## EXPERIENCE

### FUND FOR GLOBAL HEALTH FELLOW

*Fund for Global Health Fellowship, New Haven, CT / September 2021 - Present*

- Advocate for large-scale political changes that will support quality of life and prevent avoidable injury and death for both domestic and international health issues.
- Lobby for U.S. foreign assistance to combat tuberculosis (TB), comprehensive primary health care in humanitarian contexts, and improved health outcome projectiles as a result of our aid.
- Work directly with congressional members to address various healthcare issues.

### YALE CENTER ON CLIMATE CHANGE AND HEALTH (YCCCH) STUDENT ASSOCIATE

*YCCCH, New Haven, CT / October 2021 - Present*

- Engage with professors, professionals, and other students to learn about and advocate for combating climate change in the context of health outcomes.
- Collaborate interdepartmentally to address current issues in climate change through projects and research.
- Organize educational panels and series to promote awareness and advocacy within the community.

### HAVEN FREE CLINIC PATIENT NAVIGATOR

*Haven Free Clinic, New Haven, CT / September 2021 - Present*

- Collaborate with other professional students (medical, law, social work, etc.) and preceptors to provide free continuity care to patients in the New Haven area.
- Attend medical visits with patients, regularly call to check in with patient's health status, and provide resources for holistic health.

### VOLKER BLANKENSTEIN FELLOW

*Volker Blankenstein Fellowship, Mishawaka, IN / June 2020 - June 2021*

- Pursue population health projects that improve clinic's current standing with quality metrics (i.e. lead screening and annual wellness visit)
- Collaborate interdepartmentally to satisfy and solve patient's needs.
- Track labs and patient notes in an OB registry for both continuity and high-risk OB patients.
- Work with department heads to plan and implement a new team-based approach to providing patient care

### FUNDRAISING AND ADVOCACY DIRECTOR

*Timmy Global Health, Notre Dame, IN / April 2017 - April 2020*

- Promote community partnership with local health organizations and health professionals to bolster advocacy efforts for global health measures (e.g. equitable access to primary care).
- Evaluate current events and programs within the organization's advocacy sector and provide direction for growth.
- Engage with executives and department subordinates to improve organization constitution and policies.

### CLIENT ADVOCATE INTERN

*Riverbend Cancer Services, South Bend, IN / May 2019 - Aug 2019*

- Complete client intake for new patients.
- Refer clients to in-house and community partner programs to achieve holistic cancer care.
- Create systematic protocol for a "call-back" system that actively interacts with clients to improve tailored experience.
- Review and enact organizational policies that improve work efficiency and client experience.
