PART A—FEDERAL DEPOSIT INSURANCE CORPORATION AMENDMENTS

ASSISTANCE TO INSURED BANKS

SEC. 111. Section 13(c) of the Federal Deposit Insurance Act (12 U.S.C. 1823(c)) is amended to read as follows:

"(c)(1) The Corporation is authorized, in its sole discretion and upon such terms and conditions as the Board of Directors may prescribe, to make loans to, to make deposits in, to purchase the assets or securities of, to assume the liabilities of, or to make contributions to, any insured bank—

"(A) if such action is taken to prevent the closing of such insured bank;

"(B) if, with respect to a closed insured bank, such action is taken to restore such closed insured bank to normal operation; or

"(C) if, when severe financial conditions exist which threaten the stability of a significant number of insured banks or of insured banks possessing significant financial resources, such action is taken in order to lessen the risk to the Corporation posed by such insured bank under such threat of instability.

"(2)(A) In order to facilitate a merger or consolidation of an insured bank described in subparagraph (B) with an insured institution or the sale of assets of such insured bank and the assumption of such insured bank's liabilities by an insured institution, or the acquisition of the stock of such insured bank, the Corporation is authorized, in its sole discretion and upon such terms and conditions as the Board of Directors may prescribe—

"(i) to purchase any such assets or assume any such liabilities;

"(ii) to make loans or contributions to, or deposits in, or purchase the securities of, such insured institution or the company which controls or will acquire control of such insured institution;

"(iii) to guarantee such insured institution or the company which controls or will acquire control of such insured institution against loss by reason of such insured institution's merging or consolidating with or assuming the liabilities and purchasing the assets of such insured bank or by reason of such company acquiring control of such insured bank; or

"(iv) to take any combination of the actions referred to in subparagraphs (i) through (iii).

"(B) For the purpose of subparagraph (A), the insured bank must be an insured bank—

"(i) which is closed;

"(ii) which, in the judgment of the Board of Directors, is in danger of closing; or

"(iii) which, when severe financial conditions exist which threaten the stability of a significant number of insured banks or of insured banks possessing significant financial resources, is determined by the Corporation, in its sole discretion, to require assistance under subparagraph (A) in order to lessen the risk to the Corporation posed by such insured bank under such threat of instability.

"(3) The Corporation may provide any person acquiring control of, merging with, consolidating with or acquiring the assets of an insured bank under section 13(f) of this Act with such financial assistance as it could provide an insured institution under this subsection.

12 USC 1823.

"(4)(A) No assistance shall be provided under this subsection in an amount in excess of that amount which the Corporation determines to be reasonably necessary to save the cost of liquidating, including paying the insured accounts of, such insured bank, except that such restriction shall not apply in any case in which the Corporation determines that the continued operation of such insured bank is essential to provide adequate banking services in its community.

"(B) The Corporation may not use its authority under this subsection to purchase the voting or common stock of an insured bank. Nothing in the preceding sentence shall be construed to limit the ability of the Corporation to enter into and enforce covenants and agreements that it determines to be necessary to protect its financial interest.

"(5)(A) During any period in which an insured bank has received assistance under this subsection and such assistance is still outstanding, such insured bank may defer the payment of any State or local tax which is determined on the basis of the deposits held by such insured bank or of the interest paid on such deposits.

"(B) When such insured bank no longer has any outstanding assistance, such insured bank shall pay all taxes which were deferred under subparagraph (A). Such payments shall be made in accordance with a payment plan established by the Corporation, after consultation with the applicable State and local taxing authorities.

"(6) Any assistance provided under this subsection may be in subordination to the rights of depositors and other creditors.

"(7) In its annual report to the Congress, the Corporation shall report the total amount it has saved, or estimates it has saved, by exercising the authority provided in this subsection.

The Board of Directors shall provide to the State supervisor, as soon as practicable, a written certification of its determination.

"(3) A Federal savings bank chartered under this subsection shall have the same authority with respect to investments, operations, and activities, and shall be subject to the same restrictions, including those applicable to branching and discrimination, as would apply to it if it were chartered as a Federal savings bank under any other provision of this Act.

"(iii) No insured institution acquired under this subsection shall after it is acquired move its principal office or any branch office which it would be prohibited from moving if the institution were a national bank.

"(B) In considering authorizations under this subsection, the Corporation shall give consideration to the need to minimize the cost of financial assistance and to the maintenance of specialized depository institutions. The Corporation shall authorize transactions under this subsection considering the following priorities:

"(A) which would result in a monopoly, or which would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of the United States; or

"(B) whose effect in any section of the country may be substantially to lessen competition, or to tend to create a monopoly, or which in any other manner would be in restraint of trade, unless the Corporation finds that the anticompetitive effects of the proposed transactions are clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served.

"(E) The Corporation may initially purchase net worth certificates as follows:

"(i) With respect to a qualified institution having net worth greater than 2 per centum and less than or equal to 3 per centum, the Corporation may purchase net worth certificates in any period from such institution in an amount equal to 50 per

"(C) In making a determination under this subsection, the corporation shall consult the State supervisor of the State in which a State chartered bank which is the subject of the eligibility determination is located, and in the case of a State member bank or a national bank, the Corporation shall consult the Board of Governors of the Federal Reserve System or the Comptroller of the Currency, respectively.

"(2) For the purposes of this subsection, the term 'qualified institution' means an institution the deposits of which are insured under this title or insured or guaranteed under State law which, as determined by the Corporation—

"Qualified institution."

"(A) has net worth equal to or less than 3 per centum of its assets;

have positive net worth for a period of at least six months after such certificates are purchased.

"(B) The Corporation may not condition the purchase of certificates under this paragraph on the agreement of the institution's board to make specified management personnel changes if the Corporation finds that such institution will have positive net worth for a period of at least nine months after such certificates are purchased.

"(4) In any case where the staff of the Corporation finds for the purpose of paragraph (3) that the length of time during which the institution will have positive net worth after a purchase of certificates is less than six months or nine months, as the case may be, the institution may submit to the staff its plans and projections. "(7) No assistance may be provided to a qualified institution pursuant to this subsection if the Corporation determines that providing such assistance would be costlier than liquidating (including paying the insured accounts of) such institution or dealing with it in accordance with subsection (c) or (d) of this subsection.

"(8) The provisions of the constitution or the laws, civil or criminal, of any State, express or implied, limiting the authority of a qualified institution (A) to take part in programs under this subsec-

"(A) the State fund will indemnify the Corporation for any losses which the Corporation may incur as a result of providing assistance under this subsection to such qualified institution; and

"(B) during any period when such qualified institution has outstanding capital instruments issued in accordance with this subsection, the State insurance fund maintains a level of assessments on its members which results in costs to its members which are at least equivalent to the premium assessments paid to the Corporation by insured institutions during such period.

TITLE VIII—ALTERNATIVE MORTGAGE TRANSACTIONS

Alternative Mortgage Transaction Parity Act of 1982.

SHORT TITLE

SEC. 801. This title may be cited as the "Alternative Mortgage Transaction Parity Act of 1982".

12 USC 3801 note.

FINDINGS AND PURPOSE

SEC. 802. (a) The Congress hereby finds that—

12 USC 3801.

(1) increasingly volatile and dynamic changes in interest rates have seriously impared the ability of housing creditors to provide consumers with fixed-term, fixed-rate credit secured by interests in real property, cooperative housing, manufactured homes, and other dwellings;

(2) alternative mortgage transactions are essential to the provision of an adequate supply of credit secured by residential property necessary to meet the demand expected during the 1980's; and

(3) the Comptroller of the Currency, the National Credit Union Administration, and the Federal Home Loan Bank Board have recognized the importance of alternative mortgage transactions and have adopted regulations authorizing federally chartered depository institutions to engage in alternative mortgage financing.

(b) It is the purpose of this title to eliminate the discriminatory impact that those regulations have upon nonfederally chartered housing creditors and provide them with parity with federally chartered institutions by authorizing all housing creditors to make, purchase, and enforce alternative mortgage transactions so long as the transactions are in conformity with the regulations issued by the Federal agencies.

DEFINITIONS

SEC. 803. As used in this title—

12 USC 3802.

(1) the term "alternative mortgage transaction" means a loan or credit sale secured by an interest in residential real property, a dwelling, all stock allocated to a dwelling unit in a residential cooperative housing corporation, or a residential manufactured home (as that term is defined in section 603(6) of the National Manufactured Home Construction and Safety Standards Act of 1974)—

42 USC 5402.

(A) in which the interest rate or finance charge may be adjusted or renegotiated;

(B) involving a fixed-rate, but which implicitly permits rate adjustments by having the debt mature at the end of an interval shorter than the term of the amortization schedule; or

(C) involving any similar type of rate, method of determining return, term, repayment, or other variation not common to traditional fixed-rate, fixed-term transactions, including without limitation, transactions that involve the sharing of equity or appreciation;

described and defined by applicable regulation; and

(2) the term "housing creditor" means—

(A) a depository institution, as defined in section 501(a) (2) of the Depository Institutions Deregulation and Monetary Control Act of 1980;

12 USC 1735f-7 note.

(B) a lender approved by the Secretary of Housing and Urban Development for participation in any mortgage insurance program under the National Housing Act;

12 USC 1701.

(C) any person who regularly makes loans, credit sales, or advances secured by interests in properties referred to in paragraph (1); or

(D) any transferee of any of them.

A person is not a "housing creditor" with respect to a specific alternative mortgage transaction if, except for this title, in order to enter into that transaction, the person would be required to comply with licensing requirements imposed under State law, unless such person is licensed under applicable State law and such person remains, or becomes, subject to the applicable regulatory requirements and enforcement mechanisms provided by State law.

ALTERNATIVE MORTGAGE AUTHORITY

12 USC 3803.

SEC. 804. (a) In order to prevent discrimination against State-chartered depository institutions, and other nonfederally chartered housing creditors, with respect to making, purchasing, and enforcing alternative mortgage transactions, housing creditors may make, purchase, and enforce alternative mortgage transactions, except that this section shall apply—

(1) with respect to banks, only to transactions made in accordance with regulations governing alternative mortgage transactions as issued by the Comptroller of the Currency for national banks, to the extent that such regulations are authorized by rulemaking authority granted to the Comptroller of the Currency with regard to national banks under laws other than this section;

(2) with respect to credit unions, only to transactions made in accordance with regulations governing alternative mortgage

transactions as issued by the National Credit Union Administration Board for Federal credit unions, to the extent that such regulations are authorized by rulemaking authority granted to the National Credit Union Administration with regard to Federal credit unions under laws other than this section; and

(3) with respect to all other housing creditors, including without limitation, savings and loan associations, mutual savings banks, and savings banks, only to transactions made in accordance with regulations governing alternative mortgage transactions as issued by the Federal Home Loan Bank Board for federally chartered savings and loan associations, to the extent that such regulations are authorized by rulemaking authority granted to the Federal Home Loan Bank Board with regard to federally chartered savings and loan associations under laws other than this section.

(b) For the purpose of determining the applicability of this section, an alternative mortgage transaction shall be deemed to be made in accordance with the applicable regulation notwithstanding the housing creditor's failure to comply with the regulation, if—

(1) the transaction is in substantial compliance with the regulation; and

(2) within sixty days of discovering any error, the housing creditor corrects such error, including making appropriate adjustments, if any, to the account.

(c) An alternative mortgage transaction may be made by a housing creditor in accordance with this section, notwithstanding any State constitution, law, or regulation.

APPLICABILITY

12 USC 3804.

SEC. 805. (a) The provisions of section 804 shall not apply to any alternative mortgage transaction in any State made on or after the effective date (if such effective date occurs on or after the effective date of this title and prior to a date three years after the effective date of this title) of a State law or a certification that the voters of such State have voted in favor of any provision, constitutional or otherwise, which states explicitly and by its terms that such State does not want the preemption provided in section 804 to apply with respect to alternative mortgage transactions subject to the laws of such State, except that section 804 shall continue to apply to—

(1) any alternative mortgage transaction undertaken on or after such date pursuant to an agreement to undertake such alternative mortgage transaction which was entered into on or after the effective date of this title and prior to such later date (the "preemption period"); and

(2) any renewal, extension, refinancing, or other modification of an alternative mortgage transaction that was entered into during the preemption period.

(b) An alternative mortgage transaction shall be deemed to have been undertaken during the preemption period to which this section applies if it—

(1) is funded or extended in whole or in part during the preemption period, regardless of whether pursuant to a commitment or other agreement therefor made prior to that period; or

(2) is a renewal, extension, refinancing, or other modification of an alternative mortgage transaction entered into before the preemption period and such renewal, extension, or other modifi-

cation is made during such period with the written consent of any person obligated to repay such credit.

RELATION TO OTHER LAW

12 USC 3805.
12 USC 1735f-7 note.

SEC. 806. Section 501(c)(1) of the Depository Institutions Deregulation and Monetary Control Act of 1980 shall not apply to transactions which are subject to this title.

EFFECTIVE DATE

12 USC 3801 note.

SEC. 807. (a) This title shall be effective upon enactment.

(b) Within sixty days of the enactment of this title, the Comptroller of the Currency, the National Credit Union Administration, and the Federal Home Loan Bank Board shall identify, describe, and publish those portions or provisions of their respective regulations that are inappropriate for (and thus inapplicable to), or that need to be conformed for the use of, the nonfederally chartered housing creditors to which their respective regulations apply, including without limitation, making necessary changes in terminology to conform the regulatory and disclosure provisions to those more typically associated with various types of transactions including credit sales.

Approved October 15, 1982.
