FOR 50 YEARS this lone eagle has perched atop the 189foot-high Ingham county court house in Mason. Last week workmen for the Capitol City Roofing Co. of Lansing lured the giant bird to the ground while they polished up the perch. Robert Roebuck, 10, son of Mr. and Mrs. Robert Roebuck, flushed the bird on the court house lawn.

The eagle is made of copper sheeting. It shows a few lightning scratches and one bullet hole. The wing span is more than 5 feet. The weathervane perch tallies nearly 7 feet. The super eagle is a detailed double of its living rela-The eyes, feathers, beak and feet all show the minute that some of the demands will work of a craftsman. While the bird is scratching for feed on the court house lawn, workmen are restoring the topmost part of the court house tower. The eagle will be back on his (Ingham County News Photo)

Built in 1935 to replace the factory destroyed by fire the year before, the big building north of Wyeth Laboratories Inc. has stood idle since 1946. Public fear of calories contained in sauerkraut and spareribs virtually destroyed the kraut market and the H. W. Marlison Co. abandoned that branch of its business to concentrate on pickles. The big tanks and the cooking and canning equipment were removed and sole and the building was put up for sale. Built especially for kraut packing, the building found few buyers. It has been used only to store Madison equipment and, during harvest season, to house a

# Jury Finds Mrs. Jordan Guilty of Manslaughter In Lenwood Stowe Death

After deliberating 24 hours a jury found Mrs. Margaret Jordan guilty of manslaughter. The jury took the case at 3 o'clock Tuesday afternoon after listening to the charge of Judge Marvin J. Salmon in circuit court in Lansing. It was 3:30 Wednesday afternoon before the jurors agreed on a

Under the charge of the court, there were 4 possible verdicts, murder in the first degree, murder in the second degree, manslaughter and acquittal.

Mrs. Jordan, 39, was charged with murder in the first degree as a result of her causing the death of Lenwood Stowe,

40, last May 2 on Dobic road n Alaiedon township. She struck him with her car.

On first degree murder the urors would have had to igree that Mrs. Jordan with nalice aforethought premediated taking Stowe's life. On secand degree murder premeditation s not an essential factor. Manslaughter covers the crime of

garding another's safety. First Verdiet Unacceptable

At 3 o'clock Wednesday the plaining there is no such offense. At that the jury of 9 men and 3 women retired for further delibcration. They returned less than i half-hour later with the manslaughter verdict. Mrs. Jordan resheriff to await sentence.

While what goes on in the jury from is secret, rumor in the corridors outside the courtroom had he score stand 8 to 4 for convicion on charges more serious than manslaughter.

Neither the defense nor the rosecution got what they asked f the jury. Defense attorneys Howard A. McCowan of Mason and Benjamin F. Watson of Lan-Ingham plans to construct 39.2 mile, recap blacktop and correct develop and plant an area south sing asked the jury to acquit

# **Electors Approve** 5-Mill Levy for

3 Sections — 24 Pages

**School Building** School electors at Mason Monday approved the levy of an extra-5 mills for the school building and site fund. The margin was about 13 to 1.

There were 2 proposals, No. 1 n the lifting of the 15-mill limitation for a period of 5 years, and No. 2, authorizing the board of education to levy a tax of 5 mills for 5 years. All electors could vote on No. 1, only property owners on No. 2. The first proposal was approved 167 to 13, with 3 ballots spoiled. No. 2 was approved 155 to 11 with one

spoiled ballot. The extra miliage on the merged district, using 1953 state equalized valuations, will yield about \$45,000 a year, explained James H. Vander Ven, school su-

perintendent. In the district building fund now is \$35,000. When the 1954 taxes are collected, the district will have \$80,000. With the possibility that \$50,000 in regular school funds can be used, the district would then have \$130,000 toward a proposed east side elementary school. Land for such a school was acquired last year. It

adjoins Athletic field on the north. Wilson and Hawley districts will have an extra 5 mills to pay, and Alaiedon unit voters will have an

l'extra 3 mills. By their approval Monday, voters agreed to the extra millage for a period of 5 years.

# Graze Near Mason

#### Convict Eludes Posse Following Freedom Flight

Still on the lam is Richard Jennings, 22, Lansing. He leaped from the sheriff's paddy wagon in Mason Friday afternoon after being sentenced in circuit court in Lansing, On Friday and Saturday nights he dodged rifle bullets and shotgun slugs.

Sheriff's officers have Jennings' pants but not Jennings in custody. Jennings shed his pants near Holt Friday night when he clambered out of a St. Bernard dog kennel with dogs trying to climb with him. Jennings, clad in shorts, was turned away from a friend's house Saturday morning but he reached the home of a relative to borrow a pair of pants.

Sentenced to serve from 31/2 to 5 years in Jackson prison for breaking into a used car lot office in Lansing, Jennings was in peared before Justice of the the sheriff's department station Peace Roy W. Adams at Mason wagon with 7 other prisoners be Tuesday on a charge of simple ing returned to the jail at Mason. The men had been in circuit court leased on \$100 hond. in Lansing to receive sentences or That's now been visit. changed by orders of Sheriff Willard P. Barnes.

As Deputy Keyes slowed his car for a red light at the corner of Jefferson and Maple, Jennings peace. grabbed for the door, opened it Glen Hardman, arrested Januand leaped toward the alley ary 16, 1953, on a drunk driving alongside the Fox theatre.

The officer, with 7 prisoners still in custody, sped for the jail a half-block east, before others followed Jennings. Minutes later Mason police, state police, all available men from the sheriff's office and civilian volunteers took up the chase. They combed Mason's business section and established road blocks.

#### Charlie's Barn Visited

Charlie's Barn, a tavern at Ma- his bond money back by appealson's north city limits, recoging to the board of supervisors nized Jennings. The customer used the telephone to call the was forfeited to the county. sheriff's office. Jennings took fright and fled, stealing a car belonging to Arthur and Gordon Long of Lansing from the tavern parking lot.

#### Convict Is Overhauled

up the trail at Charlie's Barn and as follows: closed in on Jennings at Eifert road and US-127. Jennings swung off the road and apparently was going to stop when he wheeled the stolen car in a U turn and sped back south. Officers in the second car saw what had happened and tried to block the highway with their vehicle. Jennings

pants, Lamb recognized Jennings and refused the request. Lamb William S. Coys said Jennings was wearing shorts. Lansing Police Fire Shots

About 11:30 Saturday night a Lansing police officer spied Jennings on Cleveland street, a short distance from his home on North Pennsylvania, Officers fired 3 shots at the fligitive as he fled between houses.

There all trace of Jennings was lost to police,

entering charges, court records show, and served a term in the agent until his retirement, Ionia reformatory.

As a result of the escape of Jennings, the sheriff said, he plans to renew his request for 6 more deputies for his staff. There were 20 prisoners to be transported between Lansing and Mason last Friday, the sheriff said.

# Rhoda Kelly Finds Greeks Friendly

many and time so short, I have neglected my letter writing, I will take a few hours today and ry relating life with this Greek International Farm Youth Exchange student.

When I left my village before length about the condition of going to Verla, what did the girls Mrs. Jordan on May 2 when a give me but a trohne—a cloth the The Coys have owned their statement was taken from her. In children are placed in to be carthat statement Mrs. Jordan al- ried or rocked to sleep between legedly confessed to striking trees. When I have a family Stowe with her car after a quar | don't be surprised when you see rel in her car parked at the in- this put to use. In the evenings tersection of Holt and Dobie my I. F. Y. E. mother had been roads. According to the sheriff, showing me how to spin cotton Mrs. Jordan said she and Stowe thread, and upon leaving, what had a falling out after returning should she place in my suitcase from a night spent at the Red but one of her spinning sticks. After I do some practicing, I'll The argument ended in a give lessons. They have a heart struggle in which Mrs. Jordan's of gold to part with these. I was denture fell outside the car, the happy to have them, but my cases were already packed to capacity.

Upon moving, I went to Veria where I was to spend 9 days with ment set forth, while Mrs. Jor. 3 different families. My first were dan turned her car around and fruit farmers. Peaches were ripe —many were the size of softballs. mos road, then came on back to The daughter spoke English so I really had it easy. I could give Sheriff Barnes testified that my hands a rest. I spent Friday part of the family, much to my disappointment. I then went to a cotton-raising family. Cotton was to be picked in September so everyone was working to get the corn husked first. Yes, I spent 3 days husking corn. I wonder how many days they husked the corn, for it was not done when I left. These visits were too short to really tell much about the life. I Mrs. Barnes testified about ac then went to Kozanti—the village

The first morning the alarm rang at 2:05 a. m. I did wonder tobacco leaves. We were home for breakfast with all the field work done before 8:00 a. m. Tola, and then we headed outside. Un-Before the Mason Kiwanis club
Tuesday night Mason firemen demonstrated the use of their indemonstrated the use of the use der the shade of a roof, we shed over the tobacco leaves. I really enjoyed the tobacco work. Rising fect varies on different persons, early, you do see a delightful early, you do see a delightful time of day that I have always came to town. It consisted of tor of the Mason Presbyterian cloth merchants, shoes, meat, ing nembutol tablets, upon pre- or yogurt. Grapes have come into season also and grow everywhere, so now we often have a

In her testimony Mrs. Jordan bunch of grapes to eat. I have never seen 10 days go rate prevailing in Mason. He Rail and about the trip home. She faster. This family spoke no Engthat after my first day we moved intersection near his home. She from the table used for company insisted that she bore on malice to the table just a few inches off the floor. This was a sign I was accepted as a member of the family, not a guest. It was planned that after 5 days I would go to another home since an exthe time came, my I. F. Y. E. fa-ther said that I was his American trouble after he helped her find daughter and I was to stay at

their home, so I remained. Returning from the tobacco patch, always everyone in sight had "good morning" said to them. When they saw us, they would then ask, "Did the American pick?" With a smile as big as their face, they answered, "Sure-sure."

A question that will always remain in my mind is: Do the Greeks live by "early to bed, early to rise, makes a man healthy, wealthy and wise?" Who originated it? I bet it was a tobacco farmer. I am going to investigate how tobacco is cultivated in America. I bet it is different from Greece, for it is so time-consuming here-besides the early hours.

With a long face, I left my family and headed by bus to Katerina. The memories of 10 wonderful days will always be with me.

In Katerina, my village was Kitras where I made my home for a week. Again they raised Mrs. Stowe testified that she tobacco, but I only got to pick it saw several cars driving past the on my last day with the family.

#### CREEK BECOMES RIVER

Since the rains started last week, Sycamore creek has become a river. For the full length the Sycamore gorge is running Wednesday that Grover Singleton | full, just below flood stage.

Chiefs club entertained the Mary are; President, Mrs. Lyle Beards-Vomburg Past Chiefs association by of Battle Creek; vice-presi- guests played cards, with a prize at its 55th annual meeting, dent, Mrs. Marie Botsford of Jack-Wednesday afternoon.

Mason Pythian Sisters served a one o'clock luncheon at the K. of P. hall to the 60 guests. Mrs. M. B. Rickly was general chairman for the affair. Tables were decorated with fall flowers and leaves.

Following the luncheon the the association, by presenting her son and Battle Creek, Aurelius Farmerettes, Regina and Shirley Roberts Marilyn Dolhee, Julie Davis and Marie Brown, under the direction of Mrs. John Edgar, sang several selections.

Mrs. Minnie Thorburn, president of the Mason Past Chiefs club, welcomed the guests. Mrs. Thorburn was the first most excellent chief of the Mason Temple No. 107, Pythian Sisters, in 1914. Mrs. Joy Murray of Charlotte,

president of the association, then conducted the business meeting.

#### **Extension Council** Holds Regular Meet

Members of the Ingham County Home Demonstration Council met Tuesday at the home of Mrs. Laurence Smith of Williamston. Mrs. Claude Maynard and Mrs. Morell Fox presided, and gave each member a list of different chairmen and clubs in their distact these chairmen and to get better acquainted with extension clubs in their respective districts. Reports have shown that there are more new members and new clubs this year.

Mrs. Robert Lechlitner stated she would like to have community chairmen of the different ly date. clubs contact her in regard to making plans for a Christmas float in the Lansing Christmas parade. The group also made plans for informal Christmas teas for the extension clubs.

Mrs. Lawton Gauss of Dansville will entertain at the next meeting of the group on Monday, Novem- Thompson as hostesses. ber 8. at which time Mrs. Annette Schaeffer, Ingham county home demonstration agent, will show how to organize a new club.

41w1 BRATTAIN-We wish to thank our friends, neighbors and relatives for the flowers, cards and many acts of kindness during our recent bereavement. Special APARTMENT— Small furnished thanks to Rev. Cherry for his comforting words. Also the women of the Eden Community for the dinner sent in, and Mr. and 41wtf Mrs. Leucht. Your kindness and thoughtfulness will always be remembered. The family of E. A. Brattain. 41w1p

## or unfurnished, 4 rooms and Haslett Moves Out in Front On Panther-Chief Tie Game

Stockbridge turned out to be a defensive battle instead of the L high-scoring one anticipated. The

Haslett now leads the league rent, water and electricity, lowhile Okemos drops back a notch lity of the Hornets began to chip with a record of 4 straight wins cated 2 miles north of Mason on with 3 wins and the tie. Stock-Okemos road 11/2 miles east on bridge has a record of 2 wins and

In other games Wednesday night Williamston rolled over Leslie 35-0 and Haslett downed Dansville 30.0.

The muddy field at Okemos contributed quite a bit to the lack of scoring. The Panthers and the Chiefs battled between the 30yard markers with neither team getting much closer. The defenfrom the offense.

Don Miller, Dennis McVay and performers for the Panthers in had arrived, but the nice weather the middle of the line.

For Okemos John Grettenber, again in the evening. ger, Carlton Bennett and Dick MODERN UNFURNISHED 5-Cooper were the strong boys on

> Schaibly Tosses Them Dansville had good luck it stopping the fast and powerful Haslett running game Wednesday night but the Aggies didn't have the answer to Ken Schaib-

ly's throwing arm. The Lakers struck through the air for every one of their touchdowns. Schaibly did all the pitchmonths make you an income for ling. The Haslett are also got into the hours of work you put in. I the scoring act with 3 extra points and a 31-yard last quarter Dansville played good ball in every department except the de-

fense against passes.

Wednesday night's battle of the ground Coach Dick Diehl's giants between Okemos and charges stopped the Lakers cold. Williamston Rolls On

Williamston had overything its niture for sale. Grace Furry, final score was 0.0. The tie makes the first quarter. Leslie allowed own way Wednesday night after Flaslett a double winner for the the Hornets one touchdown in the first period but otherwise played a good tight game. In the second period the superior size and abiloff the Leslie defense.

Before the next 3 quarters were up the Hornets had picked up 5 more touchdowns, Bob Bachman picked up 2 touchdowns and Walt Estes, Bob Pearson, George Wickham and Jerry Eckman accounted for the others.

#### Weather

Ingham has had rain, rain, and sive play stole the limelight away more rain the past week. The sun ame out bright and clear Wednesday, and it looked like Dennis Collier were standout i "October's bright blue weather" didn't stay long. It started to rain

> Total precipitation for the week was 1.64 inches, of which 75 came in Sunday's downpour. Average temperature for the week was 61, compared with a 49-degree reading last year at

# Suburban Developments **Double Drainage Costs**

Farm drains plus drains constructed in suburban developments have sent the total of drain special assessment rolls to \$717.111 this year, That figure, sald Drain Commissioner Gerald L. Graham, is close to 3 times more than last year and almost double that of the highest previous year.

Drains completed since last year's report, Graham said, in-· cluded Diehl, Chippewa Hills, Batdorff, Batteese Creek, Brookfield, Hudson, Hartwell, Lilac Lawn, Lawrence, Polliwog Marsh, Douglas, Stoddard Ave. and Hill.

Under construction and scheduled for completion this fall are Whitehills, Pinecrest, Tollgate extension, Spahr, Herron Creek, Freeman Marsh, Rossman-Gould

lished county drains in Ingham, a distance equal to that between Mason and Marquette and back again. The list includes 478 sep-

Ingham county now ranks eighth in the state in the number of miles of county drains and fourth in the amount of local dollars invested in drainage.

There are 3 major reasons for county drains, Graham explained. Foremost come farm drains, enabling farmers to produce crops, he said. Road drainrage is another factor, he added, and the third one, of steadily increasing importance, is suburban development. Old laws prohibited the dis-

posal of sewage in county drains. Phose laws have been changed and now by petition or by application of a governing unit, suburban sewers can be constructed. Supervisors recognized the increasing demands on the drain commissioner's office Tuesday by authorizing the employment of a deputy commissioner. They named Walter Lyons of Mason to the new post. The salary will be

fixed by the salaries committee next Tuesday. Lyons has been PUPILS HAVE VACATION Thursday and Friday off while dealers said teachers attend the annual Michigan Education conference at

TODAY'S ISSUES

# As Seen by Your Congressmán 🔮 KIT CLARDY

## Left-Wing Sabotage

The left-wing Americans for Democratic Action (ADA) gang now controlling the Democratic Party deliberately did all they could to kill the Republican program in Congress. The Communists never really try to help unions or any other groupthey're only interested in making political capital by stirring up trouble. All left-wing crowds, in cluding ADA, follow exactly that

Republican efforts to enact rea sonable labor laws, grant de served pay raises to Federal em ployees and to do other things, were stopped by the trick moves and violent oposition of the ADA crowd who only wanted to create political issues—not solve problems. Now they are trying to deceive everyone into thinking that it was the Republicans who de

feated these measures. The left-wingers believe the public can't discover the truth and that we Republicans won't be able to catch up with their lies. You know this Congress made a good record. The ADA left-wing outfit controlling the Democratic Party thinks you won't see State college. through its deceptions. I think it has underestimated public intelligence.

Pfc. Norman E. Pearce, son of Mr. and Mrs. John E. Pearce, 1896 Chestnut, Holt, is a guard on the 2nd Armored Division's Central Association gridiron team in Germany, Fronted by a hard and heavy forward wall that averages 200 lb per man, the eam's fast and shifty backfield has brought the "Travelers" to their present seasonal score of 2 wins and one defeat. Pearce is a radio operator in the division's 142nd Armored Signal Company. He entered the army in May, 1953, and arrived overseas last December.

#### High School Pupils Will Get X-Rays

Pupils in all Ingham county teachers and other personnel were X-rayed.

Other high schools scheduled to be visited by the X-ray truck durhas gone up 45c per cwt. to ing October are: St. Mary's, Resurrection, Eastern, Everett and be conducted in most of the remaining high schools during No-

#### Early Mailing Asked For Overseas Gifts

Although Christmas comes at ne same time around the world, he time for Christmas mailing to foreign countries is just around the corner, said Postmaster Leslie B. Palmer, Mason. Owing to the long sea transit nvolved and to customs inspecions and other formalities to which parcels may be subjected, mailing of gift parcels should be done early, Palmer said.

The Mason postmaster sugrested these mailing deadlines to make sure that gifts reach their destinations on time: South and Central America. November 15; Europe, November 5; Africa, November 1; Near East, November 1; Far East, Oc-

#### Civil Defenders Get Trip

Ralph Strope, county civil defense commander, and the civi defense chiefs of Lansing and East Lansing, will have their ex penses paid for a trip to Mem ohis, Tenn. The board of supervisors authorized \$125 expenses for each Monday. The conference which the 3 will attend is sched uled for October 28, 29 and 30.

#### Ingham Student Represents

A Michigan State college senor, Miss Frances Coe Reed. laughter of Mr. and Mrs. Hoyt Coe Reed of 559 Sherwood road Williamston, will represent the undergraduates of all Michigan colleges at the Michigan interorganization continuing conference on citizenship, October 12-14. Sponsored by the state department of public instruction, the conference serves as a clearing house in which all types of state organizations may exchange ideas on promoting better citizenship. Citizenship techniques for group and community action is the theme of this year's conference. Miss Reed, an elementary education major, is the head of credential certification in the student government at Michigan

#### PAINTERS RESUME WORK

Painters, driven off by rain, returned to complete their work on the Davis building Wednesday.

#### County Accepts State Figure on **Property Values**

Ingham supervisors took middle ground Monday in the confusion over property values. The middle ground means considerably more money for some school districts.

Supervisors equalized valua-

tions at \$335,734,992 last spring, Attorney General Frank Millard rendered an opinion that in counties which have school districts fractional with districts in other counties, state equalized valuations must be used. The equaliza-Lakes, Illinois. He was stationed tion committee and tax allocaat Glenview, Illinois, for 20 tion board used the state equalmonths before serving on the ized figure of \$398,100,000, Then USS Bennington for 2 years as last week Millard interpreted his torekeeper and tailor. Seaman opinion to mean that only where Pylman was transferred to the appeals had been taken to the state tax commission was it necessary to use state figures. There has been no appeal in Ing-

Supervisor Hubert Bullen o Aurelius, chairman of the ways ind means committee and the tax illocation board, explained that it is now too late to return to county equalized figures in that the tax allocation has been made on the basis of 1953 state figures. The 1954 state equalized figures olace Ingham's valuation

\$413,000,000. The differing bases would make no difference in the county total ax, only in the rate, Bullen explained. Six mills on the county equalized for 1954 scales down to 5.044 on the 1953 state equalized and 4.84 on the 1954 state equal-

zed, he said. School districts, however, Bulen continued, will be able to raise more money in most in stances on the state base set for

PASTOR FILLS PULPIT Rev. James Cahours of Dearsolution of every human prob- 11:00 a. m. A special program has During the period of her stay in

14:6.) Read Luke 23:39-43.

Recently a young man came to see me. Holdding out his New Testament, he said earnestly, "From where should I read to find peace and rest? I cannot sleep for my sins. The Lord is far from me; I cannot get nearer to Him." I showed him the text, "I am the way . . . " and other texts about for- sold giveness through Christ.

No, never. Jesus shows us the only way to God as Father, when He says, "I am the way, the truth, and the life." He takes us to the Father. He opens our eyes to know Him. He makes it possible for us to enjoy living with God because of the life He gives us. Therefore, Christ says, "I am the any of said estate give known interested way . . .: no man cometh unto the Father, but by me,"

Heavenly Father help us to love Thy way; to love Jesus Christ, our way to Thee, and Thy way to us. In this love, let us live, yet not us but Christ in us, the Christ who has taught us to pray, "Our Father who art in heaven . . . Amen."

THOUGHT FOR THE DAY

(Egypt)

Miss Lydia Wilke, missionary for the Church of the Nazarene in the Cape Verde Islands, will be at the Mason Nazarene church Sunday, for the 11 o'clock service, to tell of her experiences.

second quarter to match the Pan ther score. Dale Bachman tossed a 19-yard aerial to Barry Zindel to mar their record. All the Pan- and George Wickham evened the count at 7-7 with a perfect kick. That is the way the scoreboard read at the end of the half.

In the second half the Panthers took control and held on to it Hornets/ had the ball but very little and when they did get the ball they couldn't do anything with it. Terry Ward picked up a third-period score when he tossed to Jim Rowland on a play

that covered 19 yards. In the fourth quarter the Panthers scored twice. Don Miller, a lineman, intercepted a Williamston pass and rambled down the sidelines like a shifty-hipped halfback for 55 yards and a touchdown early in the last period and Ward hit John Collins with a 32yard pass to wind up the scoring.

#### Lineman Insures Greyhound Win

Tackle Bud Johnson was the hero over at Eaton Rapids. He dropped Bill Barr behind the Howell goalline to give Eaton Rapids 2 points and a 15-13 win over the Highlanders.

Eaton Rapids will take on Grand Ledge Friday night in what should be a corking battle. Howell will entertain Mason, Ton Highlanders are going to have an casy time of it if past Mason performances have any bearing on the outcome.

Eaton Rapids and Howell traded touchdowns, in the first period. Howell picked up its score first when Bill Barr broke over tackle on a 20-yard touchdown run. The Highlanders failed to add the extra point. Eaton Rapids came right back to tie the score on a pitch-out from Wes Whittemore to Rex Harkness. The play covered 30 yards. Harl: ness put Eaton Rapids cut in front when he kicked the extra

In the third period the Greyhounds added to their total when Johnson dropped Barr in the Howell end zone for the big 13 pointer and then picked up a touchdown a few minutes later when John Magnet tossed a pacs to Bill Dean on, a play which

covered 42 yards. Howell threatened twice in the final quarter but the Greyhound defense played heads-up ball and squelched both threats.

Principal John Munn of Fowler ville. He added that special effort Brown's Placekick should be made to stop heckling and lack of sportsmanship on the part of spectators, He pointed out that crowd sportsmanship influences the sportsmanship of those playing the game,

The ruckus at Leslie during Everyone left Thursday night's After all the reports were and after the game with Stock-meeting of Ingham County boiled down, coaches and officials bridge was over-emphasized, acand after the game with Stockleague officials and coaches at drew the conclusion that most of cording to all the school officials Okemos the best of friends, and the trouble came from spectators present. There was some trouble but daily newspaper reports were exaggerated, they declared. 🕛

All 3 officials who worked the game were present at the meet-

According to Marshall Simpson, referee, the game was a difficult one to officiate. There were 11 major penalties walked off, but in his opinion they came as the result of boys playing a hardcharging game. Neither he nor he other 2 officials, Henry Bosch and F. E. Jeraldeau, deviolations, they said.

Following the game there was me fight between a Stockbridge youth and a boy from Onondaga, yard line, John Faggion lugged The Stockbridge boy suffered a slight concussion.

A cup of hot coffee was thrown through the open window of the bus carrying the Stockbridge ble. The Vikings moved the ball team as it was leaving the field

Principal Joe Arisim of Okepasses from Dean Look to Roger mos closed the discussion by Quinn. In the second period Ever-backing up Ingham County ett added 25 more points when league coaches. He pointed out Look ran over from 10 yards out, that there isn't a coach in the Bob Sudberry tallied twice on league who has to win in order to runs and Byrun Chicola added hold his job. He added that another. The score at the half school sports programs are essentially for the school pupils Ceach Dean Shippey started his and that officials and coaches first string again in the second should bend every effort to dishalf and on the Vikings went, play only the highest type of

## Gladiators Fail To Stop Haslett

Haslett kept pace with Okemos in the tight Ingham County League race by downing Fowlerville 12-0. The win kept the Laker record clean with 3 wins in 3

The Lakers had to resort to a Leslie 46-6 Friday night. last-half rally in order to win. In | Holt proved to Leslie that Capithe first 2 periods Fowlerville tal Circuit play is pretty stiff. In the third period Haslett be- period. He picked up 2 touch-

same story. The Lakers just had rad passed to Harold Klinger on too much for Fowlerville. Schaibly again handled the scoring as lighment with a 2-yard smash. He that doth public good for the second half. Tuttle passed to grateful. Massinger.

# Wins for Orioles

Charlotte stayed at the top of the Capital Circuit heap Friday night by edging Grand Ledge 19-18. It was Lynn Brown's extra point in the second period, the only extra point in the entire contest that spelled the difference for the Orloles.

Friday night Charlotte will ake on Hastings in a non-circuit contest,

While the Orioles are resting with circuit play over at Eaton Rapids. Both teams are rated as game. strong outfits and both have strong running games.

Neither Charlotte or Grand Ledge could get the upper hand in the first period Friday night, In the second quarter, though Grand Ledge started to roll. Mike lected any flagrant or intention. Miner climaxed a 70-yard drive when he tossed a pass to Gail Shoemaker for the last 45 yards, A few minutes later the Comets the ball over from there.

Charlotte wouldn't stay down though. Before the half ended Tom Dewey, Oriole speed merchant, went around right end and streaked for the goal line 69 yards away, Brown added what turned out to be the biggest point of Everett. Both own perfect rec the night.

Charlotte pulled out in front in the third period when Gary Beebe

Grand Ledge came back strong n the last quarter when Shoemaker intercepted a Charlotte pass and went 70 yards down the sidelines to score but the Orioles matched that a minute later when Brown went over from the 5-yard line after the Orioles had moved

#### Rams Run Rampant has been the outstanding feature of the Viking attack. The South Over Old Buddies Cellent runners in Bob Sudberry, Byron Chicola and Gene Guile

Holt didn't let old friendships stand in the way of crushing

down with a run of 65 yards.

In the fourth period it was the whitewashing when Warren Con-coaches.

Joe Kelrsey for a score and then Tuttle intercepted a pass and scooted 45 yards for another

In the last quarter Jerry Bell intercepted another pass and lugged it to Leslie's 5 yard line and then Rex M erriott banged it over, Gary Rodocker ended the scoring for Holt when he went over from 15 yards out.

Friday night Holt will not have it quite so easy. The Rams will take on Everett in what could be the top game of the season. While the Ram record is not as bright as the one the Vikings own, Holt the Comets will keep right on has been in some close contests and has improved with every

> Leslie will not have a game Friday night as the Ingham County week end schedule has been moved up 3 days to accomodate teachers institute.

#### Two Teams Share Circuit Spotlight

Everett and Charlotte loom as the teams to beat in the Capital Circuit at the season's halfway mark. Neither team has much on the horizon to worry about until their own clash October 29 at

The Vikings carry the most glitter. In Associated Press rattook a 35-yard pass from John ings for the week Lansing Ever-Boardman and stepped over the ett was rated the top Class C last stripe without a hand being school in the state ahead of Cedar Springs and Nashville.

Charlotte doesn't figure in the Class B ratings but the Orloles still manage to win games.

The Orioles have beaten Battle Creek Lakeview, Holt, Mason and Grand Ledge while the Vikings have turned back St. Mary, Eaton Rapids, Howell and Mason.

For Everett the running, kicking and passing of Dean Look Lansing school also has some ex-Byron Chicola and Gene Guile, In the line the Vikings are big and know how to block. Everett's

down field blocking makes every play a potential touchdown run. Over at Charlotte the Orioles base their attack on the running, kicking and passing of another one of the Brown boys. This time it is Lynn who is plaguing

Charlotte's opponents. Besides Brown the Orioles rely able yardage. Gary Beebe, Tom Dewey and Tom Barnett have all In the second quarter Leslie got come through for Coach Malcolm up off the ground and avoided a Gobel, dean of Capital Circuit

#### Canada Builds a Highway

While Michigan people are organizing into groups to buck toll roads and throughways to handle mounting traffic, the province of Ontario has a superhighway well started. That highway will extend for 542 miles across Ontario, from Windsor to Toronto and on to the Quebec border. On that entire stretch there will not be a traffic light, nor a left turn. That new road will by-pass every city, town and village. It will be almost entirely sealed off from open intersections.

Ontario is planning to spend \$450,000 a mile for this superhighway designed to accommodate automobile traffic. 21, was seriously hurt in an auto-the maintenance of US-127 A, That new road isn't being built to wind through cities and mobile erash near the intersection of Jeffertowns, tangling local traffic. It isn't being built to serve tober 2. roadside tourist stands or liquor joints along the way. Canadians believe that people know where they want to go and are willing to leave the main highway to find their way to any town or city along the route.

Here in Michigan there are now three groups demanding that a proposed north-south highway be built to serve local interests. Lansing with more traffic than it can now handle insists that Michigan's stream of tourists be forced to crawl along its present route "so tourists can see the capitol." There isn't one tourist in a thousand who would stop to see the capitol if the trunkline followed Capitol avenue.

Drivers want to get places—go places. They are headed north for outdoor pleasure or they are tired and weary and are anxious to get back home. They are able to read road maps and follow feeder highways and streets. They are even willing to pay for the privilege of through routes as records of Pennsylvania, New Jersey and New York toll roads prove.

Traffic today calls for something besides horse and are back in the victory column buggy planning.

Canadians in Ontario are building a superhighway designed to handle not only today's increased traffic but the the school board hired a new Senator Ferguson now holds. Her increases which can be expected within the next 10 years.

#### The Hunters' Responsibility

Whether or not land is posted, the owner or occupant can hunt to his heart's content during open seasons.

Even though land is unposted it is the responsibility of hunters to obtain permission before they hunt over it.

Every fall the same arguments crop up, some people claiming that if an owner or occupant posts his land he and when he went to Sturgis and his about any prejudices they may his friends can not hunt there. That is not true. Some people claim that if land is not posted anyone has the right to hunt there without asking permission. That is not true either.

It is the responsibility of the hunter to first secure permission from the owner or occupant of land before he goes onto it. Otherwise he is a trespasser under strict interpretation of the Horton anti-trespass law.

An exception is at the Dansville public hunting grounds, have to sacrifice if they want to An exception is at the Dansville public hunting grounds. have to sacrifice it they want to be champions in any line, and if they do make those sacrifices the in Town 3 North, Range 1 West, pulled before the rain are reobtaining permission from anyone.

With the opening of the upland game season just a few days away, land owners and occupants should know their rights and hunters should know their responsibilities.

#### Sportsmanship Like Charity . . .

Sportsmanship like charity should start at home. And if it does it will become contagious.

Coaches and high school principals of the Ingham Coun- would be rewarded with Bennie's and a mounment to mark the ty league used wisdom in promptly dealing with a breach of job at Ann Arbor. good sportsmanship. At Okemos last Thursday night they decided not to tolerate in Ingham league play those conditions that have forced Detroit and Chicago school officials to call off night games. Hoodlumism drove out sportstmanship at Michigan State and did. Maybe Detroit and Chicago, with adults often leading the hoodlums

Promoters of professional baseball often seem to enarguments on the field. Mayhem has become almost an accepted part of professional hockey.

If school sports do not encourage sportsmanship on the sidelines as well as on the playing field then they have no place in school programs.

Ingham County league officials should be commended for their promptness in dealing wth a threat to good sportsmanship in Ingham county. Coaches and principals didn't point their fingers at other schools. They all agreed that good sportsmanship must become a part of every school's quit his medical practice to tradition and that the best place to start is right at home.

Acutes who rant and rave at decisions of officials at high school games should be refunded their admission charges and asked to leave. Adults who let their partisanship lead to ment of aeronautics and director insults to players or spectators should be asked to stay of the office of civil defense, beaway from games. Promoters of professional hockey and lieves he has heard the same baseball should lay off glamorizing rough and unfair play and the baiting of game officials.

Spirited rivalry and school loyalty are good. They are good for schools and good for communities. When rivalries tions and ambulances are flimsy result in unsportsmanlike conduct and bad manners by players or spectators then rivalry had best cease.

Ingham League schools and spectators are no different than other league groups, except possibly the school officials were a little quicker to take action against a breach of good manners. By their action they have encouraged good sportsmanship.

#### **Equalization Is a Mess**

One man's opinion, even though the one man is an attorney general of Michigan, has messed up equalization of assessments. The attorney general gave as his considered opinion that all counties which have school districts fractional ops. with other counties, must use state equalized instead of county equalized valuations. That opinion stood until last week when he explained that his opinion has been misinterpreted.

In the meantime county tax allocation boards made their findings and county and school budgets were based on state 

Here in Ingham the state figures for 1953 will be used. That base will yield more school money than the county equalized rate would have brought in.

A lawyer's opinion of the law is not law, even though the opinion be that of the attorney general. That's where Ingham supervisors probably made their mistake, accepting the opinion of the attorney general as gospel.

The American system of government is based on laws and not men. Interpretation of the law is best left up to the courts instead of attorneys general. When one man's opin- most of Michigan's beans are ion is accepted as the law the public usually suffers.

## International Dairy Show Hits Chicago October 9

The spotlight of the dairy world competition coming from 8 states will focus on Chicago October 9-16 and Canada. when the continent's top dairy | Illinois dairymen from 29 coun-

ternational Amphitheatre. The second annual international dairy show, and world championship rodeo in conjunction, will attract the year's largest showing of the 5 dairy breeds and Milking Shorthorns-known as dual purpose cattle for their production of both beef and milk. The entry of approximately

2,000 animals comes from 500 dairy cattle breeders in 27 states, Canada and Cuba.

Holstein Entry Leads Holsteins lead in number with 482 head registered for the show from 13 states, Canada and Cuba. It will be the year's largest showing of this heavy milk producing breed that was first brought to the United States from Holland. Holsteins are coming from California to New York and from Canada to Texas.

Jerseys rank second in number. There are 371 head listed from 15 states. It will also be the largest show of the year for this breed. The Chicago show has been designated by the American Jersey Cattle club as their national show of the year.

Guernseys and Ayrshires will each be shown by exhibitors from 9 states and Canada; and Jeading Brown Swiss cattle owners of 7 states have nominated their best specimens of this rugged breed, native of Switzerland. Ayrshires, Guernseys and Jerseys are of British origin, as is the Milking Shorthorn also to be seen in their national show at Chicago with

## One Out of Ten!

Route 1

One out of every ten paychecks handed out in Michigan is paid by Motor Transport — did you know that? And the average annual wage it pays is about 25% higher than the average for all other industries!

That gives you some idea of how big and important the trucking industry is in this state.

Everything you eat, wear, or use travels at least a part of the way to you in trucks and trailers. And besides this, the trucking industry is a major job producer for your state!

No wonder it's said, "Trucks are your friends - serving you night and day!"

## Science Scorns Weather Prophecies

Nature mystics are measuring ing animal fur—all to determine autumn, how severe the coming winter will be.

Among the many puzzles of nature that have long interested Walter P. Nickell, naturalist of Cranbrook Institute of Science, Bloomfield Hills, one of the most mysterious to him is the human mind that considers itself inferior to a wooly caterpillar.

The wooly caterpillar is mosty black, with a brownish stripe circling its center. According to the prophets, this creature anticipates weather conditions several months in advance and narrows he stripe to denote a severe season ahead. It seldom predicts mild

Hornets are supposed to build ests extra high to avoid deep snows. Since aueen hornets select nest sites early in the spring, their forecasting is necessarily long-range. Actually, Nickell points out, hornet nests in any given area or season vary from inches off the ground to 60 feet event that has not yet taken in a treetop, even in the snowless south.

Crickets, or other music-making insects, are supposed to indicate an extreme winter ahead by ceasing their noise early in the ations by hoarding nuts, not be room at 7 p. m. fall. These insects actually vary ate temperature and light conditions. During cool nights they may not perform at all, but quickly resume as warmth returns, until they are finally killed into snow storms that kill them by the first frosts.

Some prophets watch the ground-hog go to bed, just as they nerald his emergence in early spring. The theory is that if a hiberating animal retires early he's getting ready for hard

fur in early fall is a favorite sign mild winter in Michigan because of coming bilizzard weather. Fur the state's vast water areas tend research has shown, however, to store warmth from the sumthat weather has much less to do mer sun, and there were about with thick, healthy hair than the twice as many hot, stinny days animal's recent diet. After a this summer than usual. But, he drought-seared summer when hastens to add, this circumstance feeding is poor, many animals does not prevent Arctic air must go through winter with scraggly coats, no matter how

low the temperature, The popularity of superstitious predictions is, according t Nickell, based on 2 factors: (1) Nickell, based on 2 factors: (1) Lions Plan Show of animal instincts, and (2) non scientific records of the outcome of animal-prophet forecasts. of animal-prophet forecasts. An animal's reactions may re-

sult from his own experience as an individual, or from the behavior patterns he has inherited words, instincts are formed by past happenings. There is no scientific evidence that instinctive club, behavior is influenced by an place, such as a severe winter ahead.

## Will Determine Heifers' Health

Now is the time to check up on those yearling dairy heifers to see if they have enough size to freshen when you want them,

M. H. Avery, county agricultural agent, makes this suggestion and gives farmers a yardty of wheat, rye, oats and barley stick with which to gauge their heifers' growth. Avery says that in weather this year. Canadian yearlings of the larger breeds such as Holsteins, should weigh girth measurement of 60 inches or more.

> Don L. Murray, extension dairy specialist at Michigan State colsilage and good pasture will keep

The folks who operate Michigan's 50 soil-testing laboratories are sending out an urgent S. O. S. 8-ft. Double Disc with metal boxings, nearly Every year the laboratories test about 40,000 soil samples and they are glad to do it. They could do more than the 800 samples per laboratory.

The trouble is that most of these samples some into the labs in the spring and the re-John Deere Rubber-tired Wagon and Grain ports are wanted back immediately for spring planting, according to M. H. Avery, county agricultural agent. This makes a difficult situation for the lab tester and the county agent to make the test and recommendations in time for the farmer to get his planting done on time, he points out. Here is the recommendation of Ed Longnecker of Michigan State college-take the soil samples from the soil now. Send them to the laboratory where they will have plenty of time to be studied between now and spring planting season. Sending the samples in early takes the pressure off the lab facilities, the soil tester and the county agent, who makes the recommendations. Also, you will be able to order your fertilizer and lime early. You will have the kind of fertilizer you want when

you need it, he explained. One to 3 samples per field will be enough but each sample should represent major differ ences in the soil and should be a composite of from 4 to 10 samplings taken at intervals of 50 to

#### **Caterpillars Are** Still on the Run

Forest tent caterpillars-the long, blue crawlers that have been chewing their way across northern Michigan forests during the last few years-are lefinitely on the decline.

"Some increases have been noted in localized area," says Richard Fox, conservation de-

been at epidemic numbers for the last 3 years. They are always present, but increase and decrease in a general 10-year cycle, In the next year or 2, if all goes according to past pattern, the epidemic should be about ended.

Next week, state foresters will start a month-long survey of the problem in the upper and northern lower peninsulas.

They will try to determine the extent of the decline and will partment entomologist, "but look for areas that can expect viewing the overall picture, the new local outbreaks next spring, infestation is on the way down." One such build-up was noted this Fox says the caterpillars have year in parts of Delta county.

#### Trees and Shrubs Should Be Pruned The Right Way

shrubs need not be a troublesome task if a definite program is against spider mites and aphids kept in mind, says Harlow W. scape architecture, at the University of Michigan.

Pruning may be done to improve the natural shape of a tree or shrub by removing those branches which are not in conformity with the natural shape, Some shrubs--lilacs, for instance-are inclined to send out al farms, whose farming opera- sprouts from the ground around tions are co-ordinated by the the plant. If you wish the plant Michigan department of agriculto retain its true form, these should be removed, Whittemore states. If it is a flowering tree or shrub, removal of ground sprouts

Shrubs and small trees are fre tection. It is desirable then to re tain a dense foliage right down to the ground. Pruning these con sists of removing growth above U. S. oil industry in 1954 to ex- say, 7 feet, and encouraging the low branches.

needs of this country now and in heading the lateral growth in. the future. All but 600 million being careful not to undercut the of the shrub. Pruning in this case should be done somewhat on a slant so that the sun is able to from \$25 to \$35 and have a reach the side of the shrub right

> Such shrubs as lilaes and bush ioneysuckles are bound to be come somewhat "leggy." The only solution may be to cut the plant back to within a foot of the ground. The vigor of the plant will restore the branching sys tem quickly. After that, a judicious topping will improve the density of the mass, he explains

> Some people like to use thorns plans, such as bush roses, wil plums, wild erab apples and toothache trees, to keep out animals. It is advisable to let such plants grow on their own unti they reach a point where a good vigorous cutting back is called for. A formal hedge, a privet or barberry, requires constant pruning because, if neglected, it is difficult to reshape.

Remember that a hedge needs light on all sides to be kept dense to the ground. Therefore, not only should the hedge be should be cut at the sides on an upward slant so that the base re ceives light at least for half a

Usually an old neglected hedge an be restored. First cut back to height desired, then cut sides on a slant to a peak, or inverted V it the center. It must be re, membered that pruning a hedge vigorously removes a lot o' growth which must be restored This calls for a lot of feeding Whittemore claims.

Evergreen hedges can not be very well pruned at the height desired but they should be kep' back into proper form and allowed to grow slowly. It is a mistake to assume that a hedge can be kept within a width of 2 feet Minimum width which can be kept is about 4 feet, he points

Remembering that pruning flowering shrubs must be done with regard to the flowering season, Whittemore cautions. Those which bloom early, as forsythia magnolia, Japanese quince, set their buds the previous fall and should be pruned after they bloom and befo**re** fall comes. This will result in better bloom in the following years. Those shrub: which bloom in late spring or summer should be pruned in early spring or late fall.

When you see the herb, mar joram, on your grocer's spice shelf, do you wonder what it's used for? Marjoram is of the mint family imported from France and Chile, The leaf is used with other herbs in stews, soups, sausage, poultry seasonings and in fish and sauce recipes. For a different flavor touch, sprinkle marjoram over lamb while it is cooking,

# terial can be sprayed on, **Built-in Weapon**

Plants are getting their own system. built-in weapon against one of their biggest enemies-the bugs.

**Plants Kill Bugs** 

**Using Chemical** 

New chemicals sprayed on plants or applied to the soil can go through the plants' circulatory system. When an insect sucks the sap or chews on the plant, the pest is dealt a knockout blow.

These poisonous chemicals last onger than ordinary insecticides -they go inside the plant and won't wash off. They are called systemics.

And tests being made by Michigan State college entomole gist, J. R. Hoffman, show promise of better things to come. He is esting what science calls "organ ca phosphorus compounds,"

Their deadly power as systemles was discovered by a German scientist working to develop new war gases for the Nazis during World War II. These compounds are more dangerous to humans than other insect-killing chemicals now in common use.

Only 2 systemics have been U. S. The first is schradan, which some nurserymen and greenhouse operators are using to control Pruning your evergreens and spider mites, aphids and thrips. The other, demeton, is effective federal food and drug administraion for use on potatoes.

> Hoffman is testing 4 others belemeton. He indicates they have een effective in helping sugar 751 lb milk, beets, cherry and apple trees to repel their pest enemies. These chemicals have not yet been approved for use, however.

For soft plants like some vegetables, the systemics are applied

#### Iowa Tests Show Farm Heat Plans

There are several ways to heat he milk house. Radiant heaters, electric space heaters, hot water all do a satisfactory job.

According to an Iowa State 2,060 lb milk. follege engineer, radiant heating lamps will cost about \$40 with an additional operating cost of \$6 to \$9 a month when electricity s figured at 3c per kilowatt hour. An electric space heater will cost monthly electricity expense of \$6

Probably more efficient is a not water space heater or a milk cooler where either of these pieces of equipment is used 2 ways. Not only does it heat the milk room, but it performs an important service in cleaning equipment or caring for milk.

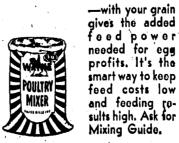

Necessary additions to a milk cooler to make it serve the dual ole as cooler and room heater will cost about \$25. The extra electricity required to operate he milk cooler as a heat pump will cost about \$3 a month.

A 50-gallon water heater with space heater attachment sells at about \$160 with an additional \$1.75 to \$2.50 per month electricity expense on off-peak rates. In this way, a dairy farmer can take advantage of reduced rates in electricity for the heat needed to warm the milk house.

Eggs will stay fresh longer if sheared level at the top but it you will keep them in a cold place. A fresh egg has a thick white and an upstanding yolk that is well centered. When eggs become stale the yolk flattens and the white is thin and watery.

# Only America's First Choice Truck Gives You The First Choice Features!

All these great advances that mean more work per day...more work per dollar are yours in America's lowest-priced truck line! No wonder Chevrolet trucks are the biggest sellers of all!

Now's the time to buy! **Get our BIG DEAL!** Save with a new Chevrolet!

All three valve-in-head engines deliver gas-saving highcompression performance. Aluminum alloy pistons, allweather ignition system and full-pressure lubrication assure longer, lower-cost life!

#### TRIP-SAVING BODY FEATURES

Chevrolet-built truck bodies last longer, require less maintenance. What's more, new stake and platform bodies are wider and longer. New pickup bodies, with graintight tailgates, are deeper.

#### LONG-LIFE CHASSIS FEATURES

For example, you'll find stronger, more rigid frames in all models; heavier axle hafts and bigger front wheel bearings in 2-ton models; higher capacity clutches in light- and heavy-duty models.

#### **ADVANCE-DESIGN CAB FEATURES**

Increased driver comfort with highly efficient ventilation and insulation; shackle mountings that cushion frame vibrations; a big one-piece curved windshield with fullwidth defroster outlet.

Less effort needed with Chevrolet's Recirculating Ball Steering Gear; Torque-Action and Twin-Action brake design helps you stop more surely and easily. And that's only the beginning!

#### Cornstalks Will Stop Erosion

Cornstalks that are left on fields offer quite a protection to

the soil over the winter. A Michigan soil conversationist reports that crop residues such as broken cornstalks, spread-out soybean straw, or similar mulches help the soil absorb the pounding of rain just as growing crops do. One inch of ... falling rain has the potential to wash 10 times the area on which it falls, if its force is not ... broken.

In an experiment conducted at . the Illinois station, a rainfall of . nearly 2 inches an hour took 193 lb of soil off an acre where ... cornstalks were broken down across the slope. In an adjoining bare plot, the rain took 4.148 lb of soil (20 times as much) for . one acre. In a soybean straw test, the covered aere lost 715 lb and

the bare acre 3,362 lb of soil. To get best results, break the cornstalks down close to the ground, or, for a better job, run a stalk shredder over the field or knock stalks down across a slope with a heavy drag.
