Inactive Hazardous Waste Disposal Site Delist Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (Department) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (the "Registry"). The Department has determined that this site (see map on reverse side) no longer presents a threat to public health or the environment and is proposing to delist the site from the Registry for the following reason(s):

Remedial measures were taken by Niagara Mohawk under a Consent Order. The measures included excavation and removal of contaminated soils. Soil removal work was completed and there is a corrective action order for groundwater monitoring.

Public comments are being received before the decision to remove the site from the Registry is finalized. The public comment period will end September 16, 2011. If you would like to provide us with written comments, please send them to: Stanley Radon, Project Manager, NYS Department of Environmental Conservation, Division of Environmental Remediation, Region 9, 270 Michigan Avenue, Buffalo, NY 14203; 716-851-7220 – sfradon@gw.dec.state.ny.us.

A summary of any comments will be assembled and made available for viewing at our Regional Office at 270 Michigan Avenue, Buffalo, NY 14203.

If we do not receive any new or additional information during this public comment period that changes our delist proposal, we will delist the site on or after October 3, 2011.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact the Department's Project Manager listed above.

FOR MORE INFORMATION

Additional information about this site can be found using the Department's "Environmental Site Remediation Database Search" engine which is located on the internet at:
www.dec.ny.gov/cfm/xtapps/derexternal/index.cfm?pageid=3

The Department is sending you this notice in accordance with Environmental Conservation Law Article 27, Title 13 and its companion regulation (6 NYCRR 375-2.7(b)(6)(ii)) which requires the Department to notify all parties on the contact list for this site of this recent action.
