

4th Dynamo Thinkshop

2nd in Rome

Dipartimento di Fisica

Università degli Studi di Roma Tor Vergata

Aula Grassano – November 25-26, 2019

The workshop format, since its first edition, aims at encouraging free and relaxed discussion over topics in Solar/Stellar Dynamo, notably revolving around possible links between planetary tides and the Solar Cycle, evidences from paleocosmic ray records, solar data, theoretical matters and models.
