452 VASE GIROLLE. Fond bleu turquoise. 1897. H. 14,5. Marque n° 31 (1904). MNS (inv. 10882). Malgré ses torsades, cette forme est caractéristique par sa petitesse et la simplicité de son profil du renouveau des formes provoqué par l'arrivée d'A. Sandier. Le décor à cristallisations est particulièrement réussi, sans doute parce qu'il est adapté à une forme difficile à utiliser autrement.
