Co.**

**Fall**

Double Late Tulip Cartouche

## Introduction

The Rotteveel Bulb Co. is a supplier of Premium Dutch and Domestic Bulbs and Perennials. We have our own farms and packing facilities in Holland.

Your customers trust you for the best in bulbs & plants. So you need to know who you are buying from. The Rotteveel Bulb Co. is a family-owned company that goes back several generations. Bulbs are our business: we are still passionate about buying and shipping millions of Holland's best quality bulbs.

Order with complete confidence from The Rotteveel Bulb Co. Inc.: We select and ship only the finest quality bulbs and perennials. We pack them carefully to ensure that they arrive safely and at the best planting time or time requested.

Your order is important to us, and we want you, our customer, to be completely satisfied.

We proudly present our new Fall catalog. A new year, a new start for gardening. In this catalog you will find a wide selection of flower bulbs. You will also find ample information about some of our individual varieties. We have a wide selection of bulbs for the retailer plus a program for the grower and landscaper.

We hope you will enjoy browsing through this catalog, with many new varieties.

Yours sincerely,

Ben van Egmond & Pete Rotteveel  
(Ben Cell#: 484-340-7902)  
(Pete Cell#: 484-802-3904)

# Hyacinths

## Hyacinths

Beautiful fragrant flowers for border, pots and bowls. Our assortment includes the strongest varieties in every available color. We supply large bulbs which will give impressive flower spikes!

Bloom: March - Height: 10" - Plant: 5 per sq. ft.  
50 bulbs per display box

Blue Jacket

Hyacinths are highly valued for their use in borders or beds. They bloom at the same time as Daffodils, Narcissi and some early varieties of Tulips and they blend perfectly in a combined landscaping arrangement.

Chicago

Carnegie

## Double

Hollyhock

Gipsy Queen

Apricot Passion

Delft Blue

# Hyacinths

*These 16/17 cm bulbs produce huge flower spikes.*

*Hyacinths especially dislike “wet feet”, so please make sure that they are planted in a nice spot with very well-drained soil. Some people may experience an itchy reaction to hyacinth bulbs, so you may want to wear protective gardening gloves when handling them.*

Pink Pearl

Jan Bos

Sky Jacket

Miss Saigon

Violet Pearl

Splendid Cornelia

The Hyacinth is still a very classic flower. It is praised for its even and consistently shaped flowers, its outstanding and unusual colors, its pleasant fragrance and its ability to be forced to bloom indoors, more than three months prior to its normal outdoor flowering period. They bloom from early March through late March with an height of 10". There are 50 bulbs per display box including picture and labels with all the information needed and barcode.

Woodstock

Yellow Queen

# Tulips

## Single Early

*The earliest long stemmed Tulips to bloom. Excellent for landscaping in combination with Hyacinths and Daffodils. The egg-shaped flowers on sturdy stems will stand up straight even in severe early Spring weather.*

Couleur Cardinal

One of the first Tulips to bloom!

Jenny

Princess Irene

Flair

# Fosteriana

*Large and longlasting flowers in striking colors on short stems. Suitable for rockgarden, containers, bed and borders.*

*From all Tulips, this strain is one of the earliest to bloom in the season.*

*They bloom in April through May and have an height of 16" to 20".*

Orange Emperor

White Emperor

Fosteriana Tulips are developed from Tulips native to the mountains of central Asia.

Pink Emperor

Princeps

Sweetheart

Yellow Emperor

Red Emperor

Flaming Emperor

# Tulips

Double

*They are among the last of the Tulips to bloom, usually in late May. Large and long lasting peony-like flowers on short sturdy stems. Very effective in mass displays. They prefer a place protected from wind.*

## Our Promotion Material

*Our packaging is designed for easy, attention getting displays. Each bin contains a color picture with planting instructions. We point out to consumers that they shouldn't wait to buy. The message is clear: now is the time to plant flower bulbs. Do it now or you'll be too late. The emphasis on this message is something new to the promotional materials.*

### Why choosing for our display?

**Sturdy stacking system:** The wooden cases are easy stackable like a pyramid.

**Barcoded info label:** All information for every specific variety is listed on these labels.

**Point of selling:** Our cases are specially designed to give your display an eye-catching appearance.

**Recycling of crates:** The crates are so strong that they can be used multiple times and also for other retailing purposes.

**Posters:** Every crate includes a laminated poster.

On the back of each wooden case, the words 'SOLD OUT' are printed, so customers can see you are out of that item.

## Our Quality

*At Rotteveel Bulb Co., we work with the world's best flower bulb growers and are committed providing our customers with only the highest quality flower bulbs. We personally visit our growers to ensure continued quality of production, careful handling and efficient distribution. We also select differentiated varieties that are specifically bred for cut flower and pot use.*

**As a distributor of premium quality flower bulbs, Rotteveel Bulb Co. provides:**

- Topsize flower bulbs that are healthy, quality selected and hand inspected by the Dutch and US Department of Agriculture, in order to meet the highest requirements for blooming purposes.
- Varieties that are specifically bred for small, medium and large pot production as well as for cut flower, landscape and garden use.
- A fresh, young product that is from cultivated stock.
- Cultural guidelines that are updated regularly by the most concerted flower bulb research program in the world and further augmented by information from a customer base of growers around the globe.

1892 Hyacinth fields

1917 John Rotteveel

1938 Greenhouse forcing tulip bulbs

1950 Inspection of the bulbs by the USDA

1956 John Rotteveel

1957 Packing flowerbulbs

1957 Bulbs were packed in wooden crates

1967 The crates are shipped by 'The Black Falcon'

1967 Pete Rotteveel picking hyacinths

1954 Rotteveel bulb fields

1956 Checking out the tulip fields

1963 Harvesting time!
