These procedures shall be consistent with all applicable statutes, rules and regulations.

2.5.C Taxes, Gross Revenue, Gross Income, and Gross Earnings Surcharges

2.5.C.1 Sales tax is covered by state statute. Any additional applicable taxes may be covered by state or federal statutes. Such taxes may be included on Customer bills in accordance with any applicable rules of the state or federal regulatory authority.

2.5.G Credit Allowances/Service Interruptions

- 2.5.G.5 Any credit provided to the Customer under this Tariff shall be determined in accordance with the provisions of Section 2.5.H.

2.5.H Service Interruption Measurement

In the event of an interruption of Service that exceeds the minimum requirements set forth in this paragraph, the Company shall make a credit allowance at the Customer's request for a pro rata adjustment of all Service charges billed by the Company for those Services rendered inoperative by the interruption. The credit allowance will be computed by dividing the duration of the service interruption measured in twenty-four (24) hour days, from the time the interruption is reported to the Company, by a standard thirty (30) day month, and then multiplying the result by the Company's fixed monthly charges for each interrupted Service.

The credit allowance formula is as follows:

2.7 Special Services

2.7.A General

For the purpose of this Tariff, Special Services are deemed to be any Service requested by the Customer and provided by the Company for which there is no prescribed rate in this Tariff. Special Services charges will be developed on an individual case basis (ICB) and may be established by contract between the Company and the Customer. Such contract or ICB rates will be filed with the Commission for its approval if required by applicable rules and regulations.

2.7.B When Applicable

Special Services rates apply in the following circumstances:

2.7.B.5 If installation and/or routine maintenance is extended beyond normal business hours at the request of the Customer and these circumstances are not the fault of the Company, Special Service charges may apply. Such circumstances include, but are not limited to, stand-by in excess of one hour, weekend, holiday or night time cut-over, and additional installation testing in excess of the normal testing required to provide Service.

2.7.C Cancellation

If a Customer orders Service requiring special facilities dedicated to the Customer's use and then cancels its order prior to the Service start date, before completion of any minimum Service periods associated with such special facilities ordered by the Company or before completion of some other period mutually agreed upon by the Customer and the Company, a charge will be made to the Customer for the nonrecoverable portions of expenditures or liabilities incurred expressly on behalf of the Customer by the Company and not fully reimbursed by installation and monthly charges. If, based on such an order, any construction has either begun or been completed, but no such Service provided, the nonrecoverable cost of such construction shall be borne by the Customer.

Customized Service packages and competitive pricing arrangements at negotiated rates may be furnished on a case-by-case basis in response to Customer request for such proposals or for competitive bids. Special Pricing Arrangements offered under this Tariff will be provided to the Customer pursuant to contract. Unless otherwise specified, the regulations for such arrangements are in addition to the applicable regulations and prices in other sections of the Tariff. Specialized rates or charges will be made available to similarly situated Customers on a non-discriminatory basis. Such contracts will be filed with the Commission for approval if required by applicable rule or regulation.

2.9 Special Construction

All rates and charges quoted in this Tariff provide for the furnishing of a Service when suitable facilities are available or where the construction of the necessary facilities does not involve unusual costs. When the revenue to be derived from the Service does not warrant the Company assuming the unusual costs of providing the necessary construction, the Customer may be required to pay all or a portion of such costs and to contract for the Service for a sufficient period to warrant the construction, depending upon the circumstances in each case. The Company's charges for such special construction shall follow the same guidelines for establishing charges for Special Services as described in Section 2.8 of this Tariff.

2.10 Inspection, Testing and Adjustment

2.10.A The Company may, upon reasonable notice, make such tests and inspections as may be necessary to investigate the installation, operation or maintenance of the Customer's or the Company's equipment or connecting facilities. The Company may interrupt Service at any time, without penalty or liability to itself, where necessary to prevent improper use of Service, equipment, facilities, or connections.

2.10.B Upon reasonable notice, the facilities and equipment provided by the Company shall be made available to the Company for such tests and adjustments as may be necessary for its maintenance in a condition satisfactory to the Company.
