

HENDRIKS
YOUNG PLANTS

2019-2020

Derde generatie familiebedrijf

 Hendriks Young Plants is gevestigd in Westland, het epicentrum van de internationale tuinbouwsector. Het familiebedrijf is in 1947 opgericht door Jan Hendriks. Zijn zonen Hans en Fred Hendriks zijn zich vanaf 1973 gaan specialiseren in de teelt van jonge planten voor Fuchsia, Pelargonium Grandiflorum en Argyranthemum. De twee broers hebben Hendriks Young Plants uit laten groeien tot betrouwbare leverancier van hoge kwaliteit jonge planten aan kwekers binnen en buiten Europa. Het laatste decennium is Hendriks Young Plants zich ook gaan richten op veredeling en marketing. Inmiddels zet de derde generatie zich volledig in om onze marktpositie verder te versterken.

Third generation family business

 Hendriks Young Plants is situated in Westland, the epicentre of international horticulture. The family business was founded by Jan Hendriks in 1947. His sons, Hans and Fred specialized in producing young plants for Fuchsia, Pelargonium Grandiflorum and Argyranthemum since 1973. They have been responsible for growing the company into a reliable supplier of high quality young plants to customers in and outside Europe. In the last decade we expanded our activities in breeding and marketing. Meanwhile, the third generation is committed to further strengthening this market position.

Jan Hendriks

Hans - Fred Hendriks

Daan - Ruud - Freek Hendriks

HENDRIKS
YOUNG PLANTS

Jonge planten expert

 De bedrijfsnaam zegt het al, Hendriks Young Plants is gespecialiseerd in jonge planten. Kwaliteit staat binnen familiebedrijf Hendriks Young Plants hoog in het vaandel. Goed uitgangsmateriaal is immers de basis van een goede teelt. Wij werken in een team van gemotiveerde en vakkundige medewerkers om deze kwaliteit te waarborgen en de jonge planten op de overeengekomen tijd af te leveren.

Young plants expert

 The name of the company says it all: Hendriks Young Plants is specialized in producing young plants. Family business Hendriks Young Plants always aims for the best quality. Young plants form the roots to success. Our team is highly motivated and skilled to guarantee the quality of young plants we aim for and deliver orders within the estimated time.

Teeltadvies

 Naast jonge planten telen wij sinds 1970 halfwas en eindproducten Fuchsia, Pelargonium Grandiflorum en Argyranthemum. Onze ervaring en kennis delen wij graag door u te voorzien van deskundig teeltadvies om toe te werken tot een succesvol eindproduct.

Cultivation advice

 Besides young plants we have grown half grown and end product Fuchsia, Pelargonium Grandiflorum and Argyranthemum since 1970. We would like to share our experience and cultivation knowledge in the process of growing high quality end products.

Veredeling Bella Fuchsia ®

 Bella Fuchsia ® is een selectie van Fuchsia soorten die excelleren in groei- en tuinprestaties. Deze serie komt voort uit jarenlange veredeling door Hendriks Young Plants. Fuchsia zit in het DNA van ons familiebedrijf. Ieder jaar wordt uit duizenden zaailingen een selectie gemaakt. Hierna volgen testfasen op grotere schaal bij Hendriks Young Plants en onze klanten. Tevens worden soorten beoordeeld op tuinprestaties in showtuinen. Wanneer een soort voldoet aan alle kwaliteitseisen, wordt deze toegevoegd aan het Bella Fuchsia ® assortiment.

Breeding Bella Fuchsia ®

 Bella Fuchsia ® offers you the finest selection of Fuchsia varieties. These varieties are the result of years of breeding by Hendriks Young Plants. Fuchsia is part of the DNA within our family business. Every year a selection of the best varieties is made out of thousands of seedlings. Thereafter, these varieties are tested on a larger scale by Hendriks and our customers. Next, the varieties are judged on outdoor performance in different show gardens. When a variety meets all our quality requirements, it is introduced in our Bella Fuchsia ® assortment.

Promotie ondersteuning

 Hendriks Young Plants biedt ondersteuning in de promotie van uw producten. Wij bieden ontwerpen voor potten en labels, leveren hoge kwaliteit product- en sfeerfoto's en geven advies in online marketing.

Promotional support

 Hendriks Young Plants provides support in the promotion of your products. We offer designs for pots and labels, provide high quality images of products and creative settings and give advice in online marketing.

Pelargonium

GRANDIFLORUM

FROM AFRICA
TO EUROPE

THE REGAL PELARGONIUM FLOURISHES IN ITS NATURAL HABITAT IN THE SOUTHERN REGION OF AFRICA. AROUND 1600, SHIPS FROM THE DUTCH EAST INDIA COMPANY TOOK THE PLANT FROM THE CAPE OF GOOD HOPE TO EUROPE.

THE REGAL PELARGONIUM IS RECOGNIZABLE BY ITS LARGE TRUMPET SHAPED FLOWERS WHICH GROW IN CLUSTERS.

LARGE TRUMPET
SHAPED FLOWERS

MAGNIFICENT
COLOURS

THE FLOWERS SHINE IN MAGNIFICENT COLOURS AND WILL CHEER UP YOUR HOUSE, GARDEN OR BALCONY FROM SPRING UNTIL LATE AUTUMN.
