

10 cm 2-Way Speaker

110 W MAX.

Key Selling Point

- Twaron** Aramid fiber cone reproduces deep and bold bass & bold vocal sound and also expresses even the most subtle nuances.
- Open & Smooth™ sound concept delivers open staging & smooth transition of driver response to provide the ultimate in-car sound.
- Included brackets** provide for installation flexibility and wide coverage.

Speaker Technology

	<p>Open*</p> <p>Open staging and sound characteristics enhance the widening effect that extends way beyond the space between speakers.</p>
	<p>Smooth*</p> <p>With smooth transitions between mid-bass and tweeter frequency characteristics, sound from these speakers is not marred by crossover frequency dips.</p>

The new cone on the woofer of the Pioneer TS-D component offers a variety of improvements for optimal performance and phenomenal sound. The aramid fiber cone is constructed from Twaron® woven cloth that is hardened and shaped to produce a rigid and durable cone. The woofer offers stiffer dampening for quicker response. The woofer section of the TS-D component produces deep and bold bass & bold vocal sound.

* Twaron® is a registered trade mark of Teijin Aramid BV.

With the "Open & Smooth" sound of Pioneer D-Series Speakers out on the open road, the journey to more dramatic in-car audio sensations moves every passenger in its natural, dynamic flow.

A Superior Characteristic of D-Series: Smaller Dips for Wider Angles

Unlike competitors' speakers, Pioneer D-Series speakers produce more natural sound without big gaps in the high-to-midrange frequency range for various angles.

Tweeter

Rear Chamber

Light Weight Soft Dome Diaphragm

Optimized Flange Shape

CCAW (Copper-Clad Aluminum) Voice Coil

Neodymium Magnet

The flange is optimally shaped for wider directivity and reproduces steady sound.

The new D-Series components are capable of wider frequency sound and quicker response in playback than any models that preceded them.

Brackets (for TS-D1730C)

OEM-like multi-application

The included bracket can be cut as needed for flexible installation in various types of cars without having to cut vehicle doors.

23 Pole Tweeter
