

Infor HR Knowledgebase 9.1.0.0 is now available

Infor HR Knowledgebase 9.1.0.0 is now generally available. The new version includes significant customer-requested enhancements. Existing Infor HR Knowledgebase 9.0.1 customers have been upgraded to the new release as of March 28, 2014.

Highlights of the release:

- Enhanced knowledge base portal analytics and reports with an improved filter experience that includes the addition of group filters.

Infor HR Knowledgebase 9.1.0.0 is designed to support best-practice, global, multi-tiered HR service delivery.

More information about these and other enhancements can be found in the [Infor HR Knowledgebase 9.1.0.0 Release Notes](#) on [Infor Xtreme](#).

If you have questions, please contact your Infor Enwise HR Service Delivery account manager, or submit a request on [Infor Xtreme](#).

Regards,

Jay Zuckert
