

# DAUGHTER DOLMENS

My name is Holly Noel, I am 11 years old and live in Jersey. During the summer holidays I decided to go to and find every dolmen in Jersey. A few of them such as le Pinnacle are very hard to find, buried deep underground and situated on a cliff. Nevertheless here are all the ones marked out on the Jersey heritage site map:

Les Monts Grantez – St Ouen

Les table des marthes – St Brelade

Le Dolmen du Couperon – St Martin

It was really interesting to find all the dolmens and to think that cavemen lived here a very long time ago. Some of the dolmans date back to 4800BC !! I would highly recommend finding them in your spare time as I really enjoyed the fun historic adventure it took me on.
