

# ISN Overview

Established in 2001, ISN is a global leader in contractor and supplier management. ISN's mission is to collect, verify and organize information to improve the efficiency, compliance and safety performance of our client and contractor customers.

Our vision is to be the global thought leader, facilitator and source of contractor management information, metrics and best practices.

# Tracking Individual-Level Data in ISNetwork

**Training Qualifications (TQ):** Hiring Clients define job specific employee-level training requirements for contractor employees and view reports in ISNetwork.

**Quick Check:** Hiring Clients view point-in-time check of individual's compliance through Red or Green status. Configurable setup can include multiple compliance components (i.e.: Grade, Training, Background Check, etc.)

**Contractor Badging and Check-In/Check-Out:** Contractor employees obtain ISN ID cards, which are scanned onsite to verify compliance with Hiring Client's QuickCheck requirements; can also check-in/check-out contractor employees.

# Training Qualifications (TQ) Activity List

- Owner Client creates activity list
- Set training requirements by activity / job
- Contractor submits report prior to going to job site

173 Total Records Page 1 2 3 4

Activity Code	Activity Name	Type	Details

# Training Qualifications (TQ) Activity Compliance

- Easily view employee-level training requirements based on job roles, determine compliance and monitor training renewal dates.

The screenshot shows the McKinney Enterprises web application interface. At the top, the McKinney Enterprises logo is on the left, and the user name 'Flavio Santos' with a 'Log Out' link and an ISN logo is on the right. A navigation menu includes 'Home', 'My To-Do List', 'My Clients', 'My Contractors', 'Messages', 'Reports', 'Favorites', and 'More'. Below the navigation is a breadcrumb trail: 'Recently Viewed: Home > Menu > Activity Compliance Report'. The main content area is titled 'Activity Compliance Report' and has three tabs: 'Search', 'Results', and 'Details'. There are two radio button options: 'All Activities for Project' and 'Required Activities Only'. An 'Export To Excel' button is located on the right. Below the options, it says '6 Total Records' and 'Page 1'. A table displays the following data:

Company Name	ISN ID	Employee	Activity	Status	Expiration
Knox Construction Inc.	ISN-00367002	Allen, Carl	12 - Blasting Crew - Water	<a href="#">Qualified</a>	06/06/2015
Knox Construction Inc.	ISN-00367002	Allen, Carl	31 - Crane Operator	<a href="#">Qualified</a>	01/26/2016
Knox Construction Inc.	ISN-00367002	Allen, Carl	42 - Electrician - Construction	<a href="#">Not Qualified</a>	
Knox Construction Inc.	ISN-00367002	Allen, Carl	102 - Rig (Drilling/Workover) - Crane Operator	<a href="#">Qualified</a>	06/06/2015
Knox Construction Inc.	ISN-00367002	Allen, Carl	121 - ROV Maintenance Technician	<a href="#">Not Qualified</a>	
Knox Construction Inc.	ISN-00367002	Allen, Carl	122 - ROV Operator (May require Well Control Supervision where applicable)	<a href="#">Not Qualified</a>
