<p><b>Acorn Squash</b></p>  A photograph of acorn squash. One is whole with its characteristic green and yellow striped skin. Another is cut in half, showing the bright orange, hollow interior.	<p><b>Butternut Squash</b></p>  A photograph of butternut squash. One is whole, showing its elongated, tan-colored shape. Another is cut in half, revealing the orange flesh and seeds.	<p><b>Patti Pan Squash</b></p>  A photograph of patti pan squash. It includes a yellow scalloped-edge squash, a dark green scalloped-edge squash, and a light green scalloped-edge squash.	<p><b>Spaghetti Squash</b></p>  A photograph of spaghetti squash. One is whole and yellow, the other is cut in half to show the stringy, spaghetti-like interior.	<p><b>Swede</b></p>  A photograph of a swede, a root vegetable with a rounded, purple and green exterior and a white interior.
<p><b>Sweet Potato</b></p>  A photograph of sweet potatoes. One is whole with its brown skin, and two are sliced to show the bright orange, moist interior.	<p><b>Tomatillo</b></p>  A photograph of tomatillos. There are three green, papery husks and one smooth, green tomatillo.	<p><b>Tomatoes</b></p>  A photograph of tomatoes. There are several whole red tomatoes on a vine and two sliced to show the red flesh and seeds.	<p><b>Turnips</b></p>  A photograph of turnips. There are three purple and white turnips with their green leafy tops.	<p><b>Water Chestnuts</b></p>  A photograph of water chestnuts. There are three whole ones and one cut in half to show the white, crisp interior.
<p><b>Yam</b></p>  A photograph of yams. One is whole with its rough, brown skin, and another is cut in half to show the white, starchy interior.	<p><b>Zucchini</b></p>  A photograph of zucchini. There are three whole green zucchinis.
