

USE OF SCHOOL FACILITIES

A. Requests to use Swallow School District facilities will be processed according to the following guidelines:

1. School activities will always have top priority. All school-sponsored activities approved by the Superintendent or designee shall have precedence over other requests for the use of facilities and be submitted to the Principal for publication on the school's room usage calendar. A school employee must be present for all school-sponsored events. If a custodian(s) or Food Service worker is needed outside of his/her regularly scheduled time, approval must be obtained in advance from the Superintendent or designee.
2. Non-school groups interested in using the District's facilities or grounds must complete the Facilities Use Agreement and/or Recreational Agreement for administrative consideration of the request. It is suggested that applications are made a minimum of two weeks in advance to allow for full consideration of the request.
3. Non-school groups will be notified of the approval or denial of the organization's application for facility and/or recreational use. Approval will initiate planning with the organization for the facility or recreational usage requested.
