Stefan Koch and Robert Conway Present Concert in Memory of Bay View Musician Hugo Gottesmann Submitted by Mary Jane Doerr

In honor of longtime Bay View violinist, Hugo Gottesman, cellist Stefan Koch and pianist Robert Conway will present music of Viennese composer Richard Stöhr at 8 p.m., August 27, 2017, in Bay View's Voo-ries Hall. The concert is sponsored in part by the Gottesmann family in memory of Elisabeth and

Both Gottesmann and Stöhr had to leave Austria in the 1930s due to mounting anti-Semitism. Stöhr was a professor at the famed Vienna Academy of Music and Gottesmann's teacher and colleague. He

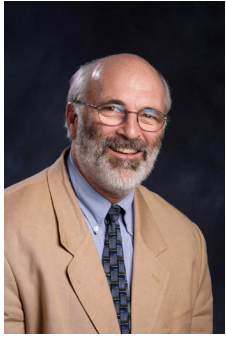

eventually settled in Vermont. Gottesmann took a position in Sweden where former Bay View president Bishop Raymond J. Wade arranged visas for him and his wife, Lia. Gottesmann was on the Bay View music staff for 28 years.

Stefan Koch and Robert Conway have recorded two cello and piano works by Stöhr. Their CD was released on Toccata Classics (London, UK) in 2014. For more information,

D&W Receipts for Campus Club Submitted by Bill Grafstrom

As of July, 2017, we have collected \$15,400 in eligible Direct Your Dollars points, which would apply towards a \$1000.00 cash redemption. This redemption would be used for the Campus Club facility or program. However, we will need 150,000 points to qualify for the redemption. We will need to find ways

to increase our collection of receipts. Ask your friends and neighbors to bring their receipts. We need to challenge ourselves to double, or triple, the number of receipts we collect. There are enough people in Bay View that this should be a realistic goal. Let's see what can be accomplished for the remainder of the

New Historic Marker Submitted by the Historic Awareness Committee

A new sign has recently been installed on Campus, informing Bay View members and guests more about our rich history. Ever wonder about the big rock and old tree stump? They were class gifts to Bay View from Bay View Reading Circle students, class of 1900 and 1901 respectively. The 15-foot portion of Big Cedar was considered the largest cedar tree in the state of Michigan before it fell in a wind storm in 1896. John M.

Hall launched the Bay View Reading Circle in 1893, the program was based on the study of the art, culture, history, and language of one European country each

year. At its height, there were 25,000 members from nearly every state. In 1914, at the time of Hall's death, the Reading Circles numbered 1,600. You can read and see more about BVRC on the new sign in campus.
