Getting Started with CEPI

1. Application Security Forms and Account Maintenance
2. CEPI Calendar
3. CEPI Applications Resources

The screenshot shows the CEPI website homepage. At the top right, there are links for 'CEPI Home', 'Contact CEPI', and 'MI.gov'. The main header features the CEPI logo and a search bar. Below the header is a navigation menu with items: 'About CEPI', 'CEPI Applications', 'CEPI Postsecondary Applications', 'Calendar', 'Get Data', 'e-Transcript', 'Nonpublic Schools', 'MI School Data', 'Michigan Longitudinal Data System', and 'Help and Support'. The main content area includes a 'What is CEPI?' section with a 'Submit data to CEPI' button and a 'Find and use CEPI data' button. A green circle with the number '3' points to the 'Submit data to CEPI' button. Below this is a 'Log in to CEPI Applications:' section with buttons for 'EEM', 'FID', 'GAD', 'MSDS', 'NPSPR', 'SID', 'STARR', and 'REP'. A green circle with the number '1' points to the 'EEM' button. To the left of the main content is a vertical sidebar with a green circle with the number '2' pointing to the 'Calendar' link. At the bottom, there are sections for 'Quick Links', 'Privacy and Security', 'Data Use', and 'Stay Connected'. A green circle with the number '1' points to the 'Account Maintenance' link under 'Privacy and Security'. The Michigan DataHub logo is visible at the bottom left.

1. Application Security Forms and Access

- Each CEPI application has a separate Security Form that must be completed
- All security access is authorized by the Lead Administrator as listed in EEM
 - In most cases, should be your Superintendent
- If you already have a MILogin account, do not create a new account for new access
 - By subscribing within MILogin and submitting the applicable security form, the account can be modified to add additional access
- Determine access type by evaluating the data submission that will be performed

Special Note: MiLogin Account

- CEPI is moving towards a single login authenticator
- What this means for you:
 - One Account (and password) will soon be able to grant you access to all CEPI applications and Mi School Data
 - Security forms must still be submitted
- [MiLogin User Guide](#) provides step-by-step instructions

Data Submission

Bulk Upload

- Multiple Records at once
- Extracted from local system
- Files must be in plain/flat text “.txt” format
- **The last file uploaded will be the data saved**

Online Single Submission

- Single submission form
- Make edits to a single record
- Retains data previously submitted (with some exceptions)
- Errors and warnings visible on submission screen

Personnel Submitted Report

- List of all employees reported for your district
- All records have a red “” when application opens each cycle
- All records must be updated/verified to the green “” for a complete submission
- Allows for easy access to existing records

Who Must be Reported?

- Short answer: pretty much everyone
- Long answer: School Safety Legislation of 2005 requires that all school personnel who are employed on a regular and continuous basis must be reported in the REP.
- Long answer continued: All contracted employees who work on a regular and continuous basis must be reported in the REP.
 - This includes food service, janitorial service, transportation, day-to-day substitutes, paraprofessionals, virtually contracted teachers, etc.

Unique Cases

- Virtual Educators
 - Treated as contracted employees
 - If TOR, then Instructional Assignment Code that aligns to the content of the course
 - If Facilitator of Instruction, then use “000ZW”
 - If Mentor, then use “00379”
- Student Teacher Interns (00STU)
 - Pre-service teachers in their last placement prior to certification

Who is NOT Reported in the REP?

Individuals that work
on an intermittent or
sporadic basis

May include:

- The local furnace repair man who comes every year
- The DJ that hosts every school dance/party that plays all the kids favorite jams
- The band booster parent who coordinates all fundraising events for the school band

REP On-Demand

- History:
 - Prior to January 2017, the REP was only available during the official submission windows
 - This created problems for getting up-to-date information on where a teacher was instructing
- Result:
 - REP submission is now available almost all year long
 - Districts may **optionally** report staffing changes
 - New employees
 - Terminations
 - Building or assignment changes
- Effect:
 - Districts can now properly assign teachers as testing proctors
 - Michigan State Police and MDE now have accurate information on where a teacher is employed to provide timely and accurate conviction notifications
 - Changes made to the REP application

Updating Records

Icon Legend

-  Personnel record updated for the submission cycle.
-  Personnel record updated with errors for the submission cycle.
-  Personnel record not updated for the submission cycle.

- All records start with the red “not updated” status
 - Records terminated in the previous collection will not be pulled into the next collection
- Throughout the collection, records may be saved with errors*
 - For example, if adding a new hire in January, you should not have a value for Field 20: Educator Effectiveness, this may be left blank, and will save with an error
- All records must be updated and error-free for certification to become available

**some exceptions apply*

Fatal Errors

- Not all data with errors can be saved, if Fatal Errors exist, the record will **not** be saved/updated
- The fields that will result in Fatal Errors are the fields required for Assessment and Michigan State Police to be able to utilize the data
- Records that contain Fatal Errors will remain in the red “X” status

Questions?

Educator Effectiveness

- Reported in EOY REP Collections
- Required for Instructional Employees, some Administrators
- All other employees may optionally have EE ratings submitted
- Select from the values:
 - Highly Effective
 - Effective
 - Minimally Effective
 - Ineffective
- Highly Effective Evaluation Exemption
 - Individuals who have been reported as Highly Effective for three consecutive EOY evaluations may be evaluated biennially.
 - For the years that an evaluation is not completed, the exemption code is used
 - The individual must be rated Highly Effective in the biennial eval to stay eligible

2020 Executive Order Impacts

Per [Executive Order 2020-65](#), strict compliance with Educator Effectiveness Evaluations was suspended for the 2019-20 school year. MDE has provided guidance in [Memo #COVID-19-054](#) on instances in which an Educator Effectiveness Evaluation may be required or encouraged.

Local districts must use the MDE guidance and support to determine which employees still require an evaluation and subsequent rating submission.

**CEPI can only provide guidance on how to report within the REP system*

EO Impacts: Reporting of Field 20: Educator Effectiveness

- Business rules that make Field 20: EE required, have been turned off
 - If you have records submitted with a blank value prior to the system change, you will need to re-submit the record to clear the existing error
- Null or blank values can be reported in both bulk file uploads and online single submission
- Ratings that are required per the MDE guidance will continue to be allowed to be reported

EO Impacts: Certifying the Collection

- Certification becomes available May 30
 - 30 days before the REP EOY deadline June 30
- Assignment codes that typically require a Field 20: Educator Effectiveness label and have been reported with blanks will have a label "No Eval Emergency Order" systematically applied to the record when the district's REP submission is certified
- Prior to certification, you will be required to read and acknowledge that you understand this replacement will occur
- You will be allowed to decertify and make any necessary corrections through June 30

EO Impacts: Importance of Educator Effectiveness Summary Report

- The new Educator Effectiveness Summary report provides a summary of the Educator Effectiveness labels reported, as well as drill-down details to ensure reporting accuracy
- It is critical that this report is utilized to ensure the following:
 - Individuals who are not exempt under the EO 2020-65 have been reported with an appropriate label
 - Individuals reported without a rating are appropriately updated to show the "No Eval Emergency Order" label after the collection is certified

EO Impact: New Teacher District Provided Professional Development Reporting

- [MDE COVID-19 Guidance Memos](#)
- If your district provided PD for your new teachers, you should report the total days in Field 24: New Teacher District Provided Professional Development
 - This includes PD provided prior to March 13, and any PD provided after the EO closing schools (including PD used to prepare new teachers for the continued learning plans)
 - This reporting only impacts new teachers in the first three years in the profession (Field 25: Employment Status 97 or 98)

Assignment Codes Matter

- During the EOY collections be sure to review Assignment Codes reported
- ***NEW: Educator Effectiveness Summary report***

Submission Certification

- Beginning with the Fall 2017 REP collection, all data submissions must be finalized by certifying the collection
- Only collections that have all records updated and error-free may be certified
- Certification is available 1 month prior to the deadline
- If changes need to be made after certification, the collection may be decertified
 - If a collection is decertified, it must be recertified by the collection deadline

How to Certify REP Data

- Certification is available from the main REP page within the application for 1 month approaching the REP submission deadline
 - Nov. 1- Dec. 1
 - May 30- June 30

Due to the impacts of EO 2020-65 all records reported in the EOY 2020 REP collection without an evaluation label (Highly Effective, Effective, Minimally Effective, Ineffective or Highly Effective Educator Exemption) will have a label of "No Eval Emergency Order" applied once your collection has been certified. By certifying records without an Educator Effectiveness label, you understand that all records will have a label of "No Eval Emergency Order" placed on the record. Prior to certification, please review the Educator Effectiveness Summary Report to ensure all records you intended to report an evaluation outcome for, have that label reported. Questions?

Educator Effectiveness Appeals

- Public Act 173 of 2015, the new Michigan educator evaluation law, links teacher certificate progression to evaluations
 - Standard to Professional
 - Effective 7/1/2018
 - Professional to Advanced Professional
 - Effective 7/1/2019
- Teachers can now view EE ratings within MOECS
- The previous five years of EE data is available for appeals

To Appeal or Not to Appeal

- Ratings that were submitted inaccurately may be appealed and submitted within the REP
 - This is not a time to debate the correctly submitted rating
- If a rating was not submitted in the original EOY submission, one cannot be added
- Assignment codes may not be changed
- Original submitting district must submit the appealed rating

Updating an EE Rating Appeal

- Login to REP
- Select Personnel Search

Why Can't My Teacher See Their Ratings in MOECS?

- Have the teacher verify their MOECS account displays the same PIC number you have submitted in REP
 - If the PIC number is not the same, contact CEPI
- Verify the assignment code they were submitted with
 - Only credentialed assignments that require EE ratings for certificate advancement will see their ratings in MOECS

Questions?

Teacher Student Data Link (TSDL)

- Connects students with teachers
- Populations requiring submission:
 - Migrant Students (within 10 days of entering/exiting a district)
 - Dual Enrollment Students
 - Early Middle College Students
 - Virtual Students
 - Advanced Placement (AP)/International Baccalaureate (IB) Students
 - Shared-Time Programs*
 - *If your district operates a Shared-Time Program, and claim any FTE for Homeschool or Non-Public Students, ALL students must be reported

How does the TSDL Affect Me?

- You will need to work with your student data team to ensure accuracy in reporting of teachers
- PICs are required for the data submission
- As new employees enter your school district, provide PICs to the student data team for MSDS
- Data Quality checks for TSDL will include REP data
 - This ensures that teachers are correctly connected between systems

Teacher of Record in TSDL

- TSDL reporting requires the Teacher of Record
 - The Teacher of Record is the certified teacher who provides instruction, who tests and quizzes, who evaluates the pupil's performance and gives the student a grade
- A Mentor Teacher can be reported for virtual delivery methods
 - Mentor teachers may or may not be credentialed in the subject or grade level
- Multiple PICs can be reported per course, but must have one for each course (up to three PICs per PIC and Mentor PIC fields)

Questions?

Data Quality: What is it?

- Throughout the collection CEPI performs an analysis of your submitted data looking for **possible errors**
- These are predetermined checks we run on your data
- Three Data Quality iterations- Pre, Mid and Post
- Snapshots are taken of your data
 - This means if you have not submitted any data, we have nothing to look at
- The **possible** errors are sent to authorized users

Why Does CEPI Insist on Sending DQ Emails?

- Data Quality messages are meant to help you
- Your data is only as accurate as you report it
- Data is shared with state and federal parties
 - Decisions made regarding the shared data

If your data are correct, no action is necessary

- Data quality checks are NOT errors
 - The REP system takes care of those
- Data quality checks are **possible** errors
 - This means we cannot tell you with certainty whether it is an error or not
- If you find the data quality checks have identified accurate data, you do NOT need to make any data corrections

Data Quality Process

1. District Users submit data
2. CEPI takes a snapshot of your data
3. CEPI Analysts run the checks on your data
4. Emails with multiple issues are sent to REP Authorized Users
5. District Users review the anomalies
6. District Users review their data submission
7. District Users update data, as necessary

Pre Collection DQ

- Looks at the prior collection
 - No changes can be made to this data
 - This is a “heads up” for things to closely examine in your current collection

Mid Collection DQ

- Towards the end of the collection window, CEPI takes a snapshot of the submitted data in the current collection
 - Anomalies are identified and sent to Authorized Users
 - If your district has not submitted data OR your data does not flag any anomalies, you will NOT receive a data quality email

Post Collection DQ

- Snapshot of data submissions taken immediately after the close of the collection
- If changes need to be made, you are required to submit a Re-Open Request

Subject: CEPI Data Quality Alert: Fall 2019 REP Mid-Collection* ←

Entity: Happy Valley Schools (12345)

Purpose: CEPI analysts have discovered anomalies in your Fall 2019 REP collection. Inaccurate data may adversely affect state and federal reporting, as well as reports available to the public, students, parents and policymakers. Inaccurate data may result in your entity being identified as out of compliance and could result in funding penalties.

Action: Please review the following issue(s) and check your submission for each of the concerns listed. Any changes to your current collection must be completed by 11:59 p.m., on December 2, 2019. ←

- If your data are correct, no action is necessary.
- If data are incorrect, please make changes within the application.

Users Contacted: REP Authorized Users ←

Your REP and EEM Authorized Users are listed at the end of this email.

Questions: Contact CEPI customer support (CEPI@michigan.gov) by replying to this email or calling 517-335-0505 x3.

Thank you,
CEPI

DQRP1092 - Buildings Without Staff

Problem: Your district did not submit any staff members in a school/facility that was open according to the Educational Entity Master (EEM).

Impact: This is a possible indication of an incomplete submission. Staffing counts are available by school/facility on MI School Data. Lack of reporting, or misreporting, will affect school and district level counts of staff.

Resolution: Please make sure that assignments are submitted for any staff members who may have responsibilities at these schools/facilities. Staff members may be submitted with up to nine assignments in Field 10: School Assignment Data. Individual assignments can be submitted with a partial value for Full-Time Equivalency (FTE) in Field 10.

School Quality and Student Success Overview

The School Quality and Student Success component combines the results of up to five subcomponents: On-Track Attendance, Advanced Coursework, Postsecondary Enrollment, Access to Arts/Physical Education, Access to Librarian/Media Specialist.

Subcomponent Targets

On-Track Attendance	92.37%
K-8 Access to Arts/Physical Education	Students/Staff FTE: 145
K-8 Access to Librarian/Media Specialist	Students/Staff FTE: 8,312.50
11/12 Advanced Coursework	Successfully Completing: N/A
Postsecondary Enrollment	Enrolled within 12 Months: N/A

Combined	On-Track Attendance	Access to Arts/Physical Education	Access to Librarian/Media Specialist	Advanced Coursework	Postsecondary Enrollment
Student Group	#Students	Arts/PE Staff FTE	Students to Arts/PE Staff FTE Ratio	Access to Arts/PE % Target Met	
All Students	608	3.60	168.89	85.85	

*Overall SQSS values are computed by weighting the % target met in each applicable subgroup with the SQSS subcomponent weight and then averaging applicable student group SQSS index values. *** < 30 Students, data are displayed but not included in calculations.
