

Burocracia

A 1ª edição do Boletim Eletrônico de Bibliografias Especializadas traz publicações com o tema **Burocracia**. As obras fazem parte do acervo da Biblioteca Graciliano Ramos, da Escola Nacional de Administração Pública (ENAP). A literatura trata, por um lado, os aspectos da burocracia enquanto modelo de funcionamento do Estado. Já em outra conotação, explora características do corpo funcional do governo, suas peculiaridades e seu papel no processo de *policy-making*.

O objetivo é divulgar publicações que auxiliem gestores públicos e pesquisadores na reflexão e compreensão desse assunto, para além das propagadas "disfunções" da burocracia (morosidade, falta de eficiência da máquina pública, foco nos processos e não nos resultados).

Analisar a burocracia e buscar seu aprimoramento é condição fundamental para o desenvolvimento das nações, por estabelecer o funcionamento do Estado, as atribuições dos servidores públicos e as responsabilidades da administração pública. Por fim, a burocracia auxilia a regulamentação das atividades econômicas, respeitando a democracia e o direito à igualdade de oportunidades.
