Subject: AI/AN Behavioral Health Webinars, CMS Tribal Sponsorship Webinar, & IHS Tribal Self-Governance Funding Opportunities

Please see this announcement from the National Congress of American Indians:

American Indian and Alaska Native Behavioral Health Webinars:

The National AI/AN Addiction Technology Transfer Center is hosting monthly webinars relating to behavioral health. Please see the attached 2014 webinar series flyer for more information.

CMS Tribal Premium Sponsorship Webinar:

CMS Tribal Affairs Webinar Tribal Premium Sponsorship under the Affordable Care Act

Tuesday, August 26, 2014

Time: 2:00 – 3:30 pm (ET)

Call-in Number:

(855)-897-8197

Webinar link:

<http://www.cmsitustrainings.net/>

The Centers for Medicare & Medicaid Services (CMS), Division of Tribal Affairs will host a webinar on Tribal Premium Sponsorship on Tuesday, August 26, 2014 from 2:00 – 3:30 pm, ET.

Tribal Premium Sponsorship is an option under the Affordable Care Act that allows Tribes, Tribal organizations and Urban Indian organizations to pay for, or “sponsor”, health insurance premiums on behalf of their tribal members. The premiums are paid to Qualified Health Plans under the Marketplace. Sponsorship is one of several options tribes may consider to improve access to health coverage for their tribal members.

Our presenter, **Ed Fox, Health Services Director, Port Gamble S'Klallam Tribe** will cover the following topics:

- What Entities Can Sponsor?
- What is QHP Premium Sponsorship?
- Tribal, Urban and Indian Organization sponsorship
- Sponsor Representatives
- Initial Payment Process
- Recurring Payment Process
- Sponsorship Timeline

Indian Health Service – Tribal Self-Governance Funding Opportunities: Fiscal Year (FY) 2014 Planning & Negotiation Cooperative Agreements:

Key Dates: **Application Deadline Date: Friday, August 29, 2014**
 Review Date: Monday, September 8, 2014
 Earliest Anticipated Start Date: Monday, September 15, 2014

Background: On Tuesday, July 29, 2014 the FY 2014 [Planning](#) and [Negotiation](#) Cooperative Agreements were published in the Federal Register. Title V of the Indian Self-Determination and Education Assistance Act (ISDEAA) provides the Office of Tribal Self-Governance (OTSG) statutory authority to offer Planning and Negotiation Cooperative Agreements. These funding opportunities assist Tribes in planning and negotiations activities associated with the Indian Health Service (IHS) Tribal Self-Governance Program (TSGP). A Cooperative Agreement is a form of grant, and all of the same requirements and procedures apply; however Cooperative Agreements involve much more substantive Federal program specific involvement than a grant.

Planning Cooperative Agreement (HHS-2014-IHS-TSGP-0001) – Three awards are available for \$120,000 each.

Purpose: Provides resources to Tribes interested in entering the TSGP and existing Self-Governance Tribes interested in assuming new or expanded Programs, Services, Functions and Activities (PSFAs). Title V of the ISDEAA requires that a Tribe or Tribal Organization complete a planning phase to the satisfaction of the Tribe. The planning phase must include legal and budgetary research and internal Tribal government planning and organization preparation relating to the administration of health care programs. The planning phase helps Tribes to make informed decisions about which PSFAs to assume and what organizational changes or modifications are necessary to successfully support those PSFAs.

- Click [here](#) to view the full announcement on the IHS Division of Grants Management website.
- Click [here](#) to apply for the Planning Cooperative Agreement on Grants.gov.

Negotiation Cooperative Agreement (HHS-2014-IHS-TSGN-0001) – Three awards are available for \$48,000 each.

Purpose: Provides Tribes with resources to help defray the costs related to preparing for and conducting TSGP negotiations. The design of the negotiation process: 1) enables a Tribe to set its own priorities when assuming responsibility for IHS PSFAs, 2) observes the government-to-government relationship between the United States and each Tribe, and 3) involves the active participation of both Tribal and IHS representatives, including the OTSG. Negotiations provide an opportunity for the Tribal and Federal negotiation teams to work together in good faith to enhance each Self-Governance agreement.

- Click [here](#) to view the full announcement on the IHS Division of Grants Management website.
- Click [here](#) to apply for the Negotiation Cooperative Agreement on Grants.gov

What is this series about?

This FREE webinar series is based on *Essential Substance Abuse Skills (ESAS): A Guide for Professionals* developed in 2010 by Prairielands ATTC in cooperation with treatment directors, supervisors, clinicians, and state administrators. The original curriculum was founded on SAMHSA's TAP 21: *Addiction Counseling Competencies*, and bridges the NIDA Principles of Effective Drug Treatment. Sessions take place on the dates below at: 1-2:30 pm Eastern; 12-1:30 pm Central; 11-12:30 pm Mountain; 10-11:30 am Pacific; 9-10:30 am Alaska (*Please note: from March 9 - November 2, 2014, Arizona should follow Pacific Time*).

Who is this series for?

Entry level to advanced professionals. Entry-level substance abuse counselors are encouraged to participate as a review in preparation for the substance abuse certification/licensure exam; advanced professionals will benefit from these webinars for continued education.
