Adding TK20 Links in Bb Learn Course

1. Log in to Bb Learn. In you're my Course module, click on the desired course link.

2. On the left sidebar course menu navigation, click on Content.

•	(201501-CED330- 830)Teaching Mathematics	•	
_	Course Home	_	
	Getting Started Course Information		
	Learning Modules	_	

3. In the center content area, mouse over **Tools** then select **TK20** for the list.

In the TK20 editor, type a title in the Name field – other fields are optional. When completed click the Submit button.
Create TK20

IN	* Indicates a required field	L			Cancel	Submit
	FORMATION		_			
	🔆 Name	Math Class Project				
	Color of Name	Black				
	Description					

5. In the Content area, click on the menu item you just created. This will launch the LTI connection to TK20. It may take several seconds to load the page.
