Congratulations to all Runners!

Event Director Message

Back to Our Roots — Just in Time for Our 50th Celebration

Without a doubt, being normal never felt better! Producing the “Runner’s Rite of Spring” on April 3, 2022, as we had done 48 times before March 13, 2020, the day we cancelled our 49th running due to the worldwide pandemic, was more exciting and fulfilling than we could have never imagined before that fateful day in March, 2020. Yes, the 49th running on September 12, 2021 was an important marker that the country would prevail over Covid-19, but it just wasn’t quite the same lining up on the Washington Monument Grounds with a hint of fall in the air instead of a stunning canopy of pink and white blossoms. Let’s hope that we never have to pass through this sequence of events again.

The runners shared this enthusiasm, with the field swelling back to nearly full size even though when the lottery was held in early January it was not clear that we would be able to hold the event free of Covid-19 mitigations, or even at all. Even the ranks of our volunteers were nearly back to the pre-pandemic level. Thank you to everyone who kept the faith during our three-year time out.

So, what’s next? The 2023 race will mark our 50th Celebration encompassing both our 50th anniversary and our 50th running since we did not count the 2020 Virtual Run as an actual “running” of the race. Work has already begun on a host of special activities. Please stay tuned.

What an exciting year 2022 turned out to be. Reston, Virginia’s Susanna Sullivan became the first local winner of the race since Eleanor Simonsick captured the title exactly 30 years earlier. Sullivan’s winning time of 52:32 was the sixth fastest American time ever in the event and was faster than the winning times in 2011, 2012, 2013, 2016, 2017, and 2018. The elite men’s race featured Nicholas Kosimebi tying the course record of 45:15 set exactly ten years earlier by Allan Kiprono.

We had nearly 800 participants in the continuation of our Virtual Run, our first as a “hybrid” event. The Virtual Run provided a chance for a wider audience to join in the Credit Union Cherry Blossom spirit wherever they could.

I invite you to scroll through the pages of our environmentally friendly PDF results publication and relive the excitement and the magic through the articles, photos and finisher lists. As a reminder, you can measure your performance against our elite athletes or anyone else in the field by using of the “Age Graded” quotient supplied with each finisher’s time. This provides a way for you to compare your time, based on your age and sex, with the performance of any other runner based on his or her age and sex.

I hope your experience at this year’s event will entice you to join the thousands race entrants who use their local Credit Unions for their financial needs. (Details about joining a Credit Union appear in the center spread of this results publication.) They have been the best title sponsor ever, all the way back to 2002. During their tenure, the event has raised over \$10 million dollars for the Children’s Miracle Network Hospitals, a total which was augmented by \$382,000 this year.

I also would like to take a final opportunity to thank our 2022 Presenting Sponsors Asics, our official shoe and apparel sponsor; first time supporting sponsor Wegmans, the presenting sponsor of the Health and Fitness Expo; MedStar Health, presenting sponsor of the Virtual Run; Garmin, our Technology sponsor; and Discovery Communications, sponsor of the Heatsheets; and our Supporting Sponsors including Gatorade, provider of the Gatorade Endurance Formula out on the course; Potomac River Running, our official retail sponsor; Co-op Financial; CUNA Mutual Group; PSCU; and Suburban Solutions, who hauled a lot of stuff around on race weekend. I’d also like to extend a special thanks to DrinkMore water for supplying the water, the Montgomery County RRC for handling the water stop logistics, the National Park Service, and the U.S. Park Police.

Our plan is to hold lottery registration January 4-16, 2023. Everyone who entered the race this year, even if you were not accepted, will be sent email notification about the entry process. Remember to let us know if you move or change your email address so we can keep our records up to date. If you have friends or associates who did not run this year (or if you have run before but did not run this year) anyone can sign up to receive an email containing the 2023 entry information on the race website at www.cherryblossom.org. Be sure to check your spam filters if you do not hear from us — or just check the website from time to time.

If you had a good time or have suggestions, please let us know. You may write to us at Credit Union Cherry Blossom, 4963 Elm St., Suite 106, Bethesda, MD 20814 or send us an e-mail to: racedirector@cherryblossom.org.

As always, I am deeply indebted to all of my race committee members — especially Deputy Director Becky Lambros and Cherry Blossom, Inc. President Irv Newman — who toiled tirelessly throughout the year to make it all happen.

Happy Miles,
Phil Stewart
Event Director

Clouds of cherry blossoms greeted runners returning to the first “Runner’s Rite of Spring” in three years

Photo: Dan Kolansky

Cherry Blossom Ten Mile Returns to Spring! Echos of 2021: Men’s 10 Mile Won with a Solo Blitz, Women’s a Nail Biter

by Mark Heinicke

The weather was glorious on April 3rd in Washington DC, and the famed cherry trees were just a tad past their splendid peak. The fortunes of the Credit Union Cherry Blossom Ten Mile Run matched the setting. For the first time in three years the race was held in-person in spring, and more than 14,500 runners made the most of it. With 46-degree temperatures at dawn rising slowly to 54 at 10 a.m. and gentle winds in the morning, conditions were ripe for quick times and personal bests, and 16 personal bests were achieved among the top men and women. To raise the stakes among the leaders, \$125,000 were on offer between prizes and bonuses. One American and course record was set, another tied, and a local runner won the women’s race for the first time since 1982.

American and course record goes to nonagenarian

First the American record: the time was not spectacular, but the *precedent* was: 90-year-old George Yannakakis from Towson, MD, running Cherry Blossom for the 29th time since 1984, strode to the finish in 2:33:04, winning his 11th consecutive Cherry Blossom age group title with an American record for the 90-95 tier. (Yannakakis set the race’s 85-89 age group record of 1:44:08 in 2017, and way back in 1987 notched a

1:05:18.) George ascribed the key to his long and successful career to “being at peace with yourself.”

Newcomer Nicholas Kosimbei trounces a strong men’s field

Tying the 10-year-old open course record was 25-year old Kenyan Nicholas Kosimbei, who sizzled through the course in 45:15. Much like the 2021 men’s race where Edwin Kimutai escaped the pack early to win by a comfortable 33 seconds in a time of 45:45, the winner competed chiefly against himself.

Kosimbei broke loose from the lead pack in the second mile and hewed to his avowed strategy “to take the lead early and never look back.” He had done the same thing on February 27, setting a Georgia state half marathon record of 1:00:36, running solo for the last seven miles and eclipsing the old state record by more than three minutes. Kosimbei is a newcomer to American roads—the Georgia race was his first in the U.S. Kosimbei’s powerful running style is more akin to that of a middle-distance runner than the smoothly flowing look of most Kenyan long-distance stars.

Kosimbei kept widening his lead through 15K: he kept ahead of his swiftest pursuer Wilfred Kimitei by seven seconds at 5K, 25 seconds at 10K, and 29 seconds at 15K. In the last 0.7 miles Kosimbei gave up only one second to

Kimitei who arrived 28 seconds back in 45:43.

The men’s chase group was well stretched out. Runnerup Kimitei, at the ripe age of 37, put 15 seconds between himself and third place 26 year-old Shadrack Kimining (home in 45:58). Another 55 seconds separated Kimining from fourth place American Futsum Zienasellassie (46:53). While Reid Buchanan came home hot on the tail of Zienasellassie in 46:57, there was a 33-second gap back to sixth place Lawi Lang (47:29).

Kosimbei took home \$9,000 for his efforts—\$8,000 for first place, and another \$1,000 for first man under 46 minutes. The next nine men split \$28,250 between them, beginning with Kimitei taking \$4,000 for runner-up, and another \$750 for the second sub-46 minute time. Below him, prizes stepped down to \$200 for 10th place.

Women’s Race: Suspense Builds for 52-and-One-Half Minutes

The women’s race was also won by a front-runner, but in that case the winning margin shrank from nine seconds to five seconds in the last mile. Susanna Sullivan moved away from the lead bunch at five miles—the same place last year’s men’s winner Kimutai made his winning break. But unlike Kimutai last year and Kosimbei this year, Sullivan

found herself dogged closely for the next five miles by three tenacious competitors. Carrie Verdon, Paige Stoner, and Sarah Pagano, running in a tight bunch, all had promising pre-race credentials and they kept the leader within striking range for more than 50 minutes.

In contrast to Kosimbei’s approach, Sullivan’s initial strategy did not include escaping off the front early. She planned to bide her time until out on Haines Point (between six and eight miles) to make a move. She believed she could at least run a PB and that could be good enough for the win. However, as she explained later, she “was feeling really good around five and decided to press a little. I was surprised to put some space on them, but I wasn’t looking back. I had no idea how close they were, and knew, based on the pace, that they were absolutely capable of reeling me in late in the race, so I tried to stay focused on the lead truck and trust my training. I was so relieved to make it to the finish line first.” The *not looking back* part was akin to Kosimbei’s. Being “surprised” to have dropped the lead group halfway through the race was not.

At 10K, Sullivan had a six-second lead and extended it to nine seconds at 15K. The chasers hung grimly together a few seconds apart, straining to bridge the gap to Sullivan in the last mile. But Sullivan

Continued on page 6

held on and broke the tape in 52:32. In the end Verdon closed to within five seconds, with Stoner one tick behind and Pagano another eight ticks back. All four ran personal bests, and *just 14 seconds* separated the top four.

The closeness of this year's women's race was reminiscent of the 2021 race when 13 seconds separated the top *five*.

Sullivan, a fifth-grade teacher from Reston, VA, and the first "local" runner to win since Eleanor Simonsick 1982, remarked afterwards, "I knew that if conditions were right... and I had the motivation of a lot of fast women chasing me, that could happen." She got her wish: nearly ideal conditions and three fast chasers. It was her eighth Cherry Blossom Ten Mile, and for sure the sweetest.

Sullivan's 52:32 was a personal best at 10 miles by almost two minutes, placing her sixth on Cherry Blossom's all time U.S. women's list. At age 31, her star is on the rise: last fall she won the Project 13.1 half marathon in Valley Cottage, New York, in a personal best of 1:10:50. She has run PBs at 5K/5000m three times this year, the most recent being the

Boston Athletic Association 5K in 15:39, good for eighth place.

Asked to explain the big improvements recently, Sullivan admitted to earlier "feeling so frustrated in the sport... Injured at the beginning of the pandemic, she found "a chance to build a solid base." She lengthened and intensified her workouts, giving her "confidence... that I can maybe make a bolder move than I ordinarily might in a race and it might work out." Often running double workouts, she typically runs at 7 a.m. and again at 7 p.m.

Having reaped a total \$14,500 for winning the race (\$8,000), plus placing first American (\$5,000), and another \$1,500 for winning the RRCA Roads Scholar-RunPro Camp Development Award competition, Sullivan now finds it "easier for me to say 'yes' without hesitation to certain opportunities to race."

And what about her fifth-graders, the ones who see her between the 7 a.m. run and the 7 p.m. run? She says "they were thrilled." No surprises there.

5K: Men's Winner Doubles His Pleasure

April 3rd being a day for front-runners, the men's 5K meshed with the theme of the day. But winner Evan Fallor had more on his mind than a 5K race. Fallor says, "I was solo from the gun, and really spent the majority of the race enjoying the beautiful morning we had. There's something cathartic about having the streets of D.C. closed off for running. It's great to be able to take in the Lincoln Memorial and the Potomac along the 5K course and feel the support of the rest of the crowd the whole way." He went on to muse about "the serenity of the course."

Those of us who do not closely associate serenity with racing need to understand that Fallor was preoccupied with a greater purpose: he was about to get married that afternoon, and was envisioning how he was going to recite his vows seven hours later. Using Alexandria as his "home base," he fled across the Potomac to board a trolley to take him back to Maryland. That's right—in D.C., he ran 5K in 16:05, crossed from D.C. to Virginia, and went back to Maryland for his 4:30 marriage at Oxon Hill Manor near National Harbor to Michelle Moses, who is now Michelle

Moses Fallor.

In case anyone suspects that Fallor originally planned to get married on Cherry Blossom race day, you should know that the date of the wedding was dictated by—you guessed it—COVID-19. In Evan's version:

We had originally set our wedding date for the day prior to Cherry Blossom up in Baltimore. However, due to COVID restrictions, our original venue was forced to close, and we had to make a last minute shift to a new venue. A total of 17 guests -including two groomsmen and one bridesmaid- ran the Cherry Blossom Ten Mile, so this all certainly worked out for the best. It allowed me to jump in the 5K and our wedding doubled as the Cherry Blossom after party!

While Fallor's 16:05 won the men's division by 30 seconds over Brady Figgins, women's 5K winner Cristina Burbach had a closer call, beating second-place Alexis Chandler by eight seconds, 21:08 to 21:16.

Thank you to the Credit Union Cherry Blossom 10 Miler and 5K for their continued support of Teens Run DC!

Teens Run DC empowers youth to envision and work toward the achievement of personal goals through a distance running, mentoring, and social emotional learning program.

2022 Women's winner Susanna Sullivan

Race was not held in 2020 due to Covid-19

* Course Records

**Course shortened to 9.39 miles due to accident investigation. 10 Mile projected time 51:45.

*** Course was 9.96 miles due to misplaced turn-around.

WHAT ARE WE DOING EXACTLY?

WHY DO WE GET UP BEFORE THE SUN? WHY DO WE PUT OUR RUNNING CLOTHES NEXT TO THE BED? WHY DO WE USE A PERFECTLY GOOD TREE TO STRETCH? WHY DO WE RUN WHEN THERE'S NO ONE CHASING US? WHY DO WE KNOW WHAT "FARTLEK" MEANS? WHY DO WE TALK ENDLESSLY ABOUT RUNNING AT PARTIES? WHEN DID RUNNING TAKE OVER OUR LIVES?

Race announcer Creigh Kelley congratulates Nicholas Kosimbei, who dropped the men's field early and tied the race course and event record of 45:15

Local running hero Susanna Sullivan led the women's race from five miles on and won a clutch finish in a personal best 52:32.

Les Kinion Award

Credit Union Cherry Blossom Run Presents 2022 Les Kinion Outstanding Service Award to Danny Talmage in Recognition of His Many Years of Service to the Race

Award honors the memory of longtime race volunteer Les Kinion.

by Keith Peters

Long-time Credit Union Cherry Blossom Ten Mile volunteer Danny Talmage (center) receives the 2022 Les Kinion Award from Race Director Phil Stewart (L) and Deputy Race Director Becky Lambros.

At the Saturday night pre-race-dinner Danny Talmage was named the 2022 recipient of the Les Kinion Outstanding Service Award. Established in 2015, the award is presented at the event's pre-race dinner in front of an appreciative crowd of race committee colleagues, other key volunteers and invited athletes.

In presenting the award, Deputy Director Becky Lambros had this to say about Danny's significant contribution to the event: "Danny manages the shed with an iron hand. He knows where everything is and who it belongs to. Nothing moves in the shed without Danny's approval."

Race Director Phil Stewart added: "There are a lot of glamorous aspects to organizing

a road race, like dealing with world-class runners, signing new sponsors, doing media interviews, and more. But one ever-so-critical function usually elicits eye rolling and groans — the task of organizing and managing the event's storage shed. That's hardly the case for this year's Les Kinion award winner, Danny Talmage. Danny loves, defends and organizes the shed to his own high standards, and for that, we are eternally grateful and promise him the job for life."

When not managing the Credit Union Cherry Blossom shed, Talmage is a program officer with more than 20 years of experience at the National Academies of Sciences,

Engineering and Medicine and has been with the Board on Human System-Integration for 6 years. He is also a Managing Partner of Crazy Dog Events, which provides professional race management to events in the Montgomery County and DC areas, as well as giving assistance to charities starting new fundraising races.

The Les Kinion Award was established in honor of Les Kinion, a Baltimore firefighter with Engine Company 43. By passion, he was first a runner and then a running club officer and race director. In 1970, Les co-founded the Baltimore Road Runners Club, one of the earliest chapters of the Road Runners Club of America. In 1973 he

helped launch the first Maryland Marathon. After retiring in 1986, Les moved to Bishopville, MD, and worked on hundreds of races on the Maryland-Delaware Coast. He became involved with the Cherry Blossom Run in the early 1990s, and was active until he passed away in July 2014 at the age of 78.

Past Award Winners

- 2015 - Irv Newman
- 2016 - George Tarrico
- 2017 - Michelle Carter
- 2018 - Jean Arthur
- 2019 - Glenn Klenk
- 2020 - Nita Lalla Rincone
- 2021 Marsha Way

The Congressional Cup goes every year to the fastest team on the U.S. House and Senate sides combined. In 2022, the cup went to the team of Delaware Senator Chris Coons. They ran under the name of "It's Good to be First," a play on Delaware's motto as the first U.S. state.

TEN MILE RUN AND 5K RUN-WALK
AND CONGRATULATES ALL OF THE
PARTICIPANTS ON A GREAT RACE

 Discovery

Kids Run is a Success!

Kids Enthusiastically Embrace Half-Mile Route in Downtown D.C.

The Kids' Run is on an out-and-back course.

It takes place the Saturday before the Ten Miler.

The Credit Union Cherry Blossom 1/2 Mile Kids' Run starts and finishes at the National Building Museum site of the Health and Fitness Expo.

It's a great way to introduce your youngers to the sport...

...and parents are even allowed to run with their children.

 MedStar Health

You don't have to
be an elite athlete
to receive elite care.

MedStar Health is the official sports medicine partner of the Credit Union Cherry Blossom Ten Mile Run, and we're here to help you after the race.

If you are experiencing pain related to running, call **888-44-SPORT** (888-447-7678) to schedule an in-person evaluation or a video visit with one of our sports medicine providers.

It's how we **treat people.**

Age Graded Quotient

Your age graded quotient helps you compare your performance with the performance of another runner of a different age and possibly a different gender. The number is the ratio between the "world record" time for a runner of your age and gender divided by your time. If the 10 mile "world record" for a 56-year-old woman was 1:00:00 (3600 seconds) and a 56-year-old woman ran 1:30:00 (5400 seconds), her age graded performance would be .6666. If the 10 mile "world record" time for a 40 year old male was 48:00 (2880 seconds) and 40-year-old man ran 55:00 (3300 seconds), his age graded quotient would be .8727. This means the 40-year-old male's performance was better relative to his age and gender than the 56-year-old woman's performance.

Crossing Memorial Bridge with the Lincoln Memorial in the background, the top six finishers are already at the front. Molly Bookmyer (#30) and Kim Conley (#14) joined Pagano, Stoner, Sullivan, and Verdon, and stuck with the four-strong lead bunch for another two miles.

In the Kids' Run, there's no standard racing kit.

TOGETHER our voices are STRONG

Thanks for **MAKING A DIFFERENCE** with us!

Thank you

to the credit unions that support this race, the hundreds of credit union volunteers who helped make race day a huge success and the 5,000+ credit union members who run in the race.

Together we were able to raise \$323,000, including over \$65,000 donated by runners, for Children's Miracle Network Hospitals.

Credit unions strive to make a positive impact through member and community outreach activities. In 2021, credit unions provided \$12.6 billion in total financial benefits directly back to consumers across the country.

To learn more about credit unions in your area, please visit www.mycreditunion.gov.

5,000+

runners in this year's race
are members of a credit union.

Credit union sponsorship of
this race has raised over
\$10.2 million
for Children's Miracle
Network Hospitals

A wide shot shows the top four shedding Molly Bookmyer (in green) and Bridget Belyeu (in blue cap), while Kim Conley clings to the lead bunch between Sullivan (red top) and Verdon (blue top on right). Conley would go on to finish 5th, Bookmyer 6th, and Belyeu 17th.

Half an hour after the start of the 5K half the runners and walkers are coming through

G ENDURANCE

NO ARTIFICIAL FLAVORS
WITH A LIGHTER TASTE

FORMULATED FOR *FARTHER*

Endurance athletes take things farther. Gatorade® Endurance Formula is designed for the specific demands of endurance athletes. On course at over 300 races nationwide.

AVAILABLE IN LEMON-LIME, ORANGE, CHERRY, AND WATERMELON

Gatorade Endurance products are available where the endurance athlete shops – at run, bike and tri specialty stores nationwide, at select Dick's Sporting Goods stores – online at amazon.com and check out GatoradeEndurance.com to determine what local retailers have your product of choice in-stock in real time.

Gatorade® Endurance Formula has nearly twice the sodium (300mg) and more than triple the potassium (140mg) of regular Gatorade® to help meet endurance athletes' needs.
