2-HD Supply Construction & Industrial – White Cap (Contract No. 121218-HDS)

File ID: 2019-01515 Consent Item 13

Description/Analysis

Issue Detail: The Fire Department has an ongoing need to purchase lumber and miscellaneous hardware supplies for the training division. The training division uses a variety of lumber and hardware supplies to build props, fire flow testing demonstration and forceable entry props. Department staff train with live fire and need to have realistic fire environments, which require staff to build props that represent different fire scenarios with common building materials.

Policy Considerations: The recommendations in this report are in accordance with provisions of the City Code Section 3.56.240, which authorizes the City Manager, where advantageous to the City, to utilize cooperative purchasing agreements approved by the City Council to purchase supplies or nonprofessional services through legal contracts of other governmental jurisdictions or public agencies without separate competitive bidding by the City.

Economic Impacts: None.

Environmental Considerations: This report concerns administrative activities that do not constitute a "project" as defined by section 15378 of the California Environmental Quality Act (CEQA) Guidelines and is otherwise exempt pursuant to sections 15061(b)(3); 15378(b)(2).

Sustainability: None.

Commission/Committee Action: Not applicable.

Rationale for Recommendation: The Fire Department will use the purchased lumber and miscellaneous hardware supplies for training purposes. The purposes include but not limited to prop development and fire related training exercises with common materials found during fire suppression responses. After reviewing the available purchase options, staff is recommending council to approve the Fire Department to purchase required lumber and miscellaneous hardware supplies from HD Supply Construction & Industrial – White Cap until January 25, 2023 through the cooperative purchase agreement with Sourcewell which represents the most advantageous purchasing strategy.

In an ongoing effort to maximize cost savings and staff resources, many government agencies sharing contracting efforts through cooperative purchasing. This procurement approach increases pricing competitiveness and lowers operating costs through buying in volume. When comparing the administrative costs of procurement; staff considers product research, source selection, specifications, advertising, staff reports, awarding, potential protest, and

administration of the contract. Cooperative purchasing is more beneficial to eliminate additional time and resources spend on those administrative processes.

Financial Considerations: The estimated annual purchase cost is approximately \$50,000 and purchases will be made on an as-needed basis. Sufficient funding has been identified for this contract in the Fire Department's Externally Funded Project (E12000100). Purchases made after June 30, 2020 are subject to funding availability in the Externally Funded Project (E12000100) budget of the applicable fiscal year.

Local Business Enterprise (LBE): HD Supply Construction and Industrial – White Cap is not an LBE. The minimum LBE participation The City's LBE program does not apply to cooperative purchasing agreements that result from another public agency's competitively-bid process.

At HD Supply White Cap, we pride ourselves on being able to "go the extra mile" for our customers and find them what they need to get the job done even if it means sourcing beyond our large selection of stocked product. Due to our buying power and relations with our primary manufacturers, we are able to do this as another value add for the customer and make our company a one stop shop.

For "sourced" products, we would supply a quote for each such individual request.

13) Identify any total cost of acquisition costs that are <u>NOT</u> included in the pricing submitted with your response. This cost includes all additional charges that are not directly identified as freight or shipping charges. For example, list costs for items like installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.

There are no additional costs associated with our response.

14) If travel expense, delivery or shipping is an additional cost to the Sourcewell Member, describe in detail the complete travel expense, shipping and delivery program.

NA –There are no travel expense, delivery or shipping* as an additional cost to the Sourcewell members.

Prepaid freight will be offered on all standard stocked items shipped via ground transportation. For standard stock product, our delivery commitment within a 35 mile range from a stocking location to our customers is typically next day delivery.

*Other freight charges will be incurred for services such as expedited delivery, air freight, freight collect, sourced or special orders, export orders, hazardous materials, buyer's carrier, shipments outside the contiguous U.S. or other special handling by the carrier.

15) Specifically describe those travel expense, shipping and delivery programs for Alaska, Hawaii, Canada, or any offshore delivery.

HD Supply White Cap has 4 branches throughout Hawaii in Honolulu, Kahului, Hilo and Kailua-Kona. We have 40 branches in Canada under the Brafasco trade name. Hawaii and Canada dictate their own pricing and freight terms.

Our company does not have any physical branches in Alaska, but we service the area on a regular basis from our State of Washington branches. Some additional freight charges may apply when shipping to Alaska or other US Territories*.

*Other freight charges will be incurred for services such as expedited delivery, air freight, freight collect, sourced orders, export orders, hazardous materials, buyer's carrier, shipments outside the contiguous U.S. or other special handling by the carrier.

16) Describe any unique distribution and/or delivery methods or options offered in your proposal.

For standard, stock product our delivery commitment within a 35 mile range from a stocking location to our customers is typically next day delivery. In this scenario, we will be using our own fleet of delivery trucks owned by our company which we feel is somewhat unique and sets us apart from our competition. Normal, standard transit times apply should we have to send via an alternate carrier method (UPS, FedEx, etc.) or freight line. We also have a centralized logistics team that handles any special requests and negotiates freight rates so we can pass these savings onto our customers.

17) Please specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell Members obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.

Our internal compliance team will perform audits within our company-wide Oracle operating system on a regular basis to verify contract compliance with Sourcewell. We will achieve this in an efficient manner by ensuring the accounts are coded properly as soon as a Sourcewell member signs up and wishes to do business with HD Supply White Cap under the program. This process will include ensuring that Sourcewell Members obtain proper pricing, that HD Supply White Cap reports all sales under the program each quarter, and that HD Supply White Cap remits the proper administrative fee to Sourcewell. Our company is already doing this on a regular basis with our Federal government business, being that we have a Federal GSA Schedule. We also do this with certain large National Accounts in which we have specific contracts that require nationwide consistent pricing and detailed reporting within specific time frames.

18) Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See RFP Section 6.29 and following for details.)

HD Supply White Cap proposes an administrative fee of 1%, which we will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell contract in the event that we are awarded a contract.

HD Supply is in a class of its own as the only national construction supplier on the market today offering professional type products and services that our local and state government agencies are demanding. Our primary customers have always been concrete contractors, general contractors, MEP contractor and many others so our existing market share with government, education & non-profit customers is very low. With the right sales efforts and right partner in Sourcewell, we hope to change this and make this segment of government a huge part of our business. Today, we are supporting our local and state government customers primarily in the Facilities MRO, Industrial Supplies, Tools & Equipment/Accessories and Construction & Building Supplies categories through our standard product offerings. We have decided to include our entire catalog in the proposal to cover all the needs of these customers whether they be road and highway items for Department of Transportation or if they are for maintenance or new construction products for buildings on a university. Our depth and breadth of product is very deep and wide and will satisfy the needs of countless other examples.

Our extensive inventory, combined with will call, site delivery and direct ship options, enable us to perform to the highest customer service expectations. HD Supply has an expansive product offering of approximately 800,000 SKUs of quality, name-brand and proprietary products at competitive prices. With over \$100 million in inventory in numerous branches (271 locations in U.S. and Canada) and distribution centers nationwide along with a vast fleet of delivery trucks, HD Supply has what you need, where you need it, when you need it. Additionally, our team of more than 3,000 associates are experts in their field, so Sourcewell members can rely on us for professional service and solutions needed to get the job done.

- <u>2.2</u> Sourcewell also notifies and provides solicitation documentation to each state-level procurement departments for possible re-posting of the solicitation within their systems and at their option for future use and to meet specific state requirements.

3 INTRODUCTION

A. ABOUT SOURCEWELL

- <u>3.1</u> Sourcewell, formerly the National Joint Powers Alliance[®] (NJPA) is a public agency serving as a national municipal contracting agency established under the Service Cooperative statute by Minnesota Legislative Statute §123A.21 with the authority to develop and offer, among other services, cooperative procurement services to its membership. Eligible membership and participation includes states, cities, counties, all government agencies, both public and non-public educational agencies, colleges, universities and non-profit organizations.
- <u>3.2</u> Under the authority of Minnesota state laws and enabling legislation, Sourcewell facilitates a competitive solicitation and contracting process on behalf of the needs of itself and the needs of current and potential member agencies nationally. This process results in national procurement contracts with various Vendors of products/equipment and services which Sourcewell Member agencies desire to procure. These procurement contracts are created in compliance with applicable Minnesota Municipal Contracting Laws. A complete listing of Sourcewell cooperative procurement contracts can be found at www.sourcewell-mn.gov.
- <u>3.3</u> Sourcewell is a public agency governed by publicly elected officials that serve as the Sourcewell Board of Directors. Sourcewell's Board of Directors oversees and authorizes the calls for all new proposals and holds those resulting Contracts for the benefit of its own and its Members use.
- <u>3.4</u> Sourcewell currently serves over 50,000 member agencies nationally. Both membership and utilization of Sourcewell contracts continue to expand, due in part to the increasing acceptance of Cooperative Purchasing throughout the government and education communities nationally.

B. JOINT EXERCISE OF POWERS LAWS

- 3.5 Sourcewell cooperatively shares those contracts with its Members nationwide through various Joint Exercise of Powers Laws or Cooperative Purchasing Statutes established in Minnesota, other states and Canadian provinces. The Minnesota Joint Exercise of Powers Law is Minnesota Statute §471.59 which states "Two or more governmental units...may jointly or cooperatively exercise any power common to the contracting parties..." This Minnesota Statute allows Sourcewell to serve Member agencies located in all other states. Municipal agencies nationally can participate in cooperative purchasing activities under their own state law. These laws can be found on our website at www.sourcewell-mn.gov/compliance-legal.
 - 3.5.1 For Members within the Commonwealth of Virginia, this RFP is intended to be a "joint procurement agreement" as described in Vir. Code § 2.2-4304(A), and those Virginia Members identified in Appendix C may agree to be a Joint Purchaser under this RFP.
 - 3.5.2 For Members within Canada, this RFP is intended to include municipalities and publicly-funded academic institutions, schools boards, health authorities, and social services (MASH Page 21 of 131

sectors). In addition this RFP is intended to include current and potential Members of the Rural Municipalities of Alberta (RMA), and their represented Associations (SARM, SUMA and AMM).

C. WHY RESPOND TO A NATIONAL COOPERATIVE PROCUREMENT CONTRACT

- <u>3.6</u> National Cooperative Procurement Contracts create value for Municipal and Public Agencies, as well as for Vendors of products/equipment and services in a variety of ways:
 - <u>3.6.1</u> National cooperative contracts potentially save time and effort for municipal and public agencies, who otherwise would have to solicit vendor responses to individual RFPs, resulting in individual contracts, to meet the procurement needs of their respective agencies. Considerable time and effort is also potentially saved by the Vendors who would have had to otherwise respond to each of those individual RFPs. A single, nationally advertised RFP, resulting in a single, national cooperative contract can potentially replace thousands of individual RFPs for the same equipment/products/services that might have been otherwise advertised by individual Sourcewell member agencies.
 - <u>3.6.2</u> Sourcewell contracts offer our Members nationally leveraged volume purchasing discounts. Our contract terms and conditions offer the opportunity for Vendors to recognize individual member procurement volume commitment through additional volume based contract discounts.
- <u>3.7</u> State laws that permit or encourage cooperative purchasing contracts do so with the belief that cooperative efficiencies will result in lower prices, better overall value, and considerable time savings.
- <u>3.8</u> The collective purchasing power of thousands of Sourcewell Member agencies nationwide offers the opportunity for volume pricing discounts. Although no sales or sales volume is guaranteed by a Sourcewell Contract resulting from this RFP, substantial volume is anticipated and volume pricing is requested and justified.
- <u>3.9</u> Sourcewell and its Members desire the best value for their procurement dollar as well as a competitive price. Vendors have the opportunity to display and highlight value-added attributes of their company, equipment/products and services without constraints of a typical individual proposal process.

D. THE INTENT OF THIS RFP

- 3.10. National contract awarded by Sourcewell: Sourcewell seeks the most responsive and responsible Vendor relationship(s) to reflect the best interests of Sourcewell and its Member agencies. Through a competitive proposal and evaluation process, the Sourcewell Proposal Evaluation Committee recommends vendors for a national contract awarded by the action of the Sourcewell Chief Procurement Officer. Sourcewell's primary intent is to establish and provide a national cooperative procurement contract that offer opportunities for Sourcewell and our current and potential Member agencies throughout the United States and Canada to procure quality product/equipment and services as desired and needed. The contracts will be marketed nationally through a cooperative effort between the awarded vendor(s) and Sourcewell. Contracts are expected to offer price levels reflective of the potential and collective volume of Sourcewell and the nationally established Sourcewell membership base.
- **3.11** Beyond our primary intent, Sourcewell further desires to:
 - 3.11.1 Award a four-year contract with a fifth-year contract option resulting from this RFP. Any fifth-year extension is exercised at Sourcewell's discretion and results from Sourcewell's contracting needs or from Member requests; this extension is not intended merely to accommodate an awarded Vendor's request. If Sourcewell grants a fifth-year extension, it may also terminate the contract (or cause it to expire) within the fifth year if the extended

contract is replaced by a resolicited or newly solicited contract. In exigent circumstances, Sourcewell may petition Sourcewell's Board of Directors to extend the contract term beyond five years. This rarely used procedure should be employed only to avoid a gap in contract coverage while a replacement contract is being solicited;

- <u>3.11.2</u> Offer and apply any applicable technological advances throughout the term of a contract resulting from this RFP;
- <u>3.11.3</u> Deliver "Value Added" aspects of the company, equipment/products and services as defined in the "Proposer's Response";
- <u>3.11.4</u> Deliver a wide spectrum of solutions to meet the needs and requirements of Sourcewell and Sourcewell Member agencies; and
- 3.11.5 Award an exclusive contract to the most responsive and responsible vendor when it is deemed to be in the best interest of Sourcewell and the Sourcewell Member agencies.
- 3.12 Exclusive or Multiple Awards: Based on the scope of this RFP and on the responses received, Sourcewell may award either an exclusive contract or multiple contracts. In some circumstances, a single national supplier may best meet the needs of Sourcewell Members; in other situations, multiple vendors may be in the best interests of Sourcewell and the Sourcewell Members and preferred by Sourcewell to provide the widest array of solutions to meet the member agency's needs. Sourcewell retains sole discretion to determine which approach is in the best interests of Sourcewell Member agencies.
- <u>3.13</u> **Non-Manufacturer Awards:** Sourcewell reserves the right to make an award under this RFP to a non-manufacturer or dealer/distributor if such action is in the best interests of Sourcewell and its Members.
- 3.14 Manufacturer as a Proposer: If the Proposer is a manufacturer or wholesale distributor, the response received will be evaluated on the basis of a response made in conjunction with that manufacturer's authorized dealer network. Unless stated otherwise, a manufacturer or wholesale distributor Proposer is assumed to have a documented relationship with their dealer network where that dealer network is informed of, and authorized to accept, purchase orders pursuant to any Contract resulting from this RFP on behalf of the manufacturer or wholesale distributor Proposer. Any such dealer will be considered a sub-contractor of the Proposer/Vendor. The relationship between the manufacturer and wholesale distributor Proposer and its dealer network may be proposed at the time of the submission if that fact is properly identified.
- <u>3.15</u> Dealer/Reseller as a Proposer: If the Proposer is a dealer or reseller of the products and/or services being proposed, the response will be evaluated based on the Proposer's authorization to provide those products and services from their manufacturer. When requested by Sourcewell, Proposers must document their authority to offer those products and/or services.

E. SCOPE OF THIS RFP

- <u>3.16</u> Scope: The scope of this RFP is to award a contract to a qualifying vendor defined as a professional consultant, service provider, or technical expert, established as a Proposer, and deemed responsive and responsible through our open and competitive proposal process. Vendors will be awarded contracts based on the proposal and responders demonstrated ability to meet the expectations of the RFP and demonstrate the overall highest valued solutions which meet and/or exceed the current and future needs and requirements of Sourcewell and its Member agencies nationally within the scope of FACILITY MRO (MAINTENANCE, REPAIR & OPERATIONS), INDUSTRIAL & BUILDING SUPPLIES WITH RELATED EQUIPMENT, ACCESSORIES, SUPPLIES & SERVICES.
- 3.17 Additional Scope Definitions: In addition to FACILITY MRO (MAINTENANCE, REPAIR & OPERATIONS), INDUSTRIAL & BUILDING SUPPLIES WITH RELATED EQUIPMENT,

ACCESSORIES, SUPPLIES & SERVICES, this solicitation should be read to include, but not to be limited to:

- <u>3.17.1</u> Related products and services addressing all, or a portion of, the following:
 - a. Facilities MRO (Maintenance Repair & Operations)
 - b. Industrial Supplies
 - c. Tools & Equipment/Accessories
 - d. Electrical Power Transmission & Supplies
 - e. Mechanical Power Transmission
 - f. Pneumatics/ Fluid Power
 - g. Electrical and Lighting Products & Services
 - h. Plumbing Supplies & Waterworks
 - i. Construction & Building Supplies
- <u>3.17.2</u> Sourcewell reserves the right to limit the scope of this solicitation for Sourcewell and current and potential Sourcewell member agencies.
 - <u>3.17.2.1</u> Proposers may include office supplies, lab supplies, public safety equipment, fleet/vehicle maintenance supplies, vendor managed inventory, vending machines, facility security, HVAC, janitorial, generators, automotive related tools & products in their response to the extent that these solutions are an incidental portion of their proposal.
 - <u>3.17.2.2</u> The primary focus of this solicitation is on facility MRO, industrial and building supplies. This solicitation should **NOT** be construed to include:
 - a. Construction services, or
 - b. vendors whose primary business is covered under categories included in the following Sourcewell RFPs:

 - viii. Fleet-Related Maintenance Equipment, Supplies, Services, and Inventory Management Solutions (see Sourcewell RFP #061015)
 - ix. Office, School, and Other Workplace-Related Supplies and Services (see Sourcewell RFP #010615)
- <u>3.18</u> Overlap of Scope: When considering equipment/products/services, or groups of equipment/products/services submitted as a part of your response, and whether inclusion of such will fall within a "Scope of Proposal," please consider the validity of an inverse statement.
 - <u>3.18.1</u> For example, pencils and post-it-notes can generally be classified as office supplies and office supplies generally include pencils and post-it-notes.

- 3.18.2 In contrast, computers (PCs and peripherals) can generally be considered office supplies; however, the scope of office supplies does not generally include computer servers and infrastructure.
- 3.18.3 In conclusion: With this in mind, individual products and services must be examined individually by Sourcewell, from time to time and in its sole discretion, to determine their compliance and fall within the original "Scope" as intended by Sourcewell.
- 3.19 Best and Most Responsive Responsible Proposer: It is the intent of Sourcewell to award a Contract to the best and most responsible and responsive Proposer(s) offering the best overall quality and selection of equipment/products and services meeting the commonly requested specifications of Sourcewell and Sourcewell Members, provided the Proposer's Response has been submitted in accordance with the requirements of this RFP. Qualifying Proposers who are able to anticipate the current and future needs and requirements of Sourcewell and Sourcewell member agencies; demonstrate the knowledge of any and all applicable industry standards, laws and regulations; and possess the willingness and ability to distribute, market to and service Sourcewell Members in all 50 states are preferred. Sourcewell requests proposers submit their entire line of products and services as it applies and relates to the scope of this RFP.
- <u>3.20</u> Sealed Proposals: Sourcewell will receive sealed proposal responses to this RFP in accordance with accepted standards set forth in the Minnesota Procurement Code and Uniform Municipal Contracting Law. Awards may be made to responsible and responsive Proposers whose proposals are determined in writing to be the most advantageous to Sourcewell and its current or qualifying future Sourcewell Member agencies.
- <u>3.21</u> Use of Contract: Any Contract resulting from this solicitation shall be awarded with the understanding that it is for the sole convenience of Sourcewell and its Members. Sourcewell and/or its members reserve the right to obtain like equipment/products and services solely from this contract or from another contract source of their choice or from a contract resulting from their own procurement process.
- 3.22 Awarded Vendor's interest in a contract resulting from this RFP: Awarded Vendors will be able to offer to Sourcewell, and current and potential Sourcewell Members, only those products/equipment and services specifically awarded on their Sourcewell Awarded Contract(s). Awarded Vendors may not offer as "contract compliant," products/equipment and services which are not specifically identified and priced in their Sourcewell Awarded Contract.
- <u>3.23</u> Sole Source of Responsibility- Sourcewell desires a "Sole Source of Responsibility" Vendor. This means that the Vendor will take sole responsibility for the performance of delivered equipment/products/ services. Sourcewell also desires sole responsibility with regard to:
 - <u>3.23.1</u> Scope of Equipment/Products/Services: Sourcewell desires a provider for the broadest possible scope of products/equipment and services being proposed over the largest possible geographic area and to the largest possible cross-section of Sourcewell current and potential Members.
 - 3.23.2 Vendor use of sub-contractors in sourcing or delivering equipment/product/services: Sourcewell desires a single source of responsibility for equipment/products and services proposed. Proposers are assumed to have sub-contractor relationships with all organizations and individuals whom are external to the Proposer and are involved in providing or delivering the equipment/products/services being proposed. Vendor assumes all responsibility for the equipment/products/services and actions of any such Sub-Contractor. Suggested Solutions Options include:
 - <u>3.23.3</u> Multiple solutions to the needs of Sourcewell and Sourcewell Members are possible. Examples could include:

- <u>3.23.3.1</u> Equipment/Products Only Solution: Equipment/Products Only Solution may be appropriate for situations where Sourcewell or Sourcewell Members possess the ability, either in-house or through local third party contractors, to properly install and bring to operation those equipment/products being proposed.
- <u>3.23.3.2</u> Turn-Key Solutions: A Turn-Key Solution is a combination of equipment/products and services that provides a single price for equipment/products, delivery, and installation to a properly operating status. Generally this is the most desirable solution because Sourcewell and Sourcewell Members may not possess, or desire to engage, personnel with the necessary expertise to complete these tasks internally or through other independent contractors.
- <u>3.23.3.3</u> Good, Better, Best: Where appropriate and properly identified, Proposers may offer the choice "of good, better, best" multiple-grade solutions to meet Sourcewell Members' needs.
- <u>3.23.3.4</u> Proven Accepted Leading-Edge Technology: Where appropriate and properly identified, Proposers may provide a spectrum of technology solutions to complement or enhance the proposed solutions to meet Sourcewell Members' needs.
- <u>3.23.4</u> If applicable, Contracts will be awarded to Proposer(s) able to deliver a proposal meeting the entire needs of Sourcewell and its Members within the scope of this RFP. Sourcewell prefers Proposers submit their complete product line of products and services described in the scope of this RFP. Sourcewell reserves the right to reject individual, or groupings of specific equipment/products and services proposals as a part of the award.
- <u>3.24</u> Geographic Area to be Proposed: This RFP invites proposals to provide FACILITY MRO (MAINTENANCE, REPAIR & OPERATIONS), INDUSTRIAL & BUILDING SUPPLIES WITH RELATED EQUIPMENT, ACCESSORIES, SUPPLIES & SERVICES to Sourcewell and Sourcewell Members throughout the entire United States and possibly internationally. Proposers will be expected to express willingness to explore service to Sourcewell Members located abroad; however the lack of ability to serve Members outside of the United States will not be cause for non-award. The ability and willingness to serve Canada, for instance, will be viewed as a value-added attribute.
- <u>3.25</u> Contract Term: At Sourcewell's option, a Contract resulting from this RFP will become effective either on the date awarded by the Sourcewell Executive Director and Chief Procurement Officer or on the day following the expiration date of an existing Sourcewell procurement contract for the same or similar product/equipment and services.
 - <u>3.25.1</u> Sourcewell is seeking a Contract base term of four years as allowed by Minnesota Contracting Law. Full term is expected. However, one additional one-year renewal/extension may be offered by Sourcewell to Vendor beyond the original four year term if Sourcewell deems such action to be in the best interests of Sourcewell and its Members. Sourcewell reserves the right to conduct periodic business reviews throughout the term of the contract.
- <u>3.26</u> Minimum Contract Value: Sourcewell anticipates considerable activity resulting from this RFP and subsequent award; however, no commitment of any kind is made concerning actual quantities to be acquired. Sourcewell does not guarantee usage. Usage will depend on the actual needs of the Sourcewell Members and the value of the awarded contract.

3.27 [This section is intentionally blank.]

3.28 Contract Availability: This Contract must be available to all current and potential Sourcewell Members who choose to utilize this Sourcewell Contract to include all governmental and public agencies, public and private primary and secondary education agencies, and all non-profit organizations patientally page 26 of 131

- <u>3.28.1</u> With respect to Members within the Commonwealth of Virginia, this RFP is intended to be a "joint procurement agreement" as described in Vir. Code § 2.2-4304(A), and those Virginia Members identified in Appendix C must be allowed to use this Contract as a Joint Purchaser.
- <u>3.28.2</u> For Members within Canada, this RFP is intended to include municipalities and publicly-funded academic institutions, schools boards, health authorities, and social services (MASH sectors). In addition this RFP is intended to include current and potential Members of the Rural Municipalities of Alberta (RMA), and their represented Associations (SARM, SUMA and AMM).
- <u>3.29</u> Proposer's Commitment Period: In order to allow Sourcewell the opportunity to evaluate each proposal thoroughly, Sourcewell requires any response to this solicitation be valid and irrevocable for ninety (90) days after the date proposals are opened.

F. EXPECTATIONS FOR EQUIPMENT/PRODUCTS AND SERVICES BEING PROPOSED

- 3.30 Industry Standards: Except as contained herein, the specifications or solutions for this RFP shall be those accepted guidelines set forth by the FACILITY MRO (MAINTENANCE, REPAIR & OPERATIONS), INDUSTRIAL & BUILDING SUPPLIES WITH RELATED EQUIPMENT, ACCESSORIES, SUPPLIES & SERVICES industry, as they are generally understood and accepted within that industry across the nation. Submitted products/equipment, related services and accessories, and their warranties and assurances are required to meet and/or exceed all current, traditional and anticipated standards, needs, expectations, and requirements of Sourcewell and its Members.
 - <u>3.30.1</u> **Deviations from industry standards** must be identified by the Proposer and explained how, in their opinion, the equipment/products and services they propose will render equivalent functionality, coverage, performance, and/or related services. Failure to detail all such deviations may comprise sufficient grounds for rejection of the entire proposal.
 - <u>3.30.2</u> Technical Descriptions/Specifications. Excessive technical descriptions and specifications that unduly enlarge the proposal response may cause Sourcewell to reduce the evaluation points awarded on Form G. Proposers must supply sufficient information to:
 - <u>3.30.2.1</u> demonstrate the Proposer's knowledge of industry standards and Member agency needs and expectations;
 - <u>3.30.2.2</u> Identify the equipment/products and services being proposed as applicable to the needs and expectations of Sourcewell Member agencies; and
 - <u>**3.30.2.3**</u> differentiate equipment/products and services from other industry manufacturers and providers.
- <u>3.31</u> New Current Model Equipment/Products: Proposals submitted shall be for new, current model equipment/products and services with the exception of certain close-out products allowed to be offered on the Proposer's "Hot List" described herein.
- <u>3.32</u> Compliance with laws and standards: All items supplied on this Contract shall comply with any current applicable safety or regulatory standards or codes.
- <u>3.33</u> **Delivered and operational:** Products/equipment offered herein are to be proposed based upon being delivered and operational at the Sourcewell Member's site. Exceptions to "delivered and operational" must be clearly disclosed in the "Total Cost of Acquisition" section of the proposal.
- <u>3.34</u> Warranty: The Proposer warrants that all products, equipment, supplies, and services delivered under this Contract shall be covered by the industry standard or better warranty. All products and equipment should carry a minimum industry standard manufacturer's warranty that includes materials and labor. The

Proposer has the primary responsibility to submit product specific warranty as required and accepted by industry standards. Dealer/Distributors agree to assist the purchaser in reaching a solution in a dispute over warranty's terms with the manufacturer. Any manufacturer's warranty that is effective past the expiration of the warranty will be passed on to the Sourcewell member. Failure to submit a minimum warranty may result in non-award.

<u>3.35</u> Additional Warrants: The Proposer warrants that all products/equipment and related services furnished hereunder will be free from liens and encumbrances; defects in design, materials, and workmanship; and will conform in all respects to the terms of this RFP including any specifications or standards. In addition, Proposer/Vendor warrants the products/equipment and related services are suitable for and will perform in accordance with the ordinary use for which they are intended.

G. SOLUTIONS-BASED SOLICITATION

- <u>3.36</u> The Sourcewell solicitation and contract award process is not based on detailed specifications. Instead, this RFP is a "Solutions-Based Solicitation." Sourcewell expects respondents to understand and anticipate the current and future needs of Sourcewell and its members—within the scope of this RFP—and to propose solutions that are commonly desired or required by law or industry standards. Proposal will be evaluated in part on your demonstrated ability to meet or exceed the needs and requirements of Sourcewell and our member agencies within the defined scope of this RFP.
- <u>3.37</u> While Sourcewell does not typically provide product and service specifications, the RFP may contain scope refinements and industry-specific questions. Where specific items are specified, those items should be considered the minimum required, which the proposal can exceed in order to meet Members' needs. Sourcewell may award all of the respondent's proposal or may limit the award to a subset of the proposal.

3 INSTRUCTIONS FOR PREPARING YOUR PROPOSAL

A. INQUIRY PERIOD

<u>4.1</u> The inquiry period begins on the date of first advertisement and continues until to the Deadline for Submission." RFP packages will be distributed to potential Vendors during the inquiry period.

B. PRE-PROPOSAL CONFERENCE

4.2 A pre-proposal conference will be held at the date and time specified in the timeline on page one of this RFP. Conference information will be sent to all potential Proposers, and attendance is optional. The purpose of this conference is to allow potential Proposers to ask questions regarding this RFP and Sourcewell's competitive contracting process. Only answers issued by written addendum by Sourcewell to questions asked before the deadline for questions are binding on the parties to an awarded contract.

C. IDENTIFICATION OF KEY PERSONNEL

- <u>4.3</u> Awarded Vendors will designate one senior staff member to represent the Vendor to Sourcewell. This contact person will correspond with members for technical assistance, questions, or concerns that may arise, including instructions regarding different contacts for different geographical areas or product lines.
- <u>4.4</u> These designated individuals should also act as the primary contact for marketing, sales, and any other area deemed essential by the Proposer and Sourcewell.

D. PROPOSER'S EXCEPTIONS TO TERMS AND CONDITIONS

- <u>4.5</u> Any exceptions, deviations, or contingencies regarding this RFP that a Proposer requests must be documented on Form C, <u>Exceptions To Proposal, Terms, Conditions And Solutions Request.</u>
- <u>4.6</u> Exceptions, deviations or contingencies requested in the Proposer's response, while possibly necessary in the view of the Proposer, may result in lower scoring or disqualification of a proposal.

E. PROPOSAL FORMAT

- 4.7 All Proposers must examine the entire RFP package to seek clarification of any item or requirement that may not be clear and to check all responses for accuracy before submitting a proposal.
- <u>4.8</u> All proposals must be properly labeled and sent to "Sourcewell, 202 12th Street NE Staples, MN 56479."
- **4.9** All proposals must be physically delivered to Sourcewell at the above address with all required hard copy documents and signature forms/pages inserted as loose pages at the front of the Vendor's response. The proposal must include these items.
 - **4.9.1** Hard copy original of completed, signed, and dated Forms C, D, F; hard copy of the signed signature-page only from Forms A and P from this RFP;
 - **4.9.2** Signed hard copies of all addenda issued for the RFP;
 - 4.9.3 Hard copy of Certificate of Insurance verifying the coverage identified in this RFP; and
 - <u>4.9.4</u> A complete copy of your response on a flash drive (or other approved electronic means). The electronic copy must contain completed Forms A, B, C, D, F, and P, your statement of products and pricing (including apparent discount), and all appropriate attachments. In order to ensure that your full response is evaluated, you must provide an electronic version of any material that you provide in a hard copy format.

As a public agency, Sourcewell's proposals, responses, and awarded contracts are a matter of public record, except for such data that is classified as nonpublic. Accordingly, public data is available for review through a properly submitted public records request. To redact nonpublic information from your proposal (under Minnesota Statute §13.37), you must make your request within thirty (30) days of the contract award or non-award date.

- <u>4.10</u> All Proposal forms must be submitted in English and must be legible. All appropriate forms must be executed by an authorized signatory of the Proposer. Blue ink is preferred for signatures.
- <u>4.11</u> Proposal submissions should be submitted using the electronic forms provided. Proposers that use alternative documents are responsible for ensuring that the content is substantially similar to the Sourcewell form and that the document is readable by Sourcewell.
- <u>4.12</u> The Proposer must ensure that the proposal is in the physical possession of Sourcewell before the submission deadline.
 - 4.12.1 Proposals must be submitted in a sealed envelope or box properly addressed to Sourcewell and prominently identifying the proposal number, proposal category name, the message "Hold for Proposal Opening," and the deadline for proposal submission. Sourcewell is not responsible for untimely proposals. Proposals received by the deadline for proposal submission will be opened and the name of each Proposer and other appropriate information will be publicly read.

4.13 Proposers are responsible for checking directly on the Sourcewell website for any addendums to this RFP. Addendums to this RFP can change the terms and conditions of the RFP, including the proposal submission deadline.

F. QUESTIONS AND ANSWERS ABOUT THIS RFP

- <u>4.14</u> Upon examination of this RFP document, Proposers should promptly notify Sourcewell of any ambiguity, inconsistency, or error they may discover. Interpretations, corrections, and changes to this RFP will be considered by Sourcewell through a written addendum. Interpretations, corrections, or changes that are made in any other manner are not binding, and Proposers must not rely on them.
- 4.15 Submit all questions about this RFP, in writing, referencing FACILITY MRO (MAINTENANCE, REPAIR & OPERATIONS), INDUSTRIAL & BUILDING SUPPLIES WITH RELATED EQUIPMENT, ACCESSORIES, SUPPLIES & SERVICES to Kim Austin at Sourcewell, 202 12th Street NE, Staples, MN 56479 or to RFP@sourcewell-mn.gov. You may also call Kim Austin at 218-895-4161. Sourcewell urges potential Proposers to communicate all concerns well in advance of the submission deadline to avoid misunderstandings. Questions received within seven (7) days before the submission deadline generally cannot be answered. Sourcewell may, however, field purely procedural questions, questions about Sourcewell-issued addenda, or questions involving a Proposer withdrawing its response before the RFP submission deadline.
- <u>4.16</u> If Sourcewell deems that its answer to a question has a material impact on other potential Proposers or on the RFP itself. Sourcewell will create an addendum to this RFP.
- **4.17** If Sourcewell deems that its answer to a question merely clarifies the existing terms and conditions and does not have a material impact on other potential Proposers or the RFP itself, no further documentation of that question is required.
- 4.18 Addenda are written instruments issued by Sourcewell that modify or interpret the RFP. All addenda issued by Sourcewell become a part of the RFP. Addenda will be delivered to all Potential Proposers using the same method of delivery of the original RFP material. Sourcewell accepts no liability in connection with the delivery of any addenda. Copies of addenda will also be made available on the Sourcewell website at www.sourcewell-mn.gov (under "Solicitations") and from the Sourcewell offices. All Proposers must acknowledge their receipt of all addenda in their proposal response.
- <u>4.19</u> Any amendment to a submitted proposal must be in writing and must be delivered to Sourcewell by the RFP submission deadline.

4.20 through 4.21 [These sections are intentionally blank.]

G. MODIFICATION OR WITHDRAWAL OF A SUBMITTED PROPOSAL

4.22 A submitted proposal must not be modified, withdrawn, or cancelled by the Proposer for a period of ninety (90) days following the date proposals were opened. Before the deadline for submission of proposals, any proposal submitted may be modified or withdrawn by notice to the Sourcewell Procurement Manager. Such notice must be submitted in writing and must include the signature of the Proposer. The notice must be delivered to Sourcewell before the deadline for submission of proposals and must be so worded as not to reveal the content of the original proposal. The original proposal will not be physically returned to the potential Proposer until after the official proposal opening. Withdrawn proposals may be resubmitted up to the time designated for the receipt of the proposals if they fully conform with the proposal instructions.

H. PROPOSAL OPENING PROCEDURE

4.23 Sealed and properly identified responses for this RFP entitled FACILITY MRO (MAINTENANCE, REPAIR & OPERATIONS), INDUSTRIAL & BUILDING SUPPLIES WITH RELATED EQUIPMENT, and an address of 131

ACCESSORIES, SUPPLIES & SERVICES will be received by Chris Robinson, Procurement Manager, at Sourcewell Offices, 202 12th Street NE, Staples, MN 56479 until the deadline identified on page one of this RFP. All Proposal responses must be submitted in a sealed package. The outside of the package must plainly identify FACILITY MRO (MAINTENANCE, REPAIR & OPERATIONS), INDUSTRIAL & BUILDING SUPPLIES WITH RELATED EQUIPMENT, ACCESSORIES, SUPPLIES & SERVICES and the RFP number. To avoid premature opening, the Proposer must label the Proposal response properly. Sourcewell documents the receipt of proposals by immediately time- and date-stamping them. At the time of the public opening, the Sourcewell Director of Procurement or a representative from the Sourcewell Proposal Evaluation Committee will read the Proposer's names aloud and will determine whether each submission has met Level-1 responsiveness.

I. SOURCEWELL'S RIGHTS RESERVED

- **4.24** Sourcewell may exercise the following rights with regard to the RFP.
 - 4.24.1 Reject any and all proposals received in response to this RFP;
 - **4.24.2** Disqualify any Proposer whose conduct or proposal fails to conform to the requirements of this RFP:
 - <u>4.24.3</u> Duplicate without limitation all materials submitted for purposes of RFP evaluation, and duplicate all public information in response to data requests regarding the proposal;
 - <u>4.24.4</u> Consider and accept for evaluation a late modification of a proposal if 1) the proposal itself was submitted on time, 2) the modifications were requested by Sourcewell, and 3) the modifications make the terms of the proposal more favorable to Sourcewell or its members;
 - 4.24.5 Waive any non-material deviations from the requirements and procedures of this RFP;
 - <u>4.24.6</u> Extend the Contract, in increments determined by Sourcewell, not to exceed a total Contract term of five years;
 - <u>4.24.7</u> Cancel the Request for Proposal at any time and for any reason with no cost or penalty to Sourcewell;
 - 4.24.8 Correct or amend the RFP at any time with no cost or penalty to Sourcewell. If Sourcewell corrects or amends any segment of the RFP after submission of proposals and before the announcement of the awarded Vendor, all proposers will be afforded a reasonable opportunity to revise their proposals in order to accommodate the RFP amendment and the new submission dates. Sourcewell will not be liable for any errors in the RFP or other responses related to the RFP; and
 - **4.24.9** Extend proposal due dates.

<u>5</u> <u>PRICING</u>

- <u>5.1</u> Sourcewell requests that potential Proposers respond to this RFP only if they are able to offer a wide array of products and services at lower prices and with better value than what they would ordinarily offer to a single government agency, a school district, or a regional cooperative.
- <u>5.2</u> This RFP requests pricing for an indefinite quantity of products or related services with potential national sales distribution and service. While most RFP categories represent significant sales opportunities, Sourcewell makes no guarantees about the quantity of products or services that members will purchase. The estimated annual value of this contract is \$300 Million.

Vendors are expected to anticipate additional volume through potential government, educational, and not-for-profit agencies that would find value in a national contract awarded by Sourcewell.

- <u>5.3</u> Regardless of the payment method selected by Sourcewell or an Sourcewell member, the total cost associated with any purchase option of the products and services must always be disclosed in the proposal and at the time of purchase.
- <u>5.4</u> All proposers must submit "Primary Pricing" in the form of either "Line-Item Pricing," or "Percentage Discount from Catalog Pricing," or a combination of these pricing strategies. Proposers are also encouraged to offer optional pricing strategies such as "Hot List," "Sourced Products," and "Volume Discounts," as well as financing options such as leasing. All pricing documents should include a clear effective date.

A. LINE-ITEM PRICING

- <u>5.5</u> Line-item pricing is a pricing format in which individual products or services are offered at specific Contract prices. Products or services are individually priced and described by characteristics such as manufacture name, stock or part number, size, or functionality. This method of pricing may offer the least amount of confusion, but Proposers with a large number of items may find this method cumbersome. In these situations, a percentage discount from catalog or category pricing model may make more sense and may increase the clarity of the contract pricing format.
- <u>5.6</u> All line-item pricing items must be numbered, organized, sectioned (including SKUs, when applicable), and prepared to be easily understood by the Evaluation Committee and members.
- <u>5.7</u> Submit Line-Item Pricing items in an Excel spreadsheet format and include all appropriate identification information necessary to discern the line item from other line items in each Responder's proposal.
- <u>5.8</u> Line-item pricing must be submitted to Sourcewell in a searchable spreadsheet format (e.g., Microsoft[®] Excel[®]) in order to facilitate quickly finding any particular item of interest. For that reason, Proposers are responsible for providing the appropriate product and service identification information along with the pricing information that is typically found on an invoice or price quote for such product or services.
- <u>5.9</u> All products or services typically appearing on an invoice or price quote must be individually priced and identified on the line-item price sheet, including any and all ancillary costs.
- <u>5.10</u> Proposers should provide both a published "List Price" as well as a "Proposed Contract Price" in their pricing matrix. Published List Price will be the standard "quantity of one" price currently available to government and educational customers, excluding cooperative and volume discounts.

B. PERCENTAGE DISCOUNT FROM CATALOG OR CATEGORY

- <u>5.11</u> This pricing model involves a specific percentage discount from a catalog or list price, defined as a published Manufacturer's Suggested Retail Price (MSRP) for the products or services being proposed.
- **5.12** Individualized percentage discounts can be applied to any number of defined product groupings.
- <u>5.13</u> A percentage discount from MSRP may be applied to all elements identified in MSRP, including all manufacturer options applicable to the products or services.
- <u>5.14</u> When a Proposer elects to use "Percentage Discount from Catalog or Category," Proposer will be responsible for providing and maintaining current published MSRP with Sourcewell, and this pricing must be included in its proposal and provided throughout the term of any Contract resulting from this RFP.

C. COST PLUS A PERCENTAGE OF COST

<u>5.15</u> "Cost plus a percentage of cost" as a primary pricing mechanism is not desirable. It is, however, acceptable for pricing sourced goods or services.

D. HOT LIST PRICING

<u>5.16</u> Where applicable, a Vendor may opt to offer a specific selection of products or services, defined as "Hot List" pricing, at greater discounts than those listed in the standard Contract pricing. All product and service pricing, including the Hot List Pricing, must be submitted electronically in a format that is acceptable to Sourcewell. Hot List pricing must be submitted in a line-item format. Products and services may be added or removed from the Hot List at any time through an Sourcewell Price and Product Change Form.

<u>5.17</u> Hot List program and pricing may also be used to discount and liquidate close-out and discontinued products and services as long as those close-out and discontinued items are clearly labeled as such. Current ordering process and administrative fees apply. This option must be published and made available to all Sourcewell Members.

E. CEILING PRICE

<u>5.18</u> Proposal pricing is to be established as a ceiling price. At no time may the proposed products or services be offered under this Contract at prices above this ceiling price without a specific request and approval by Sourcewell. Contract prices may be reduced at any time, for example, to reflect volume discounts or to meet the needs of an Sourcewell Member.

5.19 [This section is intentionally blank.]

F. VOLUME PRICE DISCOUNTS / ADDITIONAL QUANTITIES

5.20 through 5.23 [These sections are intentionally blank.]

G. TOTAL COST OF ACQUISITION

5.24 The Total Cost of Acquisition for the equipment/products and related services being proposed, including those payable by Sourcewell Members to either the Proposer or a third party, is the cost of the proposed equipment/products product/equipment and related services delivered and operational for its intended purpose in the end-user's location. For example, if you are proposing equipment/products FOB Proposer's dock, your proposal should reflect that the contract pricing does not provide for delivery beyond Proposer's dock, nor any set-up activities or costs associated with those delivery or set-up activities. Any additional costs for delivery and set-up should be clearly disclosed. In contrast, a proposal could state that there are no additional costs of acquisition if the product is delivered to and operational at the end-user's location.

H. SOURCED GOOD or OPEN MARKET ITEM

<u>5.25</u> A Sourced Good or an Open Market Item is a product that a member wants to buy under contract that is not currently available under the Vendor's Sourcewell contract. This method of procurement can be satisfied through a contract sourcing process. Sourcing options serve to provide a more complete contract solution to meet our members' needs. Sourced items are generally deemed incidental to the total transaction or purchase of contract items.

<u>5.26</u> Sourcewell or Sourcewell Members may request products, equipment, and related services that are within the related scope of this RFP, even if they are not included in an awarded Vendor's line-item price list or catalog. These items are known as Sourced Goods or Open Market Items.

- <u>5.27</u> An awarded Vendor may source such items to the extent that the items are identified as "Sourced Products/Equipment" or "Open Market Items" on any quotation issued in reference to an Sourcewell awarded contract, and that this information is provided to either Sourcewell or an Sourcewell Member. Sourcewell is not responsible for determining whether a Sourced Good is an incidental portion of the overall purchase or whether a Member is able to consider a Sourced Good a purchase under a Sourcewell contract.
- **5.28** "Cost plus a percentage" pricing is an acceptable option in pricing of Sourced Goods.

I. PRODUCT & PRICE CHANGES

- <u>5.29</u> Awarded Vendors may request product or service changes, additions, or deletions at any time throughout the contract term. All requests must be made in written format by completing the Sourcewell Price and Product Change Request Form (located at the end of this RFP and on the Sourcewell website), signed by an authorized Vendor representative. All changes are subject to review and approval by Sourcewell. Submit your requests through email to your assigned Contract Manager and to PandP@sourcewell-mn.gov.
- <u>5.30</u> Sourcewell will determine whether the request is both within the scope of the original RFP and in the best interests of Sourcewell and Sourcewell Members. Approved Price and Product Change Request Forms will be returned to the Vendor contact through email.
- <u>5.31</u> The Vendor must 1) complete this change request form and individually list or attach all items subject to change, 2) provide a sufficiently detailed explanation and documentation for the change, and 3) include a compete restatement of pricing document in appropriate format (preferably Excel). The pricing document must identify all products and services being offered and must conform to the following Sourcewell product and price change naming convention: (Vendor Name) (Sourcewell Contract #) (effective pricing date); for example, "COMPANY 012411-CPY effective 02-12-2016."
- 5.32 The new pricing restatement must include all products and services offered, even for those items whose pricing remains unchanged, and must include a new effective date on the pricing documents. This requirement reduces confusion by providing a single, current pricing sheet for each vendor and creates a historical record of pricing.
- <u>5.33</u> ADDITIONS. New products and related services may be added to a Contract resulting from this RFP at any time during that Contract term to the extent that those products and related services are within the scope of this RFP. Allowable new products and related services generally include updated models of products and enhanced services that reflect new technology and improved functionality.
- <u>5.34</u> DELETIONS. New products and related services may be deleted from a contract if an item is no longer available.
- <u>5.35</u> PRICE CHANGES. A Vendor may request pricing changes by providing reasonable justification for the change. For example, a request for a 3% increase in a product line that relies heavily on petroleum products may be reasonable if the raw cost of required petroleum products has increased substantially. Conversely, a request for a 3% increase in prices based only on a 3% increase in a cost-of-living index may be considered unreasonable. Although Sourcewell is sensitive to the possibility of fluctuations in raw material costs, prospective Vendors should make every reasonable attempt to account for normal cost changes by proposing pricing that will be effective throughout the duration of the four-year Contract.
 - <u>5.35.1</u> *Price decreases:* Sourcewell expects Vendors to propose their very best prices and anticipates price reductions that are due to advancement in technology and marketplace efficiencies.
 - <u>5.35.2</u> *Price increases:* A Vendor must include reasonable documentation for price-increase requests, along with both current and proposed pricing. Appropriate documentation should be Page 34 of 131

attached to the Price and Product Change Request Form, including letters from suppliers announcing price increases. Price increases must not exceed the industry standard.

5.36 through 5.37 [These sections are intentionally blank.]

<u>5.38</u> Proposers representing multiple manufacturers, or carrying multiple related product lines may also request the addition of new manufacturers or product lines to their Contract to the extent they remain within the scope of this RFP.

5.39 through 5.43 [These sections are intentionally blank.]

K. SALES TAX

<u>5.44</u> Sales and other taxes should not be included in the prices quoted. The Vendor will charge state and local sales and other applicable taxes on items for which a valid tax-exemption certification has not been provided. Each Sourcewell Member is responsible for providing verification of tax-exempt status to the Vendor. When ordering, Sourcewell Members must indicate that they are tax-exempt entities. Except as set forth herein, no party is responsible for taxes imposed on another party as a result of or arising from the transactions under a Contract resulting from this RFP.

L. SHIPPING

<u>5.45</u> Shipping costs can constitute a significant portion of the overall cost of procurement. Consequently, significant weight will be given to the quality of a prospective Vendor's shipping program. Shipping charges should reasonably reflect the actual cost of shipping. Sourcewell understands that Vendors may use other shipping cost methods for simplicity or for transparency. But to the extent that shipping costs are determined to disproportionately increase a Vendor's profit, Sourcewell may reduce the points awarded in the "Pricing" criteria.

5.46 through 5.47 [These sections are intentionally blank.]

<u>5.48</u> All shipping and restocking fees must be identified in the price program. Certain industries providing made-to-order products may not allow returns. Proposals will be evaluated not only on the actual costs of shipping, but on the relative flexibility extended to Sourcewell Members relating to restocking fees, shipping errors, customized shipping requirements, the process for rejecting damaged or delayed shipments, and similar subjects.

5.49 through 5.50 [These sections are intentionally blank.]

- <u>5.51</u> Delivered products must be properly packaged. Damaged products may be rejected. If the damage is not readily apparent at the time of delivery, the Vendor must permit the products to be returned within a reasonable time at no cost to Sourcewell or Sourcewell Members. Sourcewell and Sourcewell Members reserve the right to inspect the products at a reasonable time subsequent to delivery where circumstances or conditions prevent effective inspection of the products at the time of delivery.
- <u>5.52</u> The Vendor must deliver Contract-conforming products in each shipment and may not substitute products without the express approval from Sourcewell or the Sourcewell Member.
- <u>5.53</u> Sourcewell reserves the right to declare a breach of Contract if the Vendor intentionally delivers substandard or inferior products that are not under Contract and described in its paper or electronic price lists or sourced upon request of any Member under this Contract. In the event of the delivery of nonconforming products, the Sourcewell Member will notify the Vendor as soon as possible and the Vendor will replace nonconforming products with conforming products that are acceptable to the Sourcewell member.

<u>5.54</u> Throughout the term of the Contract, Proposer agrees to pay for return shipment on products that arrive in a defective or inoperable condition. Proposer must arrange for the return shipment of the damaged products.

EVALUATION OF PROPOSALS

A. PROPOSAL EVALUATION PROCESS

- <u>6.1</u> The Sourcewell proposal evaluation committee will evaluate proposals received based on a 1,000 point evaluation system. The committee establishes both the evaluation criteria and designates the relative weight of each criterion by assigning possible scores for each category on Form G of this RFP. The committee may adjust the relative weight of the criteria for each RFP. (For example, if the "Warranty" criterion does not apply to a particular RFP, the points normally awarded under "Warranty" may be used to increase the number of potential points in another evaluation category or categories.) The "Pricing" criterion will contain at least a plurality of points for every RFP.
- <u>6.2</u> Sourcewell uses a scoring system that gives primary importance to "Pricing." But pricing includes more than just the absolute lowest initial cost of purchasing, for example, a particular product. Other considerations include the total cost of the acquisition and whether the Proposer's offering represents the best value. The evaluation committee may consider such factors as life-cycle costs, total cost of ownership, quality, and the suitability of an offering in meeting Sourcewell Members' needs. Pricing points may be awarded based on pricing clarity and ease of use. Sourcewell may also award points based on whether a response contains exceptions, exclusions, or limitations of liabilities.
- <u>6.3</u> The Sourcewell Executive Director and Chief Procurement Officer will consider making awards to the selected Proposer(s) based on the recommendations of the proposal evaluation committee. To qualify for the final evaluation, a Proposer must have been deemed responsive as a result of the criteria set forth under "Proposer Responsiveness," found just below.

B. PROPOSER RESPONSIVENESS

- <u>6.4</u> All responses are evaluated for Level-One and Level-Two Responsiveness. If a response does not substantially conform to substantially all of the terms and conditions in the solicitation, or if it requires unreasonable exceptions, it may be considered nonresponsive.
- **6.5** All proposals must contain suitable responses to the questions in the proposal forms. The following requirements must be satisfied in order to meet Level-One Responsiveness, which is typically ascertained on the proposal opening date. If these standards are not met, your response may be disqualified as nonresponsive.
- <u>**6.6**</u> Level-One Responsiveness means that the response
 - **<u>6.6.1</u>** is received before the deadline for submission or it will be returned unopened;
 - **6.6.2** is properly addressed and identified as a sealed proposal with a specific RFP number and an opening date and time;
 - <u>6.6.3</u> contains a pricing document (with apparent discounts) and all other forms fully completed, even if "not applicable" is the answer;
 - <u>6.6.4</u> includes the original (hard copy) completed, dated, and signed RFP forms C, D, and F. In addition, the response must include the hard-copy signed signature page only from RFP

Forms A and P and, if applicable, all signed addenda that have been issued in relation to this RFP;

6.6.5 contains an electronic (CD, flash drive, or other suitable) copy of the entire response; and

<u>6.7</u> Level-Two Responsiveness (including whether the response is within the RFP's scope) is determined while evaluating the remaining items listed under Proposal Evaluation Criteria below. These items are not arranged in order of importance. Each item draws from multiple questions, and a Proposer's responses may affect scoring in multiple evaluation criteria. For example, the answers to Industry-Specific Questions may help determine scoring relative to a Proposer's marketplace success, ability to sell and service nationwide, and financial strength. Any questions not answered without an explanation will likely result in a loss of points and may lead to a nonaward if the proposal evaluation committee cannot effectively review your response.

C. PROPOSAL EVALUATION CRITERIA

<u>6.8</u> Forms A and P include a series of questions that address the following categories:

- **<u>6.8.1</u>** Company Information and Financial Strength
- **<u>6.8.2</u>** Industry Requirements and Marketplace Success
- **6.8.3** Ability to Sell and Deliver Service Nationwide
- **6.8.4** Marketing Plan
- **6.8.5** Other Cooperative Procurement Contracts
- **6.8.6** Value-Added Attributes
- **6.8.7** Payment Terms and Financing Options
- 6.8.8 Warranty
- **6.8.9** Equipment/Products/Services
- **6.8.10** Pricing and Delivery
- **6.8.11** Industry-Specific Questions

6.9 [This section is intentionally blank.]

D. OTHER CONSIDERATIONS

<u>6.10</u> In evaluating RFP responses, Sourcewell has no obligation to consider information that is not provided in the Proposer's response. Sourcewell may, however, consider additional information outside the Proposer's response. This research may include such sources as the Proposer's website, industry publications, listed references, and user interviews.

6.11 Sourcewell may organize RFP responses into separate classes or subcategories, depending on the range of responses. For example, Sourcewell might receive numerous submissions for "Widgets and Related Products and Services." Sourcewell may organize these responses into subcategories, such as manufacturers of fully operational Widgets, manufacturers of component parts for Widgets, and providers of parts and service for Widgets. Sourcewell reserves the right to award Proposers in some or all of such subcategories without regard to the evaluation score given to Proposers in another subcategory. This specifically allows Sourcewell to award Vendors that might not have, for instance, the breadth of products of Proposers in another subcategory, but that nonetheless meet a substantial and articulated need of Sourcewell Members.

6.12 [This section is intentionally blank.]

<u>6.13</u> Sourcewell reserves the right to request and test equipment/products and related services and to seek clarification from Proposers. Before the Contract award, the Proposer must furnish the requested information within three (3) days (or within another agreed-to time frame) or provide an explanation for the delay along with a requested time frame for providing the requested information. Proposers must make reasonable efforts to supply test products promptly. All Proposer products remain the property of the Proposer, and Sourcewell will return such products after the evaluation process. Sourcewell may make provisional contract awards, subject to a Proposer's proper response to a request for information or products.

<u>6.14</u> A Proposer's past performance under previously awarded contracts to schools, governmental agencies, and not-for-profit entities is relevant in evaluating a Proposer's current response. Past performance includes the Proposer's record of conforming to published specifications and to standards of good workmanship, as well as the Proposer's history for reasonable and cooperative behavior and for commitment to Member satisfaction. Incumbency as an awarded Vendor does not, by itself, merit positive consideration for a future Contract award.

<u>6.15</u> Sourcewell reserves the right to reject any or all proposals.

E. COST COMPARISON

<u>6.16</u> Sourcewell may use a variety of evaluation methods, including cost comparisons of specific products. Sourcewell reserves the right to use this process when the proposal evaluation committee determines that this will help to make a final determination.

<u>6.17</u> This direct cost comparison process will award points for being low to high Proposer for each cost evaluation item selected. A "Market Basket" of identical (or substantially similar) equipment/products and related services may be selected by the proposal evaluation committee, and the unit cost will be used as a basis for determining the point value. Sourcewell will select the "Market Basket" from all appropriate product categories as determined by Sourcewell.

F. MARKETING PLAN

<u>6.18</u> A Proposer's marketing plan is a critical component of the RFP response. An awarded Vendor's sales force will likely be the primary source of communication with Sourcewell Members and will directly affect the contract's success. Marketing success depends on communicating the contract's value, knowing the contract thoroughly, and communicating the proper use of contracted products and services to the end user. Much of the success and sales reward is a direct result of the commitment to the contract by the awarded Vendor's sales teams. Sourcewell reserves the right to deem a Proposer Level-Two nonresponsive or not to award a contract based on an unacceptable or incomplete marketing plan.

6.19 Sourcewell marketing expectations include the following components.

6.19.1 An awarded Vendor must demonstrate the ability to deploy a national sales force or dealer network. The best RFP responses demonstrate the ability to sell, deliver, and service products through acceptable distribution channels to Sourcewell members in all 50 states. Proposers' responses should fully demonstrate their sales and service capabilities, should outline their national sales force network (both numerically geographically), and should describe their method of distribution of the offered products and related services. Service may be independent of the product sales pricing, but Sourcewell encourages related services to be a part of Proposers' response. Despite its preference for awarding contracts to Vendors that demonstrate nationwide sales and service, Sourcewell reserves the right to award contracts that meet specific Member needs locally or regionally.

6.19.2 Proposers are invited to demonstrate their ability to successfully market, promote, and communicate the benefits of an Sourcewell contract to current and potential Members nationwide.

Sourcewell desires a marketing plan that communicates the value of the contract to as many Members as possible.

- <u>6.19.3</u> Proposers are expected to be receptive to Sourcewell trainings. Awarded Vendors must provide an appropriate training venue for both management and the sales force. Sourcewell commits to providing training on all aspects of communicating the value of the awarded contract, including the authority of Sourcewell to offer the contract to its Members, the value and utility the contract delivers to Sourcewell Members, the scope of Sourcewell Membership, the authority of Members to use Sourcewell procurement contracts, the preferred marketing and sales methods, and the successful use of specific business sector strategies.
- **6.19.4** Awarded Vendors are expected to demonstrate a commitment to fully embrace the Sourcewell contract. Proposers should identify both the appropriate levels of sales management and sales force that will need to understand the value of the Sourcewell contract, as well as the internal procedures needed to deliver the appropriate messaging to Sourcewell Members. Sourcewell will provide a general schedule and a variety of methods describing when and how those individuals should be trained.
- <u>6.19.5</u> Proposers should outline their proposed involvement in promoting a Sourcewell contract through applicable industry trade show exhibits and related customer meetings. Proposers are encouraged to consider participation with Sourcewell at Sourcewell-endorsed national trade shows.
- <u>6.19.6</u> Proposers must exhibit the willingness and ability to actively market and develop contract-specific marketing materials including the following items.
 - <u>6.19.6.1</u> Complete Marketing Plan. Proposers must submit a marketing plan outlining how they will launch the Sourcewell contract to current and potential Sourcewell Members. Sourcewell requires awarded Vendors to embrace and actively promote the contract in cooperation with Sourcewell.
 - <u>6.19.6.2</u> Printed Marketing Materials. Awarded Vendors will produce and maintain full color print advertisements in camera-ready electronic format, including company logos and contact information to be used in the Sourcewell directory and other approved marketing publications.
 - <u>6.19.6.3</u> Contract announcements and advertisements. Proposers should outline in the marketing plan their anticipated contract announcements, advertisements in industry periodicals, and other direct or indirect marketing activities promoting the awarded Sourcewell contract.
 - <u>6.19.6.4</u> Proposer's Website. Proposers should identify how an awarded Contract will be displayed and linked on the Proposer's website. An online shopping experience for Sourcewell Members is desired whenever possible.
- <u>6.19.7</u> A Sourcewell Vendor contract launch will be scheduled during a reasonable time frame after the award and held at the Sourcewell office in Staples, MN unless the Vendor and Sourcewell agree to a different location.
- <u>6.20</u> Proposer shall identify their commitment to develop a sales/communication process to facilitate Sourcewell membership and establish status of current and potential agencies/members. Proposer should further express their commitment to capturing sufficient member information as is deemed necessary by Sourcewell.

G. CERTIFICATE OF INSURANCE

- <u>6.21</u> Proposers must provide evidence of liability insurance coverage identified below in the form of a Certificate of Insurance (COI) or an ACORD binder form with their proposal. Upon an award issued under this RFP and before the execution of any commerce relating to such award, the awarded Vendor must provide verification, in the form of a Certificate of Insurance, identifying the coverage required below and identifying Sourcewell as a "Certificate Holder." The Vendor must maintain such insurance coverage at its own expense throughout the term of any contract resulting from this solicitation.
- 6.22 Any exceptions or assumptions to the insurance requirements must be identified on Form C of this RFP. Exceptions and assumptions will be considered as part of the evaluation process. Any exceptions or assumptions that Proposers submit must be specific. If a Proposer does not include specific exceptions or assumptions when submitting the proposal, Sourcewell will typically not consider any additional exceptions or assumptions during the evaluation process. Upon contract award, the awarded Vendor must provide the Certificate of Insurance identifying the coverage as specified.
- <u>6.23</u> Insurance Liability Limits. The awarded Vendor must maintain, for the duration of its contract, \$1.5 million in general liability insurance coverage or general liability insurance in conjunction with an umbrella for a total combined coverage of \$1.5 million. Work on the Contract will not begin until after the awarded Vendor has submitted acceptable evidence of the required insurance coverage. Failure to maintain any required insurance coverage or an acceptable alternative method of insurance will be deemed a breach of contract.
 - <u>6.23.1</u> Minimum Scope and Limits of Insurance. An awarded Vendor must provide coverage with limits of liability not less than those stated below. An excess liability policy or umbrella liability policy may be used to meet the minimum liability requirements provided that the coverage is written on a "following form" basis.

6.23.1.1 Commercial General Liability—Occurrence Form

Policy shall include bodily injury, property damage and broad form contractual liability and XCU coverage.

6.23.1.2 Each Occurrence

\$1,500,000

- <u>6.24</u> Insurance Requirements: The limits listed in this RFP are minimum requirements for this Contract and in no way limit any indemnity covenants contained in this Contract. Sourcewell does not warrant that the minimum limits contained herein are sufficient to protect the Vendor from liabilities that might arise out of the performance of the work under this Contract by the Vendor, its agents, representatives, employees, or subcontractors, and the Vendor is free to purchase additional insurance as may be determined necessary.
- <u>6.25</u> Acceptability of Insurers: Insurance is to be placed with insurers duly licensed or authorized to do business in the State of Minnesota and with an "A.M. Best" rating of not less than A- VII. Sourcewell does not warrant that the above required minimum insurer rating is sufficient to protect the Vendor from potential insurer solvency.
- <u>6.26</u> Subcontractors: Vendors' certificate(s) must include all subcontractors as additional insureds under its policies, or the Vendor must furnish to Sourcewell separate certificates for each subcontractor. All coverage for subcontractors are be subject to the minimum requirements identified above.

H. ORDER PROCESS AND/OR FUNDS FLOW

<u>6.27</u> Sourcewell Members typically issue a purchase order directly to a Vendor under a Contract resulting from this RFP. Alternatively, a separate contract may be created to facilitate acquiring products or services offered in response to this RFP. Nothing in this Contract restricts the Member and Vendor from agreeing to add terms or conditions to a purchase order or a separate contract provided that such terms or conditions must not be less favorable to Sourcewell's Members.

6.28 [This section is intentionally blank.]

I. ADMINISTRATIVE FEES

- <u>6.29</u> Vendors will pay to Sourcewell an administrative fee in exchange for Sourcewell facilitating this Contract with its current and potential Members. Sourcewell may grant a conditional contract award to a Proposer if the proposed administrative fee is unclear, inadequate, or unduly burdensome for Sourcewell to administer. Sales under this Contract should not be processed until the parties resolve the administrative fee issue.
 - <u>6.29.1</u> The administrative fee is typically calculated as a percentage of the dollar volume of all products and services by Sourcewell Members under this Contract, including anything represented to Sourcewell Members as falling under this Contract.
 - <u>6.29.2</u> The administrative fee is included in, and not added to, the pricing included in Proposer's response to the RFP. Awarded Vendors must not charge Sourcewell Members more that permitted in the then current price list in order to offset the administrative fee.
 - <u>6.29.3</u> The administrative fee is designed to cover the costs of Sourcewell's involvement in contract management, facilitating marketing efforts, Vendor training, and any order processing tasks relating to the Contract. Administrative fees may also be used for other purposes as allowed by Minnesota law.
 - <u>6.29.4</u> The typical administrative fee under this Contract is two percent (2%). While Sourcewell does not dictate the particular fee percentage, we require that the Proposer articulate a specific fee in its response. For example, merely stating that "we agree to pay an administrative fee" is considered nonresponsive. Sourcewell acknowledges that the administrative fee percentage may differ between vendors, industries, and responses.
 - <u>6.29.5</u> Sourcewell awarded Vendors are responsible for paying the administrative fee at least quarterly and for generating all related reporting. Vendors agree to cooperate with Sourcewell in auditing these reports to ensure that the administrative fee is paid on all items purchased under the Contract.
 - 6.29.6 [This section is intentionally blank.]

6.30 through 6.32 [This section is intentionally blank.]

J. VALUE-ADDED ATTRIBUTES

- <u>6.33</u> **Desirability of Value-Added Attributes:** Value-added attributes in an RFP response will be given positive consideration in Sourcewell's evaluation process. Such attributes may increase the benefit of a product or service by improving functionality, performance, maintenance, manufacturing, delivery, energy efficiency, ordering, or other items while remaining within the scope of this RFP.
- <u>6.34</u> Women and Minority Business Enterprise (WMBE), Small Business, and Other Favored Businesses: Some Sourcewell Members give formal preference to certain types of vendors or contractors. Proposers should document WMBE (or other) status for both their organization and for any affiliates (e.g., supplier networks) involved in fulfilling the terms of this RFP. The ability of a Proposer to provide preferred business entity "credits" to Sourcewell and Sourcewell Members under a Contract will be evaluated positively by Sourcewell and reflected in the "value added" area of the evaluation.
- <u>6.35</u> Environmentally Preferred Purchasing Opportunities: Many Sourcewell Members consider the environmental impact of the products and services they purchase. "Green" characteristics demonstrated by Proposers will be evaluated positively by Sourcewell and reflected in the "value added" area of the

evaluation. Please identify any green characteristics of any offering in your proposal and identify the sanctioning body determining that characteristic. Where appropriate, please indicate which products have been certified as green and by which certifying agency.

- <u>6.36</u> Online Requisitioning Systems: When applicable, online requisitioning systems will be viewed as a value-added characteristic. Proposers should demonstrate how their system makes online ordering easier for Sourcewell Members, including how Members could integrate their current e-Procurement or enterprise resource planning (ERP) systems into the Proposer's ordering process.
- <u>6.37</u> **Financing:** The ability of the Proposer to provide financing solutions to Members for the products and services being proposed will be viewed as a value-added attribute.
- <u>6.38</u> **Technology**: Technological advances that appreciably improve the proposed products or services will be considered value-added attributes.

K. WAIVER OF FORMALITIES

<u>6.39</u> Sourcewell reserves the right to waive minor formalities (or to accept minor irregularities) in any proposal, when it determines that considering the proposal may be in the best interest of its Members.

7 POST-AWARD OPERATING ISSUES

A. SUBSEQUENT AGREEMENTS

- 7.1 Purchase Order. Purchase orders for products and services may be executed between Sourcewell Members and the awarded Vendor (or Vendor's sub-contractors) under this Contract. Sourcewell Members and Vendors must indicate on the face of such purchase orders that "This purchase order is issued under Sourcewell contract #XXXXXXX" (insert the relevant contract number). Purchase order flow and procedure will be developed jointly between Sourcewell and an awarded Vendor after an award is made.
- <u>7.2</u> Governing Law. Purchase orders must be construed in accordance with, and governed by, the laws of a competent jurisdiction with respect to the Member. (See also Section 8.5 of this RFP.) All provisions required by law to be included in the purchase order should be read and enforced as if they were included. If through mistake or otherwise any such provision is not included, then upon application of either party the Contract shall be physically amended to make such inclusion or correction. The venue for any litigation arising out of disputes related to purchase order will be a court of competent jurisdiction with respect to the Member.
- <u>7.3</u> Additional Terms and Conditions. Additional terms and conditions to a purchase order may be proposed by Sourcewell, Sourcewell Members, or Vendors. Acceptance of these additional terms and conditions is optional to all parties to the purchase order. One purpose of these additional terms and conditions is to address job- or industry-specific requirements of law such as prevailing wage legislation. Additional terms and conditions may also include specific local policy requirements and standard business practices of the issuing Member or the Vendor. Such additional terms and conditions are not considered valid to the extent that they interfere with the general purpose, intent, or currently established terms and conditions contain in this RFP document. For example, a Vendor and Member may agree to add a "net 30" payment requirement to the purchase order instead of applying a "net 10" requirement. But the added terms and conditions must not be less favorable to the Member unless Sourcewell, the Member, and the Vendor agree to a Contract amendment or similar modification.
- <u>7.4</u> Specialized Service Requirements. In the event that the Sourcewell Member desires service requirements or specialized performance requirements (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements) not addressed in the Contract resulting from this RFP, the Sourcewell Member and the Vendor may enter into a separate, standalone agreement, apart from a Contract resulting from this RFP. Any proposed service requirements or specialized Page 42 of 131

performance requirements require pre-approval by the Vendor. Any separate agreement developed to address these specialized service or performance requirements is exclusively between the Sourcewell Member and Vendor. Sourcewell, its agents, and employees shall not be made a party to any claim for breach of such agreement. Product sourcing is not considered a service. Sourcewell Members will need to conduct procurements for any specialized services not identified as a part of or within the scope of the awarded Contract.

<u>7.5</u> **Performance Bond.** At the request of the Member, a Vendor will provide all performance bonds typically and customarily required in their industry. These bonds will be issued pursuant to the requirements of purchase orders for products and services. If a purchase order is cancelled for lack of a required performance bond by the member agency, Sourcewell recommends that the current pending purchase order be canceled. Each Member has the final decision on purchase order continuation. Any performance bonding required by the Member, the Member's state laws, or by local policy is to be mutually agreed upon and secured between the Vendor and the Member.

7.6 Asset Management Contracts: Asset Management-type Contracts can be initiated under a Contract resulting from this RFP at any time during the term of this Contract. Such a contract could involve, for example, picking up, storing, repairing, inventorying, salvaging, and delivery products falling within the scope of this Contract. The intention in using Asset Management Contracts is to promote the long-term efficiency of Sourcewell's contracts by (among other things) extending the use and re-use of products. Asset Management Contracts cannot be created under this Contract unless they are executed within the authorized term of a Contract resulting from this RFP. The actual term of the Asset Management Contract may, however, extend beyond the expiration date of this Contract.

B. SOURCEWELL MEMBER SIGN-UP PROCEDURE

<u>7.7</u> Awarded Vendors are responsible for familiarizing their sales and service forces with the various forms of Sourcewell membership documentation and will encourage and assist potential Members in establishing membership with Sourcewell. Sourcewell membership is available at no cost, obligation, or liability to the Member or the Vendor.

C. REPORTING OF SALES ACTIVITY

<u>7.8</u> Awarded Vendors must report at least quarterly the total gross dollar volume of all products and services purchased by Sourcewell Members as it applies to this RFP and Contract. This report must include the name and address of the purchasing agency, Member number, amount of purchase, and a description of the items purchased.

<u>7.8.1</u> **Zero sales reports**: Awarded Vendors must provide a quarterly Contract sales report regardless of the amount of sales.

D. AUDITS

7.9 Sourcewell relies substantially on the reasonable auditing efforts of both Members and awarded Vendors to ensure that Members are obtaining the products, services, pricing, and other benefits under all Sourcewell contracts. Nonetheless, the Vendor must retain and make available to Sourcewell all order and invoicing documentation related to purchases that Members make from the Vendor under the awarded Contract. Sourcewell must not request such information more than once per calendar year, and Sourcewell must make such requests in writing with at least fourteen (14) days' notice. Sourcewell may employ an independent auditor at its own expense or conduct an audit on its own. In either event, the Vendor agrees to cooperate fully with Sourcewell or its agents in order to ensure compliance with this Contract.

E. HUB PARTNER

- <u>7.10</u> **Hub Partner:** Sourcewell Members may request special services through a "Hub Partner" for the purpose of complying with a law, regulation, or rule that an Sourcewell Member deems to apply in its jurisdiction. Hub Partners may bring value to the proposed transactions through consultancy, through qualifying for disadvantaged business entity credits, or through other means.
- 7.11 Hub Partner Fees: Sourcewell Members are responsible for any transaction fees, costs, or expenses that arise under this Contract for special service provided by the Hub Partner. The fees, costs, or expenses levied by the Hub Vendor must be clearly itemized in the transaction documentation. To the extent that the Vendor stands in the chain of title during a transaction resulting from this RFP, the documentation must clearly indicate that the transaction is "Executed for the Benefit of [Sourcewell Member name]."

F. TRADE-INS

<u>7.12</u> The value in US Dollars for Trade-ins will be negotiated between Sourcewell or an Sourcewell Member, and an Awarded Vendor. That identified "Trade-In" value shall be viewed as a down payment and credited in full against the Sourcewell purchase price identified in a purchase order issued pursuant to any Awarded Sourcewell procurement contract. The full value of the trade-in will be consideration.

G. OUT OF STOCK NOTIFICATION

7.13 The Vendor must immediately notify Sourcewell Members when they order an out-of-stock item. The Vendor must also tell the Member when the item will be available and whether there are equivalent substitutes. The Member must have the option of accepting the suggested substitute or canceling the item from the order. Under no circumstance may the Vendor make unauthorized substitutions. Unfilled or substituted items must be indicated on the packing list.

H. CONTRACT TERMINATION FOR CAUSE AND WITHOUT CAUSE

- <u>7.14</u> Sourcewell reserves the right to cancel all or any part of this Contract if the Vendor fails to fulfill any material obligation, term, or condition as described in the following procedure. Before any such termination for cause, Sourcewell will provide written notice to the Vendor, an opportunity to respond, and a reasonable opportunity to cure the breach. The following are some examples of material breaches.
 - <u>7.14.1</u> The Vendor provides products or services that do not meet reasonable quality standards and that are not remedied under the warranty;
 - <u>7.14.2</u> The Vendor fails to ship the products or to provide the services within a reasonable amount of time;
 - <u>7.14.3</u> Sourcewell reasonably believes that the Vendor will not or cannot perform to the requirements or expectations of the Contract, Sourcewell issues a request for assurance, and the Vendor fails to respond;
 - **7.14.4** The Vendor fails to fulfill any of the material terms and conditions of the Contract;
 - <u>7.14.5</u> The Vendor fails to follow the established procedure for purchase orders, invoices, or receipt of funds as established by Sourcewell and the Vendor;
 - **7.14.6** The Vendor fails to properly report quarterly sales;
 - <u>7.14.7</u> The Vendor fails to actively market this Contract within the guidelines provided in this RFP and defined in the Sourcewell contract launch.
- 7.15 Upon receipt of the written notice of breach, the Vendor will have ten (10) business days to provide a satisfactory response to Sourcewell. If the Vendor fails to reasonably address all issues in the written notice, Page 44 of 131

Sourcewell may terminate the Contract immediately. If Sourcewell allows the Vendor more time to remedy the breach, such forbearance does not limit Sourcewell's authority to immediately terminate the Contract for continued breaches for which notice was given to the Vendor. Termination of the Contract for cause does not relieve either party of the financial, product, or service obligations incurred before the termination.

- <u>7.16</u> Sourcewell may terminate the Contract if the Vendor files for bankruptcy protection or is acquired by an independent third party. The Vendor must disclose to Sourcewell any litigation, bankruptcy, or suspensions/disbarments that occur during the Contract period. Failure to disclose such information authorizes Sourcewell to immediately terminate the Contract.
- <u>7.17</u> Sourcewell may terminate the Contract without cause by giving the Vendor sixty (60) days' written notice of termination. Termination of the Contract without cause does not relieve either party of the financial, product, or service obligations incurred before the termination.
- <u>7.18</u> Sourcewell may immediately terminate any Contract without further obligation if any Sourcewell employee significantly involved in initiating, negotiating, securing, drafting, or creating the Contract on behalf of Sourcewell has colluded with any Proposer for personal gain. Sourcewell may also immediately cancel a Contract if it finds that gratuities, in the form of entertainment, gifts or otherwise, were offered or given by the Vendor or any agent or representative of the Vendor, to any employee of Sourcewell. Such terminations are effective upon written notice from Sourcewell or at a later date designated in the notice. Termination of the Contract does not relieve either party of the financial, product, or service obligations incurred before the termination.

8 GENERAL TERMS AND CONDITIONS

8. ADVERTISING A CONTRACT RESULTING FROM THIS RFP

<u>8.1</u> Proposer/Vendor must not advertise or publish information concerning this Contract before the award is announced by Sourcewell. Once the award is made, a Vendor is expected to advertise the awarded Contract to both current and potential Sourcewell Members.

B. APPLICABLE LAW

8.2 [This section is intentionally blank.]

- **8.3 Sourcewell Compliance with Minnesota Procurement Law**: Sourcewell has designed its procurement process to comply with best practices in the State of Minnesota. Sourcewell's solicitation methods are also created to comply with many of the various requirements that our Members must satisfy in their own procurement processes. But these requirements may differ considerably and may change from time to time. So each Sourcewell Member must make its own determination whether Sourcewell's solicitation process satisfies the procurement rules in the Member's jurisdiction.
- **8.4** Governing law with respect to delivery and acceptance: All applicable portions of the Minnesota Uniform Commercial Code, all other applicable Minnesota laws, and the applicable laws and rules of delivery and inspection of the Federal Acquisition Regulations (FAR) laws will govern Sourcewell contracts resulting from this solicitation.
- **8.5 Jurisdiction:** Any claims that arise against Sourcewell pertaining to this RFP, and any resulting contract that develops between Sourcewell and any other party, must be brought only in courts in Todd County in the State of Minnesota unless otherwise agreed to.
 - <u>8.5.1</u> Purchase orders or other agreements created pursuant to a contract resulting from this solicitation must be construed in accordance with, and governed by, the laws of the issuing Member. Any claim arising from such a purchase order or agreement must be filed and venued in a court of competent jurisdiction of the Member unless otherwise agreed to.

8.6 through 8.7 [This section is intentionally blank.]

- **8.8 Indemnification:** Each party is responsible for its own acts and is not responsible for the acts of the other party and the results thereof. Sourcewell's liability is governed by the Minnesota Tort Claims Act (Minn. Stat. §3.736) and other applicable law.
- **8.9 Prevailing wage:** The Vendor must comply with applicable prevailing wage legislation in effect in the jurisdiction of the Sourcewell Member. The Vendor must monitor the prevailing wage rates as established by the appropriate federal governmental entity during the term of this Contract and adjust wage rates accordingly.
- **8.10** Patent and copyright infringement: The Vendor agrees to indemnify and hold harmless Sourcewell and Sourcewell Members against any and all suits, claims, judgments, and costs instituted or recovered against the Vendor, Sourcewell, or Sourcewell Members by any person on account of the use or sale of any articles by Sourcewell or Sourcewell Members if the Vendor supplied such articles in violation of applicable patent or copyright laws.

C. ASSIGNMENT OF CONTRACT

- <u>8.11</u> No right or interest in this Contract may be assigned or transferred by the Vendor without prior written permission by Sourcewell. No delegation of any duty of the Vendor under this Contract may be made without prior written permission of Sourcewell. Sourcewell will notify Members by posting approved assignments on the Sourcewell website (www.sourcewell-mn.gov).
- **8.12** If the original Vendor sells or transfers all assets or the entire portion of the assets used to perform this Contract, a successor-in-interest must perform all obligations under this Contract. Sourcewell reserves the right to reject the acquiring entity as a Vendor. A change of name agreement will not change the contractual obligations of the Vendor.

D. LIST OF PROPOSERS

<u>8.13</u> Sourcewell will not maintain a list of interested proposers, nor will it automatically send RFPs to them. All interested proposers must request the RFP as a result of Sourcewell's national solicitation advertisements. Because of the wide scope of the potential Members and qualified national suppliers, Sourcewell has determined this to be the best method of fairly soliciting proposals.

E. CAPTIONS, HEADINGS, AND ILLUSTRATIONS

8.14 The captions, illustrations, headings, and subheadings in this RFP are for convenience and ease of understanding and in no way define or limit the scope or intent of this request.

F. DATA PRACTICES

- **8.15** All materials submitted in response to this RFP become Sourcewell's property and become public records (under Minn. Stat. §13.591) after the evaluation process is completed. If the Proposer submits information in response to this RFP that it requests to be classified as nonpublic information (as defined by the Minnesota Government Data Practices Act, Minn. Stat. §13.37), the Proposer must meet the following requirements.
 - **8.15.1** The Proposer must make the request within thirty (30) days of the award/nonaward notification, and include the appropriate statutory justification. Pricing, marketing plans, and financial information is generally not redactable. The Sourcewell Legal Department will review the request to determine whether the information can be withheld or redacted. If Sourcewell determines

that it must disclose the information upon a proper request for such information, Sourcewell will inform the Proposer of such determination.

8.15.2 The Proposer must defend any action seeking release of the materials that it believes to be nonpublic information, and it must indemnify and hold harmless Sourcewell, its agents, and employees, from any judgments or damages awarded against Sourcewell in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives the term of any contract awarded under this RFP. In submitting a response to this RFP, the Proposer agrees that this indemnification survives as long as Sourcewell possesses the confidential information.

8.16 [This section is intentionally blank.]

G. ENTIRE AGREEMENT

8.17 This Contract, as defined herein, constitutes the entire agreement between the parties to this Contract. A Contract resulting from this RFP is formed when the vendor, Sourcewell Executive Director and Chief Procurement Officer approves and signs the applicable Contract Award & Acceptance document (Form E).

H. FORCE MAJEURE

8.18 Except for payments of sums due, neither party is liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented due to force majeure. The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence including, but not limited to, the following: acts of God, acts of the public enemy, war, riots, strikes, mobilization, labor disputes, civil disorders, fire, flood, snow, earthquakes, tornadoes or violent wind, tsunamis, wind shears, squalls, Chinooks, blizzards, hail storms, volcanic eruptions, meteor strikes, famine, sink holes, avalanches, lockouts, injunctions-intervention-acts, terrorist events or failures or refusals to act by government authority and/or other similar occurrences where such party is unable to prevent by exercising reasonable diligence. The force majeure is deemed to commence when the party declaring force majeure notifies the other party of the existence of the force majeure and is deemed to continue as long as the results or effects of the force majeure prevent the party from resuming performance in accordance with a Contract resulting from this RFP. Force majeure does not include late deliveries of products and services caused by congestion at a manufacturer's plant or elsewhere, an oversold condition of the market, inefficiencies, or other similar occurrences. If either party is delayed at any time by force majeure, then the delayed party must (if possible) notify the other party of such delay within forty-eight (48) hours.

8.19 through 8.20 [These sections are intentionally blank.]

I. LICENSES

8.21 The Vendor must maintain a valid status on all required federal, state, and local licenses, bonds, and permits required for the operation of the business that the Vendor conducts with Sourcewell and Sourcewell Members.

8.22 All responding Proposers must be licensed (where required) and must have the authority to sell and distribute the offered products and services to Sourcewell and Sourcewell Members. Documentation of the required licenses and authorities, if applicable, should be included in the Proposer's response to this RFP.

J. MATERIAL SUPPLIERS AND SUB-CONTRACTORS

8.23 The awarded Vendor must supply the names and addresses of sourcing suppliers and sub-contractors as a part of the purchase order when requested by Sourcewell or a Sourcewell Member.

K. NON-WAIVER OF RIGHTS

8.24 No failure of either party to exercise any power given to it hereunder, nor a failure to insist upon strict compliance by the other party with its obligations hereunder, nor a custom or practice of the parties at variance with the terms hereof, nor any payment under a Contract resulting from this RFP constitutes a waiver of either party's right to demand exact compliance with the terms hereof. Failure by Sourcewell to take action or to assert any right hereunder does not constitute a waiver of such right.

L. PROTESTS OF AWARDS MADE

- <u>8.25</u> And protests must be filed with Sourcewell's Executive Director and must be resolved in accordance with appropriate Minnesota rules. Protests will only be accepted from Proposers. A protest of an award or nonaward must be filed in writing with Sourcewell within ten (10) calendar days after the public notice or announcement of the award or nonaward. A protest must include the following items.
 - **8.25.1** The name, address, and telephone number of the protester;
 - **8.25.2** The original signature of the protester or its representative (you must document the authority of the representative);
 - **8.25.3** Identification of the solicitation by RFP number;
 - **8.25.4** Identification of the statute or procedure that is alleged to have been violated;
 - **8.25.5** A precise statement of the relevant facts;
 - **8.25.6** Identification of the issues to be resolved;
 - **8.25.7** The aggrieved party's argument and supporting documentation;
 - **8.25.8** The aggrieved party's statement of potential financial damages; and
 - **8.25.9** A protest bond in the name of Sourcewell and in the amount of 10% of the aggrieved party's statement of potential financial damages.

M. SUSPENSION OR DISBARMENT STATUS

8.26 If within the past five (5) years, any firm, business, person or Proposer responding to a Sourcewell solicitation has been lawfully terminated, suspended, or precluded from participating in any public procurement activity with a federal, state, or local government or education agency, the Proposer must include a letter with its response setting forth the name and address of the public procurement unit, the effective date of the suspension or debarment, the duration of the suspension or debarment, and the relevant circumstances relating to the suspension or debarment. Any failure to supply such a letter or to disclose pertinent information may result in the termination of a Contract. By signing the proposal affidavit, the Proposer certifies that no current suspension or debarment exists.

N. AFFIRMATIVE ACTION AND IMMIGRATION STATUS CERTIFICATION

- <u>8.27</u> An Affirmative Action Plan, Certificate of Affirmative Action, or other documentation regarding Affirmative Action may be required by Sourcewell or Sourcewell Members relating to a transaction from this RFP. Vendors must comply with any such requirements or requests.
- **8.28** Immigration Status Certification may be required by Sourcewell or Sourcewell Members relating to a transaction from this RFP. Vendors must comply with any such requirements or requests.

8.29 In the event that any of the terms of a Contract resulting from this RFP are in conflict with any rule, law, or statutory provision, or are otherwise unenforceable under the laws or regulations of any government or subdivision thereof, such terms will be deemed stricken from the Contract, but such invalidity or unenforceability shall not invalidate any of the other terms of an awarded Contract resulting from this RFP.

P. RELATIONSHIP OF PARTIES

8.30 No Contract resulting from this RFP may be considered a contract of employment. The relationship between Sourcewell and an awarded Vendor is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. The parties neither intend the proposed Contract to create, nor is to be construed as creating, a partnership, joint venture, master-servant, principal-agent, or any other, relationship. Except as provided elsewhere in this RFP, neither party may be held liable for acts of omission or commission of the other party and neither party is authorized or has the power to obligate the other party by contract, agreement, warranty, representation, or otherwise in any manner whatsoever except as may be expressly provided herein.

Q. PROVISIONS FOR NON-FEDERAL ENTITY PROCUREMENTS UNDER FEDERAL AWARDS OR OTHER AWARDS

8.31 Procurements by Sourcewell or Sourcewell Members utilizing funds under a federal grant or contract may be subject to specific federal laws, regulations, and requirements in addition to those under state and local laws. Applicable law may include, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR Part 200 (also referred to as the "Uniform Guidance" or "EDGAR"). The terms included in this section express Proposers willingness and ability to comply with certain requirements which may be applicable to specific Sourcewell Member purchases using federal grant or contract dollars. Sourcewell Members may also require Proposers to enter into ancillary agreements, in addition to the Sourcewell contract's general terms and conditions, to address the Member's specific contractual needs, including contract requirements for a procurement using federal grants or contracts. Sourcewell reserves the right at any time within a contract term to require an awarded Vendor to reaffirm or resubmit proper documentation relating to these requirements. The numbering and identification contained within this section is only for reference purposes and does not identify any actual Federal designation or location of the rule. Rules are located in 2 CFR Part 200.

8.32 Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Sourcewell reserves all rights and privileges under the applicable laws and regulations with respect to this procurement process in the event of breach of contract by either party.

8.33 Contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity including the manner by which it will be effected and the basis for settlement.

Sourcewell reserves the right to terminate any agreement resulting from this procurement process pursuant to Sourcewell RFP sections 7.13 and 7.17. Prior to any termination for cause, Sourcewell will provide written notice to the Proposer, opportunity to respond and opportunity to cure. Sourcewell reserves the right to terminate any agreement resulting from this procurement process without cause with a required 60-day written notice of termination. Termination of Contract shall not relieve either party of financial, product or service obligations incurred or accrued prior to termination.

8.34 Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor." This provision is hereby incorporated by reference into all applicable contracts.

The equal opportunity clause is incorporated by reference herein.

8.35 Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Proposer shall be in compliance with all applicable Davis-Bacon Act provisions.

8.36 Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence. This provision is hereby incorporated by reference into all applicable contracts.

Proposer certifies that during the term of an award for all contracts by Sourcewell resulting from this procurement process, Proposer shall comply with applicable requirements as referenced above.

8.37 Rights to Inventions Made Under a Contract or Agreement. If the Federal award meets the definition of "funding agreement" under 37 CFR § 401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Contracts and subgrants of amounts in excess of \$150,000 require the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401- 7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251- 1387). 8.40 Byrd Anti-Lobbying Amendment, as amended (31 U.S.C. 1352). Proposers shall file any required certifications. Proposers shall not have used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. 11 SOURCEWELL VENDOR PRICE AND PRODUCT CHANGE REQUEST FORM

Section 1. Instructions for Vendor

Requests for product or service changes, additions, or deletions will be considered at any time throughout the awarded contract term. All requests must be made in writing by completing sections 2, 3, and 4 of this Sourcewell Price and Product Change Request Form and signed by an authorized Vendor representative in section 5. All changes are subject to review by the Sourcewell Procurement Manager and to approval by Sourcewell's Chief Procurement Officer. Submit request through email to your assigned Sourcewell Contract Administrator.

Sourcewell will determine whether the request is 1) within the scope of the original RFP, and 2) in the best interests of Sourcewell and Sourcewell Members. Approved Price and Product Change Request Forms will be signed and emailed to the Vendor contact.

The Vendor must complete this change request form and individually list or attach all items or services subject to change, must provide sufficiently detailed explanation and documentation for the change, and must include a complete restatement of pricing documentation in an appropriate format (preferably Microsoft® Excel®). The pricing document must identify all products and services being offered and must conform to the following Sourcewell product/price change naming convention: (Vendor Name) (Sourcewell Contract #) (effective pricing date); for example, "Acme Widget Company #012416-AWC eff. 01-01-2017."

NOTE: New pricing restatements must include all products and services offered regardless of whether their prices have changed and must include a new "effective date" on the pricing documents. This requirement reduces confusion by providing a single, current pricing sheet for each Vendor and creates a historical record of pricing.

ADDITIONS. New products and related services may be added to a contract if such additions are within the scope of the original RFP.

DELETIONS. New products and related services may be deleted from a contract if, for example, they are no longer available or have been modified to a point where they are outside the scope of the RFP.

PRICE CHANGES: Vendors may request price changes if they provide sufficient rationale for the change. For example, a Vendor that manufactures products that require substantial petroleum-related material might request a 3% price increase because of a 20% increase in petroleum costs.

Price decreases: Sourcewell expects Vendors to propose their very best prices and anticipates that price reductions might occur because of improved technologies or marketplace efficiencies.

Price increases: Acceptable price increases typically result from specific Vendor cost increases. The Vendor must include reasonable justification for the price increase and must not, for example, offer merely generalized statements about an increase in a cost-of-living index. Appropriate documentation should be attached to this form, including such items as letters from suppliers announcing price increases.

Refer to the RFP for complete "Pricing" details.

☐ Deleting Products/Services

rovide a general statement and documentation explaining the reasons for these price and/or product changes. XAMPLES: 1) "All pricing for paper products and services are increased 5% because of increased raw material and ansportation costs (see attached documentation of fuel and raw materials increase)." 2) "The 6400 series floor polisher is eing added to the product list as a new model, replacing the 5400 series. The 6400 series 3% increase reflects technological nanges that improve the polisher's efficiency and useful life. The 5400 series is now included in the "Hot List" at a 20% secount from the previous pricing until the remaining inventory is liquidated."

Proposals were reviewed by the Proposal Evaluation Committee:

Kim Austin, Sourcewell Procurement Lead Analyst Carol Jackson, Sourcewell Procurement Analyst III Brandon Town, CPSM, Sourcewell Procurement Analyst II Michael Munoz, Sourcewell Procurement Analyst II

The findings of the Proposal Evaluation Committee are summarized as follows:

Proposals were received in sealed packages from Aspen Refrigerants, Inc., Facility Solutions Group, MSC Industrial Supply Co., and The Tools Man Industrial Supply after the deadline for delivery. The untimely packages were returned, unopened, to Aspen Refrigerants, Inc., Facility Solutions Group, MSC Industrial Supply Co., and The Tools Man Industrial Supply in accordance with the RFP terms.

The Proposal Evaluation Committee used the Sourcewell, formerly NJPA RFP evaluation criteria and determined that all proposal responses met Level-One responsiveness and all but Rubb, Inc. dba Rubb Building Systems met Level-Two Responsiveness and were evaluated. All of the products and services proposed by Rubb, Inc. dba Rubb Building Systems were determined to fall outside of the scope of the RFP and so the Proposal did not meet Level-Two Responsiveness.
