Same iconic shelters, new Superior brand.

Superior Shelter, **Superior Recreational Products'** industry-leading shelter line, began in 1963 as Litchfield Industries, a tiny woodworking company that manufactured wood picnic tables, benches, and mini-shelters. The past 50 years of hard work, dedicated employees, and our unwavering mission for success has made Superior Shelter the industry leader for outdoor shelters.

CLASSIC CONSTRUCTION MEETS MODERN DESIGN

We have been accepting design challenges from landscape architects and freelance designers in order to combine our classic construction with modern design. Our shelters, gazeboes, pergolas, kiosks, and mini shelters provide weather protection while allowing your space to become an architectural icon.

FROM MICHIGAN TO GEORGIA

Since making the move from Litchfield, Michigan to Carrollton, Georgia, we have established a state-of-the-art precision manufacturing facility. With high definition plasma cutting abilities and the industry's best powder coating line with TGIC zinc rich epoxy primer application, Superior Recreational Products is making big things happen!

NEW PRODUCTS TO INSPIRE!

As seen at NRPA and ASLA! Our team of designers are always developing new products. Check out our great new Hypar Trellis with shade option. We continue to explore secondary design solutions such as water collection methods, solar panels, and LED up-lighting designs. While these items are supplied and installed by others, Superior will assist in detailing how they are integrated with our products.

PERFORMANCE

MAESTRO SERIES

25' x 30' Steel Frame Cambria Style Performance Structure (6:12) with Standard Lattice, Hand Rails, and Wind Braces

PERFA-LITE BY SUPERIOR

Design Options

Cambria Series

This beautifully designed concert shelter is a half octagonal steel beam shelter with a gable opening on one side. Standard features include a bolted tubular steel frame, 2" x 6" SYP T&G roof decking, and a 26 gauge standing seam metal roof.

Monterey Series FEATURING PERFA-LITE

Utilizing the newest metal roofing alternative, Perfa-Lite (created exclusively by Superior), the all-steel Monterey Series is perfect for allowing the sun to shine through the shelter while still offering maximum shade protection from the sun.

Summit Series

With the perfect mix of function and beauty, the Summit Series features an extended 36' half-octagon design, a peaked roof with exposed rafter beams, and a 24 gauge r-panel pre-cut metal roof.

Summit Series not pictured.

36' All-Steel Monterey Style Structure with Perfa-Lite

THEMED

THEMED

Steamboat Themed Structure
20' x 24' All-Steel Hip End Duo-Top Structure (4:12) with Custom Accessories

Design Options

While we can create a custom design for each client, the below options serve as examples of past designs.

Steamboat Shelter

Created custom, the 20'x24' Pittsburgh Hip-End Duo-Top Steamboat Shelter features ornamental "smoke stacks" and lattice, custom handrails, laser-cut "life rings", custom paddle wheels, and a custom "smoke stack" entry way with a laser cut sign. This shelter is proof Superior is equipped to design and create a shelter for a client with a big imagination!

Custom Park Entrance

The Degarmo Park entrance sign is a great example of Superior's precision cutting abilities. The entrance sign is accompanied by two custom Entry Archway Bus Shelters.

Barn-Style Shelter

Created custom, the 16'x25' Steel Frame Gable End Barn-Style Shelter features a dual slope roof, gable enclosures with laser-cut barn door accents, and a cupola. This design was created to match a barn-yard themed playground.

School House Shelter

Created custom, the 12'x20' Pittsburgh All-Steel Gable End School House Shelter features a steeple, a laser-cut bell, gable enclosures, and ornamental laser-cutting.

24' All-Steel Custom Entry Sign with two Attached 8' x 20' All-Steel Custom Gable End Structures (8:12)

16'x 25' Steel Frame Barn Style Structure (Multi-Pitch) with Cupola

12'x 20' All-Steel Custom Gable End Structure (8:12) with Custom End Closure and Bell House

CUSTOM

CUSTOM

ALBUQUERQUE, NEW MEXICO • PLAY! NEW MEXICO

18' All-Steel Custom Duo-Top Structure (4:12) with Adjoined 7' x 9' All-Steel Gables, Custom Lattice, and Accessories

20' x 20' All-Steel Barrel Vaulted Structure

32'x 32' All-Steel Custom Multi-Pitch Peaked Square Structure with two 18' x 35' All-Steel Multi-Pitched Angled Wing Structures | Masonry by Others

Design Options

While we can create a custom design for each client, the below options serve as examples of past designs.

Cantilevered Bleacher Shelters

Our custom cantilevered shelter designs are perfect for shading fans at the sports park. Previous projects include Volcano Vista High School, featured on page 35.

Themed Shelters

While we can create heavily themed structures as seen on the previous page, we can also add small themed touches to our more traditional shelters.

Picnic Pavilions

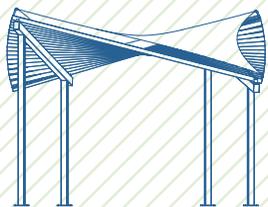

Custom structures make perfect picnic pavilions. Let us create a custom design that will seamlessly fit into your outdoor space.

Modern Shelters

The unique angularity of our Multi-Pitch Peaked Square Structure allows this structure to compliment any modern city scape.

NEW! All-Steel Hyperbolic Trellis with Shade Option

LIMITED WARRANTY & TERMS AND CONDITIONS

Superior Recreational Products warrants that its structure will be free from defects in materials and workmanship, as well as maintain structural integrity for a period of 10 years from the date of invoice with the following terms and conditions.

The 10 year limited warranty excludes structures erected at sites where salt air, corrosive atmosphere, or sprinkler systems come in contact with the shelter. This warranty is in effect only if the structure/site furnishing has been assembled and installed strictly in accordance with the set-up instructions, good construction practices and has been subjected only to normal use and exposure.

Abnormal conditions are specifically excluded from coverage under this warranty. Contingent liability is specifically excluded. Superior Recreational Products has the option to repair or replace any defect in materials.

The owner shall notify Superior Recreational Products to arrange for an inspection within 30 days after discovery of any defect under this warranty and before any alteration or repair is made or attempted. This limited warranty shall be null and void if the owner makes any alterations in design.

Superior Recreational Products is in no way responsible for damages caused by others including: installer, vandalism, fire, acts of God (lightning, storms, hail, etc.), corrosion, salt spray, pollution, or infestation by rodents or other vermin. Superior Recreational Products shall not be responsible for insurance standards or code compliance changes that may be required in the future. Superior Recreational Products shall not be responsible for delays due to missing, stolen, or non-conforming parts. Any rework of non-conforming parts must be authorized by Superior Recreational Products prior to the time that the rework is done. Some fitting and field cutting of parts may be required and will not be subject to back charges or cause for rejection.

In the unlikely event of failure, Superior Recreational Products reserves the right to alter the design, color, or contributing factors to rectify the condition and help prevent any future reoccurrence(s).

Superior Recreational Products specifically excludes any implied warranty of merchantability, fitness or purpose, and there are no warranties which extend beyond the description of the face hereof. Under no circumstances will Superior Recreational Products be responsible for any consequential or incidental damages due to breach of warranty and such damages are specifically excluded from the warranty.

Superior Recreational Products offers a 5 year Limited Warranty for Powder Coating to the original purchaser. This limited warranty is only valid if Superior Recreational Products has been paid in full for the cost of the shelter. This limited warranty is for factory applied finish only. Damage occurring from shipping, erection, vandalism, accidents, or field modification will require field touch-up immediately and periodically thereafter which is not covered in this limited warranty. The owner must report any defect in the powder coat at the time the installation is completed. Not covered by this limited warranty are acute angles, welds, and end plates that are prone to minor defects on occasion and will require touch-up by owner.

The Limited Warranty for Powder Coating provides for the following after a five year exposure period when applied according to the recommendations listed on the product's technical data sheet and appropriate surface preparation has been utilized.

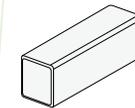

- The coatings shall retain their original color with a ΔE of < 7.5 units for high chroma colors, (Yellows, Reds, Oranges, Etc.) and a ΔE of < 5.0 units for low chroma colors, when tested in accordance with ASTM D 2244.
- The coating shall retain a minimum of 50% of its original gloss level after washing, when tested in accordance with ASTM D 523.
- The coating shall exhibit chalking no worse than a numerical rating of 6, when evaluated in accordance with ASTM D 659-80.

All current photography captured by Sarah Kohut Photography.

SUPERDURABLE POWDER COAT FRAME COLORS

Initially blasted to a 'white' condition to remove all surface rust and oil, our steel frames are coated electrostatically with an Epoxy TGIC Powder Coating Zinc-Rich Primer. Superior's primer has been tested salt spray tested for over 4,000 hours to insure quality. After the primer application, Superior applies the **Superdurable Polyester TGIC powder coating** electrostatically. After the application of the final coat, a total of 6 mils of finished Powder Coating has been applied, which is backed by 5,000 hours of testing (ASTM Method B117).

Unless noted below, all colors are semi-gloss.

Butterscotch (Gloss)

ALL STEEL METAL ROOF COLORS

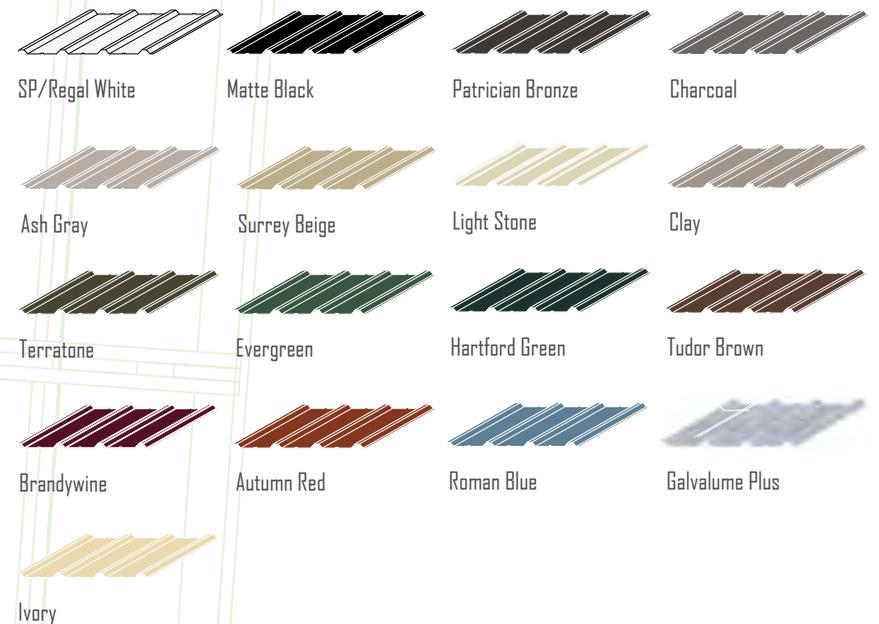

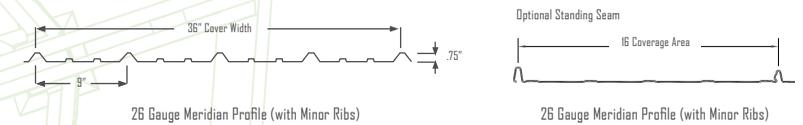

The colors below are for use on 24 Gauge R-Panel Pittsburgh All-Steel shelters.

The colors below are available for 24 Gauge Standing Seam at an up-charge.

STEEL FRAME METAL ROOF COLORS

The colors below are 29 Gauge and for use only as an overlay on shelters with T&G decking substrate max-rib profile standard (available in 26 gauge standing seam at an up-charge).

PERFA-LITE PERFORATED ROOFING

This perforated steel roof design can be customized for your shelter. Also available as a horizontal in-fill panel. Please see page 19.

Inventory and color offerings can change without notice. Multi & Max Rib metal roof panels feature a 30 year warranty except Brite Red (20 years). Standing Seam metal roof panels feature a 25 year warranty except Brite Red (20 years).

Actual steel frame and metal roof colors are **approximate**. Before you place an order, please request an actual color sample from SRP. **If you don't see a specific color here, provide us with a RAL number or Pantone number to create a custom color!**

CUPOLAS

A variety of cupolas are available for most shelters. Our steel cupolas' roofs will match the color of your shelter's metal roof. Additional styles and sizes are available on request.
