President's Message

The Annual Member/Vendors Auction was so much fun. I came away with several wonderful new plants. Thank you to Sue Ussiglio, all of her auction day helpers, our members who bought and sold plants and of course our always entertaining auctioneers.

As you all probably know by now, Jack Mulder has decided to give up his greenhouse. Jack and Pam have always been great supporters of NHOS. Now is the time for us to show our appreciation. In November, the Society will hold a Special Auction for their benefit. Let's make it the best ever. Check out the catalog on our website and Susan Usseglio's posts for more information on both auctions.

Sue Andersen, Sue Usseglio and I set up the NHOS exhibit for the Massachusetts Orchid Society show. It was so nice to see the enthusiasm from both the Massachusetts society and vendors for the first show in the Northeast since Covid shut most of us down. Due to Sue Andersen's creativity and the wonderful plants, we were able to provide, our exhibit took second place.

President's Message (Con't from Pg. 1)

If you have not attended other Orchid Shows in the New England area, you don't know how fortunate we are to have the venue we do. Besides the vendors, a large part of our show is the displays from our sister societies. They add so much to the overall ambience of our show. Which in turn means WE have to support them. As their shows come up, please think about contributing plants and/or donating time to help set up. We need to support each other. All of us have experienced losses due to COVID- 19.

See you all on the 13th

Anita

Special Auction for Jack and Pam Mulder

November 13th

Bedford Town Hall

Jack and Pam Mulder, long time members of NHOS, have decided to retire from the sport of Orchid growing, therefore we will be hosting a Special Auction featuring their award winning, magnificently grown specimen plants.

Please join us on this occasion to find new and loving homes for their Orchids. The Auction will begin immediately following conclusion of the Show Table.

Dear Members and Guests,

The Auction Committee would like to extend our fondest appreciation to everyone who attended, entertained, donated, purchased and helped with the 2021 Vendor Member Auction.

To my TEAM, as always you guys are the best! Sue Labonville, Norm Selander-Carrier and Andrea Deachman your help in keeping track of bidders/bids, allowed me to balance the books to get the checks out. Lee Brockmann, the Cecil B. DeMille of the Team, provided the 3D-Technicolor experience we needed. To my Auctioneers, Chuck Wingate, Bob Cleveland, David Sparks and Chuck Andersen, you kept things moving at a good pace, entertained us and got that “one more dollar” that we desperately needed. Anita Walker, who traveled all over the New England States to post flyers, helped to fold the newspapers “just right”, and was there to help me in so many ways. Daryl Yerdon who found some very interesting ways to get the word out. As always, Adrienne Giovino, with her technical expertise and assistance and George Neuman for his plant proceeds donation to the Conservation Fund.

The breakdown of the 2021 Auction income and expenses is as follows:

Gross earnings:	\$3,819.80
Expenses:	\$2,512.31 (plants, postage, member payouts)
Net Profit:	\$1,307.48

I will reflect on this Auction to make changes to the process.

If you have any questions, or require any additional information, please let me know.

Gratefully,
Susan Usseglio

Jis Sebastian: *Orchid Science in India: Current Perspectives & Future Challenges*

Jis has worked in the Western Ghats, India's Western & Eastern Himalayas, involved in research, conservation, and community outreach. She is currently running research, conservation, and capacity-building programs in Orchid science and a climate-resilient, sustainable community model initiative in Idukki, Kerala.

Henry Oakeley: *Orchid Hunting in Peru*

Henry has been growing orchids for 65 years, concentrating on *Lycaste*, *Ida*, and *Anguloa* for nearly 50 years. He is a Physician Emeritus and Garden fellow for the Royal College of Physicians of London medicinal garden. For the past ten years, his primary interest has been the history and uses of medicinal plants.

John Varigos: *Borneo—Land of Wonder & Biodiversity*

John, a pharmacologist and clinical trialist, has grown orchid species for over 40 years. He is an avid orchid photographer (over 20,000 photos on Flickr) and, for the past 20 years, has enjoyed traveling the world, trekking the jungles, and finding and photographing orchids in situ.

Jim Cootes: *Orchid Species of the Philippines*

Jim's interest in Philippine orchids started in the late 1970s when he visited the mountains of central Luzon. He saw many orchids that he could not identify, so he created a database. From this material, he has written 2 books and is working on the third volume as well as co-authored a book on Philippine dendrobiums.
