<i>Notoscyphus pandei</i>	Leafy liverwort
16	Geocalycaceae	<i>Lophocolea bidentata</i>	Leafy liverwort
17	Geocalycaceae	<i>Lophocolea fragrans</i>	Leafy liverwort
18	Geocalycaceae	<i>Chiloscyphus polyanthus</i>	Leafy liverwort
19	Radulaceae	<i>Radula assamica</i>	Liverwort
20	Radulaceae	<i>Radula acuminata</i>	Liverwort
21	Porellaceae	<i>Porella campylophylla</i>	Liverwort
22	Porellaceae	<i>Porella densifolia</i>	Liverwort
23	Porellaceae	<i>Madotheca appendiculata</i>	Liverwort
24	Porellaceae	<i>Porella plumosa</i>	Liverwort
25	Jubulaceae	<i>Frullania muscicola</i>	Liverwort
26	Jubulaceae	<i>Frullania physantha</i>	Liverwort
27	Jubulaceae	<i>Frullania squarrosa</i>	Liverwort
28	Jubulaceae	<i>Cololejeunea (Pedinolejeunea) farmosana</i>	Liverwort
29	Jubulaceae	<i>Cololejeunea (Cololejeunia) Pseudoplagiophylla</i>	Liverwort
30	Jubulaceae	<i>Cololejeunea (Cololejeunia)</i>	Liverwort

Sl. No.	Family	Scientific name	Type
		<i>spinosa</i>	
31	Jubulaceae	<i>Colura calyptrifolia</i>	Liverwort
32	Jubulaceae	<i>Leptolejeunea foliicola</i>	Liverwort
33	Jubulaceae	<i>Leptolejeunea subacuta</i>	Liverwort
34	Jubulaceae	<i>Mastigolejeunea repleta</i>	Liverwort
35	Jubulaceae	<i>Ptychanthus striatus</i>	Liverwort
36	Jubulaceae	<i>Rhaphidolejeunea yunnanensis</i>	Liverwort
37	Jubulaceae	<i>Spruceanthus semirepandus</i>	Liverwort
38	Fossombroniaceae	<i>Fossombronia cristula</i>	Thallose liverwort
39	Fossombroniaceae	<i>Fossombronia wondraczekii</i>	Thallose liverwort
40	Pelliaceae	<i>Pellia epiphylla</i>	Liverwort
41	Pallaviciniaceae	<i>Pallavicinia lyellii</i>	Thallose liverwort
42	Aneuraceae	<i>Aneura pellioides</i>	Thallose liverwort
43	Aneuraceae	<i>Riccardia multifida</i>	Thallose liverwort
44	Aneuraceae	<i>Riccardia sikkimensis</i>	Thallose liverwort
45	Aneuraceae	<i>Riccardia tenuicostata</i>	Thallose liverwort
46	Aneuraceae	<i>Riccardia villosa</i>	Thallose liverwort
47	Targioniaceae	<i>Targionia hypophylla</i>	Liverwort
48	Targioniaceae	<i>Conocephalum conicum</i>	Liverwort
49	Rebouliaaceae	<i>Plagiochasma appendiculatum</i>	Liverwort
50	Rebouliaaceae	<i>Reboulia hemisphaerica</i>	Liverwort
51	Marchantiaceae	<i>Dumortiera hirsuta</i>	Prostrate and dichotomously branched thalli
52	Marchantiaceae	<i>Marchantia nepalensis</i>	Prostrate and dichotomously branched thalli
53	Marchantiaceae	<i>Marchantia palmata</i>	Prostrate and dichotomously branched thalli
54	Ricciaceae	<i>Ricciopcarpus natans</i>	Leafy liverwort
55	Anthocerotaceae	<i>Folioceros appendiculatus</i>	Hornworts
56	Anthocerotaceae	<i>Phaeoceros laevis</i>	Hornworts

APPENDIX IC

Pteridophytes (Ferns and fern-allies) of Namdapha Tiger Reserve

(Source: BSI survey: Chauhan et al. 1996)

S.No.	Family	Scientific name
1	Huperziaceae	<i>Huperzia squarrosa</i>
2	Huperziaceae	<i>Huperzia subulifolia</i>
3	Huperziaceae	<i>Phlegmariurus phlegmaria</i>
4	Lycopodiaceae	<i>Palhinhaea cernua</i>
5	Selaginellaceae	<i>Selaginella decipens</i>
6	Selaginellaceae	<i>Selaginella helferi</i>
7	Selaginellaceae	<i>Selaginella hookeri</i>
8	Selaginellaceae	<i>Selaginella semicordata</i>
9	Selaginellaceae	<i>Selaginella wallichii</i>
10	Equisetaceae	<i>Equisetum fiffusum</i>
11	Equisetaceae	<i>Equisetum ramosissimum</i>
12	Psilotaceae	<i>Psilotum nudum</i>
13	Polypodiaceae	<i>Arthromeris wallichiana</i>
14	Polypodiaceae	<i>Belvisia mucronata</i>
15	Polypodiaceae	<i>Colysis hemionitidea</i>
16	Polypodiaceae	<i>Drymoglossum heterophyllum</i>
17	Polypodiaceae	<i>Goniophlebium amoenum</i>
18	Polypodiaceae	<i>Kaulinia hancockii</i>
19	Polypodiaceae	<i>Kaulinia pteropus</i>
20	Polypodiaceae	<i>Lemmaphyllum carnosum</i>
21	Polypodiaceae	<i>Lepisorus thunbergiana</i>
22	Polypodiaceae	<i>Lepidogrammitis rostrata</i>
23	Polypodiaceae	<i>Leptochilus axillaris</i>
24	Polypodiaceae	<i>Microsorium cuspidatum</i>
25	Polypodiaceae	<i>Microsorium punctatum</i>
26	Polypodiaceae	<i>Microsorium superficiale</i>
27	Polypodiaceae	<i>Microsorium zippelii</i>
28	Polypodiaceae	<i>Neocheiropteris normalis</i>
29	Polypodiaceae	<i>Pyrrosia adnascens</i>
30	Polypodiaceae	<i>Pyrrosia beddomeana</i>
31	Polypodiaceae	<i>Pyrrosia flocculosa</i>
32	Polypodiaceae	<i>Pyrrosia heteracta</i>
33	Polypodiaceae	<i>Pyrrosia lanceolata</i>
34	Polypodiaceae	<i>Pyrrosia lingua</i>
35	Polypodiaceae	<i>Pyrrosia mannii</i>
36	Polypodiaceae	<i>Pyrrosia nummulariaefolia</i>
37	Polypodiaceae	<i>Pyrrosia stenophylla</i>
38	Polypodiaceae	<i>Pyrrosia subfurfuracea</i>

S.No.	Family	Scientific name
39	Dipteridaceae	<i>Dipteris wallichii</i>
40	Drynariaceae	<i>Drynaria propinqua</i>
41	Lygodiaceae	<i>Lygodium flexuosum</i>
42	Lygodiaceae	<i>Lygodium japonicum</i>
43	Cheilanthaceae	<i>Cheilanthes farinosa</i>
44	Cryptogrammaceae	<i>Onychium siliculosum</i>
45	Pteridaceae	<i>Pteris biaurita</i>
46	Pteridaceae	<i>Pteris ensiformis</i>
47	Pteridaceae	<i>Pteris grevilleana</i>
48	Pteridaceae	<i>Pteris longipes</i>
49	Pteridaceae	<i>Pteris longipinnula</i>
50	Pteridaceae	<i>Pteris pellucida</i>
51	Pteridaceae	<i>Pteris quadriaurita</i>
52	Pteridaceae	<i>Pteris semipinnata</i>
53	Pteridaceae	<i>Pteris vittata</i>
54	Pteridaceae	<i>Pteris wallichiana</i>
55	Adiantaceae	<i>Adiantum capillus-veneris</i>
56	Adiantaceae	<i>Adiantum caudatum</i>
57	Adiantaceae	<i>Adiantum philippense</i>
58	Hemionitidaceae	<i>Coniogramme fraxinea</i>
59	Hemionitidaceae	<i>Pityrogramma calomelanos</i>
60	Antrophyaceae	<i>Antrophyum henryi</i>
61	Antrophyaceae	<i>Antrophyum obovatum</i>
62	Antrophyaceae	<i>Antrophyum plantagineum</i>
63	Vittariaceae	<i>Vittaria doniana</i>
64	Vittariaceae	<i>Vittaria elongata</i>
65	Vittariaceae	<i>Vittaria sikkimensis</i>
66	Vittariaceae	<i>Vittaria zosterifolia</i>
67	Parkeriaceae	<i>Ceratopteris sp.</i>
68	Hymenophyllaceae	<i>Mecodium exsertum</i>
69	Hymenophyllaceae	<i>Mecodium polyanthos</i>
70	Hymenophyllaceae	<i>Vandenboschia auriculata</i>
71	Dicksoniaceae	<i>Cibotium barometz</i>
72	Cyatheaceae	<i>Cyathea brunoniana</i>
73	Cyatheaceae	<i>Cyathea gigantea</i>
74	Cyatheaceae	<i>Cyathea spinulosa</i>
75	Dennstaedtiaceae	<i>Microlepia speluncae</i>
76	Dennstaedtiaceae	<i>Microlepia strigosa</i>
77	Pteridaceae	<i>Pteridium aquilinum</i>
78	Lindsaeaceae	<i>Lindsaea cultrata</i>
79	Lindsaeaceae	<i>Lindsaea ensifolia</i>
80	Aspleniaceae	<i>Asplenium bullatum</i>
81	Aspleniaceae	<i>Asplenium cheilosorum</i>
82	Aspleniaceae	<i>Asplenium finlaysonianum</i>

S.No.	Family	Scientific name
83	Aspleniaceae	<i>Asplenium laciniatum</i>
84	Aspleniaceae	<i>Asplenium nidus</i>
85	Aspleniaceae	<i>Asplenium nitidum prolongatum</i>
86	Aspleniaceae	<i>Asplenium sarelii</i>
87	Aspleniaceae	<i>Asplenium unilaterale</i>
88	Athyriaceae	<i>Athyrium drepanopterum</i>
89	Athyriaceae	<i>Diplazium asperum</i>
90	Athyriaceae	<i>Diplazium bentamense</i>
91	Athyriaceae	<i>Diplazium esculentum</i>
92	Athyriaceae	<i>Diplazium maximum</i>
93	Aspidiaceae	<i>Tectaria polymorpha</i>
94	Aspidiaceae	<i>Tectaria vasta</i>
95	Dryopteridaceae	<i>Dryopteris spara</i>
96	Dryopteridaceae	<i>Polystichum aculeatum</i>
97	Dryopteridaceae	<i>Polystichum biaristatum</i>
98	Dryopteridaceae	<i>Polystichum lentum</i>
99	Dryopteridaceae	<i>Polystichum semifertile</i>
100	Lomariopsidaceae	<i>Egenolfia appendiculata</i>
101	Nephrolepidaceae	<i>Nephrolepis cordifolia</i>
102	Oleandraceae	<i>Oleandra wallichii</i>
103	Davalliaceae	<i>Humata griffithiana</i>
104	Davalliaceae	<i>Humata repens</i>
105	Blechnaceae	<i>Blechnum orientale</i>
106	Blechnaceae	<i>Woodwardia unigemmata</i>
107	Salviniaceae	<i>Salvinia natans</i>
108	Lycopodiaceae	<i>Palhinhaea cernua</i>
109	Equisetaceae	<i>Equisetum diffusum</i>
110	Dryopteridaceae	<i>Pteridrys cnemidaria</i>

APPENDIX ID

Gymnosperms of Namdapha Tiger Reserve

(Source: BSI survey: Chauhan *et al.* 1996)

The species marked with asterisk are not actually recorded as higher areas have not been fully surveyed, but these are likely to occur based on elevational range of Namdapha and their occurrence in other high-altitude regions of Arunachal Pradesh

S.No.	Family	Scientific name	Local name/English name	IUCN status/habit
1	Pinaceae	<i>Pinus merkusii</i>	Sumatran pine	Vulnerable; tree
2	Pinaceae	<i>Abies delavayi</i>	Delavay's Fir	Least concern; tree
3	Taxaceae	<i>Cephalotaxus griffithii</i>	Griffith's Plum Yew	Not assessed; shrub/small tree
4	Gnetaceae	<i>Gnetum gnemon</i>		Least concern; small tree
5	Gnetaceae	<i>Gnetum montanum</i>		Least concern; liana
6	Podocarpaceae	<i>Podocarpus neriifolia/neriifolius</i>		Lower risk/Least concern; tree
7	Pinaceae	<i>Pinus excelsa</i>		Not assessed; tree
8	Pinaceae	* <i>Pinus armandi</i>		Not listed; tree
9	Pinaceae	* <i>Tsuga dumosa</i>	Spruce	Lower risk/Least concern; tree
10	Pinaceae	* <i>Picea</i> sp.		Species-dependent; tree
11	Cupressaceae	* <i>Juniperus</i> sp.		Species-dependent; shrubby
12	Taxaceae	* <i>Taxus</i> sp.	Yew	Species-dependent; tree
13	Pinaceae	* <i>Larix</i> sp.	Larch	Species-dependent; tree

APPENDIX -IIA

Monocots of Namdapha Tiger Reserve (Source: BSI survey (Chauhan *et al.* 1996), addl. records by A. Datta and R. Naniwadekar: 2004-2012)

S.no	Family	Scientific name	Local name/English name	IUCN status	Elevation
1	Araceae	<i>Pothos cathcartii</i>			
2	Araceae	<i>Pothos scandens</i>	Medicinal		
3	Araceae	<i>Rhaphidophora grandis</i>			
4	Araceae	<i>Rhaphidophora hookeri</i>			
5	Araceae	<i>Remusatia hookeriana</i>			
6	Araceae	<i>Rhaphidophora decursiva</i>			
7	Araceae	<i>Colocasia esculenta</i> var. <i>antiquorum</i>	LC		
8	Arecaceae	<i>Calamus erectus</i>			
9	Arecaceae	<i>Calamus floribundus</i>			
10	Arecaceae	<i>Calamus gracilis</i>			
11	Arecaceae	<i>Calamus leptospadix</i>			
12	Arecaceae	<i>Caryota urens</i>	Medicinal		
13	Arecaceae	<i>Livistona jenkinsiana</i>			
14	Arecaceae	<i>Phoenix rupicola</i>	Cliff Date palm	Lower Risk/NT	up to 450 m
15	Arecaceae	<i>Pinanga gracilis</i>			
16	Arecaceae	<i>Wallichia densiflora</i>	Wallich's Dwarf Fishtail Palm		250-1400 m
17	Arecaceae	<i>Didymosperma nanum</i>			
18	Arecaceae	<i>Wallichia triandra</i>		Lower Risk/LC, native, endemic	900-2000 m
19	Arecaceae	<i>Zalacca secunda</i>	Jengpat, Stemless Rattan Palm		
20	Bambusaceae	<i>Bambusa tulda</i>		Not assessed	
21	Bambusaceae	<i>Cephalostacyyum funchsianum</i>		Not assessed	
22	Bambusaceae	<i>Cephalostacyyum pallidum</i>		Not assessed	

S.no	Family	Scientific name	Local name/English name	IUCN status	Elevation
23	Bambusaceae	<i>Dendrocalamus hamiltonii</i>		Not assessed	
24	Bambusaceae	<i>Dendrocalamus hookeri</i>		Not assessed	
25	Bambusaceae	<i>Chimonobambusa griffithiana</i>		Not assessed	
26	Bambusaceae	<i>Pseudostachyum polymorphum</i>		Not assessed	
27	Bambusaceae	<i>Arundinaria hookeriana</i>		Not assessed	
28	Commelinaceae	<i>Aclisia subumbellata</i>		Not assessed	
29	Commelinaceae	<i>Amischotolype mollissima</i>		Not assessed	
30	Commelinaceae	<i>Commelina diffusa</i>		LC	
31	Commelinaceae	<i>Commelina paludosa</i>		Not assessed	Sealevel to 2800m
32	Commelinaceae	<i>Dictyospermum scaberrimum</i>		Not assessed	
33	Commelinaceae	<i>Floscopa scandens</i>		LC	Sealevel to 1700m
34	Commelinaceae	<i>Murdannia nudiflora</i>		Not assessed	
35	Commelinaceae	<i>Murdannia terminalis</i>		Not assessed	
36	Commelinaceae	<i>Pollia hasskarlii</i>		Not assessed	Sealevel to 1700m
37	Costaceae	<i>Costus speciosus</i> (= <i>Cheilocostus speciosus</i>)	Medicinal		
38	Cyperaceae	<i>Carex baccans</i>	Crimson seeded sedge	LC	
39	Cyperaceae	<i>Carex cruciata</i>		Not assessed	300-2500 m
40	Cyperaceae	<i>Carex filicina</i>		LC	1200-2800 m
41	Cyperaceae	<i>Carex vesiculosa</i>			1000-2000 m
42	Cyperaceae	<i>Cyperus brevifolius</i>	Weedy	Not assessed	
43	Cyperaceae	<i>Cyperus diffusus</i>	Dwarf umbrella grass	LC	100-1700 m
44	Cyperaceae	<i>Cyperus exaltatus</i>		Not assessed	up to 1100 m
45	Cyperaceae	<i>Cyperus kyllingia</i> (= <i>C. rotundus</i>)	Weedy invasive?	Not assessed	
46	Cyperaceae	<i>Cyperus sanguinolentus</i>		Not assessed	
47	Cyperaceae	<i>Eleocharis acutangla</i>		Not listed	500-1800 m

S.no	Family	Scientific name	Local name/English name	IUCN status	Elevation
48	Cyperaceae	<i>Fimbristylis complanata</i>		LC	
49	Cyperaceae	<i>Fimbristylis dichotoma</i>		Not assessed	
50	Cyperaceae	<i>Fimbristylis schoenoides</i>		LC	
51	Cyperaceae	<i>Hypolytrum nemorum</i>		Not assessed	100-1200 m
52	Cyperaceae	<i>Scirpus juncooides</i>		Not assessed	
53	Cyperaceae	<i>Scirpus ternatus</i>		Not listed	
54	Cyperaceae	<i>Scleria laevis</i>		Not assessed	
55	Cyperaceae	<i>Scleria terrestris</i>		LC	up to 2000 m
56	Cyperaceae	<i>Cyperus haspan</i>	Weedy invasive?	Not assessed	
57	Dioscoreaceae	<i>Dioscorea alata</i>	Purple yam	Not assessed	
58	Dioscoreaceae	<i>Dioscorea belophylla</i>		Not assessed	up to 1400 m
59	Dioscoreaceae	<i>Dioscorea pentaphylla</i>	Fiveleaf yam; medicinal	Not assessed	
60	Dioscoreaceae	<i>Dioscorea wattii</i>		Not assessed	
61	Dioscoreaceae	<i>Dioscorea glabra</i>		Not assessed	200-1500 m
62	Hypoxidaceae	<i>Curculigo capitulata</i>	Palm grass	Not assessed	
63	Hypoxidaceae	<i>Curculigo crassifolia</i>		Not assessed	1500-2500 m
64	Liliaceae	<i>Dracaena angustifolia</i>	Shrubby plant		
65	Liliaceae	<i>Disporum cantoniense</i>		Not assessed	700-3000 m
66	Liliaceae	<i>Ophiopogon intermedius</i>		Not assessed	700-3000 m
67	Liliaceae	<i>Peliosanthes teta</i>		Not assessed	ca. 600 m
68	Liliaceae	<i>Peliosanthes bakeri</i>		Not assessed	
69	Marantaceae	<i>Phrynium placentarium</i>		Not assessed	up to 1500 m
70	Marantaceae	<i>Phrynium pubinerve</i> (= <i>P. capitatum</i>)		Not assessed	
71	Melanthiaceae	<i>Paris polyphylla</i>	Herb; medicinal		
72	Musaceae	<i>Ensete glaucum</i>	Snow banana	Not assessed	
73	Musaceae	<i>Musa velutina</i>	Pink banana; medicinal	Not assessed	
74	Orchidaceae	<i>Podochilus khasianus</i>	Epiphytic	Not assessed	400-1900 m
75	Orchidaceae	<i>Aerides multiflora</i>		Not assessed	

S.no	Family	Scientific name	Local name/English name	IUCN status	Elevation
76	Orchidaceae	<i>Aerides odorata</i>		Not assessed	
77	Orchidaceae	<i>Anoectochilus roxburghii</i> (= <i>A. setaceus</i>)		Not assessed	100-1600 m
78	Orchidaceae	<i>Anoectochilus sikkimensis</i>		Not assessed	
79	Orchidaceae	<i>Arundina graminifolia</i>	Bamboo orchid	Not assessed	
80	Orchidaceae	<i>Bulbophyllum careyanum</i>		Not assessed	
81	Orchidaceae	<i>Bulbophyllum delitescens</i>		Not assessed	1000-2000 m
82	Orchidaceae	<i>Bulbophyllum helenae</i>		Not assessed	
83	Orchidaceae	<i>Bulbophyllum ornatissimum</i>		Not assessed	
84	Orchidaceae	<i>Bulbophyllum reptans</i>		Not assessed	
85	Orchidaceae	<i>Bulbophyllum devangiriense</i> (= <i>B. pteroglossum</i>)		Not assessed	
86	Orchidaceae	<i>Bulbophyllum viridiflorum</i>		Not assessed	
87	Orchidaceae	<i>Bulbophyllum xylophyllum</i>		Not assessed	
88	Orchidaceae	<i>Calanthe alismatifolia</i>		Not listed	700 to 2100 m
89	Orchidaceae	<i>Calanthe densiflora</i>		Not assessed	1000 to 3000 m
90	Orchidaceae	<i>Ceratostylis subulata</i>		Not assessed	
91	Orchidaceae	<i>Cheirostylis griffithii</i>		Not assessed	2200-2300 m
92	Orchidaceae	<i>Cheirostylis pusilla</i>		Not assessed	ca. 1300 m
93	Orchidaceae	<i>Chiloschista lunifera</i>		Not assessed	
94	Orchidaceae	<i>Cleisostoma simondii</i>		Not assessed	
95	Orchidaceae	<i>Cleisostoma subulatum</i>		Not assessed	
96	Orchidaceae	<i>Coelogyne fuscescens</i>		Not assessed	
97	Orchidaceae	<i>Coelogyne prolifera</i>		Not assessed	1100-2200 m
98	Orchidaceae	<i>Coelogyne corymbosa</i>		Not assessed	
99	Orchidaceae	<i>Cymbidium dayanum</i>	Phoenix orchid/Tree orchid	Not assessed	
100	Orchidaceae	<i>Cymbidium eburneum</i>		Not assessed

APPENDIX IIB

Dicots of Namdapha Tiger Reserve

This list is based primarily based on the floral survey by BSI (Chauhan et al. 1990). The plant names in the original list were verified and some records were synonyms, unresolved names, species that occur in other areas and doubtful; these have been marked with an asterisk. Additional information such as elevational range, habit and common English names is based on various plant website sources (mainly www.efloras.org). Most plant species have not been assessed by IUCN; the IUCN status is listed here for a few species. Source for all other species that have been recorded later by other studies/observations (not in the BSI list) have been given. There are additional species that have been observed in other studies that have not been included in this list as a full compilation has not been completed.

S.No.	Family	Scientific name	Habit	Assamese name/English name	Elevation	Source; IUCN status; remarks
1	Acanthaceae	<i>Acanthus leucostachys</i>	Herb			
2	Acanthaceae	<i>Aechnanthera glutinosus</i>	Shrub			Nath et al. 2005
3	Acanthaceae	<i>Barleria cristata</i>	Shrub; medicinal			
4	Acanthaceae	<i>Difflugossa colorata</i> (= <i>Strobilanthes hamiltoniana</i>)	Shrub		400-1500 m	
5	Acanthaceae	<i>Goldfussia discolor</i> (= <i>Strobilanthes discolor</i>)	Subshrub			
6	Acanthaceae	<i>Goldfussia glomerata</i> (= <i>Strobilanthes glomerata</i>)	Subshrub		1000-1500 m	
7	Acanthaceae	<i>Hygrophila erecta</i>	Herb		0 - 1000 m	
8	Acanthaceae	<i>Hygrophila salicifolia</i>	Herb			Least concern
9	Acanthaceae	<i>Hypoestes triflora</i>	Herb		300 - 2400 m	
10	Acanthaceae	<i>Phlogacanthus asperulus</i>	Shrub			
11	Acanthaceae	<i>Phlogacanthus parviflorus</i>	Shrub			

S.No.	Family	Scientific name	Habit	Assamese name/English name	Elevation	Source; IUCN status; remarks
12	Acanthaceae	<i>Phlogacanthus tubiflorus</i>	Shrub			
13	Acanthaceae	<i>Pseuderanthemum indicum</i>	Tree			
14	Acanthaceae	* <i>Pteracanthus nobilis?</i>	?			Unresolved name
15	Acanthaceae	<i>Ruellia erecta</i> (= <i>Hygrophila erecta</i>)	Herb		0 - 1000 m	
16	Acanthaceae	* <i>Strobilanthes glabratus?</i>	Shrub			Unresolved name
17	Acanthaceae	<i>Strobilanthes lachenensis</i>	Herb		1800 - 3400	
18	Acanthaceae	<i>Strobilanthes secunda</i>	Herb			
19	Acanthaceae	<i>Thunbergia coccinea</i>	Vine			
20	Aceraceae	<i>Acer laevigatum</i>	Tree			
21	Aceraceae	<i>Acer oblongum</i>	Tree	Himalayan maple		
22	Aceraceae	<i>Acer oblongum</i> var. <i>microcarpum</i>	Tree			Vulnerable, endemic to Arunachal
23	Aceraceae	* <i>Acer serrulatum</i>	Tree		1000-2000 m	Mistaken identity - endemic to Taiwan?
24	Aceraceae	<i>Acer sikkimense</i>	Tree		1700-3000 m	
25	Alangiaceae	<i>Alangium chinense</i>	Herb			
26	Amaranthaceae	<i>Achyranthes aspera</i>	Weedy invasive?, medicinal	Prickly chaff flower/Devil's Horsewhip		

S.No.	Family	Scientific name	Habit	Assamese name/English name	Elevation	Source; IUCN status; remarks
27	Amaranthaceae	<i>Achyranthes bidentata</i>	Herb; medicinal	Ox knee		
28	Amaranthaceae	<i>Alternanthera sessilis</i>	Aquatic herb; medicinal			
29	Amaranthaceae	<i>Amaranthus spinosus</i>	Introduced, weed	Prickly amaranth/Spiny amaranth/Thorny amaranth		
30	Amaranthaceae	<i>Celosia argentea</i>	Herb		up to 1600 m	
31	Amaranthaceae	<i>Cyathula prostata</i>	Herb; medicinal			
32	Amaranthaceae	<i>Deeringia amaranthoides</i>	Climbing shrub	Shrubby Deeringia		
33	Anacardiaceae	<i>Choerospondias axillaris</i>	Tree	Lepchipoma		
34	Anacardiaceae	<i>Drimycarpus racemosus</i>	Tree		100 - 900 m	
35	Anacardiaceae	<i>Mangifera sylvatica</i>	Tree			Nath et al. 2005
36	Anacardiaceae	<i>Pegia nitida</i> (= <i>Tapiria hirsute</i>)	Shrub; medicinal			
37	Anacardiaceae	<i>Rhus chinensis</i>	Tree	Chinese sumac, nutgall tree		
38	Anacardiaceae	<i>Rhus semialata</i> (= <i>R. javanica</i>)	Tree			
39	Anacardiaceae	<i>Rhus succedanea</i>	Tree	Wax tree		
40	Anacardiaceae	<i>Spondias pinnata</i>	Tree	Amora tenga		
41	Annonaceae	<i>Desmos dumosus</i>	Climber		500-1700 m	
42	Annonaceae	<i>Enicosanthum fuscum</i>	Tree			
43	Annonaceae	<i>Fissistigma polyanthum</i>	Climber; medicinal		100-1200 m	

S.No.	Family	Scientific name	Habit	Assamese name/English name	Elevation	Source; IUCN status; remarks
44	Annonaceae	<i>Fissistigma wallichii</i>	Climber		400-1600 m	
45	Annonaceae	<i>Goniothalamus sesquipedalis</i>	Tree			
46	Annonaceae	<i>Milieusa roxburghiana</i>	Tree; medicinal			
47	Annonaceae	<i>Polyalthia cerasoides</i>	Tree			Nath et al. 2005
48	Annonaceae	<i>Polyalthia jenkinsii</i>	Tree			
49	Annonaceae	<i>Trivalvaria argentea</i>	Herb			
50	Annonaceae	<i>Polyalthia simiarum?</i>	Tree	Kari		NCF
51	Apiaceae	<i>Centella asiatica</i>	Aquatic creeping herb; medicinal			
52	Apiaceae	<i>Hydrocotyle javanica</i>	Herb		600 - 2000 m	
53	Apiaceae	<i>Oenanthe thomsonii</i>	Climber		1000 - 3500 m	
54	Apiaceae	* <i>Pternopetalum senii?</i>	?			Unresolved name
55	Apocynaceae	<i>Allamanda cathartica</i>	Vine			
56	Apocynaceae	<i>Alstonia scholaris</i>	Tree	Chatiana		Nath et al. 2005
57	Apocynaceae	<i>Melodinus khasianus</i>	Liana		1600-2900 m	
58	Apocynaceae	<i>Parabarium micranthum</i>	?			
59	Apocynaceae	<i>Pottsia laxiflora</i>	Liana		200 - 1000 m	
60	Apocynaceae	<i>Tabernaemontana divaricata</i>	Shrub		100 - 1600 m	
61	Araliaceae	<i>Acanthopanax aculeatum</i>	Shrub			Nath et al. 2005
62	Araliaceae	<i>Aralia armata</i>	Climber			
63	Araliaceae	<i>Aralia thomsonii</i>	Climber			
64	Araliaceae	<i>Brassaiopsis glomerulata</i>	Shrubby tree		400-2500 m	

S.No.	Family	Scientific name	Habit	Assamese name/English name	Elevation	Source; IUCN status; remarks
65	Araliaceae	<i>Brassaiopsis hainla</i>	Tree		1300-2100 m	
66	Araliaceae	<i>Macropanax undulatus</i>	Tree		400-2200 m	Nath et al. 2005
67	Araliaceae	<i>Pseudobrassaiopsis hispida</i>	Shrub		1400 - 2300m	
68	Araliaceae	<i>Schefflera venulosa</i>	Climber			
69	Aristolochiaceae	<i>Aristolochia platanifolia</i>	Climber			
70	Asclepiadaceae	<i>Cryptolepis buchananii</i> (= <i>C. dubia</i>)	Liana; medicinal	Wax-leaved climber	500-1500 m	
71	Asclepiadaceae	<i>Gongronema napalense</i>	Liana		500-1500 m	
72	Asclepiadaceae	<i>Hoya globulosa</i>	Vine			
73	Asclepiadaceae	<i>Hoya lobbii</i> or <i>labbii</i>	Vine			
74	Asclepiadaceae	<i>Marsdenia roylei</i>	Twining tomentose shrub		900 - 2100 m	
75	Asclepiadaceae	<i>Pendulous wallichii?</i>	?			
76	Asclepiadaceae	<i>Pentasachme caudatum</i>	Herb		0 - 1300 m	
77	Asteraceae	<i>Ageratum conyzoides</i>	Weedy herb; medicinal			
78	Asteraceae	<i>Ainsliaea latifolia</i>	Perennial herb			
79	Asteraceae	<i>Artemisia nilagirica</i>	Herb			
80	Asteraceae	<i>Bidens biternata</i>	Herb			
81	Asteraceae	<i>Bidens pilosa</i>	Herb; medicinal			
82	Asteraceae	<i>Blumea lanceolaria</i>	Herb		400-1500 m	
83	Asteraceae	<i>Chromolaena odorata</i>	Herb			
84	Asteraceae	<i>Emilia sonchifolia</i>	Herb			
85	Asteraceae	<i>Erigeron</i> (= <i>Conyza</i>) <i>bonariensis</i>	Weedy herb?			

S.No.	Family	Scientific name	Habit	Assamese name/English name	Elevation	Source; IUCN status; remarks
86	Asteraceae	<i>Eupatorium odoratum</i> (= <i>Chromolaena odorata</i>)	Weed			Nath et al. 2005
87	Asteraceae	<i>Gnaphalium pensylvanicum</i>	Herb			
88	Asteraceae	<i>Gynura crepidioides</i> (= <i>Crassocephalum crepidioides</i>)	Herb		300 - 1800 m	
89	Asteraceae	<i>Gynura cusimbua</i>	Herb		1300 - 3400 m	
90	Asteraceae	<i>Mikania cordata</i>	Weedy herb			
91	Asteraceae	<i>Mikania micrantha</i>	Weed			
92	Asteraceae	<i>Myriactis nepalensis</i>	Herb?			
93	Asteraceae	<i>Myriactis wallichii</i>	Herb		2600 - 3000 m	
94	Asteraceae	<i>Prenanthes scandens</i> (= <i>Notoseris scandens</i>)	Vine		900 - 2000 m	
95	Asteraceae	<i>Senecio cappa</i>	Herb			
96	Asteraceae	<i>Senecio wightii</i>	Herb			
97	Asteraceae	<i>Siegesbeckia orientalis</i>	Herb; medicinal			
98	Asteraceae	<i>Spilanthes acmella</i> (= <i>Acmella oleracea</i>)	Herb			
99	Asteraceae	<i>Spilanthes paniculata</i>	Herb; medicinal			
100	Asteraceae	<i>Synotis triligulata</i> ?	Herb?		1200 - 2100	
101	Asteraceae	<i>Vernonia volkamerifolia</i>	Shrub			
102	Asteraceae	<i>Xanthium strumarium</i>	Shrub; medicinal
