## Pictures made easy.

### High-quality pictures

The DX3500 features 2.2 megapixel resolution, 3X digital zoom and a convenient close-up mode to ensure great looking pictures every time. It's the perfect camera for sharing pictures over e-mail or for printing photo-quality prints up to 8"x10".

### Easy to shoot

Great pictures at the touch of a button. The DX3500 comes ready to shoot with 8MB of internal memory, and a COMPACTFLASH expansion slot that lets you add additional memory so you can take and save even more pictures. The camera also comes with a 1.8" LCD screen which lets you preview and review your shots, so you always know that you got the perfect picture.

### Easy to share

With the optional Kodak Camera Dock sharing is easy. Just place a DX3500 in the Dock, touch the button and pictures are automatically sent to your computer and are ready for e-mailing and printing. The Camera Dock will also quickly and automatically recharge your camera's battery pack, so you'll always be ready to take more pictures.

## The EasyShare System

Shoot a picture, touch the button and share your pictures with the world.
