COMPLAINT:

- 1) That the "Committee to Elect Harriett Wieder Supervisor" did in fact make available by "transfer" or "loan" the sum of \$40,000 to the "Friends of Harriett Wieder" Committee.
- 2) That this "transfer" or "loan" was made possible with funds obtained by the "Committee to Elect Harriett Wieder Supervisor" from predominantly corporate contributions, co-mingled with individual contributions, gathered during the period of July 1, 1987 to December 31, 1987.
- 3) That the "Friends of Harriett Wieder" Committee was negligent in the filing of their "Statement of Candidacy", in particular, the "Schedule-C" form, and omitted specific details pertaining to the source of the "transfer" or "loan" funds which were made available by the "Committee to Elect Harriett Wieder Supervisor".
- 4) That these funds would fall under the Federal Election Commission guidelines of "last in", and therefore, would be considered the "first out", thereby making them the direct source of the "transfer" or "loan".
- 5) That these corporate contributions made to the "Committee to Elect Harriett Wieder Supervisor" would be ineligible under Federal law for "transfer" or "loan" to the "Friends of Harriett Wieder" Committee.
- 6) That the "Friends of Harriett Wieder" Committee be held responsible for the immediate return of these ineligible funds to the "Committee to Elect Harriett Wieder Supervisor".
- 7) That the Federal Election Commission determine as soon as possible whatever violations may have occurred, and render its decision of any applicable penalties, and if warranted, initiate a complete investigation for possible criminal prosecution.
- 8) That individual contributors who contributed to both "Committee to Elect Harriett Wieder Supervisor" and the "Friends of Harriett Wieder" Committee may have exceeded the \$1,000 individual contribution limit, in possible violation of Federal law.

Signed,

Mr. Robert Graham

**Integrity and Common Sense
 for Congress**

May 17, 1988

Dear Ms. Lerner:

Thank you for taking the time to listen to our concerns regarding the 42nd Congressional District GOP primary. As the enclosed complaint and sworn testimony states, we are in the midst of a very competitive race. The problem is however, we are the only ones playing according to the rules. Because of the delay in the proper filing of this complaint, and because time is critical in the enforcement of F.E.C. guidelines, which I can assure you will discover in time were violated, I am enclosing some background information just to serve as our evidence that not only has there been past discrepancies in the candidate in question's ethical activities, but there are right up to this past week a "paper trail" of less than ethical standards.

While this information certainly has no effect upon the F.E.C.'s investigation, perhaps it will serve some use in explaining why I am pressing this matter to the point of aggressive action. We cannot allow politicians to run less than ethical campaigns, right up to election or primary time, and then expect to be able to retroactively be able ~~to~~ clean up the damage already done.

Again, I am most grateful for your patience in listening to my concerns yesterday, and I look forward to receiving your acknowledgement that the complaint has been accepted now that the proper paperwork has been made available.

Sincerely,

COMPLAINT:

- 1) That the "Committee to Elect Harriett Wieder Supervisor" did in fact make available by "transfer" or "loan" the sum of \$40,000 to the "Friends of Harriett Wieder" Committee.
- 2) That this "transfer" or "loan" was made possible with funds obtained by the "Committee to Elect Harriett Wieder Supervisor" from predominantly corporate contributions, co-mingled with individual contributions, gathered during the period of July 1, 1987 to December 31, 1987.
- 3) That the "Friends of Harriett Wieder" Committee was negligent in the filing of their "Statement of Candidacy", in particular, the "Schedule-C" form, and omitted specific details pertaining to the source of the "transfer" or "loan" funds which were made available by the "Committee to Elect Harriett Wieder Supervisor".

Wieder holds biggest purse for election

Total is double funds collected by any foe

By Bert Meisner
COPLEY NEWS SERVICE

5/3/88
DAN V. GREEZE

Orange County Supervisor Harriett Wieder has raised double the campaign funds collected by any of her seven opponents in the Republican primary for the 42nd Congressional District seat being vacated by Rep. Dan Lungren.

Among the \$174,620 received by Wieder is \$2,500 from an employee group at the Irvine Co., which recently won approval from the Orange County Board of Supervisors for its controversial Laguna Laurel development.

Wieder's vote last week in support of the multimillion-dollar housing and commercial development has prompted opponents to launch a recall drive against her.

The Irvine Co. Employees Political Action Committee contributed \$2,500 on March 10, according to Wieder's campaign finance report filed recently with the House Records and Registration Office.

Wieder raised \$174,620 in the first three months of the year, including \$40,000 borrowed from her supervisor campaign fund, her report shows.

Developers, PACs

Criticized for her pro-development stances on the county board, Wieder collected about \$36,600 from builders, developers, architects and real estate investors. Also, she received \$26,400 from political action committees, which often are criticized for having too much influence on Congress. PACs can contribute up to \$5,000 to a candidate's primary campaign, while individual contributors are limited to \$1,000.

Wieder spent \$56,880, including about \$19,000 on consulting fees. She is left with \$117,740, or more than \$43,000 more than her closest opponent in fund raising.

Wieder is among the eight candidates vying for the seat given up by Lungren, a Republican from Long Beach who is involved in a legal battle to become state treasurer.

The 42nd District, considered a safe Republican seat, stretches from Torrance and the Palos Verdes Peninsula to Huntington Beach.

Dana Rohrabacher, a former speech writer for President Reagan, raised \$81,000 from January through March. PACs contributed \$20,000, including \$5,000 from President Reagan's Citizens for the Republic. Rohrabacher personally contributed \$1,000 and loaned his campaign \$3,000.

Virginia address

Rohrabacher, who quit his job at the White House to run for Congress, listed his address as the Washington suburb of Arlington, Va. More than half of his individual contributors had addresses outside of California, mostly in the Washington, D.C., area.

He received contributions from conservative author and commentator William F. Buckley as well as several White House staffers. His California contributors included Bernard Siegan, a University of San Diego law professor whose appointment to the U.S. 9th Circuit Court of Appeals is pending, and Stander E. Sweeney, a vice president with Times-Mirror Corp.

Rohrabacher spent \$7,000 on fund raising and consultants in Pasadena and Washington, D.C., leaving him with a cash balance of \$74,000 at the end of March.

Steven Horn, former president of California State University, Long Beach, raised \$78,790. He spent \$41,032, mostly on advertising and consultants. He had \$37,766 left at the end of March. He reported no contributions from PACs.

Andrew Littlefair, a former White House advance man, raised \$71,119 through March, \$21,000 of it in personal loans. Like Rohrabacher, the majority of his individual contributors listed addresses outside the district, many in the Washington area and in Texas.

roleum in Amarillo, Texas. The company is owned by Texas oil man and corporate raider T. Boone Pickens, who with his wife contributed \$3,000. Mesa Petroleum PAC also donated \$2,000.

Former White House Chief of Staff Donald T. Regan and Michelle Laxalt, daughter of former Sen. Paul Laxalt, R-Nevada, contributed \$500 each.

Four other Republican candidates weren't required to file reports because their contributions were less than \$5,000.

But Robert Welbourn, an attorney and former mayor of Palos Verdes Estates, reported that he raised \$2,100 and spent \$895 — the cost of the candidate filing fee. He had \$1,206 remaining at the end of March.

The other Republican candidates — Thomas Bauer, an aerospace engineer from Torrance; Donald Davis, an attorney from Palos Verdes Estates; and Jeffrey Burns, a Huntington Beach carpenter — did not file.

None of the three candidates in the Democratic primary filed campaign finance reports. They are Dan Farrell, Guy Kimbrough and Ada Unruh. Peace and Freedom Party candidate Richard D. Rose also did not file a report.

Levine's war chest

In the 27th Congressional District, incumbent Rep. Mel Levine, D-Santa Monica, raised \$20,116 in the first quarter of this year and spent \$27,074. But with a cash balance of \$840,180, he has one of the largest campaign funds of any House member.

His primary opponent, Ralph Cole, didn't file a campaign finance report. Candidates who raise less than \$5,000 aren't required to file.

However, Levine hasn't spent much on the campaign either. Of the \$27,074 he reported spending, \$8,500 went to other candidates. He contributed \$1,000 to California Democratic state Sen. Gary K. Hart's election campaign for Congress, \$1,000 to the campaign of U.S. Rep. Matthew Martinez, D-Monterey Park, and \$1,000 to California Lt. Gov. Leo McCarthy, who is challenging Sen. Pete Wilson, R-Calif.

He also contributed \$1,000 each to incumbent Reps. Mickey Leland, D-Texas, and Rep.

Wayne Dowdy, D-Minn. In the 51st Congressional District, Rep. Mervyn Dymally, D-Compton, has raised \$108,165 and spent \$97,463. He is left with a balance of \$20,725.

His primary opponent, Colin O'Brien, did not file a report. Asked whether he has reached the \$5,000 filing threshold since March, O'Brien said, "I'm not sure what's going on with the money."

Reps. Julian Dixon, D-Culver City, and Glenn Anderson, D-Long Beach, have no opposition in the primary.

Dixon raised \$17,107 in the first three months of this year. He spent \$12,934, leaving him a balance of \$101,568. Anderson raised \$128,582 and spent \$47,814. He has \$218,871 remaining.

Wieder campaign loan illegal, opponent says

By Larry Peterson
The Register

Harriett Wieder has been accused by Steve Horn, one of her opponents for the Republican nomination in the 42nd Congressional District, of illegally borrowing \$40,000 for her congressional race.

Horn's complaint to the Federal Election Commission says corporate donations are the source of at least some of the money that Wieder, chairwoman of the Orange County Board of Supervisors, borrowed from her supervisory re-election funds.

Corporations legally may contribute to candidates for state or local office, but not to those seeking federal office.

The complaint, received Tuesday by the commission, probably will not be acted on until after the June 7 primary election.

Wieder and Horn, former president of California State University, Long Beach, are among eight GOP candidates seeking to replace Rep. Dan Lungren, R-Long Beach, who

is not seeking re-election.

The complaint says the \$39,128 collected by the Wieder supervisory campaign between July 1 and Dec. 31 must be considered the main source of the loan. Wieder's campaign-finance reports list numerous corporate donations during that period.

Commission spokesman Fred Eiland declined to discuss the specifics of the complaint. But, in general, he said, money transferred from one campaign to a federal campaign war chest is not limited to funds collected during any specific period.

As of Dec. 31, Wieder reported having \$166,543 in her supervisory campaign fund.

The complaint also alleges that Wieder's most recent federal campaign-finance report failed to include required information about the loan.

Jeff Wallach, Wieder's campaign manager, declined to comment on the complaint and referred inquiries to attorney Dana

Wieder

Horn

Reed. Reed said Wieder's accountant followed "precisely" the commission's instructions for transferring funds from other campaigns to federal campaign funds.

"Horn is just wrong, dead wrong," he said.

Eiland said that even if the commission tosses out the complaint at an early stage of the investigation, that would take 45 days. A more complete review would take at least 3 months, he added.

Foe again questions Wieder's ethics

Horn charges illegal \$40,000 borrowing

By Kathleen Cairns
Staff writer

For the second day in a row, Orange County Supervisor Harriett Wieder was accused Wednesday of questionable ethics by an opponent in the 42nd Congressional District Republican primary race.

Stephen Horn, one of 12 candidates trying to succeed Rep. Dan Lungren, R-Long Beach, charged that Wieder illegally borrowed \$40,000 from her supervisory re-election fund to pay for her congressional campaign.

Because corporations were among those giving money to the fund, and corporate donations are illegal in federal campaigns, the transfer of the money was improper, Horn said.

A spokesman for Wieder's campaign denied the accusation and said federal procedures were observed in making the loan.

Horn, outgoing president of California State University/Long Beach, said he has "raised the question" of the transaction's propriety with the Federal Elections Commission.

It probably won't be acted on until after the June 7 primary.

The campaign spending statement Wieder submitted for the period between Jan. 1 and March 31, reported a \$40,000 self-loan to the campaign but offered no breakdown on the source.

Wieder's attorney, Dana Reed, has said her accountant specifically followed commission guidelines in transferring funds from one campaign account to another and that Horn's accusations are without merit.

Wednesday's allegations came on the heels of Wieder's acknowledgment the day before that she had never attended college, despite the fact that a journalism degree was once listed on her official biography.

Danu Rohrabacher, also a candidate, told reporters he had "stumbled across" the college information.

Wieder said the listing of the degree was a mistake, based on a wrong assumption by a 1963 interviewer. It was not corrected until later because she was "embarrassed that I never

Campaign rival questions Wieder's ethics

attended college. Ms. Wieder couldn't afford to send me."

On Wednesday, Rohrabacher took some heat himself as a CSULB candidate, forum Director, Rohrabacher, who spent seven years as a speech writer for President Reagan, admitted he had been a member of the Libertarian Party for two years, around the time Reagan was first running for the presidency. Rohrabacher's admission that "I didn't give (the registration change) much thought" brought boots of derision from the crowd.

that seemed partial to Horn, who remains CSULB president until July.

The partisan crowd prompted another candidate, Andrew Littlefair, to dub the candidates' forum the "Steve Horn show."

Although all the Republican candidates have brought up issues they deem important, Wieder seems to be the chief issue in the race so far.

The attacks "don't come as much of a surprise to us, because she is the front-runner," said her campaign spokesman, Jeff Wallack.

Wieder's perceived pro-development stance is a major issue, and Horn talked of this at a Santa Ana press conference held before the candidates' forum. At the conference, Horn announced his support for Proposition A, the Orange County "Sensible Growth and Traffic Initiative," that will appear on the June 7 primary ballot.

Orange County makes up approximately 85 percent of the 42nd District, which extends as far south as Huntington Beach and as far north as Torrance.

said, Orange County has experienced "unbridled, irresponsible overdevelopment which has resulted in the lowering of the quality of life and endless traffic jams."

Wieder has been in office during this period, and her votes on the Board of Supervisors have been predominantly in favor of development, Horn charged.

Political activist Shirley Grindle on Thursday filed a second campaign-finance complaint with the district attorney against Supervisor Harriett Wieder, saying she violated a county ordinance by accepting \$4,000 from the owners of a development company and then voting favorably one month later on a county contract with the firm.

Grindle accused developers Alfred Baldwin and James P. Baldwin and Wieder of violating the county's campaign-reform ordinance, commonly known as TINCUP, for "Time is Now, Clean Up Politics."

Wieder did not return phone calls Thursday, but Dana Reed, her campaign attorney, said Grindle was misreading the ordinance.

"What she's trying to do is she's trying to amend TINCUP as we go along," Reed said. "That's a cute trick but it doesn't work that way and she really ought to stop trying to practice law."

Wieder, considered the front-runner by opponents in the race for the 42nd District Congressional race, has come under increasing fire in the last few weeks.

Slow-growth activists have drawn up a notice of recall against her. Grindle filed a previous complaint alleging that Wieder violated TINCUP by taking money from Irvine Co. employees and then voting on a county development agreement with the company. And Wieder acknowledged that she lied about whether she had a college degree.

The complaint filed Thursday by Grindle, a former county planning commissioner who led the fight for passage of the TINCUP ordinance nine years ago, is based on contributions reported on Wieder's congressional campaign-finance report sent to the Federal Election Commission in March.

According to the statement, Wieder received \$2,000 from Alfred Baldwin and his wife, Deann, on

Feb. 26. On the same date, she received \$1,000 from James P. Baldwin and \$1,000 from his wife, Nancy. Both James and Alfred Baldwin listed their occupations as developers and gave their addresses as the Irvine address of Baldwin Building Co.

In April 20, Wieder was one of four supervisors who voted for the approval of an agreement with Baldwin Building Co. for its Portola Hills development near Mission Viejo. The agreement provides a freeze on land-use changes that would affect the project, planned to include 1,492 homes and 1 million square feet of commercial and industrial space.

Grindle said the Baldwin brothers violated the ordinance by failing to report the contribution to the county registrar of voters within 30 days. Wieder violated the ordinance by taking a total of \$4,000 from officers of the Baldwin company and not abstaining when their project was before the board, Grindle charged.

The TINCUP limit is \$1,739. If a contributor gives more than that amount in a four-year period, then the supervisor must abstain from matters affecting that contributor.

The Baldwins could not be reached for comment Thursday. Grindle acknowledged the contributions but said Grindle's interpretation of TINCUP was wrong.

"That's not the way TINCUP reads," he said. "What it says is that if a major campaign contributor is an officer or director of a corporation (then) a donation is attributable to the corporation."

"Alfred Baldwin and James Baldwin are not major contributors because they have not given more than \$1,739 each. Alfred and Deann together might be a major contributor. But she is not an officer in the corporation."

Reed said Wieder would not be permitted to vote on a matter involving just Alfred and Deann Baldwin, or James and Nancy Baldwin, but she could vote on matters involving the company, because it was not a major contributor.

Reed also said he believes that TINCUP does not apply to federal campaigns, though County Counsel Brian Kuyper has said that it does.

The District Attorney's Office is still investigating Grindle's first complaint. Assistant District Attorney Maurice Evans said earlier this week that the question of the county ordinance's applicability to federal campaigns and federal political-action committees is a complex one.

The maximum penalty for violating the ordinance is a \$500 fine and 60 days in jail.

Grindle has asked in both cases that the district attorney set aside Wieder's votes on the projects, an action allowed by the TINCUP ordinance in cases where a supervisor has violated the law.

Irvine Co. PAC Donation to Wieder Spurs Vote Challenge

By ANDREA FORD, Times Staff Writer

The woman who wrote the county's campaign finance-reform ordinance filed a complaint Monday with the district attorney's office, alleging that Board of Supervisors Chairman Harriett M. Wieder and the Irvine Co. violated the ordinance last month.

Shirley Grindle, who in 1977 headed the drive for the TIN CUP (Time Is Now, Clean Up Politics) ordinance, is asking that Wieder's April 27 vote for a development agreement covering the Irvine Co.'s Laguna Laurel project in Laguna Canyon be voided.

Grindle contends that a \$2,500 contribution March 10 from the Irvine Co. Employees Political Action Committee to Wieder's congressional campaign should have prohibited her from voting on any matter affecting the Irvine Co.

Her contention is disputed by Irvine Co. officials and County Counsel Adrian Kuyper, the Board of Supervisors' chief attorney. Wieder, who is running for the

congressional seat being vacated by Rep. Daniel E. Lungren (R-Long Beach), says Kuyper's advice was sought before the contribution was accepted.

The Laguna Laurel development agreement, which would protect the project from future land-use restrictions such as the countywide slow-growth initiative on the June 7 ballot, was approved on a 3-2 vote. If Wieder's vote were declared invalid, the future of the project would be thrown into doubt.

Grindle said the complaint she filed with the district attorney also asks that the Irvine Co. Employees Political Action Committee be prosecuted for not reporting the \$2,500 contribution to the registrar of voters within 30 days, as she says the TIN CUP ordinance requires.

The PAC contribution should have barred Wieder's vote on a matter affecting the Irvine Co., Grindle said, because the company and its political action committee

are indistinguishable from one another. Top Irvine Co. officials contribute most of the money disbursed by the committee and decide which candidates get the money, Grindle said.

"How do you distinguish the company from the top people who run it?" Grindle asked. "They benefit when a project is approved."

Irvine Co. officials dispute Grindle's claims, saying the political action committee, known as ICEPAC, was organized and is operated independently of the company and pursuant to the legal

advice of private attorneys. They also maintain that ICEPAC, as a federal political action committee, is not bound by county laws.

Assistant Dist. Atty. Maurice L. Evans confirmed that Grindle had "set forth some concerns" about the ICEPAC contribution in a letter delivered to him Monday morning, but he would not discuss its contents.

Evans said the district attorney's office would look into the matter as soon as possible but declined further comment. Dist. Atty. Cecil Hicks was in Washington, D.C., Monday and could not be reached for comment.

Grindle said she had been contacted Monday morning before she filed her complaint by Irvine Co. senior vice president Gary H. Hunt, who she said wanted to meet with her.

"He didn't want me to file the complaint," Grindle said, adding that she refused to meet with Hunt.

The TIN CUP ordinance prohib-

its a supervisor from voting on matters affecting a major campaign contributor, defined currently as one who has given the supervisor more than \$1,739 during a four-year period.

Chip Nielsen, a San Francisco lawyer whose firm advises the Irvine Co. on political matters, said federal law prohibits the Irvine Co., as a corporate entity, from donating money to ICEPAC or to any other federal political action committee.

"The Irvine Co. has not contributed to Wieder and doesn't have to worry," he said.

ICEPAC was created six years ago, Irvine Co. officials said, under federal rules that allow labor unions and corporations to sponsor political action committees for their members or employees.

Judy Frutig, an Irvine Co. spokeswoman, maintained that ICEPAC is "absolutely independent."

ent" of the Irvine Co. under federal law.

Jack Flanigan, an Irvine Co. vice president and manager of the PAC, said the committee was created so Irvine Co. employees could pool their money to make contributions to political causes.

Flanigan said he makes final decisions about who gets the PAC money with help from a six-member committee that includes "one vice president, a couple of directors and a couple of managers" of the Irvine Co.

Irvine Co. officials would not name the people who sit on the committee.

Monday evening, the company issued a written statement saying it has "voluntarily taken the initiative to fully discuss the operation of ICEPAC with Orange County Counsel Adrian Kuyper. We have requested a similar meeting with the district attorney's office."

Cites Opinions

The statement said that in making the contribution to Wieder's campaign, ICEPAC "relied upon several published legal opinions by Orange County counsel dating back to 1980, as well as separate legal advice from its own counsel based further upon analysis of extensive state and federal campaign laws."

Flanigan said last week that the research was done by what he called "a battery" of Irvine Co. lawyers.

Wieder said the \$2,500 contribution to her campaign for the Republican nomination in the 42nd Congressional District, which straddles the boundary between Orange and Los Angeles counties, came at a campaign kickoff dinner in Seal Beach. ICEPAC, she said, bought five \$500 tickets to the dinner.

Wieder since has voted on at least two matters affecting the Irvine Co.—the Irvine Coast development agreement, which was approved by the board on a 4-1 vote on April 20, and the controversial Laguna Laurel agreement. Supervisor Roger R. Stanton voted against the Irvine Coast development agreement, and Stanton and Supervisor Gaddi H. Vasquez voted against the Laguna Laurel agreement.

The same day that the Laguna Laurel agreement was approved, the county registrar of voters received Wieder's federal campaign finance disclosure forms. A few days later, ICEPAC was added to the list of Wieder's major campaign contributors that is updated by the registrar monthly under the terms of the TIN CUP ordinance.

Knew of Contribution

Wieder said she knew of the contribution when she voted on Laguna Laurel and added that her campaign has been "squeaky careful" about making sure such donations didn't violate the TIN CUP ordinance.

Wieder said her campaign officials sought advice in March from the county counsel on whether the contribution "bumped into" the TIN CUP ordinance and were told that it did not.

Dana Reed, a lawyer who volunteers his services to the Wieder campaign and also has done work for the Irvine Co., said that to his knowledge the only advice sought specifically on the ICEPAC contribution was requested last week. He said Wieder may have been referring to advice sought in February or March about another employee PAC.

In both cases, Reed said, he was advised that as long as the PACs were separate from the companies involved, the contributions would not violate the TIN CUP ordinance.

In interviews last week, Kuyper would not talk specifically about ICEPAC or its donation to Wieder. Speaking in general terms, however, he said an employees' political action committee could be so dominated by the company involved that it could not be considered independent under the law.

"If the board of directors, for instance, just sits down at a meeting and says 'now we're the PAC,' then I don't think you can call that independent," he said.

To determine whether a political action committee is sufficiently

independent of the company, he said, one would have to look at several relevant factors. Among them would be the extent to which contributions are truly voluntary and whether they are taken as a percentage of the employees' salaries.

After receiving a call Friday evening from Irvine Co. senior vice president Hunt, Kuyper contacted The Times and said he considered ICEPAC "outside the purview" of the TIN CUP ordinance.

"He said Donald Bren does not make the decisions, and that is crucial," Kuyper said of his conversation with Hunt.

A vote of a supervisor who was found guilty of a TIN CUP violation would be voided, Kuyper said. If that action resulted in a tie vote, as it would in the case of the Laguna Laurel development agreement if Wieder's vote were rescinded, the matter in question would have to be brought back before the board.

Grindle and Kuyper agreed that the legality of Wieder's vote is now a decision for the district attorney.

The ICEPAC contribution "jumped out at me" from the registrar's list of Wieder's major contributors, Grindle said.

She said Irvine Co. executive Michael Stockstill told her in a phone conversation that 60% to 70% of the PAC's money came from top-ranking Irvine Co. officials.

"Some of these people hold Irvine Co. stock and are in bonus programs, so you can't tell me they are not beneficiaries of Wieder's vote," Grindle said Monday. "If I were in her [Wieder's] shoes, I would have disqualified myself from voting for anything having to do with the Irvine Co."

Her failure to do so, Grindle said, "is against the intent" of the TIN CUP ordinance.

Stockstill, who said he is the former manager of ICEPAC, re-

ferred questions to Irvine Co. public relations officials. He was not in a position to discuss the PAC.

A review of disclosure forms filed by ICEPAC with the Elections Commission shows that of the contributors listed in a report for the last half of 1987 hold positions in the company.

Kuyper said no supervisor ever been prosecuted for violating the TIN CUP ordinance. A violation is a misdemeanor, he said, and carries a maximum sentence of six months in jail and a \$500 fine.

Though the applicability of the TIN CUP ordinance to a contribution to a congressional race never been tested in court, Orange County Superior Court Judge Judith M. Ryan ruled in 1985 that the ordinance applied to contributions for a campaign for statewide office. That ruling came in a case involving then-Supervisor Bruce Lande.

Wieder is target of complaint

Activist calls key vote a 'potential violation'

By Chris Knap
The Register

A political activist charged Tuesday that Supervisor Harriett Wieder's favorable vote on the Laguna Laurel development agreement after receiving a \$2,500 contribution from employees of The Irvine Co. was "the most serious potential violation (of the county campaign-reform law) we've ever had."

County Assistant District Attorney Maurice Evans confirmed Tuesday that his office has begun an investigation into a complaint raised by the activist, Shirley Grindle, who led the campaign nine years ago for passage of the Time Is Now, Clean Up Politics ordinance, known as TINCUP.

If Grindle's complaint is upheld, it could mean a reversal of the approval of the 20-year zoning freeze that The Irvine Co. obtained for its controversial 3,200-home project in Laguna Canyon.

Wieder, who is running for Congress in the 42nd District, declined to comment Tuesday on Grindle's complaint. But an attorney for Wieder's campaign and a spokesman for The Irvine Co. said Grindle's charges are based on politics, not law.

"I think frankly that this has been made a political issue rather than a legal issue. I think Harriett and the company are on very firm legal ground," said Larry Thomas, vice president of corporate communications for The Irvine Co.

The ordinance requires campaign donors to report to the county registrar of voters gifts in excess of \$1,739. A supervisor cannot vote on issues affecting a contributor who has given them more than that. Violation of the ordinance is a misdemeanor with a maximum penalty of a \$500 fine and six months in jail.

Evans would not release a copy of Grindle's complaint, but Grindle said she raised two issues.

ees' Political Action Committee violate the county ordinance by failing to report to the registrar within 30 days its \$2,500 March 10 contribution to Wieder's congressional campaign?

■ Did the high-level employees who gave to the PAC receive a material benefit from the approval of the Laguna Laurel agreement?

Registrar Don Tanney said Tuesday that ICEPAC still has not given him notice of its contribution. On the second question, Grindle says a violation of the ordinance would void Wieder's April 27 vote in favor of the agreement, approved 3-2.

Two Irvine Co. executives and an attorney for the company met with Evans on Tuesday to discuss the contribution. In a statement released to reporters and in an interview, Thomas explained the company's position. He said:

■ ICEPAC is established under federal campaign law, for the purpose of donating to federal campaigns. The law allowing such PACs takes precedence over state, county and city laws such as TINCUP, Thomas argued. He said that means that the PAC did not have to report its contribution to Orange County.

■ The PAC collects voluntary personal contributions. Thomas confirmed that more than 50 percent of the contributions come from senior officials, including Irvine Co. Chief Executive Officer Donald Bren and members of the board of directors, but he said those officials do not decide how the money is spent, and that makes it legally a separate entity from The Irvine Co.

He said the final decision on how the PAC money is spent is made by Jack Flanagan, vice president of government relations.

■ The ordinance makes no reference to federal political-action committees.

"If Shirley is suggesting that there should be a new test, that's one issue," Thomas said. "But she

doesn't have a factual basis to say we have violated existing law."

Dana Reed, who has volunteered his legal advice to Wieder's congressional campaign, said the county counsel consistently has issued opinions saying that bona fide PACs are separate entities for TINCUP purposes.

Reed said the contribution was noted on Wieder's federal campaign-reporting form. He said she did not abstain on votes involving The Irvine Co. on the basis of the previous opinions of the county counsel. Because she acted in good faith, she has no liability under TINCUP, Reed argued.

"Harriett Wieder certainly didn't do anything wrong. She accepted a lawful contribution, reported it properly, and on the advice of county counsel she went about her business," Reed said.

He said he believes that the ordinance does not apply at all to federal PACs. "Even assuming that everything Shirley says is right, Harriett is in the clear," he said.

Grindle denied having any political motivations.

"I don't care what Harriett is

running for," she said. "This is not a Harriett issue, this is a TINCUP issue."

Grindle said the failure of major contributors to report to the registrar within 30 days has been a problem for years. She said she has warned the supervisors that they would be embarrassed one day by an undisclosed major contribution.

She said, and Evans confirmed, that he wrote a letter to the supervisors last year suggesting that they inform major contributors of the reporting law. But Grindle said the warnings were ignored, and registrar Tanney said the reporting situation has not improved.

"The thing that is so critical about this whole episode is that Laguna Laurel is one of the most controversial land-use projects of the last decade," Grindle said.

"I strongly believe that had the public known about this contribution, enough pressure would have been placed on (Wieder) that she would have decided it was the better part of discretion to refrain from voting."

Wieder Lied About Degree Under Oath

By CLAUDIA LUTHER,
Times Political Writer

Orange County Supervisor Harriett M. Wieder, whose congressional campaign has been rocked by her admission that she did not attend college as her biographies once said, testified under oath in October that she had earned a bachelor's degree from Wayne State University in Detroit, according to transcripts obtained Tuesday.

Under pressure from an opponent in the 42nd Congressional District race, front-runner Wieder conceded last week that she did not correct an error made 25 years ago by someone who prepared a biographical sheet for her. She said she had been "ashamed" that she was unable to attend college because of family finances.

Wieder said she had stopped claiming the degree before she decided in January to enter the race for the seat being vacated by

Supervisor Wieder voted on two more Irvine Co. matters despite being challenged by TIM CUP's author. (Part II, Page 1.)

Rep. Daniel E. Lungren (R-Long Beach).

However, barely a month ago, on April 4, Wieder signed a transcript of the Oct. 22 deposition declaring under penalty of perjury that her testimony was true.

Asked during that deposition whether she had attended college, Wieder replied: "Yes. Wayne, Wayne State."

"Did you receive a degree from Wayne State?" Wieder was asked. "Yes. A BA in journalism," she said.

Asked if she had attended graduate school or taken any graduate courses, she said: "Yes. But I just got a certificate. It was out of UCLac's Graduate School of Business. It was a certificate, of course."

Tuesday, Wieder reiterated her earlier apology for the mistake in her biographies and said she did not remember those specific questions during the deposition. She compared her answers to those that she would give if someone asked her what

time she got up in the morning, or if she brushed her teeth.

"It was that kind of routine answer," she said. "I believed it. I just have."

She added, "I might have made a mistake to the attorneys, but I'm not saying it to voters. It was not relevant to what I was testifying on."

Wieder, who was obviously upset, accused her opponents of badgering her on issues that have nothing to do with the campaign.

'Typical Dirty Politics'

"This is typical dirty politics," the 67-year-old Wieder said. "They're out to destroy me, not to win an election, and I'm not going to let them do it. I made a mistake. I'm running on 14 years of a good record of service to this community. I've made a contribution."

She challenged her opponents to compare their own records to hers.

"I don't believe that anyone can stand up who presents themselves to public life and say there is only one mistake they made in their lives for which they have to apologize," she declared. "I made a mistake. I apologized for the mistake and, dammit, am I going to be crucified for that mistake forever?"

One of Wieder's congressional opponents, Dana Rohrabacher, who initially revealed that Wieder did not have a college degree, said Tuesday that he did not know about the deposition.

"It sounds very serious," Rohrabacher said. "I would hope that this is not a sad finale to an energetic political career. But if she has committed perjury, then certainly she is not going to win this race."

Deputy Dist. Atty. Gregg Prickett said that Wieder's statements in the deposition would not constitute criminal perjury. To warrant prosecution as perjury, a misstatement under oath has to be "a big mistake" and something that is material to the case at hand, he pointed out.

HARRIETT M. WIEDER ON THE RECORD

Questions asked in a deposition taken Oct. 22, 1987, in an Orange County Superior Court lawsuit.

Answers by Harriett M. Wieder.

Did you graduate from high school?
Yes.

From which high school?
Central High.

Is that in Orange?
Detroit, Mich.

Did you then go on to a college or university?
Yes. Wayne, Wayne State.

Did you receive a degree from Wayne State?
Yes.

What degree did you receive at Wayne State?
A BA in Journalism.

Did you attend any graduate school or take any graduate courses after your degree?
Yes. But I just got a certificate. . . .

"The question is, is it something that bears on the case and that they should have known at the time was a mistake?" Prickett said.

Andrew Littlefair, another of Wieder's opponents in the congressional race, said he believed it was time for Wieder to "seriously consider withdrawing from the race."

Wieder's deposition was taken in a lawsuit involving a flooding incident five years ago in two Huntington Beach mobile home parks when an earthen levee gave way on the Fountain Valley Channel, covering some of the homes with eight or nine feet of water.

Wieder was sued in her role as a county official and no longer is a defendant in the case, according to attorneys involved in the lawsuit.

The disclosure that Wieder had misrepresented her educational background under oath is one of several recent blows to her campaign. Wieder also has been threatened with a recall by slow-growth

advocates over votes on development agreements (story in Part II, Page 3), and her campaign finances have been called into question by her opponents.

Sal Russo, a partner in the political consulting firm of Russo, Watts and Rollins, said it remains to be seen how much damage the disclosures about Wieder's false academic record and the threatened recall campaign will have.

"There is no question that these things have taken a toll on her," Russo said in a telephone interview from Sacramento. His firm is not involved in the 42nd District race.

But he said the degree issue should not be fatal to her candidacy unless her opponents can success-

fully "go right to the trust-and-confidence issue."

"Everybody engages in a bit of puffery, and I don't think it's going to erase somebody who has a record," he said.

Russo added that there is the possibility that Wieder could receive a sympathy vote if her Republican opponents attack her too vigorously.

"These things can backfire in a hurry, particularly if you're dealing with a woman candidate," Russo said. "You have to be careful bashing a woman candidate. You can't appear to be unfair, unwarranted or extreme."

COMPLAINT

1) "Friends of Harriett Wieder", a committee organized to elect Harriett Wieder to the 42nd Congressional District of California, has not properly and completely filed the required documentation to substantiate their "Schedule C" forms submitted in their first and second filings to the Federal Election Commission as required by law. The continued delinquency to fully account for monies "lent" from a state committee, the "Committee to Elect Harriett Wieder Supervisor" to a federal committee, "Friends of Harriett Wieder" is in violation of Federal Election Commission guidelines, the committee has displayed a flagrant disregard for the ethical and acceptable standards that these guidelines are intended to encourage.

2) There is a limit under federal law of individual contributions of \$1000, and Political Action Committee contributions limited to \$5000 to federal candidates. The "Committee to Elect Harriett Wieder Supervisor" has clearly exceeded these limits.

3) The "Committee to Elect Harriett Wieder Supervisor" has made available to the "Friends of Harriett Wieder" committee monies that are derived from corporate contributions, and therefore, are ineligible for federal campaigns. The transfer and co-mingling of corporate and individual contributions has apparently has not been resolved.

4) The "Friends of Harriett Wieder" committee's second Federal Election Commission filing of May 26, 1988, in comparison to its first filing, omits and makes no accounting for expenditures that were included in that filing, and would be expected to be included in the subsequent filing. Specifically, these expenditures are for the following services known to have been rendered:

- I. Staff salaries for campaign operations.
- II. Consultant fees to March & Key and Buchanan & Campbell.
- III. Direct mailing fees for at least half a dozen "mailers".
- IV. Prime time radio slots currently being aired in the Los Angeles and Orange County market.

It is for these specific expenditures that it is imperative that the "Committee to Elect Harriett Wieder Supervisor" make immediately available its issued checks and receipts for all expenditures and loans made since January of 1988.

RE: MUR 2615
Friends of Harriett Wieder

Dear Ms. Miller:

This letter is in response to the complaint filed by Mr. Robert Graham against Friends of Harriett Wieder.

Mr. Graham was Chairman of the committee supporting Steve Horn for Congress in the 42nd Congressional district in California. Ms. Wieder was a candidate for the same office. The complaint offered by Mr. Graham has little merit, was designed as a political tool in the heat of a campaign and in contravention of the law, Mr. Horn publicized the complaint to the news media. The complaint was nothing more than an shot in the dark - desperately trying to find something amiss in Ms. Wieder's reporting to the Federal Election Commission.

Ms. Wieder serves as a member of the Orange County Board of Supervisors. Pursuant to California law, she has established a committee to raise funds and make expenditures in connection with that office.

As is permissible under Federal law, Supervisor Wieder loaned funds from her State committee to her Federal committee. The January, 1986 FEC Record and Advisory Opinions 1984-46 and 1985-2 have explained the procedures in great detail. The treasurer of the State committee reviewed all of the contributions to assure that transferred funds were permissible under the Federal Election Campaign Act. We can categorically state that no corporate funds or contributions exceeding the Federal limits were transferred

to the Federal committee. Contrary to Mr. Graham's allegations, the transferred funds were not raised solely during the period July 1, 1987 to December 31, 1987.

The complaint confuses the Statement of Candidacy with a filing by a registered political committee. The Committee to Elect Wieder for Supervisor has taken the necessary steps to register as a Federal committee and is in the process of detailing the source of contributions pursuant to Federal law.

In accepting contributions for Friends of Harriett Wieder, it is conceivable, although unlikely, that some individual contributions inadvertently may have exceeded the \$1,000 limit by virtue of the prior transfer of funds from Committee to Elect Harriett Wieder Supervisor. However, the two committees are comparing their records to assure that no such contributions were accepted. In the event that any contributor exceeded his or her limit, the funds will be refunded to the contributor.

Due to a misunderstanding between the Treasurer of Supervisor Wieder's state committee and the Treasurer of her Federal committee, the complete details of the loan were not reported to the Federal Election Commission. The appropriate document are being prepared. This oversight was completely unintentional and every effort is being taken to provide the information with great speed.

The amended complaint alleges that certain expenditures were omitted from the May, 26 (twelfth day preceding the primary election). Apparently, some invoices were not forward to the individual who prepared the report. As soon as the campaign became aware of the omissions, the report was amended and submitted to the FEC. The amendment was completed and filed several days before the amended complaint was received by Friends of Harriett Wieder.

We respectfully ask the Commission to dismiss the complaint. The allegations are largely frivolous and unfounded. The fact that complainant made public the charges in complete and utter disregard for the laws and regulations governing Federal elections alone should be sufficient to explain the actual purpose of the complaint. It was strictly a publicity ploy. Friends of Harriett Wieder is and has made a diligent effort to comply with the Federal Election Campaign Act.

RELEVANT STATUTES: 2 U.S.C. § 432(e) (1)

2 U.S.C. § 434(a), (b)
2 U.S.C. § 441b

INTERNAL REPORTS
CHECKED: Public Records

CHECKED: None

I. GENERATION OF MATTER

On June 1, 1988, the Commission received a complaint alleging that Respondent, Friends of Harriett Wieder ("Federal Committee"), received a \$40,000 loan from a previous state campaign committee, Committee to Elect Harriett Wieder Supervisor ("State Committee"). Complainant produced copies of State reports showing that the funds used to make the loan contained largely corporate donations, permissible under state law. Complainant later amended the complaint, alleging that the Federal Committee report of May 26, 1988 failed to disclose certain known expenditures in areas including staff salaries and advertising costs. Counsel for respondents responded by letter of June 29, 1988 (Attachment 1).

91040031349

Commission records show that the Federal Committee reported the loan from the State Committee, but not the source of the funds that made up the loan, nor any of the terms of the loan. The Federal Committee received notice from the Reports Analysis Division ("RAD") of the Commission on May 24, 1988 that their reports were insufficient in several respects, including full disclosure regarding the loan terms and source of the funds in the loan. After a second notice was sent, the Federal Committee's treasurer responded on June 16, 1988, promising to supply the required information on the loan by July 15, 1988. Supplemental information was eventually filed on August 11, 1988. This information consisted of an incomplete accounting of funds acquired by the State Committee, listing numerous contributors which appear to be corporations, and a statement of the terms of the loan.

A further review of FEC records reveals that, although the Federal Committee accepted the loan on January 5, 1988, Statements of Organization and Candidacy were not filed by the Committee and Weider until March 9, and 10, 1988, respectively.

The Federal Committee filed an amended report to its May 26 report on June 8, 1988. The amended report included additional disbursements for printing, typing, staff services, and fundraiser expenses.

On June 14, 1988, the Commission received a Statement of Organization for the State Committee which lists no affiliated

91040331350

committees. No further reports have been filed by the State Committee.

In his letter of June 29, 1988, Counsel stated that all funds in the loan to the Federal Committee were permissible under the Act, although he conceded that the details had not been reported to the Commission.^{1/} Counsel pointed out that the May 26 report was amended to include information on previously omitted disbursements.

II. FACTUAL AND LEGAL ANALYSIS

A. Statement of Law

All committees controlled by the same person or group of persons are affiliated committees. 11 C.F.R. § 100.5. Transfer of funds may be made without limit between affiliated committees. 11 C.F.R. § 102.6(a). The Commission has determined that a candidate's state and federal committees are affiliated and that the state committee may make unlimited transfers to the federal candidate or committee. Advisory Opinions 1987-12, 85-2, 84-46. Nevertheless, the state committee must register and report with the Commission as a political committee once its transfers or expenditures in the aggregate exceed \$1,000. 2 U.S.C. § 431(4), See Advisory Opinion 1987-12. In registering and reporting, the

^{1/} While Counsel's letter states that all funds used to make the transfer were permissible under the Act, the State Committee has not filed any accounting of the funds on hand at the time of the transfer; the accounting provided by the Federal Committee lists contributions which appear corporate in nature. Further, state reports produced by complainant show that the State Committee's funds were primarily from corporate contributions.

91040031351

state committee must also exclude from its cash-on-hand any impermissible funds. Id; 11 C.F.R. § 104.12. Transfers to the federal committee must not include funds prohibited under the Act, including corporate funds, 2 U.S.C. § 441b, and contributions exceeding established limits, 2 U.S.C. § 441a.

The Act defines a political committee as "any committee, club, association, or other group of persons which receives contributions aggregating in excess of \$1,000 during a calendar year or which makes expenditures aggregating in excess of \$1,000 during a calendar year." 2 U.S.C. § 431(4)(A). All committees are required to file Statements of Organization. If the committee is an authorized committee, the filing must occur within 10 days of designation as an authorized committee. All other committees other than an authorized committee must file the Statement of Organization within 10 days of qualifying as a political committee. 2 U.S.C. § 433(a).

Political committees are required to file reports of receipts and disbursements, including transfers to affiliated committees. 2 U.S.C. § 434(a) and § 434(b). The first report must disclose the source of all funds on hand at the time of registration. 11 C.F.R. § 104.12. During a general election year, all committees other than authorized committees must file quarterly reports due no later than the 15th day after the last day of each quarter. 2 U.S.C. § 434(a)(4)(A)(i).

2104031352

An individual becomes a candidate under the Act if such individual, or a person authorized by such individual, has received contributions aggregating in excess of \$5,000 or has made expenditures aggregating in excess of \$5,000. 2 U.S.C. § 431(a). Within 15 days of becoming a candidate, an individual must file a Statement of Candidacy which designates a principal campaign committee. 2 U.S.C. § 432(e)(1).

B. Application of Law to Facts

Friends of Harriett Wieder accepted its first reported contribution in excess of \$5,000 on January 5, 1988 when it received the loan of \$40,000, obligating the candidate to designate a principal campaign committee by January 20, and obligating the committee to register by January 30, 1988. The candidate's designation was filed March 10, and the Committee's registration was filed March 9, 48 and 41 days late, respectively.

Therefore, the Office of General Counsel recommends that the Commission find reason to believe that Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. § 433(a). This Office further recommends that the Commission find reason to believe that Harriett Wieder violated 2 U.S.C. § 432(e)(1).

The State Committee transferred funds in excess of \$1,000 to the candidate's Federal Committee on January 5, 1988 with the making of the \$40,000 loan. The State Committee was therefore

21040331353

obligated to register and report as a political committee as of January 15, 1988, ten days after becoming a political committee. The State Committee registered on June 15, 1988, 151 days late. No periodic reports have been filed.

The Office of General Counsel therefore recommends that the Commission find reason to believe that the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer, violated 2 U.S.C. §§433(a) and 434(a).

While affiliated Committees can make unlimited transfers without regard to contribution limitations, funds transferred cannot contain prohibited funds such as corporate contributions or individual contributions in excess of contribution limitations. The cash-on-hand balance for the State Committee at the time of the transfer is presumed to be composed of those contributions most recently received; the State Committee is required to itemize such contributions. 2 U.S.C. § 434(b)(1), 11 C.F.R. § 104.12. Information contained in the complaint strongly suggests that the cash-on-hand balance at the time of the State Committee's transfer was composed mostly of corporate funds. The State Committee has not provided any itemization of the funds.

Therefore, this Office recommends that the Commission find reason to believe that the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer, violated 2 U.S.C. §§ 434(b)(1) and 441b.

9104031354

Obviously, the Federal Committee knew that it was accepting a transfer from the State Committee and presumably knew of the differences in state and federal law regarding corporate contributions. Therefore, this Office recommends that the Commission find reason to believe that Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. § 441b.

The Federal Committee's pre-primary report of May 26, 1988 failed to include disbursements made by the Committee. This error was corrected and amended by the Committee thirteen days later, which was after the California primary, although apparently before receipt of the complaint concerning those disbursements. Therefore, this Office recommends a finding of reason to believe that Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. § 434(b).

III. RECOMMENDATIONS

1. Find reason to believe that the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer, violated 2 U.S.C. §§ 433(a), 434(a) and (b) and 441b.
2. Find reason to believe that Friends of Harriet Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. §§ 433(a), 434(b) and 441b.
3. Find reason to believe that Harriett Wieder violated 2 U.S.C. § 432(e)(1).

RE: MUR 2615
Committee to Elect Harriett
Wieder Supervisor and Frank P.
Uehle as treasurer

Dear Mr. Uehle:

On October 17, 1988, the Federal Election Commission found that there is reason to believe the Committee to Elect Harriett Wieder Supervisor ("Committee") and you, as treasurer, violated 2 U.S.C. §§ 433(a), 434(a) and (b), and 441b, provisions of the Federal Election Campaign Act of 1971, as amended ("the Act"). The Factual and Legal Analysis, which formed a basis for the Commission's finding, is attached for your information.

Under the Act, you have an opportunity to demonstrate that no action should be taken against the Committee and you, as treasurer. You may submit any factual or legal materials that you believe are relevant to the Commission's consideration of this matter. Please submit such materials to the General Counsel's Office along with answers to the enclosed questions within 15 days of your receipt of this letter. Where appropriate, statements should be submitted under oath.

In the absence of any additional information demonstrating that no further action should be taken against the Committee and you, as treasurer, the Commission may find probable cause to believe that a violation has occurred and proceed with conciliation.

If you are interested in pursuing pre-probable cause conciliation, you should so request in writing. See 11 C.F.R. § 111.18(d). Upon receipt of the request, the Office of the General Counsel will make recommendations to the Commission either proposing an agreement in settlement of the matter or recommending declining that pre-probable cause conciliation be pursued. The Office of the General Counsel may recommend that pre-probable cause conciliation not be entered into at this time so that it may complete its investigation of the matter.

21040331359

Frank P. Uehle
Page 2

Further, the Commission will not entertain requests for pre-probable cause conciliation after briefs on probable cause have been mailed to the respondent.

Requests for extensions of time will not be routinely granted. Requests must be made in writing at least five days prior to the due date of the response and specific good cause must be demonstrated. In addition, the Office of the General Counsel ordinarily will not give extensions beyond 20 days.

If you intend to be represented by counsel in this matter, please advise the Commission by completing the enclosed form stating the name, address, and telephone number of such counsel, and authorizing such counsel to receive any notifications and other communications from the Commission.

This matter will remain confidential in accordance with 2 U.S.C. §§ 437g(a)(4)(B) and 437g(a)(12)(A), unless you notify the Commission in writing that you wish the investigation to be made public.

For your information, we have attached a brief description of the Commission's procedures for handling possible violations of the Act. If you have any questions, please contact Colleen Miller, the attorney assigned to this matter, at (202) 376-8200.

Sincerely,

FEDERAL ELECTION COMMISSION

FACTUAL AND LEGAL ANALYSIS

RESPONDENT: Committee to Elect MUR 2615
Harriett Wieder Supervisor,
and Frank P. Uehle, as treasurer

A. Generation of Matter

This matter arose as a result of a complaint filed with the Federal Election Commission regarding a loan of \$40,000 made by the Committee to Elect Harriett Wieder Supervisor (State Committee) to Friends of Harriett Wieder (Federal Committee), and other related matters.

B. Statement of Law

All committees controlled by the same person or group of persons are affiliated committees. 11 C.F.R. § 100.5. Transfer of funds may be made without limit between affiliated committees. 11 C.F.R. § 102.6(a). The Commission has determined that a candidate's state and federal committees are affiliated and that the state committee may make unlimited transfers to the federal candidate or committee. Advisory Opinions 1987-12, 85-2, 84-46. Nevertheless, the state committee must register and report with the Commission as a political committee once its transfers or expenditures in the aggregate exceed \$1,000. 2 U.S.C. § 431(4), See Advisory Opinion 1987-12. In registering and reporting, the state committee must also exclude from its cash-on-hand any impermissible funds. Id; 11 C.F.R. § 104.12. Transfers to the federal committee may not include funds prohibited under the Act, including corporate funds, and contributions exceeding established limits, 2 U.S.C. §§ 441b and 441a.

31031361

The Act defines a political committee as "any committee, club, association, or other group of persons which receives contributions aggregating in excess of \$1,000 during a calendar year or which makes expenditures aggregating in excess of \$1,000 during a calendar year." 2 U.S.C. § 431(4) (A). All committees are required to file Statements of Organization. All committees other than an authorized committee must file the Statement of Organization within 10 days of qualifying as a political committee. 2 U.S.C. § 433(a).

Political committees are required to file reports of receipts and disbursements. 2 U.S.C. § 434(a) and 434(b). The first report must disclose the source of all funds on hand at the time of registration. 11 C.F.R. § 104.12. During a general election year, all committees other than authorized committees must file quarterly reports due no later than the 15th day after the last day of each quarter. 2 U.S.C. § 434(a) (4) (A) (i).

A political committee may not accept contributions made from the treasuries of national banks, corporations or labor organizations. 2 U.S.C. § 441b(a).

C. Application of the Law to the Facts

The State Committee transferred funds in excess of \$1,000 to the candidate's federal committee on January 5, 1988 with the making of the \$40,000 loan. The State Committee was therefore obligated to register and report as a political committee as of January 15, 1988, ten days after becoming a political committee.

2104031352

The State Committee registered on June 15, 1988, 151 days late. No periodic reports have been filed.

Accordingly, there is reason to believe that the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer, violated 2 U.S.C. § 433(a) and 434(a).

While affiliated committees can make unlimited transfers without regard to contribution limitations, funds transferred to Federal Committees cannot contain prohibited funds such as corporate contributions or individual contributions in excess of contribution limitations. The cash-on-hand balance for the State Committee at the time of the transfer of the \$40,000 to the Federal Committee is presumed to be composed of those contributions most recently received; the State Committee is required to itemize such contributions. 2 U.S.C. § 434(b)(1), 11 C.F.R. § 104.12. Information contained in the complaint strongly suggests that the cash-on-hand balance at the time of the State Committee's transfer was composed mostly of corporate funds. The State Committee has not provided any itemization of the funds.

Accordingly, there is reason to believe that the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer, violated 2 U.S.C. § 434(b)(1) and 441b.

Dear Ms. Wieder:

On October 17, 1988, the Federal Election Commission found that there is reason to believe that you violated 2 U.S.C. § 432(e)(1), a provision of the Federal Election Campaign Act of 1971, as amended ("the Act"). The Factual and Legal Analysis, which formed a basis for the Commission's finding, is attached for your information.

Under the Act, you have an opportunity to demonstrate that no action should be taken against you. You may submit any factual or legal materials that you believe are relevant to the Commission's consideration of this matter. Please submit such materials to the General Counsel's Office within 15 days of your receipt of this letter. Where appropriate, statements should be submitted under oath.

In the absence of any additional information demonstrating that no further action should be taken against you, the Commission may find probable cause to believe that a violation has occurred and proceed with conciliation.

If you are interested in pursuing pre-probable cause conciliation, you should so request in writing. See 11 C.F.R. § 111.18(d). Upon receipt of the request, the Office of the General Counsel will make recommendations to the Commission either proposing an agreement in settlement of the matter or recommending declining that pre-probable cause conciliation be pursued. The Office of the General Counsel may recommend that pre-probable cause conciliation not be entered into at this time so that it may complete its investigation of the matter.

Dear Mr. Reed:

On June 2, 1988, the Federal Election Commission notified your client, "Friends of Harriett Wieder", of a complaint alleging violations of certain sections of the Federal Election Campaign Act of 1971, as amended ("the Act"). A copy of the complaint was forwarded to your client at that time. On June 15, 1988, the Federal Election Commission notified your client of additional information received from the complainant, and forwarded a copy of that information to them.

Upon further review of the allegations contained in the complaint and amendment, and information supplied by you and your client, the Commission, on October 17, 1988, found that there is reason to believe Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. §§ 433(a), 434(b) and 441b, provisions of the Act. MUR 2615

A. Generation of Matter

This matter arose as a result of a complaint filed with the Federal Election Commission regarding a loan of \$40,000 made by the Committee to Elect Harriett Wieder Supervisor (State Committee) to Friends of Harriett Wieder (Federal Committee), and other related matters.

B. Statement of Law

All committees controlled by the same person or group of persons are affiliated committees. 11 C.F.R. § 100.5. Transfer of funds may be made without limit between affiliated committees. 11 C.F.R. § 102.6(a). The Commission has determined that a candidate's state and federal committees are affiliated and that the state committee may make unlimited transfers to the federal candidate or committee. Advisory Opinions 1987-12, 85-2, 84-46. Transfers to the federal committee may not include funds prohibited under the Act, including corporate funds, and contributions exceeding established limits, 2 U.S.C. §§ 441b and 441a.

The Act defines a political committee as "any committee, club, association, or other group of persons which receives contributions aggregating in excess of \$1,000 during a calendar year or which makes expenditures aggregating in excess of \$1,000

91040331373

during a calendar year." 2 U.S.C. § 431(4) (A). All committees are required to file Statements of Organization. If the committee is an authorized committee, the filing must occur within 10 days of designation as an authorized committee. 2 U.S.C. § 433(a).

Political committees are required to file reports of receipts and disbursements. 2 U.S.C. § 434(a) and § 434(b). The first report must disclose the source of all funds on hand at the time of registration. 11 C.F.R. § 104.12.

A political committee may not accept contributions made from the treasuries of national banks, corporations or labor organizations. 2 U.S.C. § 441b(a).

An individual becomes a candidate under the Act if such individual, or a person authorized by such individual, has received contributions aggregating in excess of \$5,000 or has made expenditures aggregating in excess of \$5,000. 2 U.S.C. § 431(a). Within 15 days of becoming a candidate, an individual must file a Statement of Candidacy which designates a principal campaign committee. 2 U.S.C. § 432(e) (1). The principal campaign committee must register within 10 days of designation. 2 U.S.C. § 433(a).

C. Application of the Law to the Facts

Friends of Harriett Wieder accepted its first reported contribution in excess of \$5,000 on January 5, 1983, when it received the loan of \$40,000, obligating the candidate to

2104031374

designate a principal campaign committee by January 20, and obligating the committee to register by January 30, 1988. The candidate's designation was filed March 10, and the Committee's registration was filed March 9, 48 and 41 days late, respectively.

Accordingly, there is reason to believe that Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. § 433(a).

While affiliated committees can make unlimited transfers without regard to contribution limitations, funds transferred to federal committees cannot contain prohibited funds such as corporate contributions or individual contributions in excess of contribution limitations. The cash-on-hand balance for the State Committee at the time of the transfer of the \$40,000 to the Federal Committee is presumed to be composed of those contributions most recently received, 11 C.F.R. § 104.12. Information contained in the complaint strongly suggests that the cash-on-hand balance at the time of the State Committee's transfer was composed mostly of corporate funds.

Obviously, the Federal Committee knew that it was accepting a transfer from the State Committee and presumably knew of the differences in state and federal law regarding corporate contributions. Accordingly, there is reason to believe that Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. § 441b.

21040331375

The Federal Committee's pre-primary report of May 26, 1988 failed to include some disbursements made by the Committee. This error was corrected and amended by the Committee, thirteen days later, after the California primary, although apparently before receipt of the complaint concerning those disbursements. Therefore, there is reason to believe that Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. § 434(b).

RE: MUR 2615

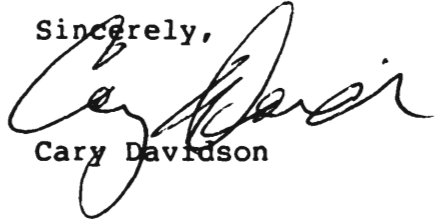

Dear Ms. Miller:

On behalf of Harriett Wieder, Friends of Harriett Wieder, Greg Weiler and Frank Uehle, we respectfully request a 20 day extension to respond to the findings of the Federal Election Commission. We believe that after a thorough review of the facts, the Commission will agree with us that no violation of the Federal Election Campaign Act of 1971, as amended, has occurred.

We received your letter on October 31 and will make every effort to provide the information needed for the Commission to conclude that there has not been a violation of the Act. However, to gather the materials will take at least two weeks. In addition, our practice is exclusively confined to election or political matters. With the added burden of the general election, there is inadequate time for us to respond within 15 days. However, if we can avail ourselves of a 20 day extension, we believe that the additional time will enable us to present our case to the Commission. The pressures of the election will be behind us and we will be in a position to compile the facts from the various parties named in the MUR and transmit them to the Commission.

Please confirm the granting of the 20 day extension at your earliest possible convenience. If you have any questions regarding this MUR, please do not hesitate to contact us.

Sincerely,

Cary Davidson

RE: MUR 2615

Dear Ms. Miller:

This letter is submitted on behalf of Respondents Friends of Harriett Wieder and Gregory N. Weiler as treasurer, Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle as treasurer and Harriett Wieder. The purpose of this document is to demonstrate that no action should be taken against any of the above named Respondents. It is our fervent belief that no violation of the Federal Election Campaign Act ("Act") has been committed by Respondents and that no further action is warranted in this matter.

40831333

I. FRIENDS OF HARRIETT WIEDER AND GREGORY N. WEILER AS
TREASURER

The Federal Election Commission ("Commission") concluded there was reason to believe a violation of the Act had occurred concerning Harriett Wieder's candidacy, her designation of a principal campaign committee and registration of the committee.

In the Commission's presentation of the facts, an assumption is made that the \$40,000 loan received on January 5, 1988 was a contribution, as defined by the Act. However, 11 C.F.R. Section 100.7 (b) states that:

"The term contribution does not include the following payments, services or other things of value:

(1) (i) Funds received solely for the purpose of determining whether an individual should become a candidate are not contributions."

The regulations provide examples of activities that are covered by the exemption. Further, the regulations state that only funds permissible under the Act may be used and that if the individual later becomes a candidate, the funds are converted to contributions subject to the reporting requirements of the Act. The prospective candidate is required to maintain records of all funds received and if the individual becomes a candidate, the funds received prior to the candidacy must be reported with the first report

filed by the principal campaign committee designated by the then candidate.

Additionally, the regulations provide guidance to a potential candidate as to what indicates that an individual has actually decided to become a candidate and has engaged in activities in that regard. Among the items considered by the Commission to go beyond the scope of "testing the waters" are general public political advertising; fundraising in excess of monies that could reasonably be described for use in exploratory activities; statements, either written or oral, authorized by the prospective candidate, that refer to the individual as a candidate; or conducting such activities over a protracted time period.

Likewise, payments made solely to determine whether an individual should become a candidate are excluded from the definition of "expenditures". 11 C.F.R. Section 100.8 (b)(1).

In several advisory opinions, the Commission has addressed the issue of exploratory committees and permissible activities. For example, in one advisory opinion, 14 activities were designated, all of which the Commission determined to be part of "testing the waters" so long as the potential candidate continued to mull over the option to become a candidate. The Commission distinguished the

3 1 5 4 0 3 3 1 3 3 5

situation in which the potential candidate had already decided to become a candidate and engaged in the same activities.

Among the items approved by the Commission during the exploratory phase of a potential candidacy were the retention of political and public relations consultants to coordinate events and design a campaign, rental of office space and equipment to compile names of those willing to participate in a prospective campaign, printing letterhead and corresponding with likely supporters and preparing a biographical brochure. The Commission expressed concern about public contact and the timing of the activities, but sanctioned all of them. (AO 1981-32).

In AO 1982-3, the Commission opined that a committee may keep files on interested persons and form advisory groups while still testing the waters. The Commission drew a distinction between acts directed to evaluate the feasibility of a candidacy contrasted with conduct signifying that a private decision to become a candidate had already been made.

In more recent advisory opinions, the Commission has confirmed the latitude afforded possible candidates in the exploratory phase of a potential campaign. The Commission condoned direct mail fundraising solicitations to the extent

21040331335

that the potential candidate had not yet decided to run, that the funds raised were for the purpose of testing the waters and that the funds raised would not result in amassing money for the candidacy itself. (AO 1985-40), (AO 1986-6).

The facts of the case at hand fully conform to the requirements of testing the waters. Harriett Wieder did not and could not have become a candidate until the date she filed her Statement of Candidacy. The circumstances surrounding her possible candidacy and the events leading up to her declaration explain why she could not have been a candidate prior to that date.

The incumbent Congressman in California's 42nd district, Dan Lungren, had been nominated by California Governor George Deukmejian to the vacant post of State Treasurer. The nomination required confirmation by the State Legislature. After the confirmation, it was anticipated that the Congressman would resign his seat in the 100th Congress.

Whether confirmation by one house of the Legislature was sufficient became a matter for the courts to resolve when Congressman Lungren failed to be confirmed by both the Assembly and State Senate. While awaiting the court's decision, Congressman Lungren chose not to resign from Congress, and it was not clear whether he would seek re-

election to the 101st Congress, continue his pursuit to become State Treasurer, or opt for something other than either of those offices.

Supervisor Wieder had declared that she would not challenge Congressman Lungren for his seat in the 101st Congress and that she would not make a decision concerning her own candidacy until Congressman Lungren definitely determined whether or not he would seek re-election. Rather than ignore the potential special election to fill the vacant seat in the 100th Congress, Supervisor Wieder transferred funds from her State Committee to test the waters for a possible candidacy for Congress.

In the beginning of January, when the funds were transferred, Supervisor Wieder had no idea whether she would eventually become a candidate. However, the possibility loomed that Congressman Lungren would choose to vacate the seat, providing both an open seat in the Congressional district where Supervisor Wieder resides as well as a special election to fill the time remaining in the 100th Congress. To determine her viability as a candidate, Supervisor Wieder hired political and fundraising consultants. Their responsibilities were to evaluate her strengths as a candidate and her ability to raise sufficient campaign funds.

21040331333

All of the activities during this period were in accordance with actions the Commission has previously determined to be within the scope of testing the waters. All newspaper stories between January and the date the Supervisor declared her candidacy for Congress referred to her as a potential candidate. The function of the retained consultants was solely to assess the degree of her support and to gather endorsements in the event Congressman Lungren chose to resign his seat or not to run for re-election.

7 1 4 0 3 3 3 3
With time running out before the filing deadline of March 16, if Congressman Lungren chose not to run, Supervisor Wieder decided to hold a fundraising dinner at which she would either announce her candidacy or thank the attendees for their support and refund the money raised. As it turned out, on the day of the dinner, March 10, Congressman Lungren announced that he would not seek re-election and Supervisor Wieder declared her candidacy. Very little money was raised or spent prior to the dinner. Neither a campaign office was opened, nor a phone was installed until the Supervisor declared her candidacy for Congress. All references to the Supervisor's potential candidacy had been characterized in that fashion until the actual declaration. A review of the campaign reports reveals that large sums of money were not collected until March, so there was no effort to amass funds for use during a campaign.

Based upon the law, regulations and facts, it is our contention that there was no violation of 2 U.S.C. Section 433 (a). Moreover, it is our belief that Friends of Harriett Wieder and Gregory N. Weiler as treasurer fully complied with the law and filed candidate and committee registration forms in accordance with applicable law.

Additionally, Mr. Weiler had no involvement with a potential candidacy by Supervisor Wieder until the week of March 7, 1988. Hence, notwithstanding the issue of whether a January filing was required, Mr. Weiler is not responsible for actions pre-dating his involvement with the committee. (See Declaration of Gregory N. Weiler, attached hereto as Exhibit 3).

According to the Commission's October 25 letter, there is reason to believe that funds transferred from Committee to Elect Harriett Wieder Supervisor to Friends of Harriett Wieder contained funds that were not permissible under the Act. Specifically, the allegation appears to be that the federal committee accepted corporate funds transferred from the state committee.

While we acknowledge some delay in providing the Commission the source of the funds, there has never been any question as to their legality under the Act. None of the transferred funds came from corporations. There is no denying that a

01040331320

large percentage of the cash-on-hand in the state committee consisted of corporate funds. However, it is our duty only to confirm that \$40,000 of the cash-on-hand came from sources and in amounts permissible under the Act.

In recognition of the differences between state and federal law, Supervisor Wieder and the treasurers of both committees acted accordingly to avoid the acceptance or transfer of any prohibited funds. Both treasurers familiarized themselves with the relevant advisory opinions to ensure the legality of the transferred funds.

Supervisor Wieder had a healthy balance in her state committee. She routinely received a combination of corporate, political action committee and individual contributions. Since she was not involved in an election, she was able to save much of the money she received.

In connection with the Commission's reason to believe finding, Supervisor Wieder, Friends of Harriett Wieder, Committee to Elect Harriett Wieder Supervisor and the treasurers of these committees retained a certified public accountant to review the records and to certify that the transferred funds were permissible under the Act. Attached hereto as part of Exhibit 1 is a letter from Sheldon Solomon attesting to the procedures used and the nature of the transferred funds. Also provided in Exhibit 2 are copies of

9 1 0 4 0 3 1 3 2 1

the campaign statements filed by Committee to Elect Harriett Wieder Supervisor which were used to verify the source of the funds.

Based upon our review of the transferred funds, it is our firm conviction that there has been no violation of 2 U.S.C. Section 441b.

The Commission states that it has reason to believe that a violation of the Act has occurred by the omission of some disbursements on the May 26 pre-primary campaign statement. As the Commission noted, the omitted disbursements were submitted in an amended report as soon as we became aware of the omission. There was nothing wilful or intentional in not including the disbursements. It was simply a matter of inadvertence. Certainly, there was no attempt to mislead.

We took the necessary steps to rectify this technical reporting error at the earliest possible date. The Committee acted on its own volition as soon as the omissions were discovered. The amendments were filed in a good faith effort to disclose all of the disbursements that had been made during the period in question.

The Committee had no reason to report only part of its disbursements. For a further discussion of the issues regarding the May 26 pre-primary report, please see

Declaration of Gregory N. Weiler, attached hereto as Exhibit
3.

In view of the circumstances and our efforts to correct the
technical error, we contend that no violation of the Act
occurred.

II. COMMITTEE TO ELECT HARRIETT WIEDER SUPERVISOR AND
FRANK P. UEHLE AS TREASURER

With respect to Respondent Committee to Elect Harriet Wieder
Supervisor and Frank P. Uehle as treasurer, the Commission
found reason to believe that a technical reporting violation
was made in addition to a more substantive allegation that
funds transferred from the State Committee consisted of
prohibited funds. In connection with this Respondent, the
Commission has also propounded interrogatories and requested
the production of documents.

At the time the State Committee funds were transferred,
Supervisor Wieder was only contemplating a run for Congress.
As such, there was no federal committee to which the funds
were transferred on January 5. Until Supervisor Wieder
became a candidate, the funds she raised to test the waters
were not contributions, as defined by the Act at 2 U.S.C.
Section 431. Therefore, the state committee was not
obligated to register and report as a political committee

and it became a committee only when the transferred funds were converted to contributions by Supervisor Wieder's candidacy for Congress.

Based upon advisory opinions and the discussion of transfers in the Federal Election Commission Record, it is clear that a state committee transferring funds may avoid filing periodic reports by terminating its existence shortly after its formation. The formation of a federal committee is merely a formality. The purpose is to serve as a vehicle for the transfer and to reveal the source of the funds.

In the process of converting the federal exploratory committee to an authorized committee, the treasurer of the state committee unintentionally and inadvertently failed to register the state committee as a federal political committee. When Mr. Uehle became aware of his obligation to prepare federal reports in connection with the \$40,000 transfer, he immediately filed a statement of organization and sought to provide the necessary supporting documentation. Prior to that time, Mr. Uehle believed that Supervisor Wieder's filings in connection with her candidacy and the organization and reporting by the new federal committee satisfied all requirements with respect to the transferred funds.

7 1 0 4 0 3 3 1 3 2 4

As previously addressed regarding the receipt of the transferred funds, the entire \$40,000 transferred from the state committee was comprised of individual contributions and no corporate funds. For further amplification of this issue, please see discussion above in connection with Friends of Harriett Wieder and the below response to the propounded Interrogatories.

Based upon our understanding of the applicable laws, regulations and advisory opinions, we respectfully request that no action be taken against the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle as treasurer.

III. HARRIETT WIEDER

Respondent Harriett Wieder asserts that she did not become a candidate until March 10, 1988 and that her candidate's designation was filed in accordance with 2 U.S.C. Section 432 (e)(1). The Commission's reason to believe finding is based on the assumption that Friends of Harriett Wieder accepted its first contribution in excess of \$5,000 on January 5, 1988.

On January 5, Harriett Wieder was not a candidate for a federal office and neither she nor any committee accepted a contribution as defined in 2 U.S.C. Section 431 or 11 C.F.R. Section 100.7. On that date, Supervisor Wieder was

4031395

evaluating her options and was only at the early stages of testing the waters. Supervisor Wieder had no reason to designate a principal campaign committee unless and until she became a candidate. When she decided to become a candidate, she had fifteen days to designate such a committee. 2 U.S.C. Section 432 (e)(1). The candidacy declaration, committee designation and registration were accomplished in the course of one day of each other, which is completely consistent with applicable law.

Therefore, Harriett Wieder has demonstrated that no action should be taken against her and she respectfully requests the Commission to so find.

IV. CONCLUSION

Based upon the recitation of the facts as presented in this document and a clearer understanding of the circumstances regarding the candidacy of Harriett Wieder, the transfer of the funds from the state committee to the federal committee and the reporting of these activities, it is our conclusion that no action should be taken against any of the Respondents.

Respondents have, in all instances, made a good faith effort to comply with complicated, confusing and unfamiliar laws and regulations. The major issues addressed in the reason to believe finding were (1) the composition of the \$40,000

2104031395

transferred from the state committee to the federal committee and (2) when Harriett Wieder became a candidate for federal office and her principal campaign committee accepted a contribution.

To explain the \$40,000 transfer, a certified public accountant used a very conservative approach of including only individual and non-corporate partnership funds to certify that the transfer complied with the requirements of the Act. The Commission appeared to believe that the funds came from corporate money solely because a large percentage of Supervisor Wieder's state committee funds were derived from such monies. However, there were more than sufficient permissible funds to cover the \$40,000 transferred.

The various reason to believe findings in connection with the receipt of a contribution and mandated registrations and filings seem to ignore activities covered when a potential candidate tests the waters. In view of the incumbent Congressman's undecided status and Supervisor Wieder's announced position that she would not challenge Congressman Lungren, Supervisor Wieder could not have been a candidate until the day she declared. Very little money had been raised or expended. Moreover, the expenditures were for items that come within the rubric of testing the waters.

2104031327

The remaining findings pertain to extremely technical violations of the Act which were remedied at the earliest possible time. There was no intent to mislead or fail to report discloseable activities. Any such items were inadvertent and unintentional.

Therefore, Respondents Friends of Harriett Wieder and Gregory N. Weiler as treasurer, Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle as treasurer and Harriett Wieder have demonstrated that no action should be taken against any of them and accordingly, respectfully request the Commission to so find.

Sincerely,

Dana W. Reed

RESPONSE TO INTERROGATORIES AND REQUEST FOR PRODUCTION
OF DOCUMENTS

1. You have asked for a complete accounting of all funds used to make the transfer of \$40,000 to Friends of Harriett Wieder. To respond to this interrogatory, the federal and state committees retained Sheldon Solomon Accountancy Corporation. Mr. Solomon used the state committee's 1987 year-end cash-on-hand of \$166,543.46 as the basis for listing all of the contributions comprising the \$40,000 transfer.

The listing of contributions is set forth directly in the campaign reports filed by Committee to Elect Harriett Wieder Supervisor, attached hereto as Exhibit 1. Campaign statements for the years 1985, 1986, 1987 and 1988 have been produced to respond to the interrogatory. Actually, all of the funds are derived from the reports filed in 1985 and 1987. Mr. Solomon has denoted the contributions by use of a red check mark on the submitted campaign statements.

Submitted with Exhibit 1 is a letter from Mr. Solomon attesting to the composition of the transferred funds. Each contributor is described in accordance with your request.

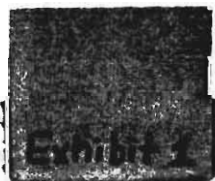

2104031332

The persons capable of furnishing testimony concerning the response are Sheldon Solomon and Frank P. Uehle.

Dear Ms. Miller

Pursuant to the request of Gregory N. Weiler Treasurer of the friends of Harriet Wieder Committee, I have reviewed the California Candidate and Office Holder Campaign Statements-Long Form (Form 490) of the committee to elect Harriet Wieder Orange County Supervisor, for the periods July 1, 1985 to December 31, 1987.

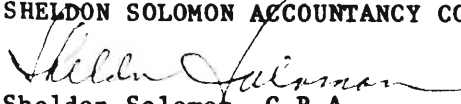

The purpose of my review was to ascertain by mathematical means and by alphabetical listing, contributions from individuals and partners totaling \$40,000 or more on a last in first out method.

Attached is a schedule covering the periods as designated by these reports and the amounts of contributions of the selected persons. I have also enclosed copies of these reports along with adding machine tapes for the two periods that funds were collected. These tapes will correspond with a red check mark I used to indicate the individuals or partners, whose contributions were listed on Schedule A of these reports.

Based on these Forms 490 without sending or soliciting independent confirmations (except for certain partnerships) there was \$42,315 of individual and partnership contributions received by the committee to elect Harriet Wieder Orange County Supervisor from July 1, 1985 to December 31, 1987.

Very truly yours,

DECLARATION OF GREGORY N. WEILER

I became the Treasurer of Harriett Wieder's designated principal campaign committee, Friends of Harriett Wieder, during the week of March 7, 1988. Prior to such date, I had no involvement or communication, of any kind, with respect to the candidacy of Harriett Wieder for the Republican nomination for the 42nd Congressional District seat.

With respect to the Committee's pre-primary report of May 26, 1988, I had delivered all appropriate records pertaining to contributions and disbursements to our bookkeeper for preparation of the subject report. Such material included the disbursements which are not included on the May 26 report, as described in the complaint. Such report was completed literally minutes before the filing deadline. I reviewed the report, which appeared accurate and complete on its face. On or about June 6, our report preparer discovered that the subject disbursements had not been included on the report that was filed. Upon learning that fact, I immediately amended the inaccurate report to include an itemization of such disbursements.

The failure to include the subject disbursements was totally inadvertent and corrected immediately upon discovery. At that point in the campaign, understatement of disbursements

31040331619

and/or overstatement of cash-on-hand was irrelevant to the
race.

I declare under penalty of perjury that the above facts are
correct.

Executed on this 2nd day of December 1988, at Newport
Beach, California.

GENERAL COUNSEL'S REPORT

I. BACKGROUND

On October 17, 1988, the Commission found reason to believe that Harriett Wieder violated 2 U.S.C. § 432(e)(1), that Friends of Harriett Wieder ("Friends") and Gregory N. Weiler, as treasurer, violated 2 U.S.C. §§ 433(a), 434(b) and 441b and that the Committee to Elect Harriett Wieder Supervisor ("Local Committee") and Frank P. Uehle, as treasurer violated 2 U.S.C. §§ 433(a), 434(a) and (b) and 441b. The factual basis for this finding was a \$40,000 loan made by the candidate's local committee to Friends, the federal committee, which may have contained corporate funds and which was not reported in a timely manner. Additionally, Friends and the candidate did not register until some three months after the loan had been made, in apparent violation of sections 432 and 433. The Commission approved questions and a request for production of documents designed to determine whether the loan contained prohibited funds.

Respondents answered the questions and production request by letter of counsel received on December 5, 1988. (Attachment 1) Additionally, counsel for respondents met with members of the Office of the General Counsel on December 19, 1988 to further

21040331521

clarify their position. Counsel asserts, among other things, that the registration of the candidate and her federal committee were indeed timely. Counsel argues that the period between the making of the loan, January 5, 1988, and registration of candidacy, March 9, 1988, was one during which Wieder was "testing the waters" for her candidacy, pursuant to 11 C.F.R. §§ 100.7(b)(1)(i) and 100.8(b)(1)(i).

II. STATEMENT OF THE LAW

All political committees must file reports listing the political committee's receipts and disbursements. 2 U.S.C. § 434(a). The Act requires that reports filed by a political committee disclose all contributions received from individuals and other political committees. 2 U.S.C. § 434(b)(2). A political committee is likewise required to disclose all expenditures it has made in a federal campaign. 2 U.S.C. § 434(b)(4). Under the Act, the term contribution includes any gift, subscription, loan, advance, or deposit of money or anything of value made by any person for the purpose of influencing any election for Federal office. 2 U.S.C. § 431(8).

There are exemptions from the definition of contribution. Commission regulations permit an individual to receive funds and make payments if done solely for the purpose of determining whether he or she should become a candidate, without such funds being considered at that time a contribution to or an expenditure on behalf of that individual. Only funds permissible under the Act can be used for these "testing the waters" activities, and records must be kept of all the funds that are received for such

91040831622

purposes. 11 C.F.R. §§ 100.7(b)(1)(i) and 100.8(b)(1)(i). Nevertheless, if the individual subsequently becomes a candidate, the funds received or payments made in connection with testing the waters activities are then considered contributions and expenditures under the Act, and they must be reported in the first report filed by the candidate's principal campaign committee. 11 C.F.R. § 101.3. In-kind receipts and payments must be included in this first report. See Advisory Opinion 1985-40.

2104031623
Counsel's response to the Commission's reason to believe findings describes some of the activity in which Wieder was engaged during the months preceding her statement of candidacy, in support of their position that she was merely "testing the waters." It is unclear however, whether all of the candidate's activities were described in the response. Reports filed by the federal committee indicate, for example, extensive consultant expenses during the exploratory period, as well as substantial printing expenses. (Attachment 2). Additionally, the Commission has considered other factors, such as the content of literature distributed during the alleged testing period, statements made at public appearances during the alleged testing, and the organization of volunteer programs, as instructive in determining whether the testing period is legitimate. See Advisory Opinions 1985-40, 1986-6, and MUR 2262 (Robertson).

Therefore, this Office recommends approving the attached letter, interrogatories and request for production of documents to determine whether Wieder was, in fact, testing the waters or

had crossed the line into candidacy. The discovery requests are designed to ascertain greater details about costs reported to have been incurred during the exploratory period, as well as to determine whether there were any unreported activities, such as disbursements directly from the local committee, volunteer activities, public appearances, press releases and unreported advertising or other types of activities which might show the intent of Weider regarding her candidacy.

III. RECOMMENDATION

Approve the attached letter, interrogatories and request for production of documents.

On October 25, 1988, your clients, Harriett Wieder, Friends of Harriett Wieder and Gregory Weiler, as treasurer, were notified that the Federal Election Commission had found reason to believe that they violated 2 U.S.C. §§ 432(e)(1), 433(a), 434(b) and 441b, provisions of the Federal Election Campaign Act of 1971, as amended.

Pursuant to its investigation of this matter, the Commission has issued the attached interrogatories requiring you to provide information which will assist the Commission in carrying out its statutory duty of supervising compliance with the Federal Election Campaign Act of 1971, as amended.

**RESPONSES TO INTERROGATORIES AND
PRODUCTION OF DOCUMENTS**

The following constitutes responses to the Interrogatories propounded by the Federal Election Commission in MUR 2615.

Interrogatory I:

The following is a list of paid and unpaid consultants utilized by Friends of Harriett Wieder during December 1, 1987 through March 10, 1988 which constitutes the period for the discovery request pursuant to the interrogatories.

1. Marsh and Associates: Mr. Marsh is a political consultant, and his firm was retained on January 14, 1988 for purposes of profiling the political environment for the 42nd Congressional District and advising Mrs. Wieder on whether or not it would be advisable for her to seek election from that district. It was understood, that Mr. Marsh's duties included analyzing the District, the potential opposition, the assets and potential defects to Mrs. Wieder's candidacy and to provide general political advice to her on the advisability of seeking election. If Mrs. Wieder decided to seek the nomination, Mr. Marsh would continue to provide political consulting services.

91040331634

Mr. Marsh was on a monthly retainer providing continuous consulting activities through the aforementioned discovery dates. Mr. Marsh and Ben Key were the only individuals from Marsh and Associates to participate in providing such advice. An affidavit from Mr. Marsh attesting to these facts is forthcoming under separate cover.

2. Campbell and Associates - Buchanan and Campbell:

During the course of the discovery period referenced above, Jackie Campbell formed a partnership with Bay Buchanan, thus the name Buchanan and Campbell. However for purposes of these interrogatories they will be treated as a single consulting firm.

Ms. Campbell and Buchanan were retained for purposes of providing advice and analysis to Mrs. Wieder on the potential fundraising ability she would have in the Congressional District and outside of the district (e.g. PAC fundraising). They were to provide advice on fundraising potentials and budgets which would be necessary in the event the decision was made by Mrs. Wieder to seek election. The advice was continually provided with the conception that such funds would only

21040331635

be available in the event Congressman Lundgren resigned his seat, thus opening the opportunity for Mrs. Wieder to seek the Republican nomination.

- 21040331636
3. Dana Reed/Cary Davidson: Messrs. Reed and Davidson are lawyers. Mr. Reed volunteered his time and efforts in advising Mrs. Wieder on compliance matters involving the Federal Election Campaign Act of 1971, as amended (FECA) and general legal matters arising during the exploratory phase presently in question. Mr. Davidson was retained to similarly provide FECA and general legal advice to Mrs. Wieder and was compensated for his services as reflected by the disbursements indicated in the committee's disclosure report.
 4. Diane Edwards: Ms. Edwards gathered names to compile a supporters list and general ministerial duties on behalf of Mrs. Wieder during the time period in question.
 5. Eileen Padberg: Is a personal political friend of Ms. Wieder and provided volunteer advice regarding the potential candidacy of Ms. Wieder.

Interrogatory II:

Attached hereto are documents requested pursuant to Interrogatory II and document production Request I. It must be emphasized, and as you request at II-e, the intent of all of these materials was strictly for exploratory purposes. The volunteer cards printed were to provide an indication of the potential volunteer and general support which could be elicited from the district. This was information necessary in order to determine from both the political perspective of Mr. Marsh and the financial perspective of Buchanan/Campbell as to whether there was sufficient grassroot and financial support to move forward with the candidacy.

The printed materials produced during this time period are the following:

1. Letterhead (Attachment A)
2. Endorsement card (Attachment B)
3. Invitation to March 10, 1988 Dinner/Reception (Attachment C)
4. PAC information brochure (Attachment D)
5. Letter of invitation to Golden Sail Breakfast for finance committee. (No copy is available)

Interrogatory III:

There was no general public advertising made during this period of time.

Interrogatory IV:

This question is ambiguous as to whom the Interrogatory is directed. If you were speaking in terms of volunteer time, of Ms. Wieder it would be estimated to be between 10 to 20 percentage of her time. You must remember she still maintained her full time job as a member of the Orange County Board of Supervisors. The volunteer time of other individuals would be unbeknownst to Ms. Wieder and she could not attest to it with any knowledgeable accuracy.

Interrogatory V:

The only disbursement made by the Committee to elect Harriett Wieder Supervisor during the period in question was the previously discussed loan made by the supervisor's committee to the congressional exploratory campaign committee.

21040331638

Interrogatory VI:

Excluding those activities described herein in responses to Interrogatories and in the December 2, 1988 RTB response, the only additional activities involved responding to inquiries from the press and generic political discussion with the political leadership in the Orange County area. There were no other public appearances.

Response to Production of Documents:

The documents requested are attached hereto. However, each document must be viewed against the following background.

As described in the committees prior responses to the Commission, the ability of Mrs. Wieder to seek election was dependent upon Congressman Lungren's intention not to seek re-election. Mrs. Wieder would not and politically could not seek to run against Mr. Lungren. In fact, many of the political and financial supporters identified during the exploratory period were recognized supporters of Mr. Lungren. They committed their support to Mrs. Wieder contingent upon Congressman Lungren not seeking re-election.

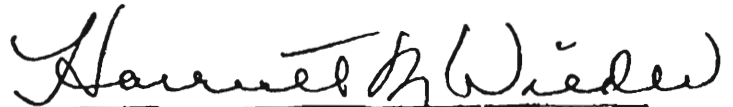

91040331639

21040831640

Mrs. Wieder was required to file her congressional papers with the California Secretary of State no later than March 16, 1988 for the June primary. Thus, she was required to do preliminary financial and political fact gathering in sufficient time to determine her viability prior to the time Congressman Lungren announced his intentions.

This represents the classic reason why the testing the waters exemption was founded. Mrs. Wieder could not and did not wish to file as a candidate against Mr. Lungren but she required to do preliminary information to make up her mind for the June primary and more importantly in time to meet the March 16th filing deadline.

I swear that the foregoing responses are to the best of my knowledge true and correct.

Harriett Wieder, personally and on behalf of Friends of Harriett Wieder

POLITICAL PROFILE OF THE 42ND CONGRESSIONAL DISTRICT

I. CAMPAIGN OVERVIEW

Harriett Wieder's candidacy gives the voters a clearly defined choice. She is presently the Chairman of the Orange County Board of Supervisors, has obtained elected office on four separate occasions and received 73% of the vote in her bid for reelection to the Board of Supervisors in 1986. Please note that 44% of the 42nd Congressional District is within her supervisorial district. Harriett Wieder has a proven record as a vote getter and a political philosophy akin to our present Congressman Dan Lungren. She is articulate, energetic, a top-notch campaigner and has the endorsement of key community leaders in all parts of the 42nd Congressional District.

II. GEOGRAPHY

The 42nd is a combination of the most Republican portions of two old districts, the 27th, represented for three terms by conservative GOP Rep. Bob Dornan, and the 34th, Lungren's previous district. A strip of land only a few hundred feet wide runs along the Los Angeles and Long Beach waterfront, joining the two segments. The Long Beach Naval Shipyard, the Queen Mary and Howard Hughes's "Spruce Goose" are all here.

The northern and western end of the new 42nd, the old Dornan territory, includes the heavily Republican suburb of Torrance and the upper-income Palos Verdes Hills area. The Hills, forming a bluff overlooking the Pacific Ocean, includes four exclusive communities - Palos Verdes Estates, Rancho Palos Verdes, Rolling Hills and Rolling Hills Estates. The voters who live there are overwhelmingly Republican and rarely split their tickets. The Hills' area casts slightly less than half of the vote.

The part of Orange County in the 42nd, carried over from Lungren's old district, casts just under 40 percent of the vote. It includes Cypress, Los Alamitos, Seal Beach, Rossmoor, part of Westminster and most of Huntington Beach.

21040331554

About 80 percent of Huntington Beach's residents live in the 42nd, forming the district's southern anchor. Known as a haven for surfers who congregate around the city's pier, the city is also a haven for Republican candidates, who can count on a large vote from the white-collar professionals who reside there.

The Los Angeles County and Orange County portions of the district are of almost equal political temperament.

Supervisor Wieder Calls For Public Involvement On Freeway Rush-Hour Management Policies

714

Supervisor Harriett M. Wieder recently called for an Orange County Transportation Commission report to examine ways to increase public involvement on reducing rush-hour trips — a report which could lead to an advisory referendum on next June's ballot.

Supervisor Wieder is seeking public input on questions such as whether government should require large employers to have alternate work hours or ride-sharing plans for their employees in order to reduce rush-hour traffic.

Her request, adopted by the transportation commission, was made during her concluding remarks as commission Chairman for the past year. The report will be due August 24.

The private and public sectors must work together to use Orange County's existing freeways more efficiently in order to make tangible transportation improvements, Supervisor Wieder said.

She said that the so-called "slow growth" or "quality of life" initiatives sweeping the county are a reflection of public frustration with traffic congestion.

While cities, the county and the transportation commission have initiated many programs to better use existing freeways, "it is imperative that we hasten this process and show some tangible results," she said.

Among those programs is a model "demand management" ordinance which

the transportation commission will consider at its next meeting, August 10. In addition, the Board of Supervisors at Supervisor Wieder's suggestion has initiated a county study of how many of its 12,000 employees could work alternate hours in order to reduce freeway traffic during peak times.

During her speech, she also called upon the commission to "rethink the organizational structures we have in the transportation field."

She asked, "What are — and what should be — the relationships between the Orange County Transportation Commission, the Orange County Transit District, the soon-to-be-born Orange County COG (Council of Governments) and the Southern California Association of Governments? This is something that I will recommend that the commission explore in the coming year."

Supervisor Wieder also reflected upon the transportation successes accomplished during her term as commission chairman.

Those accomplishments included obtaining a Caltrans regional office within Orange County, securing state funding for widening of part of the Santa Ana Freeway (I 5) within the county, getting Orange County designated in the 1957 federal highway bill as the site of a toll road pilot project, and the start of installing call boxes on Orange County freeways.

Wieder tries to turn off north-south water feud

Meeting yields 'dialogue' but no solution

By Larry Peterson
The Register

Orange County Supervisor Harriett Wieder met Friday in San Diego with water officials from around the state in what she termed an effort to resolve a longstanding north-south feud over water rights.

Among those who met with her behind closed doors were San Francisco Mayor Dianne Feinstein, San Diego County Supervisor

Susan Golding and Duane George, assistant manager of the Los Angeles Department of Water and Power.

Wieder had billed the meeting as "the first step in burying the hatchet" between Northern and Southern California.

About 80 percent of Southern California's water is imported from Northern California or the Colorado River. Public officials in both ends of the state have accused each other of wasting water.

Chairwoman of the Southern California Water Committee, an Irvine-based business-government coalition that promotes awareness of regional water needs, Wieder has had similar meetings with Feinstein and others.

Wieder and Golding, contacted after Friday's gathering, said the session consisted mostly of technical reports on matters such as water storage, conservation and transportation and drought.

"It was very informative, but there was no negotiation or problem-solving or anything like that,"

Golding said. "All we did was help each other understand the water situation in the north and south."

"There was dialogue," Wieder said. "It was interesting, and I hope it helps remove state water issues from the political arena and leads to a common-sense approach. ... But there is nothing definite or specific I can relate to you."

Wieder said participants agreed to meet again but that no date has been set. Contra Costa County Supervisor Sunne Wright-McPeak and several other officials expected to participate did not attend.

Countywide Vote On Easing Traffic

74
County Supervisor Harriett Wieder,
introducing flexitime, asks referendum
on proposals for easing traffic con-
gestion... ridesharing, flexible
hours, and travel other than by auto

Harriett M. Wieder, the outgoing chairman of the Orange County Transportation Commission (OCTC), has proposed holding a countywide referendum election on proposals for easing traffic congestion.

In her last act before relinquishing the gavel, Wieder requested (7-27) that the Commission staff prepare a report suggesting how to involve the public in seeing that a traffic demand management program is implement-

ed. She said the report should include the possibility of placing an advisory measure on the ballot.

Such a proposal, if endorsed by the full Commission, would be forwarded to the Orange County Board of Supervisors, which holds the power to call for the referendum vote. OCTC members Wieder, Thomas Riley and Roger Stanton, are also members of the Board of Supervisors. There was no immediate reaction by the members of the Commission to Wieder's request for a study, nor comment on how it could lead to a ballot measure.

Generally, however, an advisory measure could be a test of voter sentiment for requiring that developers and/or employers take steps to influence new tenants'/existing jobholders' commuting patterns.

The Commission is well along in developing a Traffic Reduction Incentives Program (TRIP). Working with city and county officials, employers and development, OCTC staff and consultants are putting together an array of voluntary and mandatory approaches for better managing the daily commuter demand.

One of these will be a model ordinance for requiring traffic reduction efforts which local jurisdictions can choose to adopt, either

as is or modified to meet their needs. Techniques for meeting such goals are might be included in the ordinance are ridesharing, flexible or nontraditional work hours, and incentives for using forms of travel other than the automobile. That model ordinance still is being written and will be discussed at the August 10 Commission meeting.

Commissioner Wieder, who recently took the lead in introducing flexitime for County of Orange employees, is strongly committed to traffic reduction efforts and has been pushing for the earliest possible completion and implementation of the TRIP study. She has asked that the staff report regarding her suggestion for a referendum vote be ready for the August 24 Commission meeting.

In wrapping up her year as OCTC chairman, Wieder gave a closing address. She said she was most pleased with the cooperative involvement of the business community, legislators and the governor in securing for Orange County a new Caltrans District, separate and apart from Los Angeles. She said it also was a year of innovation, citing steps to enable the establishment of toll roads and the TRIP program for managing traffic by reducing rush hour trips.

Annette Graw, Chairman
CREPAC Trustees
California Association of REALTORS
525 South Virgil
Los Angeles, CA 90026

Dear Ms. Graw,

I am writing to you, in your capacity as Chairman of CREPAC Trustees, in hopes of obtaining the help of the Trustees in my effort to gain the financial support of RPAC for my Congressional campaign.

I am certain you are aware that Governor Deukmejian has nominated Congressman Lungren for the office of State Treasurer. In the event that the Congressman is confirmed, the Governor will call for a primary election, with a general election following, to fill the vacant Congressional seat. Immediately upon Congressman Lungren's confirmation, I will announce my intention to seek the privilege of representing the people of California's 42nd Congressional District in Washington D.C.

It is with this effort in mind that I write to you requesting that the Trustees of CREPAC consider recommending my candidacy to RPAC.

In an effort to give you some feeling as to who I am and what experience I would bring to this position, I have enclosed my biography. As is indicated, I am presently the Chairman of the Orange County Board of Supervisors, have obtained elected office on four separate occasions, and received 73% of the vote in my bid for reelection to the Board of Supervisors in 1986. Please note that approximately 40% of the 42nd Congressional District is within my supervisorial district.

Aside from my experience and proven record as a "vote getter", I am certain you are interested in my philosophy and, of course, actual performance with respect to the concerns of every REALTOR in America.

It is my opinion that the real estate market is one of the most important market places in America and any action that hurts this market hurts the total economy of the country. In following this

21040331687

firm belief, as Supervisor, I played a major role in eliminating inclusionary zoning in Orange County. I am proud to state that the success of our efforts in Orange County became a model around the country to prevent or eliminate such zoning regulations in other parts of the country.

For years I have worked closely with both developers and environmentalists to see the restoration and development of Bolsa Chica, a 1,200 acre area adjacent to Huntington Beach on the Pacific Ocean.

In 1984 I formed the Southern California Water Committee, a unique partnership of counties, cities, water agencies, agriculture, and business designed to raise public awareness of Southern California's water needs and water resources.

In an effort to reduce the bureaucratic maze of County Government for owners of land and real property, I had the "one stop shop" created that established Developing Processing Center which has saved thousands of hours and kept housing costs down. For this effort I was awarded the Distinguished Public Service Award (1981) by the Building Industry Association.

In addition, it has always been my policy to contact REALTORS whenever an issue concerning them crossed my desk or an appointment to a board or commission involving the industry became available. As a result, I have been able to appoint many fine REALTORS to positions in the county, while becoming both knowledgeable and sensitive to the problems facing the real estate industry.

Obviously, this letter touches only the highlights of my support for the real estate industry. If it would be helpful, I will be pleased to submit names of local REALTORS whom you may wish to contact on my behalf. Likewise, I would be delighted to meet with you at your convenience.

Upon Congressman Lungren's confirmation, I hope that the Trustees will recommend my candidacy to RPAC.

Sincerely yours,

Harriett M. Wieder, Chairman
Orange County

Wieder Named Treasurer of Supervisors

Orange County Supervisor Harriett Wieder has been named to the position of Treasurer for the County Supervisors Association of California.

As Treasurer, Supervisor Wieder will oversee an annual budget of about \$2 million for the statewide organization.

The County Supervisors Association of California represents the state's 296 county supervisors who hold office in the state's 58 counties. The association provides informational services for its members and lobbies on behalf of county issues before the state Legislature.

Supervisor Wieder serves on the organization's 15-member Executive Committee, which selected her as Treasurer for 1988. "I am delighted to accept this new responsibility," she said.

As Treasurer, she will also serve on the Board of Directors of the California Counties Foundation, which is an educational and research arm of the statewide supervisors association.

Supervisor Wieder Wins National Counties Award

714
Orange County Supervisor Harriett M. Wieder has won a 1987 Achievement Award from the National Association of Counties.

Supervisor Wieder received the award for establishing Orange County's "Women of Achievement" program last year for recognizing outstanding women in county government.

John P. Thomas, executive director of the National Association of Counties, complimented Supervisor Wieder in a letter notifying her of the award.

"The National Association of Counties would like to take this opportunity to commend your ingenuity and creativity in establishing a useful program for county government," Thomas wrote. "Given the nature of the times, it is especially important to develop innovative solutions to the problems that arise."

She established awards in three categories: "community/family," for community efforts done outside the workplace; "job/non-management," to recognize outstanding women employees not in management; and "job/management," for outstanding women managers.

Last year a Women of Achievement program committee selected 14 winners from 81 nominees. The deadline for nominations for this year's awards will be July 24.

Supervisor Wieder received her award for establishing the program at the National Association of Counties' annual conference in Indianapolis, Indiana.

ORANGE COUNTY SUPERVISOR HARRIETT WIEDER
ANNOUNCES CAMPAIGN FOR CONGRESS

Orange County Supervisor, Harriett Wieder, today announced her decision to enter the race for Congress in the 42nd District. Congressman Dan Lungren, the incumbent, announced Wednesday he did not intend to seek re-election.

Wieder was elected to the Orange County Board of Supervisors in 1978 and is currently serving as Chairman of the Board.

In making her announcement, Mrs. Wieder said, "My decision was a simple one. As a Ronald Reagan conservative, I am convinced too many politicians in Washington D.C. just don't seem to care about excessive spending, high taxes, creating more economic prosperity or the victims of crime.

"I want to take a message to Washington that every American family already knows: If you spend more than you take in, you go broke.

"As a member of the Board of Supervisors, I know how to balance a budget because we've done it every year since I was elected.

"In Washington I'll fight for an Amendment to the Constitution that requires a balanced federal budget and I'll work to give the power of ~~line-~~ item veto to the President -- a vital weapon in the battle to cut ~~excessive~~ spending."

Supervisor Wieder also said of education, "I believe our most precious resource is our children. But if we fail to equip them with basic skills and with a sense of purpose, what we build today will be forgotten history tomorrow."

"On the other hand, if we restore excellence to our education system, we will succeed in all other areas of national endeavor."

Supervisor Wieder criticized our current education system when she said, "The result of over a decade of social experimentation has been 23 million functionally illiterate Americans and millions more who enter the work force each year unequiped to perform even remedial analytical tasks.

"As a member of Congress, I will work to restore local control, create tougher standards, return to fundamentals, and bring more discipline."

Supervisor Wieder also said the fight against drugs would be a major aspect of her campaign, "We must face squarely the threat of drugs and alcohol to our children and our families. More than 25,000 Americans -- many of them children -- are killed each year by drunk drivers; and more than one-third of all American families suffer drug or alcohol related dysfunctions."

RE: MUR 2615
Harriett Wieder
Friends of Harriett Wieder and
Gregory N. Weiler, as treasurer
Committee to Elect Harriett
Wieder Supervisor, and
Frank P. Uehle, as treasurer

Dear Mr. Sullivan:

Based on a complaint filed with the Federal Election Commission on June 1, 1988, and information supplied by your clients, the Commission, on October 17, 1988, found that there was reason to believe that your clients, Harriett Wieder violated 2 U.S.C. § 432(e)(1), Friends of Harriett Wieder and Gregory N. Weiler, as treasurer violated 2 U.S.C. §§ 433(a), 434(b) and 441b, and the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer violated 2 U.S.C. §§ 433(a), 434(a) and (b) and 441b, and instituted an investigation of this matter.

After considering all the evidence available to the Commission, the Office of the General Counsel is prepared to recommend that the Commission find probable cause to believe that violations have occurred.

The Commission may or may not approve the General Counsel's recommendation. Submitted for your review is a brief stating the position of the General Counsel on the legal and factual issues of the case. Within 15 days of your receipt of this notice, you may file with the Secretary of the Commission a brief (ten copies if possible) stating your position on the issues and replying to the brief of the General Counsel. (Three copies of such brief should also be forwarded to the Office of the General Counsel, if possible.) The General Counsel's brief and any brief which you may submit will be considered by the Commission before proceeding to a vote of whether there is probable cause to believe a violation has occurred.

GENERAL COUNSEL'S BRIEF

I. STATEMENT OF THE CASE

On October 17, 1988, the Commission found reason to believe that Harriett Wieder violated 2 U.S.C. § 432(e)(1). The factual basis for these findings was a \$40,000 loan made by the candidate's local committee to the candidate's federal committee on January 5, 1987. The candidate did not register until some three months after the loan had been made, in apparent violation of section 432.

Respondent argues that her registration was timely because the period between the making of the loan, January 5, 1988, and her registration of candidacy, March 9, 1988, was one during which she was "testing the waters" for her candidacy, pursuant to 11 C.F.R. §§ 100.7(b)(1)(i) and 100.8(b)(1)(i).

II. ANALYSIS

A. Testing the Waters

An individual becomes a candidate under the Act if such individual, or a person authorized by such individual, has received contributions aggregating in excess of \$5,000 or has made expenditures aggregating in excess of \$5,000. 2 U.S.C. § 431(a). Within 15 days of becoming a candidate, an

91040331720

individual must file a Statement of Candidacy which designates a principal campaign committee. 2 U.S.C. § 432(e)(1).

Under the Act, the term contribution includes any gift, subscription, loan, advance, or deposit of money or anything of value made by any person for the purpose of influencing any election for Federal office. 2 U.S.C. § 431(8). There are some exemptions from the definition of contribution. Commission regulations, for example, permit an individual to receive funds and make payments if done solely for the purpose of determining whether he or she should become a candidate, without such funds being considered at that time a contribution to or an expenditure on behalf of that individual. However, only funds permissible under the Act can be used for these "testing the waters" activities, and records must be kept of all the funds that are received for such purposes. 11 C.F.R. §§ 100.7(b)(1)(i) and 100.8(b)(1)(i). Additionally, if the individual subsequently becomes a candidate, the funds received or payments made in connection with testing the waters activities are then considered contributions and expenditures under the Act, and they must be reported in the first report filed by the candidate's principal campaign committee.

11 C.F.R. § 101.3. See also Advisory Opinions 1986-6, 1985-40.

The "testing-the-waters" exception was developed to allow persons a period to test the feasibility of becoming a candidate for federal office. 50 Fed. Reg. 9992, 9993 (1985). The regulations were revised in 1985 to clarify that the

21 J 40 33 17 21

exception is not applicable to activities undertaken when an individual has made the decision to become a candidate. Id. at 9992. Also the exception does not permit "efforts to raise funds for use after the individual becomes a candidate." Id. at 9993. These activities, rather, amount to the establishment of a campaign organization. Id., citing AOs 1982-19, 82-3, 81-32, 79-26. With regard to conduct demonstrating that an individual has decided to become a candidate, the regulations specifically list, for example, the making or authorizing of statements that refer to him or her as a candidate for federal office. 11 C.F.R. §§ 100.7(b)(1)(ii)(C) and 100.8(b)(1)(ii)(C).

Although the respondent continues to assert the "testing the waters" exception, documents produced indicate that the activities that Wieder undertook from January 1988 until March 1988 were not solely for the purpose of determining whether to become a candidate. The facts clearly demonstrate that Wieder used this time to prepare for her candidacy. She affirmatively states that she had already decided to run for the congressional seat, contingent only upon the incumbent's decision not to run.

Wieder's "conditional" decision to be a candidate can be compared to that of former presidential candidate, Pat Robertson. The Commission addressed Robertson's argument of a "qualified decision" to be a candidate in MUR 2262. Robertson had announced that he would run for president if a certain

21040331722

number of persons contributed to his campaign. Among other activities, Robertson sent mailings indicating that he was "ready to go for it." The Commission found probable cause to believe that Robertson's request for a show of support was simply an attempt to reinforce a decision that had already been made and had taken on a partisan political quality indicating that his decision was made.¹ See also AO 1981-32.

Wieder's conduct in this matter is similar to that of Robertson. Here, the incumbent congressman had been nominated for State Treasurer, but did not resign his congressional seat because the confirmation process was not yet complete. Wieder admittedly had decided to run for the seat, but was merely waiting to announce her candidacy until the seat was officially vacant. In the meantime, she began to organize her campaign and solicit funds, without the encumbrance of public disclosure.

Wieder had letterhead printed on January 13, 1988 bearing the heading "Wieder Congress - 42nd Congressional District" and including the disclaimer "Paid for by Friends of Harriett Wieder." This letterhead was used to solicit financial support for Wieder's candidacy throughout January and February. The solicitation letters stated that she would announce her candidacy immediately upon Congressman Lungren's confirmation

1. The Commission and Americans for Robertson entered into a conciliation agreement which acknowledged that Robertson's activities went beyond testing the feasibility of a campaign.

21040831723

as state treasurer, and concluded that "Your contribution will enable us to win this election." Therefore, the solicitations, on their face, were designed to build support for her candidacy, not merely to enable her to test the feasibility of a candidacy. It is clear that her decision to be a candidate was already made in early 1988, conditioned only on Lungren's confirmation.

Wieder's activities with consultants also make it clear that the activity went well beyond mere testing of the waters. Wieder contracted with two consulting agencies to promote her candidacy. According to one contract, on January 7, 1988, the "Harriett Wieder for Congress Committee" contracted with consultants Marsh and Key to prepare a "campaign plan, strategy, tactics, fundraising, direct mail program and media in connection with both the special and regular election campaigns for the office of member, U.S. Congress from California's 42nd Congressional District," among other things. The contract contains no mention of Lungren's confirmation as a condition precedent to the campaign formation or to the performance of any consultant activities.

Wieder similarly contracted with a fundraising consultant in January, 1988 to conduct advertising, a phone bank, a Get Out The Vote program, and to consult regarding other fundraising projects. This agreement, likewise, contains no conditional language nor does it direct the consultant to conduct any preliminary feasibility studies. The efforts of

21040331724

Wieder and her consultants in this time period clearly were not directed towards exploration of the feasibility of a possible candidacy, but rather to plan and build support for her eventual campaign. Additionally, several bills and statements from January 1988 produced by the respondent are directed to "Friends of Harriett Wieder," strengthening the conclusion that the candidate's committee was, to some extent, formed and operational.

In sum, as was clear from her correspondence, contractual arrangements and printed materials, Wieder was a candidate for federal office in January, 1988, with the receipt of the loan in excess of \$5,000. She thus was required to file a statement of candidacy and a Statement of Organization for her authorized committee and to begin filing periodic reports. She did not file or register until March 9, 1988. Therefore, there is probable cause to believe that Harriett Wieder violated 2 U.S.C. § 432(e)(1).

GENERAL COUNSEL'S BRIEF

I. STATEMENT OF THE CASE

On October 17, 1988, the Commission found reason to believe that Friends of Harriett Wieder and Gregory N. Weiler, as treasurer ("Friends") violated 2 U.S.C. §§ 433(a), 434(b) and 441b. The factual basis for these findings was a \$40,000 loan made by the Wieder's local committee to Friends, the federal committee, which may have contained corporate funds and which was not reported in a timely manner. Additionally, Friends did not register until some three months after the loan had been made, in apparent violation of section 433. Finally, it appeared that Friends failed to disclose some disbursements in its pre-primary report, although it did later amend its report to include those disbursements.

Respondents argue that all filings were timely because the period between the making of the loan, January 5, 1988, and registration of candidacy, March 9, 1988, was one during which Wieder was "testing the waters" for her candidacy, pursuant to 11 C.F.R. §§ 100.7(b)(1)(i) and 100.8(b)(1)(i). Respondents essentially admit to Friends' failure to report all disbursements on the pre-primary report.

II. ANALYSIS

A. Testing the Waters

An individual becomes a candidate under the Act if such individual, or a person authorized by such individual, has received contributions aggregating in excess of \$5,000 or has made expenditures aggregating in excess of \$5,000. 2 U.S.C. § 431(a). Within 15 days of becoming a candidate, an individual must file a Statement of Candidacy which designates a principal campaign committee. 2 U.S.C. § 432(e)(1). Authorized committees must file a Statement of Organization within 10 days after designation. 2 U.S.C. § 433(a). Treasurers of political committee are required to file periodic reports, under the Act. 2 U.S.C. § 434(a)(1)

Under the Act, the term contribution includes any gift, subscription, loan, advance, or deposit of money or anything of value made by any person for the purpose of influencing any election for Federal office. 2 U.S.C. § 431(8). There are some exemptions from the definition of contribution. Additionally, if the individual subsequently becomes a candidate, the funds received or payments made in connection with testing the waters activities are then considered contributions and expenditures under the Act, and they must be reported in the first report filed by the candidate's principal campaign committee.

11 C.F.R. § 101.3. See also Advisory Opinions 1986-6, 1985-40.

The "testing-the-waters" exception was developed to allow persons a period to test the feasibility of becoming a candidate for federal office. 50 Fed. Reg. 9992, 9993 (1985). The regulations were revised in 1985 to clarify that the exception is not applicable to activities undertaken when an individual has made the decision to become a candidate. Id. at 9992. Also, the exception does not permit "efforts to raise funds for use after the individual becomes a candidate." Id. at 9993. Although the respondents continue to assert the "testing the waters" exception, documents produced indicate that the activities that Wieder undertook from January 1988 until March

21040331728

1988 were not solely for the purpose of determining whether to become a candidate. The facts clearly demonstrate that Wieder used this time to prepare for her candidacy. She affirmatively states that she had already decided to run for the congressional seat, contingent only upon the incumbent's decision not to run.

Wieder's conduct in this matter is similar to that of Robertson. Here, the incumbent congressman had been nominated for State Treasurer, but did not resign his congressional seat because the confirmation process was not yet complete. Wieder admittedly had decided to run for the vacant seat, but was

merely waiting to announce her candidacy until the seat was officially vacant. In the meantime, she began to organize her campaign and solicit funds, without the encumbrance of public disclosure.

Wieder had letterhead printed on January 13, 1988 bearing the heading "Wieder Congress - 42nd Congressional District" and including the disclaimer "Paid for by Friends of Harriett Wieder." This letterhead was used to solicit financial support for Wieder's candidacy throughout January and February. campaigns for the office of member, U.S. Congress from California's 42nd Congressional District," among other things. The contract contains no mention of Lungren's confirmation as a condition precedent to the campaign formation or to the performance of any consultant activities.

Wieder similarly contracted with a fundraising consultant in January, 1988 to conduct advertising, a phone bank, a Get Out The Vote program, and to consult regarding other fundraising projects. This agreement, likewise, contains no conditional language nor does it direct the consultant to conduct any preliminary feasibility studies. The efforts of Wieder and her consultants in this time period clearly were not directed towards exploration of the feasibility of a possible candidacy, but rather to plan and build support for her eventual campaign. She thus was required to file a statement of candidacy and a Statement of Organization for her authorized committee. The Statement of Organization for Friends was not filed until March 9, 1988. Therefore, there is probable cause

21040331731

to believe that Friends of Harriett Wieder and Greg Weiler, as treasurer violated 2 U.S.C. §§ 433(a).

B. Corporate funds in transfer

Affiliated committees may make transfers without limitation as to the amount, 11 C.F.R. § 102.6(a). However, the affiliated committee may transfer only funds permissible under the Act, 11 C.F.R. § 104.12. Pursuant to 2 U.S.C § 441b, political committees are prohibited from accepting corporate contributions.

The cash on hand balance of the local committee at the time of the transfer is assumed to be composed of those contributions most recently received by the local committee, Advisory Opinions 1987-12, 1982-51. Contributions which are not permissible under the Act must be excluded from those funds proposed to be transferred to the Federal committee. See 11 C.F.R. § 104.12 and Advisory Opinions 1987-12, 1982-51. In this matter, the local committee had a large cash balance available for transfer to the Federal committee, but a portion of that balance had been contributed by corporations. Therefore, the cash balance at the time of transfer must be examined to determine the amount of permissible funds in the cash balance.

After reviewing reports filed with the California Department of State, it appears that the local committee had sufficient non-corporate funds on hand to make the transfer to the federal committee. At the time of the transfer, the local

21540331732

committee had \$166,543.46 on hand. The total amount of the cash on hand had been raised beginning sometime prior to July 1, 1985 and continuing up to the time of the transfer. It appears that more than \$40,000 in non-corporate funds were contributed to the local committee from July 1, 1985 until the time of the transfer. Using the accounting principle of last-in-first-out, it appears that there were sufficient non-corporate funds in the cash on hand to make a legitimate transfer to Friends of Harriett Wieder.

Therefore, there is no probable cause to believe that Friends of Harriett Wieder and Greg Weiler, as treasurer violated 2 U.S.C. § 441b.

C. Miscellaneous Reporting Violations

Principal campaign committees must file a report no later than the 12th day before any election in which the candidate is seeking election. 2 U.S.C. § 434(a)(2)(A)(i). Reports must contain details regarding disbursements during the reporting period, as well as loans owed by the committee, 2 U.S.C. §§ 434(b)(4) and 434(b)(2)(G).

Friends of Harriett Weider admits that it neglected to disclose accurately all disbursements for the reporting period of the pre-primary report in a timely fashion. Therefore, there is probable cause to believe that Friends of Harriett Wieder and Greg Weiler, as treasurer, violated 2 U.S.C. § 434(b)(4). Friends of Harriett Wieder, likewise, failed to provide required information regarding the interest rate and

21540331733

the due date of the loan from the local committee, in violation of 2 U.S.C. § 434(b)(2)(G).

III. GENERAL COUNSEL'S RECOMMENDATIONS

1. Find probable cause to believe that Friends of Harriett Wieder, and Greg Weiler, as treasurer violated 2 U.S.C. §§ 433(a).

2. Find no probable cause to believe that Friends of Harriett Wieder, and Greg Weiler, as treasurer violated 2 U.S.C. § 441b.

3. Find probable cause to believe that Friends of Harriett Wieder, and Greg Weiler, as treasurer, violated 2 U.S.C. §§ 434(b)(4) and 434(b)(2)(G).

GENERAL COUNSEL'S BRIEF

I. STATEMENT OF THE CASE

On October 17, 1988, the Commission found reason to believe that the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer ("Local Committee") violated 2 U.S.C. §§ 433(a), 434(a) and (b) and 441b. The factual basis for these findings was a \$40,000 loan made by the local committee to Wieder's federal committee, which may have contained corporate funds and which was not reported in a timely manner. Additionally, the local committee did not register and report as a political committee after making the loan, in apparent violation of section 433.

Respondents argue that all filings were timely because the period between the making of the loan, January 5, 1988, and registration of candidacy, March 9, 1988, was one during which Wieder was "testing the waters" for her candidacy, pursuant to 11 C.F.R. §§ 100.7(b)(1)(i) and 100.8(b)(1)(i). under the Act, and they must be reported in the first report filed by the candidate's principal campaign committee.

In sum, as was clear from her correspondence, contractual arrangements and printed materials, Wieder was a candidate for federal office in January, 1988, with the receipt of the loan in excess of \$5,000.

B. Registration and Reporting by Local Committee

The Act defines a political committee as "any committee, club, association, or other group of persons which receives contributions aggregating in excess of \$1,000 during a calendar year or which makes expenditures aggregating in excess of \$1,000 during a calendar year." 2 U.S.C. § 431(4)(A). All committees are required to file Statements of Organization.

21040331740

All committees other than an authorized committee must file a Statement of Organization within 10 days of qualifying as a political committee. 2 U.S.C. § 433(a).

Political committees are required to file reports of receipts and disbursements, including transfers to affiliated committees. 2 U.S.C. § 434(a)(4) and § 434(b). The first report must disclose the source of all funds on hand at the time of registration. 11 C.F.R. § 104.12. During a general election year, all committees other than authorized committees must file quarterly reports due no later than the 15th day after the last day of each quarter. 2 U.S.C. § 434(a)(4)(A)(i).

Wieder's local committee became a political committee when it made the transfer of \$40,000 to Wieder's federal committee. The local committee was, therefore, required to register within ten days after the transfer and to file an initial report disclosing the source of all funds on hand. In fact, the local committee did not register until June 9, 1988, some five months after the transfer, and three months after Wieder declared her candidacy. Although the local committee ultimately did register, it did not file a report disclosing the source of its funds at the time of registration, has not filed any subsequent reports and has not requested termination. Therefore, there is probable cause to believe that the Committee to Elect Harriett Wieder Supervisor and Frank Uehle, as treasurer violated 2 U.S.C. §§ 433(a), 434(a)(4) and (b).

2104031741

C. Corporate funds in transfer

Affiliated committees may make transfers without limitation as to the amount, 11 C.F.R. § 102.6(a). However, the affiliated committee may transfer only funds permissible under the Act, 11 C.F.R. § 104.12. Pursuant to 2 U.S.C § 441b, political committees are prohibited from accepting corporate contributions.

The cash on hand balance of the local committee at the time of the transfer is assumed to be composed of those contributions most recently received by the local committee. Advisory Opinions 1987-12, 1982-51. The local committee is required to itemize such prior contributions to the extent required by the Act and Commission regulations. See 2 U.S.C. § 434(b), 11 C.F.R. 104.3(a). The local committee is required to exclude any contributions not permissible under the Act from those funds proposed to be transferred to the Federal committee. See 11 C.F.R. § 104.12 and Advisory Opinions 1987-12, 1982-51. In this matter, the local committee had a large cash balance available for transfer to the Federal committee, but a portion of that balance had been contributed by corporations. Therefore, the cash balance at the time of transfer must be examined to determine the amount of permissible funds in the cash balance.

After reviewing reports filed with the California Department of State, it appears that the local committee had sufficient non-corporate funds on hand to make the transfer to

9104031742

the federal committee. At the time of the transfer, the local committee had \$166,543.46 on hand. The total amount of the cash on hand had been raised beginning sometime prior to July 1, 1985 and continuing up to the time of the transfer. It appears that more than \$40,000 in non-corporate funds were contributed to the local committee from July 1, 1985 until the time of the transfer. Using the accounting principle of last-in-first-out, it appears that there were sufficient non-corporate funds in the cash on hand to make a legitimate transfer to Friends of Harriett Wieder.

Therefore, there is no probable cause to believe that the Committee to Elect Harriett Wieder Supervisor and Frank Uehle, as treasurer violated 2 U.S.C. § 441b.

III. GENERAL COUNSEL'S RECOMMENDATIONS

1. Find probable cause to believe that the Committee to Elect Harriett Wieder Supervisor and Frank Uehle, as treasurer violated 2 U.S.C. §§ 433(a), 434(a)(4) and 434(b).

2. Find no probable cause to believe that the Committee to Elect Harriett Wieder Supervisor and Frank Uehle, as treasurer violated 2 U.S.C. § 441b.

RE: MUR 2615
Request for Extension
of Time

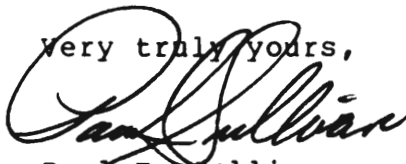

Dear Mr. Noble:

I am in receipt of your November 22, 1989 letter advising the respondents in the aforementioned matter of the General Counsel's intentions to seek probable cause findings.

I have been requested on behalf of the named respondents to seek a twenty (20) day extension of time during which the respondents briefs to the probably cause recommendations will be due in your office. Your briefs have raised a couple of issues which require us to gather further information from several of the consultants who participated in Mrs. Wieder's campaign during the period in question. The time of year has caused some difficulty in enabling us to coordinate the availability of these people. I can assure you however, that the response briefs will be forwarded to your office no later than January 2, 1990.

I thank you for you cooperation in this matter.

Very truly yours,

Response to
Probable Cause
Brief

I.
INTRODUCTION

By letter dated October 25, 1988 the Commission gave notice that they had found reason to believe^{1/} (RTB) that the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as Treasurer ("Local Committee") violated 2 U.S.C. §433(a), §434(a), §434(b)(1) and §441b; that the Friends of Harriett Wieder, and Greg N. Weiler, as Treasurer ("FHW") violated 2 U.S.C. §433(a), §434(b), §441d and Harriett Wieder (Wieder) ^{2/} violated §432(e)(1). The Commission proceeded to conduct an investigation, including a requests for production of documents and interrogatories, responses to the last set being provided to the Commission on July 6, 1989.

^{1/} 2 U.S.C. 437g(a)(2)

^{2/} Collectively, the Local Committee, FHW, and Weider will be referred to as Respondents.

In a letter dated November 22, 1989, Wieder, FHW and the Local Committee were notified that the General Counsel, having completed his investigation, was prepared to make the following probable cause ^{3/} recommendations to the Commission:

- A. Wieder: 2 U.S.C. §432(e)(1)
- B. FHW: 2 U.S.C. §433(a), §434(b)(4), §434(b)(2)(G).
No probable cause for §441b violation.
- C. Local Committee: 2 U.S.C. §433(a), §434(a)(4) and §434(b).
No probable cause for a §441b violation.

This matter essentially centers on two issues:

(1) Whether funds prohibited by the Federal Election Campaign Act of 1971, as amended (FECA) were transferred to FHW as part of a \$40,000 loan by the Local Committee, and

(2) Whether the activities undertaken by Wieder and FHW prior to the time Wieder filed her Statement of Candidacy^{4/} constituted permissible "testing-the-water" (TW) activities as that term is generally referenced pursuant to 11 C.F.R 100.7(b)(1) and 100.8(b)(1).

II.
ARGUMENTS

A. Respondents concur with General Counsel's Recommendation of "No Probable Cause" relating to the alleged §441b violations.

The Counsel's brief makes a recommendation of "No Probable Cause" regarding the §441b violation associated with the transfer of \$40,000 as a loan by the Local Committee to FHW.

In response to the Commission's request for production of documents, Respondents submitted documentation, compiled by their certified public accountant, demonstrating that the Local Committee had sufficient cash on hand, consisting of contributions permissible under the FECA, on the date of the \$40,000 transfer to the FHW. To make this calculation, the Respondents used a "last in, first out" accounting basis ("LIFO") as called for in Advisory Opinions 1987-12 and 1982-51. Respondents concur with the General Counsel's findings and will not submit further argument regarding this issue.

B. The §434 violations against FHW should be dismissed on procedural grounds and the fact that FHW corrected the items prior to the filing of the complaint.

The Commission found RTB against FHW for a §434(b) violation. The factual and legal analysis accompanying that

21040531749

finding stated it was based on the, "federal committees pre-primary report of May 26, 1988 which failed to include some disbursements made by the committee. This error was corrected and amended by the Committee thirteen (13) days later, after the California primary, although apparently before the receipt of the complaint concerning those disbursements."^{5/}

Based on those facts, the Counsel's brief recommends a probable cause finding for violation of §434(b)(4), namely the failure to timely disclose disbursements made by the Committee. Respondents submit that this error was de minimus in nature, was corrected prior to the time of the complaint and on the Respondent's own volition. Therefore, a probable cause but no further action finding should be made by the Commission.

The Counsel's brief also seeks a probably cause finding for a violation of §434(b)(2)(G). The Counsel's brief ^{6/} indicates this finding is based on the failure of the Committee to provide information regarding the interest rate and the due date for the loan from the Local Committee. The Commission has not previously made an RTB finding on this factual issue as is required by §437g(a)(2) and is raised for the first time in the

^{5/} See p. 4 of General Counsel's Factual and Legal Analysis accompanying RTB finding for FHW, October 25, 1988.

^{6/} See p.8 of General Counsels Probable Cause Brief for FHW, dated November 21, 1989.

21540331750

probable cause brief. Therefore, procedurally this probable cause finding must be stricken. Alternatively, the Commission is required to provide notice to Respondents of the specific facts, make an RTB finding and permit Respondents to answer the Commission's specific findings.

For these reasons, Respondents submit that the probably cause finding for §434(b)(2)(G) be dismissed for failure to comply with §437g(a)(2). Respondents also request the Commission to make a probable cause but no further action finding pertaining to §434(b)(4) against FHW because the matter was properly corrected prior to the filing of the complaint herein.

C. The TW standard is inexact by its nature but the Commission must assess those activities pursued and not pursued, giving deference to the individual's contention that she is in a TW stage.

The criteria which determines whether one is a candidate under the FECA, thus requiring registration, is a two prong test: (1) Has she/he raised or expended five thousand dollars (\$5,000) and (2) Is she/he seeking election.^{7/}

^{7/} 2 U.S.C. §431(2)

21040331751

The latter is one element which can not be measured or quantified but rather is the subjective decision of the individual.

The TW regulations carves out this exemption based on the argument one is not "seeking" the nomination during TW but rather deciding whether or not to seek it. Absent an unqualified statement, there is no certain way to determine if the individual has made the decision to seek election.

The Commission need not be educated on such a rudimentary point but it is noted as a reminder of how inexact a standard is applied in attempting to second guess if one has made the personal decision to cross the "candidate" threshold.

Unlike no other provision of the FECA, the TW concept is necessarily measured against a rather vague standard. The Commission has forged this standard combining regulations and various activities sanctioned in advisory opinions, the result of which is anything but precise. The standard utilized in Counsel's brief relies on language in these advisory opinions qualifying the undertaking of any single or combination of TW activities referenced in those opinions. The caveat expressed is that such activities are exempt so long as the individual continues to deliberate his decision to become a candidate as distinguished from seeking "affirmation" or "reinforcement" of a

2

91040331753

decision already made.^{8/} See A.O. 1982-3, A.O. 1981-32. That caveat, however, merely begs the question.

Though this has now apparently become the standard for enforcement action in TW cases,^{9/} such a standard is not so precise that a potential candidate has clear notice of her obligation to register with the FEC as a candidate. By the Commission's articulated standard, each activity must be assessed against the overall activity to determine if she/he has become a candidate.

"Thus, the criteria for testing-the-waters activities set out by the Commission in those two Advisory Opinions (A.O. 81-32, 82-3) were not "open-ended" in the least. Rather, any activity was to be judged in the overall context of other activities and statements of the potential candidate and of his or her representatives." (emphasis added) Counsel's probable cause brief Pat Robertson and Americans for Robertson MUR 2262, dated 3-11-88 at page 4.

^{8/} The point should be noted that this standard of not undertaking activities to "affirm" or "reinforce" one's decision was raised initially in advisory opinions but never incorporated into the TW regulations when they were subsequently revised in 1985. If intended to be part of the standard for enforcement, then it should have been incorporated into the amended regulations or at minimum in the accompanying "explanation and justification". It is however, not referenced in either document. 50 Fed. Reg. 9992 (1985). (Codified in 11 CFR 100). Alternatively, if such language was merely dicta or superfluous language, it is questionable from a due process prospective how it now can be the basis for an enforcement standard in this and past matters such as MUR 2262.

^{9/} M.G. Robertson, et. al. MUR 2262.

Respondents appreciate the Commission's difficulty of articulating a standard which interprets certain activities in an attempt to second guess whether or not an individual has made a decision; one which in fact, only he or she can be certain it was in fact made. Similarly however, it is very difficult for the first time federal candidate, such as Ms. Wieder, to determine from the TW standard stated above which activities are permissible singularly or in combination with others under the TW scheme. Deference should be given to the Respondents in cases where it is not for certain the decision was made.

If the standard is to be one of evaluating activity in the context of all other activities, the Commission must assess not only the activities undertaken but also those activities not pursued by the individual. Counsel's brief only highlights those few items which arguably show a decision had been made. What they neglect is a review of the numerous activities reference in the regulations not pursued by Mrs. Wieder, and the very limited scope of those permissible activities undertaken by FHW. Assessing these in the "overall context of other activities" and balancing them against the few instances raised by counsel, the facts fail to support the proposition that Mrs. Wieder had made her decision to seek election, prior to the date she filed her Statement of Candidacy.

21040331754

D. FHW and Wieder complied with the stated provisions of the Federal Election Regulations and therefore their activities constituted legitimate testing-the-waters activities.

Mrs. Wieder, similar to other individuals contemplating to seek election in an incumbent's district, faced a two-prong TW test. First, the particular congressional district's incumbent, in this case Congressman Lungren, was required to vacate the seat. Absent his decision to resign, Mrs. Wieder would not seek the nomination. Second, notwithstanding the fact the seat would become vacant, other traditional criteria required evaluation to determine whether or not her candidacy would be viable.

This situation presents the classic case for which the TW exemption was originally developed, namely to enable one to evaluate the opportunity to seek the nomination of an office from which an incumbent may be retiring. This enables the individual to assess the viability of such a candidacy without actually having to publicly file as a candidate creating the appearance of challenging the incumbent. Thus, until such time as Congressman Lungren actually announced his intention not to seek re-election, Mrs. Wieder had not, and realistically could not have decided whether or not to become a candidate. To argue Mrs. Wieder had made a decision to seek the nomination, thus requiring her to file her Statement of Candidacy, prior to Congressman Lungren's decision, flies in the face of the principle reason for the regulatory exemption.

21040331756

Certainly, one can be leaning towards the decision to become a candidate, but the decision is a black and white issue. It cannot be argued that one has "decided" to become a candidate but for the resolution of one issue, which issue may or may not cause one to seek the nomination. If that is the case, then the decision to become a candidate has yet to occur. To state one has made a "conditional decision" implies there are items yet to occur which will impact on the decision - thus the decision has yet to be made. As will be detailed below, this is distinguished from merely seeking "confirmation" of one's decision which is the situation improperly proffered by Counsel's brief in this matter.

The activities by FHW must first be measured against the regulations, a review of which indicates Respondents complied with those requirements. The regulation pertaining to the TW concept exempts from the definition of "contribution" and "expenditure" funds received or expended for activities undertaken by an individual to decide whether to become a candidate.^{10/} In determining which permissible activities Respondents could undertake during the exploratory period, they relied upon the regulations. Measuring the activities of the exploratory effort against the examples in the regulations, it is clear Wieder and FHW did not undertake activities indicating the decision to become a candidate had been made.

^{10/} 11 C.F.R. 100.7(b)(1) and 100.8(b)(1)

The regulations list examples of activities that would be considered an indication the individual had decided to become a candidate. These are listed below with a discussion of their applicability to this matter.

1. The individual uses general public political advertising to publicize his or her intentions to campaign for federal office.^{11/}

The Counsel's brief makes no reference to, and in fact there was no general public political advertising, such as billboards, radio, television, etc. undertaken by Respondents.

Counsel mistakenly attempts to argue to the Commission that the Marsh-Key ("Marsh") consulting contract called for providing public advertising services, in violation of the TW standard. The standard does not extend to the mere reference of advertising services in a consultants contract but rather if advertising is actually contracted for with a newspaper or T.V. station, or if public advertising elements (artwork, filming, etc.) are undertaken.^{12/}

^{11/} 11 CFR §100.7(b)(1)(ii)(A) and §100.8(b)(1)(ii)(A).

^{12/} The 1985 explanation and justification for the testing-the-waters regulations stated, "currently, §§100.7(b)(1) and 100.8(b)(1) expressly prohibit receipts and disbursements for general public political advertising such as television or newspaper advertisement..." 50 Fed. Reg. 9992 at 9993. This contemplates a direct disbursement of funds for advertising not the mere passing reference and yet to be undertaken services reference found here in the Marsh contract.

21040331757

However, Counsel's investigation offers no testimony, written or verbal indicating that any type of public advertising was being undertaken or even planned by Respondents or by Marsh. No campaign plans, no concept papers, no scripts or layouts of any type are offered by counsel which reference any such public media.

Therefore, the only reference to public media is the passing inclusion of it as one of any number of services included in the contract. If Mrs. Weider had made her decision, certainly there would have been at least indications by FHW or Marsh of planning a public media program of some type. The fact it was not undertaken supports Mrs. Weider's position that she had yet to make a decision regarding her candidacy.

In addition, Mr. Marsh has submitted testimony that this was merely a "boiler-plate" contract and his duties prior to the filing by Mrs. Wieder was only for purposes of assessing information to determine if she should seek election not to commence campaign type activities (See Affidavit of Tony Marsh, paragraph 3 and 4, at Exhibit "A" hereinafter "Aff.").

21040331758

2. Activities which would enable the individual to raise funds in excess of what could be expected to be used for exploratory activities or to amass funds to be spent after she became a candidate.^{13/}

The only funds utilized during this exploratory effort were those derived from a loan by the Local Committee to FHW. There is no evidence of any general fundraising solicitations made to the general public nor even to the friends of Mrs. Wieder. The FHW checkbook ledger^{14/} indicates no other deposits were made during the TW period but for the loans by the Local Committee. In fact, Counsel's brief offers no evidence of any fundraising activities. Thus, there clearly was no attempt to amass campaign funds to be used at a subsequent date.

Second, the check ledger shows the funds which were in fact spent on the TW activities during this period of time amounted to less than seventeen thousand (\$17,000) dollars, an amount which cannot reasonably be argued as excessive for determining whether or not to seek the nomination for a congressional seat. (See FHW check ledger January 28 though March 3, 1988)

Again, Counsel's only support of fundraising activities by FHW is the Buchannan-Campbell contract. As with the Marsh

^{13/} 11 C.F.R. 100.7(b)(1)(ii)(B), 100.8(b)(1)(ii)(B)

^{14/} This ledger was produced to Counsel's office by Respondents pursuant to a document request by the Commission.

21040331759

contract, this one similarly called for broad fundraising activities yet none were undertaken, nor planned during the TW period. Counsel's brief offers no testimony or documents to show any such fundraising was planned let alone undertaken.

Given the importance of fundraising in an open congressional seat, had Mrs. Weider in fact made up her mind, fundraising activities made to the general public would have surfaced during the Commission's investigation. Counsel's brief offers no such evidence. Using Counsel's standard, assessing this in the context of all the activities, there is no indication excessive or campaign fundraising had occurred during the TW period.

3. Making or authorizing written or oral statements that refer to him or her as a candidate for a particular office.^{15/}

Wieder did have letterhead printed in January which stated "Wieder Congress - 42nd Congressional District". She apparently was unaware that such an identification, absent the terms "elect" or "support", could be classified as not for purposes of testing-the-water. However, this was due more to an ignorance of the rather complex TW regulations than to express an intent that she had decided to become a candidate.

^{15/} 11 C.F.R. 100.7(b)(1)(ii)(C); 100.8(b)(1)(ii)(C)

91040331760

2104031761

The General Counsel's brief at page 5 references this letterhead, and proceeds to state, "this letterhead was used to solicit financial support for Wieder's candidacy throughout January and February." As noted above, Counsel's brief offers no substantiation whatsoever, for this statement. Counsel's brief does not reference information gathered through interrogatories or through document production which would support this statement. No evidence is submitted to indicate how many, if any, such solicitation letters were sent out. As a matter of fact, as noted above, there were no funds raised during this time period but for the funds deposited by the Local Committee. Therefore there is no basis whatsoever for the statement that this letterhead was sent to anyone during the TW stage, whether for fundraising or general correspondence.

4. Activities which are in close proximity to the election or over protracted period of time would not be exempt.^{16/}

The Counsel's brief offers no argument that action taken by the Respondents was beyond a reasonable time period nor so close to the election so as to cause it to be a benefit for the primary election. In fact, the two month period of time which FHW operated its exploratory effort is quite reasonable for a congressional seat.

^{16/} 11 C.F.R. 100.7(b)(1)(ii)(D); 100.8(b)(1)(ii)(D)

5. An individual has taken action to qualify for the ballot under state law, then the activities subsequent would not be for testing-the-waters.^{17/}

Wieder was required to file papers no later than March 16, 1988 with the Secretary of State's office in California in order to qualify for ballot placement. The FHW check ledger shows a March 3, 1988 check payable to the Secretary of State for the filing fee for the 42nd Congressional seat. (See check #17) On March 9, 1988 Mrs. Wieder filed her Statement of Candidacy with the Commission which was well within the 15 day parameters of the FECA.^{18/}

In summary, using the TW regulations as the standard for assessing the activities which were undertaken by Mrs. Wieder, none of the activities would indicate that she had decided to become a candidate. Applying Counsel's standard of viewing the full context of activities, the scales are greatly balanced to support Mrs. Wieder's position.

^{17/} 11 C.F.R. 100.7(b)(1)(ii)(E); 100.8(b)(1)(ii)(E)

^{18/} 2 U.S.C. 432(d)(e)(1)

21040331762

Therefore, based on the regulations, which Mrs. Wieder and FHW relied upon and applying Counsel's standard, there is no basis to conclude she had become a candidate.

E. The General Counsel's reliance on MUR 2262 as a comparison is misplaced and has no precedential value in this matter.

The General Counsel's brief offers the argument that Wieder made a "conditional" decision analogous to that of presidential candidate Pat Robertson in MUR 2262.^{19/}

2
1
0
3
1
7

3

The Counsel offers an argument that this MUR is analogous to MUR 2262 involving presidential candidate Pat Robertson. Counsel suggests that both individuals had made a "qualified decision" to become a candidate. In the case of Mr. Robertson, it states that the activities he undertook were merely to reinforce his decision and his effort had taken on a partisan political quality indicating that his decision was made. Contrasting the fact patterns, a vast difference between the two cases is indicated.

^{19/} See Counsel's Probable Cause Brief for FHW, dated November 21, 1988, at page 4.

The factual basis for the Counsel's recommendations and the Commission's actions in MUR 2262 went far beyond those presented in this present case. In the Counsel's probable cause brief pertaining to Pat Robertson and Americans for Robertson, the Counsel states,

"In the present matter, the recommendations anticipated in this office's brief are based upon the large scale of the public contact involved in the September 17, 1986, broadcast and the follow-up solicitation letters, the fact that more than \$2.3 million was raised as a result of the broadcast and follow-up letters, the protracted period of one year which Mr. Robertson established for receiving affirmations for support for his candidacy, and the content of the speeches at the September 17 event which this office finds to be promotional of his candidacy rather than testing of potential support. Given all these factors taken together, this office is of the opinion that these activities were not for testing-the-waters, but, rather, caused Mr. Robertson to exceed the threshold for candidate status." (Emphasis added)^{20/}

Given this fact pattern measured against the examples in the regulations^{21/}, it is clear as to the reason for the Commission's action; many of Mr. Robertson's activities exceeded the testing-the-waters the specific activities set out in the regulations. Contrasting that with the Wieder fact pattern, however, it is clear there is vast difference and thus a strong basis to distinguish the two matters.

First, Counsel's brief does not offer any evidence, because none exist, that there was any large or even substantial public

^{20/} See Counsel's Probable Cause Brief For Pat Robertson and Americans for Robertson at page 2, dated March 11, 1988.

^{21/} 11 C.F.R. 100.7(b)(1)(ii)(A)-(E)

21040331754

contacts made by Wieder as there were by the Robertson campaign at the September 17, 1986 event. There is no indication in any of the documents that any special rallies, parties, or similar type of public gatherings were held on behalf of Wieder.

Second, the Robertson campaign sent out follow-up solicitation letters to those involved in the September 17th broadcast. Counsel's brief on the Wieder case offers no facts of how many, if any, solicitation letters were sent out by Wieder or FHW.^{22/}

Third, the Robertson campaign raised more than \$2.3 million as a result of the broadcast and follow-up letters. No fundraising events of any type were held by the Wieder campaign. There is evidence of one finance meeting held during a breakfast^{23/}. This was a gathering to merely determine on a first glance how much financial support Mrs. Wieder could expect in the event she decided to seek the nomination; an activity which is specifically authorized in Advisory Opinions by the Commission.^{24/}

^{22/} A review of the check ledger for the exploratory period of time, shows that Wieder took in no funds but for those transferred from the local committee to the FHW.

^{23/} FHW checking account ledger, February 6, 1989.

^{24/} See A.O. 81-32, A.O. 82-3.

21040331765

Fourth, the Robertson campaign conducted its activities over a protracted period of time, namely one year, during which individuals were invited to indicate their support for his candidacy. The activities undertaken by Mrs. Wieder during her exploratory effort, extended for a mere two months, and no such appeal for general public support was solicited.

The General Counsel's report in MUR 2262 prefaces its conclusion by stating "given all these factors taken together, ..." I would concur that no single event is indicative of the fact that an individual has decided upon seeking candidacy. There must be a clear and extensive pattern of indicia reflecting this intent. In the Pat Robertson case, the Commission had before it substantial activities, some of which were specifically listed in the regulations as not being exempt from testing-the-waters, namely general public advertising and the raising of funds in excess of that reasonably necessary for testing-the-waters.

Taken together the facts in the Weider case fail to measure up to the Robertson case and fail to provide the type of evidence that supports the allegation Mrs. Wieder had made her decision.

21040331766

F. Unlike the Pat Robertson campaign, Wieder was not merely looking for confirmation of a decision which she had already made, she was truly seeking to determine the viability of her potential candidacy.

In addition to the various items undertaken by the Robertson campaign and the degree to which they were undertaken, there is a second distinction between the two cases. Mrs. Wieder was not seeking "confirmation" for a decision she had already made.

The Counsel's FHW brief at page 4 speaks in terms of "Wieder's 'conditional' decision to be a candidate" and the "qualified decision" to be a candidate. The concept of testing-the-waters is by its very definition a "conditional" or a "qualified" decision to seek a nomination. The individual makes a decision to undertake testing-the-waters activities to determine the viability of a candidacy. It is conditional on such items as whether financing can be arranged, whether sufficient political party support is available, whether community and organizational support can be gathered, polling results regarding the individual's potential support and the weaknesses of the opponent. By undertaking TW activities, the individual is acknowledging that if the polling results show sufficient support, if there is an indication of financial support, if there is support from the party, etc. then he or she will seek the nomination. As answers to these various items are realized by the candidate, they are factored into making the

7 6 7 1 3 3 1 7 6 7

decision whether or not to seek the nomination. Thus, the individual is continually in a "conditional" or "qualified" decision stage until all the various components are evaluated.

This is substantially different from "an attempt to reinforce a decision" which the Counsel references in the same paragraph on page 4 of his brief in reference to Mr. Robertson's activities in MUR 2262. Mr. Robertson had made the decision to seek the presidential nomination and as the Counsel's brief indicates in that case, by his admission he undertook activities to merely reinforce that decision. However, seeking reinforcement for one's candidacy is the definition of a political campaign. The individual continues to seek reinforcement by public appearances, direct mail, T.V., etc.

The distinction is not merely one of semantics. The findings in MUR 2262 indicate that Mr. Robertson had already made his decision and was conducting his campaign with mass public appeals and fundraising efforts. Contrast that with the situation Mrs. Wieder faced.

All of her activities were of a limited nature. Second, she could not possibly have made a decision to seek the election since the congressional seat for which she was testing-the-waters had yet to be vacated by the incumbent, a member of her own political party. This factor is similar to any other single factor to be resolved on the continuum in

21040331768

reaching the decision of whether or not to become a candidate. Having the vacancy available is just one of any number of components similar to polling, financial support, organizational support, etc. Until that component is resolved, the decision is a "conditional" or "qualified" decision which in turn does not cause the individual to cross the candidacy threshold decision.

Using the standard of a qualified or a conditional decision, fogs the TW issue to the point of being too vague of a standard to enforce. The facts in MUR 2264 show Mr. Robertson made the decision and was merely seeking the type of support one would typically attempt to gather during a campaign. Mr. Robertson had no factual barriers to overcome, such as whether or not the office for which he was seeking would be vacated, thus enabling him to pursue the nomination.

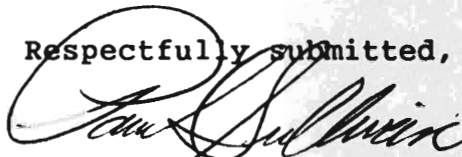

By contrast, Mrs. Wieder was in a decision making mode, balancing her decision on a number of factors. One, namely being whether or not a vacancy would occur permitting her to seek the nomination. Until all those issues had been resolved, no decision had been made. Thus, she had not qualified as a candidate and was not required to file her Statement of Candidacy with the Commission.

Re: MUR 2615

I Tony Marsh, after having been duly sworn and deposed do state as follows:

1. I am a political consultant residing in the state of California and have personal knowledge of the facts set forth below herein.
2. On or about January 14, 1988 I entered into an agreement with Harriett Wieder and a copy of that agreement is attached hereto and fully incorporated herein. (Hereinafter "Contract").
3. In discussions with Mrs. Wieder prior to entering into the Contract, it was our intent and understanding, that Mrs. Wieder was hiring me to seek my professional advice to determine whether or not she should seek election in the 42nd Congressional District of California. At that time, the seat was occupied by a Republican, Congressman Lungren, who had been nominated to but not yet confirmed as, Treasurer for the State of California. In my discussions with Mrs. Wieder, it was understood that unless Congressman Lungren resigned the seat, she would not pursue the Republican nomination. However, that was not the sole determining issue. I was to assess from a political perspective, such things as the political environment, potential opponents, fundraising potential, potential strategies, and similar types of information which are necessary for determining whether or not to seek a nomination. This in fact is what I did during this time period and I provided my analysis and recommendations to Mrs. Wieder.
4. Notwithstanding the terms of the Contract, my role during the period prior to Mrs. Wieder's announcement of her candidacy, was to assess her positives and negatives regarding the potential candidacy in that congressional district. The Contract which was signed was a boiler plate contract which I used for congressional clients. Section V of that agreement provided for a termination of the contract on ten (10) days notice.

21040331772

Marsh Affidavit

Therefore, if Mrs. Wieder decided not seek nomination she could terminate the contract. The scope of the contract was as broad as it was in order to cover all aspects of the election in the event Mrs. Wieder made her decision to seek election. However, it is not reflective of the intent of the pre-announcement understanding, nor did it adequately reflect the type of testing-the-water duties which I was performing at that time.

5. I, perhaps more than any other person, worked closely with Mrs. Wieder on the political decision on whether or not to seek the nomination. I can attest that the activities which I undertook and the discussions I had with Mrs. Wieder were of the "testing-the-water" nature which went beyond the mere issue of whether Congressman Lungren would seek reelection. Had the other elements we were assessing during that period, not resulted in a positive conclusion, then my advice would have been not to seek the nomination regardless of Congressman Lungren's decision.

I swear that the foregoing is true and correct to the best of my knowledge.

FEDERAL ELECTION COMMISSION

GENERAL COUNSEL'S REPORT

I. BACKGROUND

On November 22, 1989, this Office sent briefs to the Respondents in the above-captioned matter notifying them that the General Counsel was prepared to recommend that the Commission find probable cause to believe that Harriett Wieder violated 2 U.S.C. § 432(e)(1), that the Friends of Harriett Wieder, and Gregory N. Weiler, as treasurer (collectively known as the "Federal Committee") violated 2 U.S.C. §§ 433(a), 434(b)(4) and 434(b)(2)(G), and that the Committee to Elect Harriett Wieder Supervisor, and Frank P. Uehle, as treasurer (collectively known as the "State Committee") violated 2 U.S.C. §§ 433(a), 434(a)(4) and 434(b). In addition, the General Counsel's Briefs included the recommendation that the Commission find no probable cause to believe that either the Federal Committee or the State Committee violated 2 U.S.C. § 441b.

After an extension of time to respond, counsel for Respondents filed a joint reply brief on January 17, 1990. For the reasons stated in the General Counsel's Briefs and for the reasons set forth below, this Office recommends that the

21040331774

Commission reject the Respondents' arguments and approve the General Counsel's probable cause to believe recommendations.

II. ANALYSIS

A. Testing the Waters

Counsel does not contest that Harriett Wieder crossed the \$5,000 statutory threshold for candidacy in January, 1988, some three months before her registration as a federal candidate. Instead, counsel argues that Harriett Wieder did not decide to become a candidate until early March, 1988, and that during the period in question she was "testing the waters" for her candidacy. Respondents' Reply Brief at 5-7. As more fully set forth in the General Counsels' Briefs, the testing-the-waters exemption is a narrow one, designed to allow individuals to evaluate the feasibility of becoming a candidate. Once an individual decides to become a candidate, however, the testing-the-waters exemption is inapplicable.

In asserting that Harriett Wieder was testing the waters, counsel argues that the Commission must consider her actions in light of the examples of activities listed in the testing-the-waters regulations, 11 C.F.R. §§ 100.7(b)(1)(ii)(A)-(E) and 100.8(b)(1)(ii)(A)-(E), including those activities in which Ms. Wieder allegedly did not engage. Respondent's Reply Brief at 8. Counsel's assertion is unavailing for two reasons. First, it ignores the fact that the five activities enumerated in the regulations are not exclusive or comprehensive but merely an illustrative list of factors that may indicate that an individual

21040331775

is no longer just testing the waters.¹ Second, counsel's approach suggests that engaging in only one of the proscribed activities would be an insufficient basis for concluding that a person has decided to become a candidate. In contrast to counsel's argument, the examples of activities set forth in the regulations are not listed conjunctively, and any one of the examples of activities might be enough, depending on the circumstances, to indicate that an individual has decided to become a candidate. Thus, counsel's focus on the various activities allegedly not undertaken by Harriett Wieder is of little value in this matter.

In any event, the evidence in this matter clearly establishes that Harriett Wieder engaged in several campaign-related activities listed in the regulations which take her out of the testing-the-waters exemption. In particular, the available evidence shows that the Respondents engaged the services of campaign consultants for the purpose of conducting general public political advertising, had campaign letterhead printed referring to Harriett Wieder as a candidate and solicited financial support for Ms. Wieder's election. Counsel, however, challenges the evidentiary value of the consulting contracts and argues that there is no evidence establishing that the Respondents took part in fundraising activities during the period in question.

1. See 50 Fed. Reg. 9992, 9993 (1985) (stating that the 1985 revision to the regulations will include an expanded list of activities which, "dependent on the circumstances, may be considered to indicate that an individual has decided to become a candidate" (emphasis added); and noting that "the determination of whether an individual has crossed the line from 'testing the waters' to campaigning must be made on a case-by-case basis.")

9104031776

Respondents' Reply Brief at 11-14. In addition, counsel attributes the printing of campaign letterhead to ignorance of the regulations and questions whether it actually was used during the period in question. Respondents' Reply Brief at 14-15. For the reasons set forth below, counsel's arguments are unpersuasive.

First, relying on a recent affidavit of the consultant, Respondents argue that the Marsh & Key contract was "merely a 'boiler-plate' contract," intended "only for purposes of assessing information to determine if she [Wieder] should seek election not to commence campaign type activities." Respondents' Reply Brief at 12. This self-serving affidavit is at odds with the very terms of the contract, which specifically reference the development of a direct mail program and media advertising "in connection with both the special and regular election campaigns for the office of Member, U.S. Congress from California's 42nd Congressional District." Attachment A at 48. The contract also states that it constitutes "the full agreement of the parties and, except where expressly stated, is a total expression and integration of the parties' intent." Id. at 50. It is a rudimentary principle of contract law that where an agreement states that it is the total expression and integration of the parties' intent, "evidence of prior or contemporaneous agreements or negotiations is not admissible ... to contradict a term of the writing." Restatement (Second) of Contracts § 215.

Second, there is no support for counsel's argument that the regulations only cover "a direct disbursement of funds for advertising." Attachment at 11, n. 12. Counsel's reliance on the

2104031777

Commission's Explanation and Justification ("E & J") to support this assertion is unwarranted. The portion of the E & J quoted by counsel actually summarizes the testing-the-waters regulations prior to their 1985 revision. Moreover, counsel's interpretation would broaden the scope of activity permitted by the regulation -- a result directly at odds with the Commission's explicit decision to amend "the rules to ensure that the 'testing the waters' exemptions will not be extended beyond their original purpose." 50 Fed. Reg. 9992, 9993 (1985).

Counsel further errs in asserting that there is no evidence to substantiate that the Respondents either planned or took part in any fundraising activities. Documents produced by the Respondents show that Buchanan and Campbell, Harriett Wieder's fundraising consultants, sent the Federal Committee billing statements for the months of January 1988 and February 1988, seeking reimbursement for expenses incurred in the preparation of fundraising materials. Attachment A at 53 and 66. The January invoice, for example, includes a charge for the following: "Fundraising - Committee Letter: printing (\$43.44) and pre-stamped post cards (\$59.50)." Id. at 53. In addition, other evidence indicates that in early February 1988, the Respondents began planning the "Harriett Wieder for Congress Dinner," a fundraising event held on March 10, 1988. Documents produced by the Respondent include copies of an invitation for the dinner as well as a billing invoice from Spinell Printing, dated February 12, 1988, showing Harriett Wieder's order for 6,000 printed invitations, R.S.V.P. cards, and name inserts. Attachment A at

4 | 0 | 3
3 | 1 | 0 | 4 | 0 | 3

14-18 (invitation) and 41 (invoice).

With regard to the campaign letterhead bearing the statement "Harriett Wieder - 42nd Congressional District," the evidence demonstrates that Wieder used the letterhead to solicit financial support for her election. Among the documents produced by the Respondents is a "PAC PACKAGE" consisting of biographical and campaign information. Attachment A at 19-33. It also includes a transmittal memorandum addressed as follows:

To: PAC Representatives
From: Harriett Wieder, Congressional Candidate
42nd Congressional District, California

The memorandum, which is printed on the letterhead in question, notes that Governor Deukmejian has nominated Congressman Dan Lungren for State Treasurer and states that "[i]mmediately upon Congressman Lungren's confirmation, I will announce my intention to seek the privilege of representing the people of California's 42nd Congressional District...." Id. at 21. The memorandum closes with a request that the recipient read the enclosed campaign materials and provide financial support: "I am asking for your support. Your contribution will enable us to win this election." Id. The corresponding invoice from Wieder's fundraising consultants, Buchanan & Campbell, dated February 19, 1988, seeks reimbursement for expenses incurred in the preparation and mailing of this "PAC PACKAGE." The supporting documents for this invoice reveal that some of the costs associated with the

91040831779

solicitation package date back to January and February 1988.
Attachment A at 66-72.²

Finally, counsel attempts to distinguish MUR 2262 from this matter based on the level of activities conducted by Pat Robertson on the one hand and Harriett Wieder on the other. While there are differences in these two matters, the significance of MUR 2262 here is that both Pat Robertson and Harriett Wieder decided to seek election early on in their respective campaigns but postponed announcing their decisions upon the occurrence of certain external events. In the case of Harriett Wieder, the evidence shows that she made an affirmative decision to seek election in January, 1988, but would not announce her decision until the incumbent vacated the office, which he did in March, 1988. Documents produced by the Respondents show, for example, that Ms. Wieder sent a letter, dated January 5, 1988, to the California Association of REALTORS which stated: "[u]pon Congressman Lugren's confirmation, I will announce my intention to seek the privilege of representing the people of California's 42nd Congressional District in Washington D.C." Attachment A at 34-35. See also Harriett Wieder's memorandum to PAC Representatives, discussed supra at 6. In short, Ms. Wieder's decision to seek election but

2. Counsel also contends that the printing of the letterhead "was due more to an ignorance of the rather complex TW regulations than to express an intent that she had decided to become a candidate." Respondents' Reply Brief at 14. The assertion of ignorance here is belied by the fact that there are repeated references to Harriett Wieder as a candidate on invoices dating back to January and February, see e.g. Attachment A at 37, 40, 42, 52-53, and 66, and by counsel's earlier assertion that Respondents "relied on the regulations" in determining which activities they could undertake during an exploratory period. Respondents' Reply Brief at 10.

21040331780

postpone announcing her candidacy mirrors the decision made by Pat Robertson, who stated in 1986 that he had decided to become a 1988 candidate for the presidential election but would not announce his candidacy until after some three million registered voters signed petitions showing they would support his decision.

Accordingly, this Office recommends that Commission find probable cause to believe Harriett Wieder violated 2 U.S.C. § 432(e)(1), the Friends of Harriett Wieder and Gregory Weiler, as treasurer, violated 2 U.S.C. § 433(a) and that Harriett Wieder for Supervisor and Frank Uehle, as treasurer, violated 2 U.S.C. § 433(a).

B. Miscellaneous Reporting Violations

With regard to the Federal Committee's failure to disclose certain disbursements in the 1988 Pre-Primary Report, counsel argues that because the error was corrected, the Commission should find probable cause to believe the Federal Committee violated 2 U.S.C. § 434(b)(4) but take no further action.

Section 434(b)(4) requires committees to disclose all disbursements in reports filed with the Commission, and disclosures made immediately before an election are particularly important. The Committee's correction of the report after the election does not vitiate the violation and its remedial action would more appropriately be taken into account during post-probable cause conciliation. Accordingly, this Office recommends that the Commission find probable cause to believe that the Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. § 434(b)(4) and reject the

9104031731

Respondents' request to take no further action on this violation.

Counsel also asserts that the General Counsel's probable cause to believe recommendation that the Federal Committee violated 2 U.S.C. § 434(b)(2)(G) is inappropriate because the Commission has not previously made a reason to believe finding on this particular factual issue. Respondents' Reply Brief at 4-5. Although the Commission did not specifically find reason to believe that the Federal Committee violated that particular subsection, it did find reason to believe that the Federal Committee violated 2 U.S.C. § 434(b). The Federal Committee also received notice in the General Counsel's Brief that it may have failed to disclose the terms of the loan it received from the Local Committee in violation of Section 434(b)(2)(G). Despite such notice, the Federal Committee has not responded to the substance of this particular recommendation. Accordingly, this Office recommends that the Commission find probable cause to believe that Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. § 434(b)(2)(G).

C. Corporate funds in transfer

After reviewing reports filed with the California Department of State, it appears that the Local Committee had sufficient non-corporate funds on hand to make the \$40,000 transfer to the Federal Committee, which was the basis for the Commission's Section 441b determinations. Respondents concur with the recommendations in the General Counsel's Brief concerning this transaction. Accordingly, this Office recommends that the Commission find no probable cause to believe that the Committee to

2104031732

Elect Harriett Wieder Supervisor and Frank Uehle, as treasurer, violated 2 U.S.C. § 441b and that the Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. § 441b.

III. DISCUSSION OF CONCILIATION

21540331733

IV. RECOMMENDATIONS

1. Find probable cause to believe that Harriett Wieder violated 2 U.S.C. § 432(e)(1).

2. Find probable cause to believe that Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. §§ 433 and 434.

3. Find probable cause to believe that the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer, violated 2 U.S.C. §§ 433 and 434.

Elect Harriett Wieder Supervisor and Frank Uehle, as treasurer, violated 2 U.S.C. § 441b and that the Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. § 441b.

III. DISCUSSION OF CONCILIATION

Attached for Commission approval is a proposed conciliation agreement for all the Respondents. The proposed agreement contains admissions of the violations for each Respondent and a three thousand dollar (\$3,000.00) civil penalty. The proposed civil penalty in this matter reflects the following: that the Federal Committee failed to disclose certain disbursements as well as the terms of the loan it received from the Local Committee in the 1988 12-Day Pre-Primary Report; that Harriett Wieder's Statement of Candidacy was not filed until March 15, 1988; that the Federal Committee's Statement of Organization was not filed until March 15, 1988; that the Local Committee's Statement of Organization was not filed until June 14, 1988; and that the Local Committee has not filed any reports with the Commission. Under these circumstances, this Office believes the proposed civil penalty to be appropriate.

IV. RECOMMENDATIONS

1. Find probable cause to believe that Harriett Wieder violated 2 U.S.C. § 432(e)(1).

2. Find probable cause to believe that Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. §§ 433 and 434.

RE: MUR 2615
Harriett Wieder
Friends of Harriett Wieder and
Gregory N. Weiler, as treasurer,
Committee to Elect Harriett Wieder
Supervisor and Frank P. Uehle,
as treasurer

Dear Mr. Sullivan:

On August 14, 1990, the Federal Election Commission found that there is probable cause to believe that Harriett Wieder violated 2 U.S.C. § 432(e)(1); that the Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. §§ 433 and 434; and that the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer, violated 2 U.S.C. §§ 433 and 434, provisions of the Federal Election Campaign Act of 1971, as amended. These violations arise from: the failure to timely file a statement of candidacy for Harriett Wieder; the failure to timely file a statement of organization for the Friends of Harriett Wieder and Gregory N. Weiler, as treasurer; the failure to timely file a statement of organization for the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer; the failure to accurately disclose disbursements made by the Friends of Harriett Wieder and Gregory N. Weiler, as treasurer; the failure to accurately disclose the terms of a loan received by the Friends of Harriett Wieder and Gregory N. Weiler, as treasurer; and the failure to file disclosure reports for the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer. Additionally, on that same date, the Commission found no probable cause to believe that the Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. § 441b(a) or that the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer, violated 2 U.S.C. § 441b(a).

The Commission has a duty to attempt to correct such violations for a period of 30 to 90 days by informal methods of conference, conciliation, and persuasion, and by entering into a

21040331788

conciliation agreement with a respondent. If we are unable to reach an agreement during that period, the Commission may institute a civil suit in United States District Court and seek payment of a civil penalty.

Enclosed is a conciliation agreement that the Commission has approved in settlement of this matter. If you agree with the provisions of the enclosed agreement, please sign and return it, along with the civil penalty, to the Commission within ten days. I will then recommend that the Commission accept the agreement. Please make your check for the civil penalty payable to the Federal Election Commission.

If you have any questions or suggestions for changes in the enclosed conciliation agreement, or if you wish to arrange a meeting in connection with a mutually satisfactory conciliation agreement, please contact Craig Douglas Reffner, the attorney assigned to this matter, at (202) 376-5690.

RE: MUR 2615

and Frank P. Uehle, as treasurer

Dear Mr. Sullivan:

On August 27, 1990, you were notified that the Federal Election Commission found probable cause to believe that your clients, Harriett Wieder, the Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, and the Committee to Elect Harriett Wieder Supervisor and Frank P. Uehle, as treasurer, violated certain sections of the Federal Election Campaign Act of 1971, as amended (the "Act"). On that same date, you were sent a conciliation agreement offered by the Commission in settlement of this matter.

Please note that pursuant to 2 U.S.C. § 437g(a)(4)(A)(i), the conciliation period in this matter may not extend for more than 90 days, but may cease after 30 days. Insofar as more than 30 days have elapsed without a response from you, a recommendation concerning the filing of a civil suit will be made to the Commission by the Office of the General Counsel unless we receive a response from you within seven days of receipt of this letter.

Dear Mr. Graham:

This is in reference to the complaint you filed with the Federal Election Commission on June 1, 1988, concerning Harriett Wieder, the Friends of Harriett Wieder and the Committee to Elect Harriett Supervisor.

After conducting an investigation in this matter, the Commission found that there was probable cause to believe Harriett Wieder violated 2 U.S.C. § 432(e)(1), Friends of Harriett Wieder and Gregory N. Weiler, as treasurer, violated 2 U.S.C. §§ 433 and 434 and the Committee to Elect Harriett Supervisor and Frank P. Uehle, as treasurer, violated 2 U.S.C. §§ 433 and 434, provisions of the Federal Election Campaign Act of 1971, as amended. On February 11, 1991, a conciliation agreement signed by the respondents was accepted by the Commission, thereby concluding the matter. Accordingly, the Commission closed the file in this matter. A copy of this agreement is enclosed for your information.

91040331305
