COUNCIL MEETING 16TH DECEMBER 2020

AMENDMENT TO THE NOTICE OF MOTION AS SET OUT IN ITEM 10 (B) OF THE COUNCIL AGENDA

In accordance with Procedural Rule 10.4.1 of Part 4 of the Council Constitution the following amendments were received in the names of:- Councillors P Jarman, E Webster, H Fychan, G Davies, A Chapman, S Evans, L Jones, E Stephens, S Rees Owen, M Weaver, J Williams, A Cox, D Grehan, E Griffiths, K Morgan, J Cullwick, J Davies:-

The effects of inequality and poverty on life chances are multi-faceted and well documented, with the impact of the global pandemic not only exposing the financial hardships that families across the country and beyond face, but also exacerbating the significant strain placed on our economy through mass job losses and the collapse of many businesses.

The need to provide a safety net has never been more urgent, and it is little wonder to see calls continuing to grow for the introduction of a Universal Basic Income (UBI) scheme. UBI would see everyone being paid a fixed sum by the Government to cover basic costs, regardless of whether they are rich or poor, or working or unemployed. It is clear that the current benefits scheme is broken, with millions suffering undue hardship through the inherent problems with the Universal Credit system, and the implementation of a universal benefit scheme would not only reduce poverty and inequality, but would also provide a more robust system of financial security to those families experiencing financial hardships.

In October of this year, a majority of Members of the Senedd from across a number of political parties supported a Notice of Motion tabled by Jack Sargeant MS calling on the Welsh Government to implement a UBI trial in Wales and to lobby the U.K. Government for funding to extend this across Wales. During the debate, the Welsh Government's Finance Minister & Trefnydd highlighted that rolling out a Universal Basic Income scheme set at the living wage across Wales could cost around £35bn a year – a sum that is twice the size of the Welsh Government's budget. It is clear that any such future pilot would require significant financial support from the Westminster Government.

{Add: This Council resolves to continue to work with UBI Lab Wales Network in the development of proposals for a pilot in the County and further resolves that we invite UBI Lab Network RCT to a future meeting of Full Council to inform Members of progress in their campaign of promoting UBI locally and nationally}.

As the implementation of a trial falls outside the scope of the statutory powers of the Local Authority, this Council therefore resolves for the Leader of the Council to write to the First Minister {add: and all Party Leaders represented at the Senedd} to express this Council's interest in forming part of any pilot scheme introduced for Universal Basic Income.

{Add: In recognition that the primary onus of responsibility for the overall funding of UBI rests with the UK Government, this Council further resolves to send a copy of this motion to the Secretary of State for Work and Pensions, the Chancellor of the

Exchequer and to the Leaders of all of the Parties that are represented in the UK Parliament}.

The motion amended will read:

The effects of inequality and poverty on life chances are multi-faceted and well documented, with the impact of the global pandemic not only exposing the financial hardships that families across the country and beyond face, but also exacerbating the significant strain placed on our economy through mass job losses and the collapse of many businesses.

The need to provide a safety net has never been more urgent, and it is little wonder to see calls continuing to grow for the introduction of a Universal Basic Income (UBI) scheme. UBI would see everyone being paid a fixed sum by the Government to cover basic costs, regardless of whether they are rich or poor, or working or unemployed. It is clear that the current benefits scheme is broken, with millions suffering undue hardship through the inherent problems with the Universal Credit system, and the implementation of a universal benefit scheme would not only reduce poverty and inequality, but would also provide a more robust system of financial security to those families experiencing financial hardships.

In October of this year, a majority of Members of the Senedd from across a number of political parties supported a Notice of Motion tabled by Jack Sargeant MS calling on the Welsh Government to implement a UBI trial in Wales and to lobby the U.K. Government for funding to extend this across Wales. During the debate, the Welsh Government's Finance Minister & Trefnydd highlighted that rolling out a Universal Basic Income scheme set at the living wage across Wales could cost around £35bn a year – a sum that is twice the size of the Welsh Government's budget. It is clear that any such future pilot would require significant financial support from the Westminster Government.

This Council resolves to continue to work with UBI Lab Wales Network in the development of proposals for a pilot in the County and further resolves that we invite UBI Lab Network RCT to a future meeting of Full Council to inform Members of progress in their campaign of promoting UBI locally and nationally.

As the implementation of a trial falls outside the scope of the statutory powers of the Local Authority, this Council therefore resolves for the Leader of the Council to write to the First Minister and all Party Leaders represented at the Senedd, to express this Council's interest in forming part of any pilot scheme introduced for Universal Basic Income.

In recognition that the primary onus of responsibility for the overall funding of UBI rests with the UK Government, this Council further resolves to send a copy of this motion to the Secretary of State for Work and Pensions, the Chancellor of the Exchequer and to the Leaders of all of the Parties that are represented in the UK Parliament.
